estifying that it contains no harmful ingredient. On the other hand, in the "Journal of Chemistry" may be found the statement that there are upwards of thirty poisonous hair dyes before the public. Choose the only safe and sure one.

Scrofula Cured by Brandreth's Pills.

Brandreth's Pills penetrate the whole mass of blood, causing the expulsion of impurities. The body feels relieved from a single dose; what then may be expected from twenty? By continuing their use, the whole of the blood in time, becomes purified, and the body reconstructed from good material, and a new lease of life secured.

Sing Sing, March 25, 1868.

My Dear Sir: My daughter, Alice, thirteen years old, has been completely cured of that horrible disease, Scrofula, which for years rendered life a torment; after all medicines and many physicians had been tried, and failed, I commenced giving her your pills. She took them almost every day for three months, constantly improving. She has now entirely recovered. Yours truly,

The Editor's Hash.

—Work has been begun upon Dr. Tarrs' residence.

—Sunshine has succeeded the storm.—Sure, this time.

—The steamboat gives a little more life to the place.

—A favorite dish with the Greensborough ladies—the editor's *hash*.

—Jno. W. Clark, of Tuckahoe Neck, has purchased a farm in Michigan.

—Kenney & Co., at Federalsburg, this week will put in a large soda fountain.

—The schools will close on the 17th inst. for lack of funds to operate them till the end of the term.

—We learn that Mr. Wm. H. Charles has been appointed crier to Esquire Evitts' court, at Andersontown.

—Some few persons still persist in getting their printing done in the city. But it don't look any better, or cost less money, than if done at THE UNION job office.

—Our devil seems to possess the peculiar ability of being either boy or girl, according to convenience. We caution young men against him when in his girlish moods lest they encounter a similar fate with the young man who became enamoured of him on Saturday night.

FINE STRAWBERRIES.—We return thanks to Mr. E. W. Williamson for the box of fine strawberries left at our office on Saturday.—They were very large and of the French Seedling variety.

HAYING.—The rainy spell, which we trust is at an end, has greatly retarded our farmers in their hay harvest. Some had begun prior to the rainy spell, but none, we believe, had finished saving their crop. If the present good weather continues the numerous hay-fields will be a scene of great activity.

WHEAT.—The past two weeks has been very trying to wheat. In many instances it has fallen under the wind and rain of the late storm, and the crop is too far matured to give hope of its lifting. Fears are entertained that the wet weather will bring on the rust and thus blight the crop. Harvest will be on hand in a few weeks.

COLLISION.—One of the hind wheels of Mr. Geo. Raughley's carriage, which had been left standing most too far out in the street in front of the post office on Saturday, was badly damaged by a passing carriage. The carriage contained Mr. Samuel M. Carter's daughter's, and they were proceeding homeward at a pretty rapid rate when the accident occurred. No damage was done the wheel of Mr. Carter's carriage, it striking Mr. Raughley's at nearly right angles.

COLORED PIC NIC.—That wing of the colored people who still adhere to the old M. E. Church held a pic nic in Mr. R. J. Jump's grove, near town, on Monday. The affair was a very pleasant one, and conducted with the greatest propriety. The children were feasted on cakes and strawberries, while the older heads were regaled with excellent advice regarding their deportment and the requirement of knowledge. The colored people desire us to return thanks to Mr. Jump for the use of his grove.

DOGS RECOVERED.—The pair of fox hounds belonging to Sheriff Richardson, which we noticed in a previous issue as having been stolen from the almshouse, were recovered by their owner a few days ago.—They were found, one in Milford, Del., the other near the town, where they had been taken by the thief who stole them, a man named Fisher. Since they had been in Delaware rabbit hunting was the customary occupation of the Milford sports on the Sabbath day. It was on one of these Sabbath day hunts that the dogs were seen and recognized by a friend of Sheriff Richardson's.

RUNAWAY.—Mr. Geo. H. Moore's carriage was pretty badly torn up by a runaway horse on Monday last. His two sons, George and Allen, were driving along Main street, in this town, when one of the traces slipped from its proper fastening on the single tree and coming in contact with the horse's legs caused it to start off in a run.—Upon reaching the post office the carriage collided with the stage, doing it but little damage, but breaking up one of the carriage wheels, and letting down one end of the axle upon the ground. Mr. M.'s sons then jumped out, and the horse turned down Second street and continued to run until suddenly taken up by the carriage coming in contact with a pile of wood which was lying in front of the editor's residence. The carriage was pretty badly torn up, but the horse was uninjured.

ORPHANS' COURT PROCEEDINGS.—Distribution of the estate of Geo. M. Whitby was passed by the administrator, Jas. M. Whitby.

J. H. Schabinger, administrator of Jno. J. Schabinger presented receipt and final release from Lewis Schabinger and Louisa Hopkins and husband.

J. P. J. Hubbard, guardian to Jno. F. and Adah M. Towers, presented 3d guardian account.

M. Chilton was appointed guardian to Lannie R. Hooper.

Letters of administration granted: to Jas. M. Whitby on the estate of Fred. L. Whitby and to same on the estate of Wm. E. Whitby.

A. B. Glanden, guardian to W. T. Blades, passed final account of his guardianship.

IN THE FOG.—The steamer *Massachusetts*, on her first trip to Denton, ran ashore on Hambrook Bar, a short distance below Cambridge, in a fog. Although vigorous efforts were made to draw the boat from the bar by the U. S. Revenue Cutter *Northerner*, she remained inmovable until high tide, in the afternoon of Thursday. The Maryland Navy, which was near at hand, was signalled to but gave no heed to the signal. *Commodore* Davidson only steamed past with an air which betokens the absence of all the finer impulses of a kind and generous human nature. The Massachusetts did not reach her wharf at Denton until near nine o'clock on Friday morning, and at once departed for Baltimore. Her trips have since been regular and on time.

THE NATIONAL CAMP MEETING.—Arrangements have been made with the Md. Steamboat Company and the P. W. & B. R. R. by which passengers will be conveyed from the points mentioned below to the national camp-meeting which begins at Wilton Grove, near Havre de Grace, Md., on Tuesday, July 12th:

Letter from Potter's Landing.

POTTER'S LANDING, June 7th, 1870.

Mr. Editor;—

It is rather difficult to find news sufficient to furnish your many readers a letter, it being like some other things—exceedingly scarce in this section. It has rained every day, I think, for more than a week past, retarding the farmers very much in their farming operations.

Our friend, S. Fountain Liden, is repairing his mills at this place, and when finished will be one of the best and most substantial in the county, and, perhaps, on the shore.—He is trying to have it completed in time for the new crop of wheat, which is looking very well generally, and if nothing happens to injure it before harvest, will make the hearts of many farmers glad. Mr. B. G. Stevens has a field of the golden yellow variety which is exceedingly fine, no fertilizer being used upon it.

We see some of our farmers are going to try the live fence. Mr. Stevens and Mr. Jas. Hignutt have the osage orange hedge planted around their farms, and we think others would do well to follow their example, considering the scarcity and high price of lumber for fencing. We see they can be had from Messrs. Kemp & Kerr, Choptank Nurseries.

We passed the farm of Mr. E. W. Williamson, a few days ago, and to look at his strawberries would be enough to make your mouth water. He must have shipped several thousand baskets this season.

Evening boat riding has been the agony with our young people for some time past, but the grand fete of the season, after the almanac had been consulted for some time to see when the queen of night would shed her silvery rays in all her majestic splendor, came off on Monday evening, 6th inst. The dutch yawl, "Sour Krout," having been chartered for the occasion, under command of "Bud Nat," pilot "Tom Foxy" and the following crew: "Tom Pipy," "Curly Head," "Cooney" and "Vocalist," each acccompanied by his lassie. "Brother Scramblefoot' was unable to accompany them. The boat left her moorings at 7 o'clock, and glided down the noble Choptank, stopping off Robinson's wharf to take on board "Bantom." Everything passed off very pleasantly until rounding Griffith's bar, when she grounded. The captain, "Bud Nat," ordered "Cooney" and "Vocalist" to draw boots and take soundings, and after a short time, under their directions, the "Sour Krout" was landed safely on the shore of Fowling Creek. Repairing to the house of Mr. G., they spent a very pleasant evening, returning to the Landing about 11 o'clock, P. M. An entire dollar was laid out in refreshments!

Perfection.

A cotemporary calls Wanamaker & Brown's garments "The Perfection of Ready-Made Clothing." We hardly think perfection has been reached yet, but they are nearer it at Oak Hall than anywhere else.

PERUVIAN SYRUP.—This valuable medicine has been silently making its way into public favor by the numerous remarkable cures it has performed. Its singular efficacy is owing to the *protoxide of iron* which in this preparation remains unchanged, and is the only form in which this *vital element* of healthy blood can be supplied.

Letter from Andersontown.

ANDERSONTOWN, June 7th, 1870.

Friend Emerson:—

I have never seen a letter in THE UNION from our place, and as we have been honored with a Magistrate's Court, I thought it would be well enough "to kind a keep" you posted. The first session was held last Thursday, 2nd inst., Esquire Evitts on the bench, who appointed a crier of the court.—Constable Garey was present. The following cases came up and were acted upon:

Wm. Wright *vs.* Casper Miller. Action to recover a sum of money. Judgment for defendant.

Peter F. Hignutt *vs.* Wm. Horsey. Action to recover $50 damage for breaking buggy shafts. Mr. Hignutt for plaintiff; Bryant for defendant. Held *sub curia*.

Court adjourned to meet Thursday week, when the following case will come before his Honor Esquire Evitts: Jas. Hignutt *vs.* Geo. Smith. Action to recover damages for breaking two gourds.

The continued wet weather is putting the farmers very much behind hand with their work.

Our friend, Jas. E. Johnson, whose buildings were burned in the spring, is getting his lumber, &c., together for a new building under the direction of Jas. A. Booth, Esq.

The colored people, I hear, are going to hold a camp-meeting at this place, commencing 6th of August. UNO.
