SPECIAL NOTICES.

MADNESS! PARALYSIS! DEATH!

may ensue from using preparations for coloring the hair charged with acetate of lead and sulpher. You may know them by the heavy metallic sediment which has to be shaken up before the disgusting compound can be applied. The "Journal of Chemistry" says there are *thirty of them in the market*. There is but *one dye* in existence which contains no deleterious substance, and that is

Cristadoro's Excelsior Hair Dye,

which has been carefully analyzed by Professor Chilton, and declared by him to contain no lead or any other hurtful ingredient. See his manuscript certificate, at Cristadoro's, 6 Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [apr14-1m.

"To Owners of Horses and Cattle"

TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-Bound, Colds, &c., in Horses, and Colds, Coughs, Loss of Milk, Black-Tongue, Horn Distemper, &c., in Cattle. These "Powders" were formerly put up by Simpson I. Tobias, son of Dr. Tobias, and since his death the demand has been so great that Dr. Tobias has continued to manufacture them.—They are perfectly safe and innocent; no need of stopping the working of your animals.—They increase the appetite, give a fine coat, cleanse the stomach and urinary organs, and increase the milk of cows. Try them, and you will never be without them. Col. Philo P. Bush, of the "Jerome Park Race Course," Fordham, N. Y., would not use them until he was told of what they were composed, since which time he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. Sold by Druggists and Storekeepers throughout the United States. Price, 25 cents per Box. Depot, 10 Park Place, New York.

Life is the Gift of God.

When we are sick this life is obscured, under a cloud, oppressed with humors. Experience has taught us certain means, which never fail for their removal. The child receives with his life the seeds of death. It may take one, or one hundred years, before the seeds bear their sad fruit, but just as sure as the seeds of death ripen, life ceases. Purging is the grand safeguard, because then what fosters the seeds of death are taken away, expelled from the body.

Govern Yourselves by Experience.

My child, aged five years, had scarlet fever, and for five days had constant fever. By order of the doctor I gave her syrup of rhubarb; she took nearly a pint, but her bowels continued closed. On the fifth day the doctor said her bowels must be opened or she would be lost.—I proposed Brandreth's Pills; to this he would not consent—saying she was too weak. I consulted with my husband, and we concluded to give her three pills. In about four hours they operated, filling half full a common chamber.—After that operation the fever left her, and she rapidly recovered. Reference, 206 Clermont Avenue, Brooklyn. [apr14-1m.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address. Rev. EDWARD A. WILSON,
Williamsburg, Kings County, New York.

IMPORTANT
TO
Fruit Growers.

IN consequence of the attempt of *bogus* nurserymen, at selling to an honest but uninformed public—nursery stock at prices, and upon terms wholly below what it can be raised and sold for in *fair dealing* between the propagator and buyer, and in order to thoroughly satisfy our friends and customers that we will deal with them upon as reasonable terms in prices as any one else, having in view *their interests* as well as our own, we now offer our peach stock, *which we know and guarantee* to be in qualities and kinds *as we represent it*, at the exceedingly reduced price of

A MEETING of the stock-holders of the Hay Scales to locate them was held on Saturday, but owing to a division of sentiment the meeting was adjourned that a full attendance of the stock-holders might be had.

THE ROAD LAW.—The Legislature, at its late session, abolished entirely the road law of '67 and '68, requiring all able-bodied men to perform one day's labor upon the county roads. This puts us right back to the old law, which will probably be more acceptable to the people. The rate of wages has been considerably decreased, as also the price of lumber, the former being $1 per day and the latter $2.50 per 100 feet for white oak plank.

COURT PROCEEDINGS.—The April term of the Circuit Court adjourned on Thursday evening last. We have only four cases in addition to our report of last week, as follows:

State *vs.* Wm. Phillips and others. Presented for riot. Not Guilty. Russum for defence.

State *vs.* Wm. Cahall and others. Presentment for riot. Jury trial. Not guilty. Russum for defendants.

State *vs.* Stack. Indictment for acting as agent for Kent county Insurance Company without license. Demurrer filed. Demurrer ruled good. Indictment quashed. Russum, Jump & Ridgely for defendant.

Motion for new trial in case of Coffin *vs.* Cohee. Argued and motion overruled.

IN THE RIVER.—The U. S. schooner *Hassler*, of the Coast Survey, is in the river between Denton and Potter's Landing. The river is being surveyed, and the survey will extend to the bridge.

WHEAT.—The few days of good weather we have had this month has tended to restore somewhat of the color and healthy appearance to the wheat which was backened by the cold and disagreeable weather of March. Some very fine fields of wheat are to be seen around town—much more so than any we saw anywhere along the line of the railroad as we proceeded to Philadelphia on Monday. The crop bids fair to be a good one.

OH, THAT CAUSEWAY!—To say that the causeway, in its present condition, is a nuisance, is but to use the mildest term which can be employed to express its condition. For a long time it has been settling and spreading until it now, in some places, is only a little above the level of the marsh, and even ordinary tides are beginning to overflow it. Being one of the main avenues to the town, this is terribly annoying to pedestrians, who are compelled to await the motion of the tide in order to cross. On Monday night, at 11 o'clock, the causeway was completely submerged, and quite a number of persons were kept on the other side until that late hour awaiting an opportunity to cross over. We submit this matter, in all seriousness, to the County Commissioners, and ask them to do something that the causeway may be passable at all times.

THE CELEBRATION OF THE XVTH AMENDMENT.—The celebration of the final ratification of the XVth Amendment by the colored people of this county, which took place at Boonville on Monday last, was a happy occasion for them. The different leagues in the county were represented, and the number in attendance was large notwithstanding the storm which prevailed throughout the day. Speeches were made by Mr. Potts, of Queen Anne's; the colored people's school teacher, at Centreville; I. H. Bayne, Danl. Black and Richard J. Potter, of this county. After the addresses were made, a procession was formed and a march taken up, preceded by the fife and drum, to Ridgely. The meeting broke up at an early hour, all well pleased at the day's proceedings, and their hearts joyous on accout of the event they met to celebrate.

A second ratification will be held on Saturday week, the 30th, which promises to be a much larger and more brilliant affair. We learn that Judge Bond and Governor Geary, of Pennsylvania, are expected to be present.

A WORD TO THE COLORED PEOPLE.—The action of the colored people, a few weeks ago, in making free their school in this town was wise, and has been commended by the press generally of the State. The object sought was to enable *all* the children to attend school. As yet, very few have availed themselves of the opportunity, preferring to suffer their children rather to grow up in ignorance than be educated. Now, this is in marked contrast to the liberality of those who have made the school free, and reflects no credit upon the parents of those children who are kept at home to run about the streets. Stop this at once; send the children to school for they will need all the education they can acquire. A heavy responsibility rests upon you, for you are no longer chattles but men, and as such are expected to either promote the weal or woe of the community. We believe you desire to become useful citizens, and in no better way can you become useful than by enlightening the mind. A well cultivated mind makes a real, true man, and all such men are good citizens.

Horrible Murder.

A MAN MURDERS HIS OWN WIFE—HE ATTEMPTS POISON—THE CULPRIT IN JAIL.

A man named Samuel G. Voshell was brought to Dover Jail on Saturday night, charged with the murder of his wife under circumstances of atrocity seldom paralleled. The particulars, as we learn them, are about as follows: On last Saturday week, Voshell, who lived on a small place near Slaughter Station, in this hundred, came home, and on some pretence unmercifully beat and kicked his wife. Two women, who lived in the neighborhood, interfered to save her, put her to bed and gave her such attention as they could. She suffered terribly during the next two days and Voshell was vainly appealed to to send for a doctor. Through the kindness of a neighbor, Dr. Knotts, of Templeville, was called, and on Tuesday Mrs. Voshell was delivered of a dead child—its skull crushed by a kick from its father's heavy boot. Mrs. V. died soon after the Doctor went away.—Voshell wanted to put her body in a rough box and bury her on the farm, but better counsel prevailed and she had a decent burial, her body being intered on the burial ground of the Slay family, near Hazlettville, on Thursday. Voshell's conduct at the grave, the treatment his wife had received at his hands, the rumors of his brutal behavior during her illness, induced some of the neighbors to notify Coroner Thompson of the state of affairs. That officer very promptly made an investigation, summoned a jury, had the body disintered and a post morten examination made by Drs. Knotts and Downs. After the testimony of several witnesses had been received a verdict was rendered that a murder had been committed and a warrant was placed in the hands of Constable Pratt for the arrest of Voshell.—Voshell, having heard that the Coroner was about to disinter his wife's body, came up to interfere with the Coroner's proceedings just as the Constable was starting to look for him, and was promptly lodged in jail. The post morten examination revealed the extent of Mrs. Voshell's injuries,—two blows, or kicks, one in the stomach and one on the back above the kidneys, breaking a rib, either sufficient to kill a woman in her condition, had caused the blood to coagulate in great masses about those organs, and there were appearances also of a dose of strychnine having been administered. These particulars were obtained from a member of the coroner's jury and are considered reliable.—*Dover (Del.) Delawarean.*
