Town and County Intelligence.

PERSONAL.—Albert G. Gullett, Esq., formerly editor of the *Journal*, is in town on a visit to his friends.

THE HOTTEST DAY.—Saturday last is pronounced the hottest day, yet passed, of the season. The mercury stood at 99° in the shade.

THE QUEENSTOWN & HARRINGTON RAILROAD.—Work has been suspended along the entire line of this road, and everything is at a stand still.

AFTER next Wednesday no discount will be allowed on bills due us. We advise all to pay up before that time and secure the benefit of the liberal offer made.

THE MD. & DEL. RAILROAD.—This road is now completed to Easton, and the locomotive has reached the town. We presume the road will soon be opened to travel.

THE FANCY WORK which adorns the preachers stand on the Concord camp ground was made in the shop of Mr. S. H. Fluhartty, at Federalsburg, and by him presented to the managers.

ARRESTED.—John Embert, of the 1st district, was arrested by officer Green, on Saturday night last, for disorderly conduct on the streets of Greensborough. Esquire Roe committed him. He was released on Monday.

THE DROUTH.—Another week has passed and still no rain. Everything in the shape of vegetation is parching up. We noticed some fields on Sunday in which the corn was literally burnt up. Potatoes and everything else is withering, and the prospect ahead looks dismal to our farmers. Even the leaves of the trees are withering and some give sigus of rapid decay.

CAROLINE AT ST. JOHN'S COLLEGE.—We find, upon an examination of the catalogue of St. John's College, Annapolis, lately issued, that Caroline sends five students to that institution of learning. They are: W. Hicks, J. Holt and J. M. Wilkinson, of Hillsborough; and O. J. Redden and J. E. Wilson, of Denton. Of these all are in the 3d preparatory class except J. E. Wilson, who is in the 2nd.

DELAWARE AGRICULTURAL FAIR.—The Delaware or Peninsular Agricultural Fair will be held on the grounds of the New Castle Agricultural Society, at Willmington, commencing on Wednesday, September 15th. The exhibition will doubtless be very attractive, and will well repay a visit by our agricultural friends from this county. The advertisement of the Fair will be found in another column, which gives particulars.

WE FIND, upon counting our "pile," that we have just thirty-one dollars in hard cash with which to purchase a new press; and a new press will cost several hundred. Now, what are we to do? Our newspaper press broke completely down last week, and we were unable to finish last week's issue upon it. Must we suspend publication until we can collect enough money to make the *needed* purchase? The failure to settle your bill will be a sufficient answer.

THE ANDERSONTOWN CAMP.—The colored people held a camp meeting near Andersontown last week, and was one of the best camps ever held by them in this county.—The best of order was maintained throughout the week the camp continued. In a religious point of view, it was also a great success, and was the means of adding many to the church. Quite a number of white people visited the camp on Sunday, and we have heard of some instances where they *took dinner* with the colored people. And so the "nigger" really is not so bad after all.

WHEN about half through printing the inside pages of our last issue, our press suddenly gave way, and we were compelled to use the *Journal's* press in working off the remainder. Its press being larger than ours, we could not possibly make our paper register, and the awkward appearance of the paper is attributable to this fact. We return our thanks to the Dr. for the courtesy extended. As our readers now see that we are without a press, we hope they will delay no longer but send us the amounts they owe us that we may purchase a new one. We don't want any man to hold back.

THE CONCORD CAMP MEETING.—Amid clouds of dust, and beneath the scorching rays of the hottest sun of the year, this camp was begun on Saturday last. The protracted dry weather caused several to decline tenting, even after they had secured tent sites, and consequently, the encampment numbers only seventy-three tents. The camp was not so largely attended on Sunday as it would have been had rain fallen. Still, it is the largest camp yet held in this county, and is likely to result in more good. Some very interesting religious meetings have been held, and several have professed religon. Good order has been maintained on the ground, but in an adjoining pine thicket a number have celebrated the occasion by a "big drunk."

RUNAWAY.—Whilst the driver of the Harrington stage was harnessing his horse, on Friday morning last, the animal took it into its head to run, and forthwith started down the street at full speed. In front of Capt. Alex. Stewarts, residence was standing a horse and carriage, and the running horse striking this caused it to wheel and start off in a run also. It directed its course down the fence which surrounds the Court House green, and between it and the row of trees in front, and, strange to say, did no injury to the carriage. The carriage to which the mail horse was attached sustained some injury, one of the shafts being broken and the cross bar split at the end.

BADLY HURT.—The Rev. Mr. Hammersley met with quite an accident at Concord camp ground on Wednesday. He was standing near where a large two-story tent was being erected, and one of the lagre posts careening, escaped from the control of the workmen, and fell with full force upon the left side of his head. He received a wound near three inches in length, and temporarily stunned. After the primary shock had subsided he returned to his home in Denton where the necessary medical assistance was rendered. He is now improving, and was at his post during the first part of the camp, though unable to take part in the meetings.

MR. DAVID BLOCKSOM died at the residence of his father-in-law—Jos. Pearson, Esq.—after a short illness, on Friday last.—For several months he had been in ill-health, but was able to attend to his business requirements. He was a gentleman highly esteemed in this community, and his demise fell like a pall of gloom upon it. In his private walks in like, he demeaned himself as a christian gentleman; and the calm and tranquil manner in which he met death assures us he was not "rejected of the Father." We deeply sympathize with the bereaved widow in her sad affliction, and condole with her in the loss of a kind and affectionate husband. Mr. B. was a member of the M. E. Church in this town at the time of his death. His remains were interred at Milton, Del.

ATTEMPTED SUICIDE.—James F. Rowins, a young man of promise and of very prepossessing appearance, residing at Preston, attemped suicide, on Friday last, by swallowing laudanum. During the day he was seated in the drug store, at Preston, quietly reading a paper, when he suddenly asked the proprietor how much laudanum it would required to kill a man. His question being answered, he resumed his reading, but shortly left the store. Later in the day a colored boy called at the drug store for laudanum for Mr. Rowins, and the druggist, little imagining the uses to which it was to be applied, sent it to him. This he swallowed, and wrote a letter, explaining the reason of his action, and left it where it would be found after he was a corpse. His mother, however finding the letter before the laudanum had taken its effect, immediately sent for two physicians, who came, and by emetics, caused him to vomit pretty freely. The contents of the letter not having been revealed, we can furnish no information of the causes which led to this attempted suicide.

A NEW INVENTION.—A machine has been patented by Rev. Col. McCarter, of Federalsburg, which is likely to become of incalculable utility to our farmers, and be of material assistance to them in the draining and preparation of their lands. It is a drain tile manufacturing machine, and surpasses any yet invented in that it not only manufactures the tile but places them in the ground in a manner equal, if not superior, to those put in by hand. Tile put in by this machine has no breaks, but may be continued for miles. A minute description of the machine has not been furnished us; hence our conception of it is imperfect. Still we have ascertained the principles upon which it works, and deem it to be a practicable machine. The description given us is this:—On the front of the machine is a sharp beak, which opens the ground for the tile, and on the top is a large box which contains the cement for the manufacture of the tile. The cement is reduced to a pulp state and forced through an aperture in the bottom of the machine, forming a perfect arch. It is claimed the cement will harden as quickly under ground as above it. We suppose the machine is drawn by horses, and is adjustable to any depth of soil that may be required.—We hope the Col. will furnish us with a minute description of this Machine in time for our next issue.

Deaths.

BLOCKSOM.—At the residence of his father-in-law, Jos. Pearson, Esq., on Friday last, of Typhoid Fever, Mr. David Blocksom, aged 43 years.

He died the death of the righteous: may our last end be like his.

ROSS.—On the 14th inst., Mary Corine, third daughter of Jno. H. and Nexie E. Ross, aged 7 months and 17 days.

Thus another rose-bud has gone to the bosom of the Redeemer. Oh! what a glorious meeting when little Cora went home to heaven, nestled on the bosom of her departed mother, who had preceeded her only a few days.

Dearest Cora, thou hast left us;
Here thy loss we deeply feel;
But, 'tis God who hath bereft us—
He will all our sorrows heal.

TO OWNERS OF HORSES AND CATTLE.
TOBIAS' DERBY CONDITION POWDERS ARE warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots Coughs, Hide-bound, Colds, &c., in Horses; and Colds, Coughs, Loss of Milk, Black Tongue, Horn Distemper, &c., in Cattle. They are perfectly safe and innocent; no need of stopping the working of your animals. They increase the appetite, give a fine coat, cleanse the stomach and urinary organs; also increase the milk of cows. Try them and you will never be without them. The late Hiram Woodruff, celebrater trainer of trotting horses, used them for years. Col. Philo. P. Bush, of the Jerome Race Course, Fordham, N. Y., would not use them until he was told of what they are composed, since which he is never without them.—He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. He has kindly permitted me to refer any one to him. Over 1,000 other references can be seen at the Depot.
Sold by Druggists and Saddlers. Price, 25 cents per box. Depot, 10 Park Place, New York.

PECULIAR ADAPTABILITY.
Brandreth's Pills.
Their peculiar adaptability to all constitutions as cleansers of the bowels and the blood has established their great merit. They restore the liver, the spleen and even the heart to healthy action when other remedies have been used without producing any benefit. They do not expose those who use them to any danger being as safe as salutary.

Extract from a Letter to Dr. Brandreth, from C. J Fay, Esq., P. M., Hammonton, N. J.
"In 1838 I was in poor health, and my friends as well as myself supposed that my earthly voyage would soon terminate. But after taking one box of Brandreth's Pills, I began to feel better. Well, sir, when I used up twelve boxes I was a well, healthy man—my weight having gone from 131 pounds to 152 pounds. I then ordered a supply, and between that time and the present I have retailed three thousand dollars' worth of these invaluable pills, and am quite sure that I have thereby been instrumental in saving thousands of lives.
"Yours, truly,
C. J. FAY, P. M."
Sold by all Druggists. Observe my name in white letters in the government stamp.
