A RADICAL REVOLUTION

Has been accomplished in hair dyes. The horrible compounds containing LEAD, SALT and SULPHUR are discarded. The leading chemists implore the public not to use them, and Professor Chilton, whose reputation is second to that of no analytical chemist in America, has recommended

Cristadoro's Excelsior Hair Dye,

as a PERFECTLY INNOCUOUS ARTICLE, which may be used without fear. Remember, it is the only one that has been analyzed and found wholesome. Its effects are instantaneous and the colors it imparts natural.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [mar17-1m.

THOUSANDS OF CHILDREN DIE ANNUally of Croup. Now, Mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you never need fear losing your little one when attacked with this complaint. It is now 22 years sincel have put up my Liniment, and never heard of a child dying of Croup when my Liniment was used; but hundreds of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which, it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throat, Swellings, Colic, Diarrhœa, Dysentery, Spasms, Sores and Pains in the Limbs, Back, and Chest. No one once tries it who is ever without it. It is warranted perfectly safe to take internally. Full directions with every bottle. Sold by the Druggists and Storekeepers in the United States. BRANDRETH'S PILLS.

Their great value consists in this: They may be used so long as any disease affects any of the organs of the body; and by thus persevering in their use the disease will be cured, and the body restored to health, free from every taint and impurity. Their reputation proves their merit.

Thomas Smith, Coroner and Justice of the Peace, Hastings-on-the-Hudson, says Brandreth's Pills cured him of Dyspepsia and Heartburn, when every other medicine had failed to relieve him. Certificate dated April 2, 1868.

Dr. Turner, of Savannah, Ga., says he has, for nearly forty years, recommended Brandreth's Pills as a specific in Yellow Fever; that he never knew a patient to die who took them for this malady, being otherwise sound. Their prompt use takes out of the body those matters which feed the fatality of the disease. As a general family medicine he considers them far in advance of all others, and here he speaks from personal experience of their qualities.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,

my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. REV. EDWARD A. WILSON, Williamsburg, Kings County, New York.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, April 5th.

The Editor's Hash.

COURT begins on Monday next.

IN cold and blustery weather March stouts it out to the last.

WE continue to do neat and cheap printing. Call for the proff.

THE Sheriff's license notice, with amendments, is published elsewhere.

SHAD have made their appearance in our market and sell at 40c per pair.

MR. GAREY has presented to the House the bill for the renewal of the incorporation of Denton.

THERE was an unusually high tide on Monday, and the tide was over the causeway a good part of the day.

DOVER has been selected as the place for holding the next session of the M. E. Conference, Wilmington district.

UPWARDS of 5,000 letter stamps were cancelled at the post-office in this town for the quarter ending March 31st.

THE County Commissioners have been sued by a gentleman whose horse was injured by breaking through a bridge.

A BILL has been introduced into the Legislature to give the control of the roads and bridges to the County Commissioners. The Commissioners have too much control over them already.

ANOTHER ARRIVAL.—Robt. W. Todd, has just received a new supply of goods from Philadelphia and Baltimore, which he offers at greatly reduced prices—*as low as the lowest.* He says he don't intend to be undersold, *for cash or trade*, by any merchant in Caroline county. Call in and see him.

COMMUNICATION.—The communications from Bethlehem and Smithville were not received until after our paper had gone to press last week, and had to lay over. It is necessary that all communications, to insure insertion, be in our office on Monday evening. Correspondents take notice.

R.'s communications are very acceptable, and we hope he will favor us with an article, giving the news of the 1st district, weekly.

COON'S enigma is received, but is unaccompanied by the real name of the author, and must consequently find lodgment in the waste basket. Besides the enigma is imperfect in itself, and not prepared for publication. Is this what the writer means by "acting censor"—to complete the work he has begun? If so we must decline. Our time is sufficiently taken up without correcting enigmas.

ENTERPRISING CORRESPONDENTS.—A live correspondent is undoubtedly a great help to a newspaper; and not to the newspaper alone, but to the community where such correspondent may chance to reside. But correspondents should at all times be truthful—first know what they have to say and then know how to say it—and when it becomes necessary to transcend the truth and give publicity to error they had better keep their mouths shut.

The Wilmington *Commercial* has a correspondent at Greensborough, in this county, thought to be an imported Delawarean, who weekly keeps that paper posted with reference to the doings of that town. This is all well enough; but when he steps beyond the bounds of truth, and becomes the instrument through which error is circulated—especially when that error vitally affects the interests of this county—he should be arraigned before the popular judgment and severely reprimanded. Only last week he was guilty of uttering two falsehoods in almost as many lines. First, That the sheriff is "making sale after sale." This statement somewhat startled us, and we have taken the trouble to inquire into the truth of it. Mr. Richardson informs us that he has made but *one* sale since he has been in office. So much for this correspondent's "sale after sale." Secondly, He says the probabilities are that the schools will have to close before the regular time. Upon inquiry we find that there is no more probability of the schools closing in advance of the regular time than there has always been. It is true the Collector will have to raise money to meet the expenditures, but the amounts necessary have already been levied and there is, as yet, no indications that the amount will not be collected. The times are hard, we all know, but men generally prepare for the tax collector. So we see no need of any alarm, but we all know that those interested in such matters can scent trouble afar off.—Perhaps it is so in this case. At any rate, we would advise "J." to be more careful what he writes in future, and at the same time would advise *The Commercial*, the weekly edition of which is gaining favor in this county, to be careful how it accepts the statements of "J." if it does not wish to do itself injury here.

NEW DWELLING.—Capt. Chas. B. Kemp, whose dwelling was destroyed by the disastrous fire which occurred in Hillsborough on January 14th, has begun the erection of another dwelling, which, when completed, will be one of the finest residences in the town. It is about 40 feet front by 20 back, two-stories high, with back building attached. The Captain displays a commendable energy in so soon beginning the work of rebuilding the "burnt district."

BEEF.—"It never rains but what it pours" is an old maxim, and its truth is almost daily verified in this community. If one man engages in an occupation, and from it realizes a few dollars, a dozen others are ready to set up opposition at once. The result is one starves the other out, and business in this particular line is suspended.—For instance, take the single item of beef.—Not a great while ago beef was regularly furnished in this market twice a week. Soon a second butcher appeared, and then a third and fourth, until we now have no regular butcher for the town. They could not all make a living, and all fell together. And here is the community deprived of fresh meat, unless some one who has killed a beef has more than they need and it is run in to town to dispose of.

This unjust competition should be frowned down. It can easily be done, if the community will but *do it*. Let some good and responsible butcher be induced to start out in the business, and let the community patronize him alone; or until he becomes neglectful, when a little opposition should be interposed to restrain him within the proper bounds. But in no instance patronize Tom, Dick and Harry, who may become jealous of his neighbor and engage in the same business. A rigid adherence to this rule will give us beef continually, and also keep alive many different kinds of business which languish because of an over prosecution of it.

Bethlehem.

On Thursday morning, the 24th, Mr. Levin Wright died at his residence, in Bethlehem. His funeral on Saturday was largely attended. He was much esteemed by his numerous friends and acquaintances, who will long remember the years he spent in their midst, and feel the pains of separation. He leaves ten children and a widow to mourn his loss, who have the sympathy of all who are acquainted with them.

Smithville.

SMITHVILLE March 22d, 1870.

Debating Society.—The young men of this vicinity have organized a debating society.—It has been in successful operation nearly three months, and still an increasing interest is manifested. Able speakers from Andersontown and Marsh Hope visit the society every Saturday night. The ladies also attend.

Improvements.—Jas. L. Bullock is getting lumber to the mill for the purpose of erecting a new dwelling house this year, near his store. Mr. W. E. Liden has put a nice plank fence along the county road on the farm of Mr. G. Stevens. Mr. Manlove Scott has built a very nice stable on the farm where he lieves, and Mr. Eli. J. Pennypacker is building a barn.

Vandals.—A lot of young men along the Maryland and Delaware line, about two miles from here, spend their Sabbath afternoons in playing base ball, instead of attending church. This is a burning shame, and the action of those young men should receive the undivided censure of the entire community.

HENDERSON, March 29.

The greatest sensation at present is the "Western fever," and if it does not cease shortly I see no hope for a thoroughly drained community. We have tenant houses now standing unoccupied—four of them not far distant—some of which rent for $150 per annum. And I will here state for the benefit of the Centreville *Observer* that the most of those leaving are of the hated Black Republican party.

In addition to the list published, I append a few names that were overlooked: W. J. Connelly, A. Miller, David Straughn, Jno. Laws, Jr., Jno. McDonald, Jas. A. Shaw, wife and three children. A party of twelve or fifteen more are to start next Monday.—They will settle in the States of Indiana, Illinois, Iowa, Missouri and Kansas.

Our Good Templar lodge at this place numbers but 85 members, and the number will be considerably lessened by the tide of western emigration. R.

KOSKOO.—We invite the attention of our readers to Dr. Lawrence's Koskoo, advertised in this paper. The medicine is highly recommended by the best medical authorities, and is a standard preparation. The reputation of the proprietor gives Koskoo great prestige, and the consequence is it is difficult to supply the demand. So great is the trade in Koskoo that the proprietor absolutely refuses to place the article for sale on commission, his daily orders being as much as he can fill. This argues well for its popularity.

THOUSANDS HAVE BEEN CHANGED by the use of the Peruvian Syrup (a protoxide of Iron) from weak, sickly, suffering creatures, to strong, healthy, and happy men and women, and invalids cannot reasonably hesitate to give it a trial. For Dyspepsia and Debility it is a specific.

BUCKWHEAT FLOUR at TODD'S.

Bethlehem.

BETHLEHEM, March 21, 1870.

Last week Hon. Geo. F. Beaven and Mr. Jas. E. Douglas visited our school. The Examiner seemed to be well satisfied with the recitations of the several classes that he heard. He approved the "plan of discipline" and the "order of recitations" as adopted and set forth on the general programme of the school. It was not necessary for us to make any apologies, as our school house did that. Our school room is exactly five yards square and 7½ feet high, in which we generally pack about 40 victims, and evidently many more would attend, did they not dread the confinement; we could register nearly one hundred pupils belonging to the school.—Our school house is not only tiny, but its floor, roof, windows and all its desks, etc., are worn out. I think we are more in need of a school house than any other district in the county.

When we consider that a school is a seminary where immortal minds are trained for eternity, when we consider that the welfare of many children depends on the influence of our exertions, must we not reflect with awe? In behalf of the children of this vicinity, on whom my interest is centered, I would appeal for a new school house, and I would do all in my power and sacrifice much to accomplish this desired end. I am happy to believe that the teachers of this county educate children from a high motive of duty; we know, however, it is not for the "almighty dollar," as it is seldom they get one for it. We believe that the object of our School Law was to provide every section of the State with good schools and extend an invitation to every poor child in the State to accept the free education. We would be happy to say that our Public School System has no rival, and we have no doubt that was its object. But, as yet, not even the first step towards this important point has been successfully made. The first step is to provide school houses. In this we are not cared for. It is true that our present school system is yet in its infancy, and like a new machine it has not been in use long enough for all its parts to work smoothly. But let us not be daunted. Practice makes perfect, and with a little more experience the engineers will have acquired sufficient skill to conduct the machine to perfect success. We hope that every wheel will soon be greased, and if we constitute some of the wheels I say "pour the oil on us."

It is our duty, as well as to our interest, to reorganize the Teachers' Association. I say let us organize and do our duty. Poor Richard says—"Better die than useless live."

Koskoo Cures Scrofula in its Worst Form.

From A. W. MILLS, a prominent and well known merchant of Norfolk, Va.

Main St., Norfolk, Va., Sept. 15, 1869.

DR. LAWRENCE—Dear Sir: Your Koskoo has worked wonders in my family. My daughter has been a sufferer from Scrofula since childhood. She lost thirty one pieces of bone from her ankle, several from her arm, besides having ulcers in several parts of the body.—Whilst in this condition she commenced taking your Koskoo—*it acted like a charm on her; under its use the ulcers gradually healed, and her general health greatly improved.* It certainly saved her much suffering, and perhaps her life. I regard Koskoo a *specific* for all scrofulous affections. Your koskoo also cured my wife of dyspepsia, from which she suffered greatly.—*She is now in better health than she has been in five years.*

With the highest regards,
I am gratefully yours, &c.,

DR. J. J. LAWRENCE—Dear Sir: I have used your Concentrated Fluid Extract of Koskoo in my practice with the *happiest results.* I find it to be a *powerful Liver Invigorator, Blood Purifier*, and *Nervous Tonic.* In all diseases of the Liver, Scrofulous Syphilitic, and Nervous Affections, *it is a remedy of immense value;* in fact in almost every variety of Chronic Diseases its use is indicated. Hoping you may meet with the success which you deserve as a manufacturer of *reliable* medicines, I am sir, with much respect,

NORFOLK, VA., Sept. 7, 1869.

DR. J. J. LAWRENCE—Dear Sir: My son *has received so much benefit from your wonderful Koskoo* that I cannot refrain from expressing my gratitude. I had tried almost everything without benefit. I believe, in all sincerity, that your Koskoo is an INFALLIBLE remedy for the disease from which he has suffered, and, so far as I can learn, has never failed. If you only knew the immense amount of suffering that he has undergone, then you could *conceive the value of such a remedy as Koskoo*—THAT SURELY CURES. The great amount of good it is now doing among us is inestimable.

With much gratitude,
I am, respectfully yours, &c.,
