SPECIAL NOTICES.

THIRTY DEADLY POISONS, according to the "Journal of Chemistry," are sold in this market to change the color of the hair. The "Medical Gazette" says that they are worthless as dyes, and that their sale is a "CRIME." The proprietors *dare not submit them to chemical analysis.*

Cristadoro's Excelsior Hair Dye, on the contrary, has been analyzed by Prof. Chilton, the great analytical chemist, and pronounced *absolutely harmless*, as well as efficient. See his written certificate, at Cristadoro's, Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [fe17-4w.

What Every Horseman Wants:

A good, cheap, and reliable liniment. Such an article is Dr. Tobias' Venetian Horse Liniment. Pint Bottles at one dollar. For lameness, cuts, galls, colic, sprains, &c., warranted better than any other. It is used by all the great horsemen on Long Island courses. It will not cure ring bone nor spavin, as there is no Liniment in existence that will. What it is stated to cure it positively does.

No owner of horses will be without it after trying one bottle. One dose revives and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed.—Just as sure as the sun rises, just so sure is this valuable Liniment to be the Horse Embrocation of the day.

Use it one and all. Sold by the druggists and Store keepers throughout the United States. Depot 10 Park Place New York. fe17-1m.

ALLCOCK'S POROUS PLASTERS.

Step by step this commodity has attained its unprecedented fame. They are universally approved. They support, strengthen, and aid the growth of muscles. They appear to have a peculiar effect upon the nerves, allaying irritability, while supplying warmth. They seem to accumulate electricity, and aid the circulation of the blood through the part where applied, by which healthy actions are induced.

Even in paralysis, where articulation was suspended, the use of the Porous Plasters to the spine restored the articulation, and materially reduced the paralysis. In fact, the patient could help herself, while before the Porous Plaster was applied she was as helpless as a baby. We refer to Mrs. Sally Elliot, Springfield, Mass.

Sold by Druggists, Agency, Brandreth House, New York. [fe17-1m.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion for the sake of suffering humanity, send all who need it, the receipt and directions making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. REV. EDWARD A. WILSON, Williamsburg, Kings County, New York. my20-y.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, March 8th.

The Editor's Hash.

—To Wm. H. Everard—"Shoo, fly, don't bodder me."

—Four days more and the winter season will be at an end.

—J. P. Manlove, of Greensborough, drew a prize in the "Spruance City" lottery last week.

—A. T. Mason has been reappointed post master at Hillsborough, *vice* Dallas M. See, declined.

—"Big Bill" Cornish was released from jail last Friday, Wm. C. Satterfield becoming his surety.

—J. W. Kerr has purchased Peter D. Phillips' farm, near Burrsville, of 70 acres, for $600 cash.

—As many as sixty-five herrings were caught at a single haul on T. H. Kemp's shore last week.

—The hop given at the La Pierre House on Tuesday night was the largest and gayest one of the season.

—Those who want ice had better take advantage of the present freeze, for there will not, in all probability, be another during the remainder of the season.

—The Mancha Bros. have sold a lot containing 11 acres of land, improved by a small dwelling, near Burrsville, belonging to Mr. James Melvin, to Mr. Samuel Burres, of Pennsylvania, for $450.

—William E. Corson, of Lower Providence, Montgomery county, (Pa.,) has purchased a farm of German Dickinson, near Federalsburg, and has removed to it, with his stock and farming implements.

—We learn that the criminal business for the next term of the Court will be larger than that of the three preceeding terms combined. Fifty-six writs, including sixty-two persons, have been issued.

WHEAT.—The wheat prospect, so far as heard from, is cheering. The fields in the vicinity of this town present a green and healthy appearance, and the wheat is almost as large as it usually is in early April. The late mild weather has wrought many changes in nature.

PEACHES.—The cold snap of Sunday and the succeeding days has considerably alarmed the peach growers in this vicinity lest the crop is materially injured. Many growers aver that their trees were almost ready to bloom when the cold weather set in. If this be the case, their apprehensions would seem well-grounded.

I. O. G. T.—A full attendance of the members of Crystal Fount Lodge is desired on Friday evening next. The protracted meeting has somewhat interfered with the meeting of the lodge during the past three weeks, and the officers elected at the last meeting in the last quarter have not yet been installed. This will be done at the next meeting.

THE STEAMBOAT.—From the Cambridge *News* we learn that a daily line of steamers will be put upon the route between that place and Baltimore sometime during the month of March. We infer from this that the old arrangement will be continued, and that a steamboat will make tri-weekly trips to Denton. We have nothing direct from the company, and the announcement is mere supposition on our part.

STATE APPOINTMENTS FOR CAROLINE CO.—Governer Bowie has made and the Senate confirmed the following appointments for this county:

Justices of the Peace: 1st district—Thos. Melvin; 2nd district—Robert J. Orrell; 3rd district—William Connolly, William W. Lowe and Seth Evitts; 4th district—Manlius P. Hutchinson and J. H. Hubbard; 5th district—William H. Watkins and John W. Hignutt.

The division of the 1st district into two has made the 2nd district in numerical order the 3rd.

Officers of Registration: 1st district—David Heathers; 2nd district—Esma Lowe; 3d district—Jas. B. Steele; 4th district—Jas E. Douglass; 5th district—Elias Gullett.

A NEW MATERIAL FOR PAPER.—We were shown a sample of paper, on Saturday, manufactured by our fellow-townsman, H. A. H. Mason, from a material which has never before been utilized, and by a process known only to himself. The paper is of fine texture, has good body, and is strong enough for general purposes. The specimen shown us was of a yellowish shade, but the manufacturer says that this can be overcome by an application of the proper chemicals.

The material, Mr. H. furthermore informs us, can be made one of our agricultural products, and as far as his knowledge goes concerning it and its manufacture, it may be of as much benefit to the industrial pursuits as was the discovery of vulcanized rubber.—In the production of paper mache goods, &c., he says it will supersede the old material, its preparation being less expensive and producing, at the same time, a finer article.

SUDDEN DEATH.—Mr Joseph Brooks, formerly of New York State, but at the time of his death residing on his farm lately purchased from Chas. A. Dunning, died very suddenly from heart disease on Sunday last. The afternoon previous he was in town, enjoying his usual health, but whilst here was seized with a palpitation of the heart, which rendered him helpless. Dr. Tarr was called in, who applied the customary remedies, and partially relieved him. Late in the afternoon he was driven home, but died the next morning about 10 o'clock.

ORPHANS' COURT PROCEEDINGS.—Letters of administration on the estate of Mary Swann were granted to Jas. R. Manship and Wm. T. Swann.

Lists of sperate debts and administration accounts passed: by J. B. Dukes on the estate of Ann W. S. Griffith; by Wm. Loockerman on the estate of Peter Sullivan; and by Wm. Wilkinson and Anna D. Greenley on the estate of Alex. Greenley.

Sarah Tumey (colored) was appointed guardian to Phillip H. Tindell (colored).

—John L. Rich, guardian to Thos. F. Roe, presented additional bond, which was approved.

IRREGULARITY OF THE MAILS.—For several weeks past, the most inexcusable irregularity has existed in our daily mails. Letters even from Philadelphia and Wilmington are often delayed one day, and sometimes two, whilst those from more distant places are kept back so long as three and four.—Now, there is no necessity for this. A little more attention on the part of the mail agents on the Del. R. R. would remedy the evil.—Mistakes are pardonable when changes are made in the route agencies, but when of so long standing as those on the Del. R. R. they are inexcusable. We hope the agents will be more attentive to their duties in the future, and send on our mails with greater regularity.

COLD WINTER HAS COME AT LAST.—The delightfully pleasant weather of the past two months was terminated abruptly on Sunday. The stiff breeze from the South that had been prevailing during the forenoon veered to the West and finally to the North-west in the afternoon, when the snow began to fall in real earnest and by night the earth was covered with the deepest snow of the season.—The following morning was bitter cold, and although the sun sent forth his brightest rays they were powerless to dissipate the keen effects of the storm of the day before. According to the thermometer, Tuesday morning was colder than Monday, the mercury being four degrees lower—down to 10. The ponds around town are all frozen over, much to the delight of the juvenile portion of our population, who seem to be enjoying themselves hugely.

Deaths.

BROOKS.—On Sunday last, of heart disease, Mr. Joseph Brooks, aged 47 years.

DRAPER.—Near Ridgely, on the 16th inst., Margaret A., wife of Peter Draper, aged 34 years.

WILLIAMS.—On the 16th inst., of pneumonia, Susie, infant child of J. B. and Hettie Williams, aged 14 months.

KOSKOO.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the country

AS A GREAT AND GOOD MEDICINE!

And the Large Number of Testimonials

which are constantly being received from Physicians, and persons *who have* BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat.—This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dulness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat: in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the CURE of diseases of the KIDNEYS and BLADDER.—IN THESE AFFECTIONS IT IS AS NEAR *a* SPECIFIC *as any remedy can be.* It does its work *kindly, silently*, and SURELY. The RELIEF which it affords is both *certain* and *perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys may remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c.
