ASTOUNDING REVELATIONS.

Two scientific publications are in the field against the hair dyes of which lead is the basis. The "New York Medical Gazette" and "The Journal of Chemistry" bitterly denounce them. Yet the hair may be safely dyed. Have you seen

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, February 22.

The Editor's Hash.

—Another slight sprinkle of snow on Saturday last.

—The Wilmington M. E. Conference convenes at Port Deposit on the 16th of March.

—Scraps are used for dinner on wash days sometimes, as well as for items for the paper.

—Property sold very high at Enoch Ross' sale, as it generally does when advertised liberally.

—Robt. J. W. Garey, of this town, has been placed upon the Governor's staff, with the rank of colonel.

—An election for eight vestrymen for St. Mary's White Chapel Parish will be held at the office of Geo. M. Russum, at 10 o'clock, A. M., to-morrow.

—The tide was over the causeway again on Tuesday. The County Commissioners, whose *duty* it is to repair this causeway, seem to care but little. The people do, however.

SALE POSTPONED.—The sale of M. J. Clark's property, advertised by bills printed at this office, and which was to have come off on Tuesday, was postponed, by reason of the inclemency of the weather, until Saturday, the 12th inst.

FAIR AND FESTIVAL.—The colored people of Potter's Landing and vicinity will hold a fair and festival, at their school-house, on the 19th inst, in behalf of their school. Being for educational purposes, we hope they will meet with a hearty response from the people of that neighborhood.

GRAY EAGLE.—A gray eagle, measuring, from tip to tip, seven feet four inches, was caught by Mr. George Tucker, near Greensborough, a few days ago. The eagle was first wounded, and then taken. It is in the possession of E. S. Turpin. and at last accounts was alive.

TURNIP GREENS.—Mr. Jonathan Evitts informs us that he ate turnip greens for his dinner on Monday. Mr. Hy. Blackiston also enjoyed these unusual edibles at this season yesterday. Who longer doubts the forwardness of this soil for early truck and vegetables?

So.—That was a profound philosopher who compared advertising to a growing crop. He said: "The farmer plants his seed, and while he is sleeping the corn is growing. So with advertising. While you are sleeping or eating, your advertisement is being read by thousands who never saw you nor heard of your business, nor never would, had it not been for your advertising."

CHANGE OF THE DELAWARE R. R.—A. C. Gray, President of the N. C. & F R. R. Co., who has run the locomotives on the Delaware R. R. by contract ever since the opening of the road, has given up his contract and the road will hereafter be directly operated by the P. W. & B. R. R. Co., the locomotives being in charge of G. W. Perry, Master of Machinery. Notwithstanding rumors to that effect no other changes have been made in operating the road.

PREPARE FOR THE CENSUS-TAKER.—This year will occur the great decenial census of the United States, made by the General Government. Persons will be appointed to every locality in the State and townships to gather statistics of the inhabitants and of all the agricultural productions, manufactures, etc. Each cultivator will be asked for a census, accurate statement of land occupied by him, the number of acres, and the number of crops raised during the year ending June 30th, next. Those who were called on before will doubtless remember the difficulty in making up accurate reports of the various crops. As the report will be called for in June, it will be necessary to give in crops gathered last fall, and the suggestion we would now make is, that the cultivators write down, while fresh in mind, the number of acres of each kind, the amount per acre, and gross amount. The milk product also and the amount of pork, beef, etc., will be asked for, as all kinds of fruit.

OX STOLEN.—On Saturday night last, some one stole an ox from a colored man named William Brown, residing in the neighborhood of Anthony's mill At last accounts the animal had not been recovered. Brown suspects a white man committed the deed, and with good reason The day previous, about noon, a white man appeared at Brown's house and took dinner and supper, remained all night, and, after breakfast in the morning, followed Brown to his stables, where he took an affectionate farewell. The visitor seemed to hang on, and Brown's wife plead in his behalf, saying it might be "some good old Union man." Sometime during Saturday night the man returned and drove off the ox. Brown tracked the thief for some distance, and a comparison with the tracks of the man, made the morning previous, proved they were identical.—All day Saturday the unknown visitor lounged around Anthony's Mill, and was seen there by Brown himself in the afternoon.

ORPHANS' COURT PROCEEDINGS.—We give the following as the proceedings of the Orphans' Court on Tuesday:

Inventories presented: on the estate of J. B. Calloway, by S. H. Anderson and Mary E. Calloway, admintstrators; on the estate of W. A. Williams, by J. B. Williams, administrator.

Order granted by Court to sell personal estate of J. B. Calloway; also to sell personal property of W. A. Williams.

—A school at Chesapeake that begun the year with 88 scholars now has 20 on the sick list.

—The *Whig* tells of a young man who went courting on Sunday night and what came of it. When the young gent left the house of his fair charmer to seek his own, in Elkton, he found that his horse and carriage were gone. Here he was in a dilemma. Procuring another, however, he started off, but had not gone far when he found his own lying across the road. The horse had broken off the hitching post, and becoming entangled about his feet had thrown him to the ground. The carriage was upset also.

—An effort is making to secure the erection of a new market house in Easton, and the Legislature will be petitioned to grant the Town Commissioners authority to borrow $6,000 for the purpose.

—The recent warm weather has been very disastrous to the oyster trade. Dredged oysters are selling as low as 15 cts per bushel.

—Jno. Nace, a gunsmith in St. Michaels, narrowly escaped a sudden and fearful death last week. He was preparing to extract a broken tube, and had heated the barrel in the fire when, after it was drawn out, the explosion took place, the load passing near his head and penetrating the ceiling above.

—It is said there is over a million of dollars in the banks of Wilmington subject to the call of individuals.

—The wife of Jno. Bradford was found dead in bed on Wednesday week. Apoplxy was the cause of her death.

—The *Commercial* says there is a vast deal of street begging in Wilmington, and pronounces it uncalled for and urges that it be stopped by the authorities. Sensible.

KOSKOO.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the country

AS A GREAT AND GOOD MEDICINE!

And the Large Number of Testimonials

which are constantly being received from Physicians, and persons *who have* BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

As a Blood Purifier it has no Equal

BEING POSITIVELY THE

Most Powerful Vegetable Alterative

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat.—This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dulness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the CURE of diseases of the KIDNEYS and BLADDER.—IN THESE AFFECTIONS IT IS AS NEAR *a* SPECIFIC *as any remedy can be.* It does its work *kindly, silently*, and SURELY. The RELIEF which it affords is both *certain* and *perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys may remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c.
