THE country is beginning to assume a beautiful and pleasing aspect.

FAIR AND FESTIVAL.—The colored people of the vicinity of Preston will hold a fair and festival at Marsh Creek Church on Monday, June 6th, 1870.

CONFERENCE APPOINTMENT.—The annual Conference of the African M. E. Church, which closed its labors at Hagerstown on Wednesday last, appointed W. H. Smith as preacher in charge for the circuit embracing Denton and Easton.

THE ELEPHANT.—A little girl in a neighboring town, upon seeing the elephant attached to the circus pass through on its way to Easton, describes it as an "ugly elephant, with great large feet and andirons on its nose." The child's simplicity created, of course, a roar of laughter.

RUNAWAY.—On Saturday night last, a mule, which Mr Jonathan Evitts had driven to town to his carriage and had tied with a rope to the rack in front of Mr. Todd's store, becoming free by chewing the rope in twain, started off in a run down the side walk. It continued in its flight uninterupted until it reached the residence of Mr. Todd, and here the top of the carriage caught in the limbs of a tree in front of the gate, tearing it entirely off. One of the axles was also badly bent by a collision between the wheel and the tree. This, we believe was the extent of the damage done.

RAILROAD DIRECTORS.—The Board of Public Works has appointed the following named gentlemen Directors on the part of the State in the following roads:

Kent County Railroad Company—Wm. T. Spry, George D. S. Handy and Robt. Nicholson, of Kent county.

Queen Anne's and Kent county Railroad Company—Washington Findlay, Wm. McKenney, and Willard H. Neal, of Queen Anne's county.

Maryland and Delaware Railroad Company—Phillip Francis Thomas and Col. Edward Lloyd, of Talbot county, and Thos. F. Garey of Caroline county.

Dorchester and Delaware Railroad Company—Hon. Jas. A. Stewart and Edward Goslin, of Dorchester county.

THE MAIL LETTINGS.—Contracts to carry the U. S. mail on the following routes have been awarded to the following parties:

Route 3,069. Ridgeley to Burrsville, is let to Jas. Melvin at $448.

Route 3,070, Federalsburg to Smithville, advertised for once a week, is let to Josiah Collins, three times a week service, at $85.

Route 2,837. From Harrington to Vernon, let to John R. Whitley, at $150 per annum.

Heretofore the service between Federalsburg and Smithvile has been performed only twice a week. This was very unsatisfactory to the citizens of the latter place, and we congratulate them upon the prospect of "better days." It is due to them, however, to state that the increase of mail facilities was secured only through a sacrifice on their part, as the figures at which the contract was let will show.

A CAPSIZE.—On Thursday morning, Mr. R. J. W. Garey and several ladies went to the river for the purpose of enjoying a boat ride. They had engaged the services of Capt. Somers and his pleasure yacht for the occasion. The Capt. and Mr. G. had entered the boat, which was made fast to the wharf, for the purpose of adjusting the sail and rigging, preparatory to the trip. Before the sail was properly in position, the boat was suddenly loosened from her moorings, and while attempting to place her in sailing trim the sail filled with wind, and some of the ropes becoming entangled, she capsized, subjecting the Capt. and Mr. G. to a not very uncomfortable, though quite an unexpected bath. They held on to the side of the boat, and the wind, which was blowing quite a stiff breeze at the time, soon brought them to the shore. It is a subject of congratulation that nothing of a more serious nature occurred.

THE LAST CHANCE.—Saturday next, the drawing of the lots in Caldwell's addition to Easton takes place, and only a few more days remain in which chances can be taken. These lots afford an excellent opportunity for investment. They are full sized, square lots, eligibly located on high and dry land near the depot, and in what is destined to be the most fashionable part of Easton.—Each lot is now worth the amount asked—$200—and as soon as the drawing takes place and the work of improvement begins, they will increase in value in a corresponding ratio with the improvements made. If purchased on a speculation, it will be found profitable in a few years. Upon two of these lots are dwellings valued at $1,500, and each person who buys a lot also buys a chance for one of these dwellings.

The drawing will positively take place on Saturday, and all who wish to purchase will be taken down to Easton on the cars, free of charge, leaving Ridgely at 1.50 and returning on an extra train after the drawing is over. A plat of these lots and a subscription book can be found at Fell's hotel.

THE CELEBRATION.—Announcement was made in our last issue of a celebration by the colored people of the 1st congressional district of the ratification of the XVth Amendment, on Saturday last, at Boonville, in this county.

The day was all that could have been desired, and the turn out was large, considering the short notice and the day of the week upon which the meeting was held. A number of the counties were represented.

A temporary organization was effected in the morning, after which the meeting adjourned for dinner and for the selection of permanent officers. At 2 o'clock, P. M., the meeting was re-organized, and Isaiah H. Bayne was elected chairman, with a vice President from each of the counties in the district.

Addresses were then made by Geo. M. Russum, Esq., and Richard J. Potter, of Denton; Isaiah Bayne, of Boonville; Wm. Potts, and — Harriss, of Centreville, all of which were attentively listened to by the colored people. The addresses consisted of sound advice to the colored people, and appeals to them to acquire all the education possible to make them good citizens and fit them for a proper discharge of their duties and privileges which had been lately bestowed upon them. Politics were only incidentally alluded to, and not made the topic of discussion. Good order was maintained throughout the day, and, to the credit of the colored people be it said, there was not a single drunken man in all that vast throng. Even the Democrats present expressed themselves agreeably surprised at the action of the colored people; they expected to see drunkenness and rioting among them.

Resolutions, expressive of the sense of the meeting, were adopted, but we are unable to give them because they have not been sent us by the secretary.

GOOD TEMPLAR'S ASSOCIATION.—The regular Quarterly Association of the Good Templars of this county convened in Denton on Wednesday last. All the lodges in the county, except Chappel lodge, was represented by nearly full delegations.

At the morning session officers for the ensuing term were elected, as follows: W. C. T., N. A. Hutson, of Crystal Fount Lodge; W. V. T., Carrie Mason, of Hillsborough lodge; W. S., Hugh Duffy, same Lodge; W. T., Dr. P. S. Reynolds, same lodge. After the election a recess was taken until 2. P. M.

Upon reassembling at the appointed hour, Henderson was selected as the next place of meeting for the association. A report of progress of each lodge was then made, which furnished positive evidence that the cause of temperance is fast gaining ground in Caroline county. Assurances of a similar growth of the cause in popular favor in Queen Anne's were obtained from Rev. E. P. Aldred, and in Kent from Rev. Mr. Harding, who stated that the membership in that county amounted to 800.

The association was then entertained by very able and interesting essays by Miss Florence McCloud and Mrs. A. T. Mason, the former upon the subject of "Time the Reformer of Men and Religion," and the latter "Our Mission."

The following resolutions were adopted:

Resolved, That juvenile temperance societies should be encouraged, especialy the Band of Hope, from the fact that we hope much from the rising generation to instill in the minds of those who have no appetite for intoxicating beverages, the necessity of their abstaining forever from using that which not only ruins the mind and body, but which will eventually cause the loss of the immortal soul.

Resolved, That it is inconsistent in any temperance man, woman or child, to frequent any place where intoxicating liquors are used or sold as a beverage.

Resolved, That our present liquor license law should be so changed that no person could obtain a license to vend liquor, except by the consent of a majority of the registered voters of an election district, ward, or incorporated town, in which he or they propose to open a place to sell liquor.

A public temperance meeting was held at the M. E. Church in the evening, which was well attended. Addresses were made by Revs. E. P. Aldred, and W. B. Gregg, Dr. P. S. Reynolds and Jas. R. Dill, Esq., and the essays of Miss Florence McCloud and Mrs. A. T. Mason were re-read.

The next meeting of the association will be held at Pippin's M. E. Church.

IT IS AN ESTABLISHED FACT, that Consumption *can* be cured; but it is far better to prevent the cruel disease from fastening itself on the system, by the timely use of a remedy like *Dr. Wistar's Balsam of Wild Cherry*. This standard preparation will speedily cure a cough or cold, and even consumption often yields to its great power.

RAILROAD MATTERS.—The work of grading the section of the Md & Del. R. R. between Easton and the Choptank river was resumed on Monday. It is reported that the Chancellor's Pont route has been determined on, with a view to afford a shorter route than the Dorchester & Del. R. R. between Cambridge and Philadelphia, and thus control the trade of the whole Choptank region.

DOVER BRIDGE.—Some time last fall, or winter, the draw of Dover Bridge was so narrowed down as to prevent the passage of large steamers and other vessels through it. On account of this action this community is suffering greatly for the want of a steamboat. The only boat at the disposal of the Maryland Steamboat Company at present runs as far up the river as the bridge, but is unable to get through, and, consequently, must terminate its route there.

What authority the party, or parties, who narrowed the draw of this bridge, had for so doing we are at a loss to comprehend. It was certainly not a State law, and even if it was, or the decree of the County Commissioners who control the bridge, there is a law higher than either which prohibits the obstructing of navigation, and which ought to be enforced. The requirements and conveniences of a business community are far more important than the paltry sum a new draw would cost, if the old one cannot be so constructed as to render it safe and durable, and we do hope that some action will be taken to enforce the law we have above referred to. If enforced, a fast and comfortable boat will be put upon this route, but if not, we must put up with the slow and uncomfortable one which was such an annoyance last year.

IMPORTANT TO HOUSE CLEANERS.—As the season of house cleaning is at hand, the following directions for cleaning paint may be found serviceable:

"Provide a plate with some of the best whiting to be had, and have ready some clean warm water and a piece of flannel, which dip into the water and squeeze nearly dry; then take as much whiting as will adhere to it, apply it to the painted surface, when a little rubbing will instantly remove any dirt or grease. After which wash well with clean water, rubbing it dry with soft flannels. Paint thus cleaned looks as well as when first laid on, without any injury to the most delicate colors. It is far better than using soap, and does not require more than half the time and labor."

PENINSULAR JOTTINGS.

—Somerset county is without a States Attorney.

—The measles are prevalent in Snow Hill and Newtown.

—Ex-Governor Thomas' wife died at Easton last week.

—A depot building to cost $15,000 is being built at Middletown.

—Gen. Van Vorst is said to have the finest field of wheat around Milford.

—The Kent county, Del., jail has been presented as a nuisance by the grand jury.

MEDICINAL.

TO PHYSICIANS.

NEW YORK, August 15th, 1868.

Allow me to call your attention to my

Preparation of Compound Extract Buchu.

The component parts are BUCHU, LONG LEAF, CUBEBS, JUNIPER BERRIES.

MODE OF PREPARATION.—Buchu, in vacuo.—Juniper Berries by distillation, to form a fine gin. Cubebs extracted by displacement with spirits obtained from Juniper Berries; very little sugar is used, and a small proportion of spirit. It is more palatable than any now in use.

Buchu, as prepared by Druggists, is of a dark color It is a plant that emits its fragrance; the action of a flame destroys this (its active principle), leaving a dark and glutinous decoction. Mine is the color of ingredients. The Buchu in my preparation predominates; the smallest quantity of the other ingredients are added, to prevent fermentation; upon inspection, it will be found not to be a Tincture, as made in Pharmacopœa, nor is it a Syrup—and therefore can be used in cases where fever or inflamation exist. In this, you have the knowledge of the ingredients and the mode of preparation.

Hoping that you will favor it with a trial, and that upon inspection it will meet with your approbation,

With a feeling of confidence,
I am, very respectfully,
H. T. HELMBOLD,
Chemist and Druggist,
of 16 Years Experience.

[From the Largest Manufacturing Chemists in the World.]

NOVEMBER 4, 1854.

"I am acquainted with Mr. H. T. HELMBOLD; he occupied the Drug Store opposite my residence, and was successful in conducting the business where others had not been equally so before him. I have been favorably impressed with his character and enterprise."

Helmbold's Fluid Extract Buchu

Is the great specific for Universal Lassitude, Prostration, &c.

The constitution, once affected with Organic Weakness, requires the aid of Medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT BUCHU invariably does. If no treatment is submitted to, Consumption or insanity ensues.

Helmbold's Fluid Extract of Buchu,

In affections peculiar to Females, is unequalled by any other preparation, as in Chlorosis, or Retention, Painfulness, or Suppression of Customary Evacuations, Ulcerated or Schirrus State of the Uterus, and all complaints incident to the sex, or the decline or change of life.

Helmbold's Fluid Extract of Buchu and Improved Rose Wash

Will radically exterminate from the system diseases arising from habits of dissipation, at little expense, little or no change in diet, no inconvenience or exposure; completely superceding those unpleasant and dangerous remedies, Copavia and Mercury, in all these diseases.

Use Helmbold's Fluid Extract Buchu

In all diseases of these organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. It is pleasant in taste and odor, "immediate" in action, and more strengthening than any of the preparations of Bark or Iron.

Those suffering from broken-down or delecate constitutions, procure the remedy at once.

The reader must be aware that, however slight may be the attack of the above diseases, it is certain to affect the bodily health and mental powers.

All the above diseases require the aid of a Diuretic. HELMBOLD'S EXTRACT BUCHU is the great Diuretic.

Sold by Druggists everywhere. PRICE—$1.-25 per bottle, or 6 bottles for $6.50. Delivered to any address. Describe symptoms in all communications.
