SPECIAL NOTICES.

THIRTY DEADLY POISONS,

according to the "Journal of Chemistry," are sold in this market to change the color of the hair. The "Medical Gazette" says that they are worthless as dyes, and that their sale is a "CRIME." The proprietors *dare not submit them to chemical analysis.*

Cristadoro's Excelsier Hair Dye,

on the contrary, has been analyzed by Prof. Chilton, the great analytical chemist, and pronounced *absolutely harmless*, as well as efficient. See his written certificate, at Cristadoro's, Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [fe17-4w.

What Every Horseman Wants:

A good, cheap, and reliable liniment. Such an article is Dr. Tobias' Venetian Horse Liniment. Pint Bottles at one dollar. For lameness, cuts, galls, colic, sprains, &c., warranted better than any other. It is used by all the great horsemen on Long Island courses. It will not cure ring bone nor spavin, as there is no Liniment in existence that will. What it is stated to cure it positively does.

No owner of horses will be without it after trying one bottle. One dose revives and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed.—Just as sure as the sun rises, just so sure is this valuable Liniment to be the Horse Embrocation of the day.

Use it one and all. Sold by the druggists and Store keepers throughout the United States. Depot 10 Park Place New York. fe17-1m.

ALLCOCK'S POROUS PLASTERS.

Step by step this commodity has attained its unprecedented fa[vor]. They are universally approved. They support, strengthen, and aid th[e] growth of muscles. They appear to have a peculiar effect upon the nerves, allaying irritability, while supplying warmth. They seem to accumulate electricity, and aid the circulation of the blood through the part where applied, by which healthy actions are induced.

Even in paralysis, where articulation was suspended, the use of the Porous Plasters to the spine restored the articulation, and materially reduced the paralysis. In fact, the patient could help herself, while before the Porous Plaster was applied she was as helpless as a baby. We refer to Mrs. Sally Elliot, Springfield, Mass.

Sold by Druggists, Agency, Brandreth House, New York. [fe17-1m.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. REV. EDWARD A. WILSON, Williamsburg, Kings County, New York. my20-y.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, February 22.

The Editor's Hash.

—There are at present four prisoners in Denton jail.

—A mare owned by Chas. Fleming recently gave birth to two colts. Both are dead.

—The sale of Capt, Hill. Smith's property takes place at his residence, near Andersontown, to-day.

—Another 22d of February is near at hand, but no preparations have been made for a celebration. This is really too bad.

—After this week Denton will be without a silversmith. A sober, upright, moral and industrious man will find a good opening here.

—Two election districts have been created out of the 1st district. We suppose the voting places will be Greensborough and Melville.

—A petition was in circulation on Tuesday for the division of this election district into two. We fail to see the necessity of such a change.

—Jas. Dixon was arrested on Saturday night last for drunkenness and disorderly conduct on the streets of Denton. He was released on Monday.

—Monday last was valentine day. The day has grown into disuse here. Our young men have courage to say "business" when they mean "business."

—Col. W. H. Comegys is closing up his business in this county with the view of removing to Newton, Worcester county, where he will take charge of the "Clarke House."

—Petitions from J. W. Bradley, from Matthew Patton and ninety others, and from W. M. McMahan and eighty others, asking for a prohibitory law against selling liquor in the 3d district have been presented to the Legislature.

PROTRACTED MEETING.—The protracted meeting in the M. E. Church still continues, and is meeting with greater success. Several have presented themselves at the altar, some of whom have professed conversion. May the good work continue until all the "raw material" is used up.

SHOT HIMSELF.—During the former part of last week, John Sheppard, a colored man, accidently shot himself in the hand whilst carlessly handling a pistol, the ball tearing away the flesh between the thumb and front finger, and making an ugly wound. How much longer will people continue to carelessly handle loaded fire-arms?

SOME people don't believe in advertising because they say "nobody reads the papers." But let them get into a scrape and you will find them flying around to the newspaper offices with the request, "please don't mention that little affair; it's a mistake; I don't want my name published all over the country."

DEDICATION.—On the 20th inst., the new school-house for colored children at Federalsburg will be dedicated by appropriate religious services. Rev. W. J. Parker, of Salisbury, Md., Rev. Col. McCarter and others will take part in the exercises. It is expected to have services morning, afternoon and night, and the occasion will be one of great interest.

RELIGIOUS.—The M. E. Church, in Federalsburg, having been thouroghly refitted and very greatly improved in its appearance and comfort, will, Providence permitting, be reopened for divine service on the 20th of this month. Rev. J. F. Chaplain, D. D., and Rev. L. W. Thomas, both of Philadelphia, will preach morning and night. The friends of the church from adjoining charges are most cordially invited to be present.

ATTEMPTED ESCAPE.—An unsuccessful attempt to break jail was made by Bill Cornish a few days ago. He stole the key of his cell whilst the Sheriff's back was turned by reaching his hand through the aperture in the door, and with it unlocked the door and ventured out upon the porch as soon as Sheriff Richardson had driven off in his carriage. Fortunately, Deputy Sheriff Cooper entered the jail yard as Cornish bounded over the fence, and seeing that the prisoner was escaping he set out in pursuit. Cornish was re-captured before he had time to even get off the premises, and is now safely housed in the lockup.

THE OX THIEF.—On Wednesday, of last week, the thief that stole Wm. Brown's ox from his pen the Saturday night previous, was lodged in Denton jail by Constable Slaughter. He had been taken into custody by the Dorchester county authorities a few days previous, and sent back to the county where the theft was committed to await his trial. The stolen property was sold to Mr. Mobray, of Federalsburg, for $15, the thief (who also gives his name as Brown) saying that he had been at work for a colored man, and that his employer, being unable to pay him the money, had given him the steer.—He hails from Pennsylvania.

PUBLIC TEMPERANCE MEETING.—A public temperance meeting will be held in the M. E. Church, Hillsborough, on Tuesday evening next, the 22nd. Speakers have been invited, among them Rev. Mr. Flippo, of Dover, and Rev. Mr. Quigg. The public are invited to attend. The meeting will be organized at 7 o'clock, P. M.

INJUNCTIONS SUSTAINED.—It will be remembered that some months since Messrs. J. B. Bennett, W. T. Kemp, H. C. Morgan and James Dixon applied for an injunction against the Maryland and Delaware Railroad, to prevent that company building the road through their lands upon the nominal awards made by the commissioners to assess damages. The Court granted the injunction, and the Railroad company appealed from the decision, and the Court of Appeals has sustained the Court below, remanding the cases back for further proceedings. The effect of this decision, we believe, is to bring up the merits of the cases as to actual damages sustained, for which the company may be found liable.—*Easton Journal.*

WORTH REMEMBERING.—As so many accidents occur from lamps—many from ignorance and not a few from carelessness—we think the following suggestions from an exchange, may be beneficial to many housekeepers and others having to use lamps:

Fill your lamps by daylight and keep them well cleaned about the burner.

Never burn a lamp when it is less than one-third full of oil.

Never fill a lamp near the fire.

Turn the wick down low before trying to blow it out.

Keep your oil can in a cool place. Coal oil is explosive when heated.

Don't let little children meddle with either oil or lamps.

If you want to blow yourself up, just pour a little oil out of your can on your fire to start it.

THE DELAWARE TRIBUNE.—This is the weekly edition of the *Wilmington Commercial*, and is specially devoted to Agriculture and Fruit Growing. Last week and week before, it gave *seven columns* to a report of the full proceedings of the Pennsylvania Fruit Growers' Sociciety, at Lancaster.—Thomas Meehan, of the *Gardener's Monthly*, says of this report, "It is one of the best I have seen."

Last week's issue of the *Tribune* contained full proceedings of the Kent County Farmers' Club; reports of careful tests made by Thomas B. Coursey of eight different Guanos and Phosphate; a long letter from C. W. Idell, a New York Peach dealer, criticising railroad transportation of that fruit: Editorial Notes on seven different Agricultural topics; and an immense variety of news matter, covering all Delaware, Eastern Pennsylvania, and Eastern Maryland.

This week, the *Tribune* will contain a long article on the Chinese Question, by Howard M. Jenkins. The subscription price is $2.00 a year. Specimen copies sent free.

Federalsburg.

FEDERALSBURG, Feb. 11, 1870.

Mr. Editor:—

On the 20th inst., a new and excellent school-house for colored children in this place is to be dedicated by suitable religious worship. It is by far the best school-house in this village. The materials were supplied by assistance from the Freedmen's Bureau; the ground and cost of building by the colored people and their friends. Hon. Curtis Davis has been very efficient and indefatigable in his efforts, and stands prepared to obtain for the colored people in all parts of the county aid from benevolent associations to assist them in raising and maintaining schools for the education of their children. You can tell your readers that money to pay teacher's salaries is not obtained from taxes levied on the people of the county, but from *voluntary associations* of benevolent persons in this and other States of the Union. Here a competent teacher has been provided for the school, and her salary provided for. She is a graduate of a normal school, and competent for the post she fills. By writing to Mr. Curtis Davis, Custom House, Baltimore, our friends who desire schools for the education of the colored population can be put in the way of securing the needed aid. There ought to be among the colored people an universal desire to see their children fitted for intelligent and useful citizenship now that the 15th Amendment is a fact in history. Let schools be started in every place where enough colored children can be found to form a school. Their parents had better go imperfectly clothed and fed rather than to have these in abundance and their children grow up in ignorance, and, consequently, in vicious courses. Better make every sacrifice and at once provide for their children's culture than to let the present opportunities pass unheeded. We say to them, "Now is the accepted time" in this respect; up, and at once organize schools, and seek in the direction indicated the aid so generously proffered.

Jacob Francis, son of Clement Sullivan, a gentle, amiable and pleasant youth of fifteen years, after two years of ill health, quietly passed to the spirit land on the 9th inst.

KOSKOO.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the country

AS A GREAT AND GOOD MEDICINE!

And the Large Number of Testimonials

which are constantly being received from Physicians, and persons *who have* BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

Most Powerful Vegetable Alterative YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat.—This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the SYSTEM. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dulness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the CURE of diseases of the KIDNEYS and BLADDER.—IN THESE AFFECTIONS IT IS AS NEAR *a* SPECIFIC *as any remedy can be.* It does its work *kindly, silently*, and SURELY. The RELIEF which it affords is both *certain* and *perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys may remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c.
