SPECIAL NOTICES.

THIRTY DEADLY POISONS, according to the "Journal of Chemistry," are sold in this market to change the color of the hair. The "Medical Gazette" says that they are worthless as dyes, and that their sale is a "CRIME." The proprietors *dare not submit them to chemical analysis.*

Cristadoro's Excelsior Hair Dye, on the contrary, has been analyzed by Prof. Chilton, the great analytical chemist, and pronounced *absolutely harmless*, as well as efficient. See his written certificate, at Cristadoro's, Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [fe17-4w.

What Every Horseman Wants:

A good, cheap, and reliable liniment. Such an article is Dr. Tobias' Venetian Horse Liniment. Pint Bottles at one dollar. For lameness, cuts, galls, colic, sprains, &c., warranted better than any other. It is used by all the great horsemen on Long Island courses. It will not cure ring bone nor spavin, as there is no Liniment in existence that will. What it is stated to cure it positively does.

No owner of horses will be without it after trying one bottle. One dose revives and often saves the life of an over-heated or driven horse. For colic and belly-ache it has never failed.—Just as sure as the sun rises, just so sure is this valuable Liniment to be the Horse Embrocation of the day.

Use it one and all. Sold by the druggists and Store keepers throughout the United States. Depot 10 Park Place New York. fe17-1m.

ALLCOCK'S POROUS PLASTERS.

Step by step this commodity has attained its unprecedented fame. They are universally approved. They support, strengthen, and aid the growth of muscles. They appear to have a peculiar effect upon the nerves, allaying irritability, while supplying warmth. They seem to accumulate electricity, and aid the circulation of the blood through the part where applied, by which healthy actions are induced.

Even in paralysis, where articulation was suspended, the use of the Porous Plasters to the spine restored the articulation, and materially reduced the paralysis. In fact, the patient could help herself, while before the Porous Plaster was applied she was as helpless as a baby. We refer to Mrs. Sally Elliot, Springfield, Mass.

Sold by Druggists, Agency, Brandreth House, New York. [fe17-1m.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, March 8th.

The Editor's Hash.

—Hail, gentle spring!

—March has, thus far, not belied itself.

—Butter is selling at 50 cents per pound.

—H. Blackiston has commenced receiving his spring goods.

—The drunkard is never employed in any responsible business.

—Of all the State appointments, not one was made from this county.

—Gold is declining; but we haven't heard of any being declined in these parts.

—Ridgely is said to be the best passenger station on the railroad, except Easton.

—Nathan Cochran advertises his farm for sale by handbills printed at this office.

—Crystal Fount Lodge, I. O. G. T., of Denton, numbers some sixty members.

—"Gone where the woodbine twineth," is a gentle way of saying "gone up the spout."

—Robt. E. Coursey was, on Tuesday, appointed constable for the 2nd, or Greensborough, district.

—The creation of a new judicial district out of the counties of Caroline, Talbot and Dorchester is talked of. The reasons given are very flimsy, indeed.

—Our object—to "peddle" news. Our terms, $1.50 per annum. The large and continually increasing number of new names we are adding to our list assures us that the maner we "peddle" the news is satisfactory.

FOR YOU, FARMERS.—On our fourth page will found two columns and a half of reading specially devoted to the farmer's interest.—It embraces two articles, both well written, and abounding in words of wisdom. We commend each of them to our farmers, feeling assured that they will be amply repaid for the time consumed in their perusal.

In this connection we will state that it would afford us great pleasure to hear from others of our famers upon the subject of farm labor and farm economy. We know there are many in this county who are not wanting in ability to write, and whose only reason for not doing so is a lack of interest in the matter. We trust they will yet see the importance of an enlightened farming community, and will take steps to shed abroad that knowledge which they keep locked up in their breasts like the man unto whom was given the talent of silver by our Divine Master. Our next issue will contain an original article on the Osage Orange, by J. W. Kerr.

MAIL LETTINGS.—Proposals for carrying the mails over the following routes in this county are advertised by the Postmaster General, said proposals to be received at Washington by noon of the 30th of March inst:

3069. From Ridgely, by Denton, to Burrsville, 13 miles and back, six times a week to Denton, and three times a week the residue.
Leave Ridgely daily, except Sunday, at 10 A. M.
Arrive at Denton by 11.30 A. M.
Leave Denton daily, except Sunday, at 8 A. M.
Arrive at Ridgely by 9.30 A. M.
Leave Denton Tuesday, Thursday and Saturday, at 1 P. M.
Arrive at Burrsville by 3 P. M.
Leave Burrsville Tuesday, Thursday and Saturday at 6 A. M.
Arrive at Denton by 8 A. M.

3070. From Federalsburg to Smithville, 6½ miles and back, once a week, by a schedule to be satisfactory to the Postmaster at Smithville.
Proposals invited for more frequent service.

3071. From Greensborough to Whiteleysburgh, 4 miles and back, once a week, by a schedule to be satisfactory to the Postmaster at Whiteleysburgh.
Proposals invited for more frequent service.

—It will be observed that the time noted for the arrival and departure of the mails on route 3069 is not in accordance with the time of the arrival and departure of the trains on the railroad, and we would suggest to the Department that a change in hours be made so as to conform the one with the other. The arrangement under which the cars are now running is highly satisfactory, and this community would feel greatly indebted to the Postmaster-General if he would make the hours for the arrival and departure of the mails conform to railroad time.

One feature in the proposal for this route we admire, and so does every one with whom we have conversed, viz: the length of time to be occupied in carrying the mail between Denton and Ridgely. At present *three hours is consumed in conveying the mail six miles*, and it is neither convenient nor satisfactory to the people. The time allowed in the advertised proposals is 1½ hours, which is amply sufficient. We hope the Postmaster General will enforce this part of the contract when it shall have been entered into.

BISHOP LAY'S APPOINTMENTS.—Bishop Lay has made the following appointments for this county: Greensborough, March 6th, first Sunday in Lent, in the morning; at Denton in the afternoon of the same day. In each parish the Holy Communion will be administered, and the children catechised, where opportunity is afforded. The offertory is requested for Diocesan members.

HAY SCALES.—A sufficient number of shares have been taken by the citizens of Denton to insure the erection of hay scales, and steps have been taken to put them up forthwith. A representative of the firm of Fairbanks & Ewing, Chestnut street, Philadelphia, arrived in town on Tuesday to make arrangements for the timber, stone and labor, and we presume the enterprise will be put through at once. Mr. P. W. Downes was the originator of the enterprise, and it was through his exertions that the stock was subscribed.

A "LONG" CHAPTER OF ACCIDENTS.—A few days ago, whilst Mr. David Downes, in the employ of Mr. Dennard Long, was chopping with an axe, the tool glanced and striking one of his feet cut off one toe, and nearly severed another.

Secondly, Emma, a daughter of Mr. W. T. Long fell off a gate and broke her arm near the elbow.

Thirdly, Mrs. Long fell and dislocated her arm at the shoulder.

And fourthly and lastly, a colored man living near Mr. Long's fell from a wagon whilst on his way to a taffy-pulling and injured himself so badly that he has been compelled to use crutches ever since.

This constitutes our *Long* chapter of accidents. We published a *Small* one some weeks ago.

TRADES.—Every child should have a trade. The advice of Ben. Franklin, to give every child a trade by which he can earn a living, if necessary, should be strictly adhered to by parents rearing children. In some countries this has been and is to-day the law, while in others it is the custom.—In the first place a child should be made master of a good common English education and after that some trade. With an education a person is more sure of success and is better qualified to fill any allotted station, but the education is of no benefit unless the possessor is instructed how to apply it to some manual pursuit. Parents may be able to give fortunes to children, but "riches take to themselves wings" and a finished education may be given, and the child grown may be gifted with extraordinary genius, but he may be placed in situations where no education and no talent may be so available as some humble, honest trade, by which he can get his living and be useful to others.

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the country

AS A GREAT AND GOOD MEDICINE!

And the Large Number of Testimonials

which are constantly being received from Physicians, and persons *who have* BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat.—This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are effected with scrofula in some form.

When the blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

Liver Invigorator!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the *hepatic secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. While it acts *freely* upon the Liver *instead of copious purging*, it *gradually changes* the discharges *to a perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THOSE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish-brown spots on the face and other parts of the body; dulness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat: in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back, or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the CURE of diseases of the KIDNEYS and BLADDER.—IN THESE AFFECTIONS IT IS AS NEAR *a* SPECIFIC *as any remedy can be.* It does its work *kindly, silently*, and SURELY. The RELIEF which it affords is both *certain* and *perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys may remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suspension of the urinary discharges will occasion death from thirty-six to forty-eight hours.

When the urine is voided in small quantities at the time, or when there is a disposition to Urinate more frequently than natural, or when the Urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organs takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, prove irritating to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS in the CURE of

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in Answering Questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c.
