MADNESS! PARALYSIS! DEATH!

may ensue from using preparations for coloring the hair charged with acetate of lead and sulpher. You may know them by the heavy metallic sediment which has to be shaken up before the disgusting compound can be applied. The "Journal of Chemistry" says there are *thirty of them in the market*. There is but *one dye* in existence which contains no deleterious substance, and that is

Cristadoro's Excelsior Hair Dye,

which has been carefully analyzed by Professor Chilton, and declared by him to contain no lead or any other hurtful ingredient. See his manuscript certificate, at Cristadoro's, 6 Astor House, New York.

CRISTADORO'S HAIR PRESERVATIVE, as a Dressing, acts like a charm on the Hair after Dyeing. Try it. [apr14-1m.

"To Owners of Horses and Cattle"

TOBIAS' DERBY CONDITION POWDERS are warranted superior to any others, or no pay, for the cure of Distemper, Worms, Bots, Coughs, Hide-Bound, Colds, &c., in Horses, and Colds, Coughs, Loss of Milk, Black-Tongue, Horn Distemper, &c., in Cattle. These "Powders" were formerly put up by Simpson I. Tobias, son of Dr. Tobias, and since his death the demand has been so great that Dr. Tobias has continued to manufacture them.—They are perfectly safe and innocent; no need of stopping the working of your animals.—They increase the appetite, give a fine coat, cleanse the stomach and urinary organs, and increase the milk of cows. Try them, and you will never be without them. Col. Philo P. Bush, of the "Jerome Park Race Course," Fordham, N. Y., would not use them until he was told of what they were composed, since which time he is never without them. He has over twenty running horses in his charge, and for the last three years has used no other medicine for them. Sold by Druggists and Storekeepers throughout the United States. Price, 25 cents per Box. Depot, 10 Park Place, New York.

Life is the Gift of God.

When we are sick this life is obscured, under a cloud, oppressed with humors. Experience has taught us certain means, which never fail for their removal. The child receives with his life the seeds of death. It may take one, or one hundred years, before the seeds bear their sad fruit, but just as sure as the seeds of death ripen, life ceases. Purging is the grand safeguard, because then what fosters the seeds of death are taken away, expelled from the body.

Govern Yourselves by Experience.

My child, aged five years, had scarlet fever, and for five days had constant fever. By order of the doctor I gave her syrup of rhubarb; she took nearly a pint, but her bowels continued closed. On the fifth day the doctor said her bowels must be opened or she would be lost.—I proposed Brandreth's Pills; to this he would not consent—saying she was too weak. I consulted with my husband, and we concluded to give her three pills. In about four hours they operated, filling half full a common chamber.—After that operation the fever left her, and she rapidly recovered. Reference, 206 Clermont Avenue, Brooklyn. [apr14-1m.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured.—Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
my20-y. No. 32 Cedar street, New York.

TO CONSUMPTIVES.

THE Advertiser, having been restored to health in a few weeks, by a very simple remedy, after having suffered several years with a severe lung affection, and that dread disease, Consumption—is anxious to make known to his fellow sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE FOR CONSUMPTION, ASTHMA, BRONCHITIS, etc. The object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable; and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing.

Parties wishing the prescription, will please address, Rev. EDWARD A. WILSON,
Williamsburg, Kings County, New York.

Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, May 10th.

The Editor's Hash.

CORN planting has commenced.

STRAWBERRIES promise a heavy crop this season.

HERRINGS, it is said, pass as legal tenders in Greensborough.

THE circus and menagerie was well attended at Greensborough.

DENTON is very prolific in dogs, if in nothing else. One man has thirteen.

MERCHANTS, traders, &c., must renew their licenses on or before May 1st.

THE spring fashions have arrived, consequently the attendance at the Church is good.

THE cultivation of small fruits and vegetables is becoming more popular in this county.

IT is rumored that one of the merchants of Greensborough has "gone where the woodbine twineth."

THE Maryland Steamboat Company runs one of their boats up the river to Dover Bridge but no further.

THE "Clough Farm" was sold, on Tuesday, by Messrs. Downes and Bryant, Trustees, to W. E. Starkey for $7.50 per acre.

CHAMBERS, at Federalsburg, has just got out another land circular. Being printed at this office, they were, of course, nicely done.

DR. G. W. GOLDSBOROUGH has been appointed a member of the Executive Committee of the State Central Committee of the Democratic party.

THE Dover District Preachers Association meets at Felton on May 2nd. The preachers of Easton and Snow Hill districts will also meet there, when the propriety of consolidating the three will be considered.

NEW POTATOES.—Mr. Jas. G. Redden informs us that he has had new potatoes for dinner several times within the past two weeks. Though not exceedingly large, they tasted well and served the purpose of conferring upon him the credit of growing the first potatoes this season.

CELEBRATION.—On Saturday next, the 30th inst., the colored people of the First Congressional district assemble at Boonville, this county, to appropriately celebrate the ratification of the XVth Amendment. Extensive preparations have been made, and a good time is expected. All white persons who desire it, are ardently invited to attend.

NEW FIRM.—Mr. Jas. F. Kenney has associated with him in the drug business at Federalsburg, Dr. W. D. Noble, and they have considerably increased their stock.—They are both well known in this county, and we hope will receive an abundant patronage. Unlike the most of the business men in this county, they advertise in THE UNION, and we hope all our readers will peruse their advertisement very carefully.

SUDDEN DEATH.—We regret to chronicle the death of an old and highly esteemed colored man, Solomon Grinnage. He had been enjoying ordinary good health up to within a few hours of his decease, and without warning, was suddenly stricken with an apoplectic fit. He was engaged in field work at the time, and never spoke a word after once losing consciousness. He died within four hours after the seizure. Sol. was a good citizen, and enjoyed the confidence and respect of all with whom he had ever had business relations.

PEACHES AND THEIR TRANSPORTATION.—A meeting of the Peninsular Fruit Grower's Association was held at Dover on Tuesday week, the 19th inst., at which meeting the report of the committee appointed at a previous meeting to confer with the railroad companies relative to a reduction in the price of freight was read. The report embraced two propositions, viz:—

1st. To deduct twenty dollars per car load from the Dover rate of 1869, and at least as much in proportion from the other stations.

2. To make the rates dependent upon the number of car loads of peaches moved to New York, over the Delaware Railroad as follows, viz:

If more than 2000 and less than 2200 loads be moved the rate to be $5 less.

From	2200	to	2400	loads	$10 less
"	2400	"	2600	"	$15 "
"	2600	"	2800	"	$20 "
"	2800	"	3000	"	$25 "
"	3000	"	——	"	$30 "

And the rates from other stations to be in no case proportionately higher than Dover rates.

The latter of these propositions elicited the approval of a majority of the members and it was adopted. The same proposition was also adopted at the meeting held at Middletown the preceeding Saturday. This arrangement seem to give pretty general satisfaction, though there are some who demand a still further reduction.

ORPHANS' COURT PROCEEDINGS.—Guardian accounts passed: Jno. Faulkner, guardian to Wm. J. and Saml. C. Faulkner, 8th account; D. J. Gambrell, guardian to Thos. G. Gambrell, 4th and 5th accounts; J. W. Brown, guardian to Martha E. Neal, 2nd account.

J. W. Temple, executor of Margaret Sheppard, passed 1st administration account.

Wm. H. Watkins, executor of Peter Jester, presented inventory of personal estate.

J. W. Bryant, trustee of Geo. E. Williamson, passed account of his trusteeship.

The Court passed special order for the relief of Sarah A. Collins, widow of A. Y. Colline, deceased.

ELOPEMENT.—The citizens of Whiteleysburg and the surrounding county were no little surprised to learn, on Sunday last, that the wife of Mr.—Shaeffer, a plain and industrious citizen of the 2nd district, had eloped with a man named Joseph Baird. Baird is a carpenter, a man who loves his liquor, and who, the evening previous to the elopement was beastly drunk at Greensborough. He had been boarding at Shaeffer's, and went there on Saturday night last, but the next day took "French leave," Shaeffer's wife accompanying him. They have not been heard of since. Shaeffer has been twice married, and his second wife took away some trinklets of his former wife which he prized very highly. This, we are told, is the extent of Shaeffer's sorrow.

VANDALISM.—On Friday evening last, in the absence of Mrs. R. M. Tyler from her home, some boys availed themselves of the opportunity to have a little fun at her expense. Proceeding there, they commenced an assault upon the house with mud, stones, &c., literally besmearing the end next to the street with mud, greatly to the mortification of Mrs. T. and to the disfiguring of the house. There was no one at home but two or three small children, and they, of course, were powerless to put a stop to such indecent and reprehensible conduct.

And yet these offenders are not so much to blame after all. They were mostly small boys, but old enough to have known better had they ever been taught better. But this is what has not been done. Their parents seem to have left them to themselves, to receive whatever of morals they may chance to pick up along the streets, and in some cases we don't know if this is not the best policy. All the parents in this town are too lax in the government of their children.—They suffer them, almost unexceptionally, to roam about the streets at night, and the dark hours are frequently made hideous with their yellings.

We don't know whether a corrective was admistered to those children who offered the indignity to Mrs. Tylor or not, but presume that in some cases the affair was laughed at. But we tell you, parents, these things are not to be laughed at. Your children are growing up to manhood and the time may come when the only recommendation they will have will be their moral character.—You cannot always be with them—sooner or later your bones will bleach in the churchyard, and then what will become of your dren? Who, then, will keep a watchful eye over them to restrain them from evil? Who, then, will admonish them of the danger which awaits those who disregard the rights of others? Think of these things, parents, and keep your children at home during the evenings. Their studies require all the attention they can give them. Compel your children to devote their evenings to study and we think you will find the true solution to their slow progress at school.

R. R. Accidents.

THREE ACCIDENTS ON THE MD. & DEL. R. R. IN AS MANY DAYS.

On Thursday last, as the 3 o'clock train neared the Easton depot, an accident occurred which threw two freight cars off the track and injured them pretty badly. The accident occurred in W. T. Kemp's field, and was occasioned by the track being obstructed by a cow. The locomotive had been detached, as is the custom, and the remainder of the train was moving by its own momentum toward the depot when it encountered the cow with the result above mentioned. The cow was first brushed from the switch by the locomotive, and one of its legs broken, but it managed to crawl upon the main track in front of the moving train. No one was hurt but Mr. Saunders, a brakesman, and he not seriously.

Several sheep were run over and killed by the same train on Saturday, but no damage was done to the cars. This occurred just above Sheriff Bennett's farm.

Another accident occurred at the Easton depot upon the arrival of the 11 P. M. train on Saturday. It appears that one of the brakesmen took a car out of the car house on Saturday afternoon to clean it; when he put it back he forgot to adjust the switch for the night train. When the passenger train came down at 11 o'clock, instead of coming straight up to the depot, it switched off, and locomotive and cars went pell mell into the car house, smashing up things generally. A car on the track in the house was driven clear through the southern end of the building and thrown several feet out into the lot beyond. The doors of the car house were smashed into splinters, and the side of the building raised off the underpinning and slued five inches out of place. Fortunately, no one was injured.

SAVE YOUR DOCTOR'S BILL.—When Dr. Wistar's Balsam of Wild Cherry will CURE coughs, colds, bleeding at the lungs, and arrest the fell destroyer, Consumption, it does more than most physicians can do.—The use of a single bottle, costing one dollar, will satisfy the incredulous that they need look no further for the required aid.

First District Items.

HENDERSON, April 23rd, 1870.

Mr. Editor:—

Times are very dull in our District at this time. Travel in any direction you may, you hear the complaint "hard times" and "No money" from the farmer and the mechanic. Yet I think that our financial embarrassment will not be so great after harvest; for rarely have I ever seen grain looking so well, in our section of the county, at this season of the year. In addition, I think the peach crop will bring quite an amount of money into our midst, as peach growers are sanguine of a very large crop.

Nothing has occured to mar the peace and happiness of our little village since last I wrote. I believe there has been one "wedding," the parties going on a bridal tour immediately after the "knot was tied."

Rev. C. F. Sheppard preached at Pippin's M. E. Church, on Sunday last, from these words, "He that overcometh shall inherit all things: I will be his God and he shall be my son."—Rev. 21st chap. 7th verse. Rarely have I been permitted to hear the conflicts of the christian race so fully set forth; the means by which they are to be overcome and the final felicity of the redeemed as were set forth by the speaker on that occassion. I verily believe that much good was done; many seed fell in ground that will bring fruit in after years.

Much regret is expressed by our citizens that our school will close in May. Under the supervision of Mr. Thos. C. West it has risen to a first grade school, and I think will compare favorably with any primary school in the county. I was present at an "evening session," last week, and I observed that not only the higher mathematics, philosopy and book keeping were taught, but that the "Latin language" received attention, Mr. David R. Culbreth making it one of his studies.

Quite a disappointment happened at Marydell on Friday, the 14th just. Rev W. T. Hamilton, stationed at Marydell, was expecting his wife to arrive on the 12 o'clock train, and the ladies of the place had prepared a sumptuous feast "as a welcome." The table groaned beneath its luxuries, but alas! the train came thundering up and Mrs. Hamilton was not on board. So the delegation returned and reported *non est.*"

I learn from Capt. Clendening that many are going from different States to Kansas.—He says that he finds people living in "log-huts," tents and even in wagons—land very rich and productive—people selfish—money plenty. Wm. R. Hynson, who went west for his health, informs me that he has had another severe "hemorrhage," and fears that his "race is nearly run." He is an exemplary young man, and his illness has caused *much* regret among his friends in this community.

Farmers are planting corn in Queen Anne's County.

Concert came off at Marydell Thursday night last. I suppose it was a success.

More anon.

Q. P.

IF A MAN WANTS A BOTTLE OF WHISKEY, let him buy it and take it home like a man, and not sneak home with a bottle of "Bitters" or "Cordial," and pretend that it is medicine. If he wants a tonic that is something better than a temporary stimulant, he should get a bottle of Peruvian Syrup, (an Iron Tonic,) that will vitalize the blood, and give durable strength to the system.

A MAMMOTH CONCERN.—Wanamaker and Brown give employment to about 1,200 men and women, and do a business of nearly a million and a half at Oak Hall.

ASSESSOR'S NOTICE.
To the Tax Payers of the First Collection District of Maryland.

All income tax-payers and all others concerned in the United States Government assessments upon Income, Special Tax, Carriages, Watches, Silver, &c., are hereby notified that I will receive and determine appeals relative to any erroneous assessments or valuations made by the Assistant Assessors of the First Collection District of Maryland, and returned on the Annual List of 1870, at my office in Salisbury on the 28th, 29th and 30th days of April, 1870, between the hours of 9 A. M. and 3 P. M.

The law provides that no appeal shall be allowed to any party after he shall have been duly assessed and the assessment returned to the Collector.

All appeals must be made in writing, stating the cause for the abatement claimed.

Tax-payers who have not yet made their returns may save penalties by giving immediate attention thereto.

MEDICINAL.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my

Preparation of Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo.—Juniper Berries by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflamation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years Experience.

[From the Largest Manufacturing Chemists in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract of Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copavia and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delecate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE—$1.25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.
