## Town and County Intelligence.

The Orphans' Court for Caroline county will meet on Tuesday, August 9th.

### The Editor's Hash.

—Water-melons are ripening.

—The frame of Mr. Bryant's new dwelling is up.

—The weather is growing no cooler very fast.

—The Harrington camp-meeting closes to-morrow.

—Business is dull, money scarce and weather hot.

—An Indian show is coming. See advertisement and bills.

—Some of the county roads are receiving but little attention.

—Mrs. Jas. L. Pearce dislocated one of her wrists, by falling, a few days ago.

—Corn, on light land, is sadly in need of rain. That on stiff land is beginning to burn.

—Peach shipments have begun. The first was made by Jas. G. Redden on Friday week last.

—The *Massachusetts* will lay over at Denton Bridge, after her arrival on Saturday, until Sunday at noon.

—Money-orders can be procured at the post-offices at Denton and Greensboro' on and after Monday next.

—The Goldsboro' camp-meeting begins July 29th (to-morrow) instead of the 26th as inadvertently stated in our last issue.

—Onward's communication was not received until after we had gone to press last week; consequently it had to lay over until this week.

—The freight train, with passenger car attached, on the Md. & Del. R. R., leaves Easton at 8.15 A. M., during the peach season, instead of 10.30 A. M., as it has been doing.

Sale of a Farm.—The Mancha Bros. have sold Mr. Esma Lowe's farm, near Ridgely, containing 134 acres, to Chas. Gafield, of Canada.

The Steamboat.—The steamer Massachusetts, of the Maryland Steamboat Company, will resume her trips to Denton and the various landings on the Choptank to-day—arriving at noon and departing shortly thereafter for Baltimore. The advertisement is published elsewhere.

Religious.—The Right Rev. H. C. Lay, Bishop of the diocese of Easton, will visit Hillsboro' and Denton on the 31st inst., (Sunday next). Service at Hillsboro' in the morning, and at Denton in the afternoon, at 4 o'clock. He will, at this visit, administer the rite of confirmation.

Money Order Offices.—The post-offices at Denton and Greensboro' have been designated money-order offices, to go into effect as such August 1st. The advantages to be derived from these offices will be found to be great, inasmuch as they will serve the purposes of a bank, in a measure, and save our people a great deal of trouble and expense. Then, hurrah for the money-order offices.

Public Sales on Tuesday.—J. W. Bryant, Trustee, sold the "Fountain Farm," of 245 acres, near town, to Mr. Thos. Melvin, for $10,045. Also, a house and lot in Marydel to Thomas O. Culbreth for $350.

Wm. W. Lowe, as assignee of Capt. D. E. Somers, sold a lot of seasoned wood to Thos. H. Kemp at $1.10 per cord, and the woodleave of 40 acres to R. K. Richardson, for $31.50.

Denton Bridge.—This bridge is in a very dilapidated condition, and needs immediate attention. The planks on the draw are worn into holes, upon which pieces of board have been nailed, but these are continually being loosened, and horses' feet are in danger of falling through. The railing is also weak in some places. We hope the County Commissioners well give their immediate attention to this bridge, and repair it in a substantial manner. The planks upon the draw should be laid crosswise not lengthwise, and then the wheels of vehicles will not cut through so easily.

Orphan's Court Proceedings.—We extract the following from the record of Tuesday:

Letters testamentary on the estate of Jno. W. Atkinson, granted to E. E. Atkinson and Benjamin Taylor.

Letters of administration on the estate of Abraham Swartly granted to Mary M. Swartly and Amos K. Herr.

E. E. Atkinson and Benjamin Taylor, executors, presented inventory and appraisement of the personal estate of the late Jno. W. Atkinson.

R. C. Carter and Denwood Long were appointed to appraise the real estate of the late Jno. W Atkinson.

Eliza A. Hall, administratrix of Wm. Hall, presented additional list sperate debts.

F. E. Marine.—We invite the attention of our farmers to the card of the gentleman whose name heads this article, to be found among our new advertisements. He is a commission merchant, of fifteen year's experience, honest and upright in all his dealings, and those who make consignments to him may rest assured that full and exact justice will be done them. The maturing of the various crops will necessitate the employment of a commission merchant, and we recommend Mr. Marine to all who ship to Baltimore.—Other gentlemen may be found equally honest, but none more so.

The Concord Camp.—The committees appointed to make the preliminary arrangements for the holding of the Concord camp met upon the camp-ground on Saturday last and proceeded to business. The bread tent was let to Moore & Bro., of Federalsburg, for $175.00; the horse pound, to J. W. Loockerman, for $133.00, and the barber shop, to Chas. Wilson, for $9.50

The encampment will be larger than it was last year, about 120 tents having been spoken for.

It is requsted that *all* the tents be up by Friday night, or very early Saturday morning at the farthest, as the religious exercises will be begun on Saturday morning, Providence permitting.

Off the Track.—The two rear wheels of the forward truck of the locomotive attached to the down train of last Thursday night ran off the track whilst the train was crossing the bridge over the Tuckahoe. A cow, in attempting to cross the track, had fallen between the rails, and becoming entangled in the trestle-work, was unable to extricate itself; so when the train came along the locomotive passed over the cow, and turning it threw the wheels off the track, causing a crashing and jarring, and creating a sensation among the passengers. The calm and assuring manner of the conductor, Mr Powell, soon restored quiet, when the wheels were again got in position on the track and the train moved off towards Easton, arriving there about 12½ o'clock. Fortunately, the train was running slow at the time, having just left the station at Hillsboro', else the result might have been serious.

Salaries of Postmasters.—On the 1st of July, inst., the readjusted salaries of postmasters went into effect. The following are the salaries of the different postmasters in this county.

| | |
|---|---|
| Bethlehem, | $28.00 |
| Burrsville, | 50,00 |
| Bridgetown, | 8.00 |
| Denton, | 260.00 |
| Fowling Creek, | 25.00 |
| Greensboro,' | 320.00 |
| Hillsboro', | 140.00 |
| Henderson, | 24.00 |
| Marydell, | 110.00 |
| New Hope, | 69.00 |
| Preston, | 100.00 |
| Potters' Landing, | 69.00 |
| Ridgely, | 75.00 |
| Smithville, | 15.00 |
| Templeville, | 32.00 |

The post-office at Federalsburg is in Dorchester county. The salary is $240.

Sixteen post-offices! We very much doubt whether there is another county in the State, with no greater area of territory than Caroline, that has so many post-offices. Nasby ought to locate here.

A Curiosity in Nature.—We were shown, a few days since, by Mr. J. W. Kerr, well known to our readers as the gentlemanly junior proprietor of the Choptank Nurseries, what may very appropriately be termed a curiosity in nature. It was a tomato plant growing upon a potato vine, and looking almost as well as if grown upon its own stem. He also showed us the tomato growing upon the "rag weed," which, although not seming so vigorous and healthy as that upon the potato, nevertheless established the theory that the tomato can be grown upon stems other than its own. The manner in which this was done was by grafting, in the same manner as with fruit, and covering the stem of the potato or "rag weed" with loose earth to the graft. The hot suns and dry weather are greatly against the plants thus treated, but they flourish well and are in blossom. As a matter of economy, we suppose our farmers will soon be growing potatoes and tomatoes upon the same stalk—the one under the ground, the other above it.

A New County Road.—The commission lately appointed by the County Commissioners to examine and report whether the public convenience required the opening of a new county road, beginning at a point on the county road leading from Purnell's shop to Bradleysburg and continuing on through Ridgely until it intersects the road leading from R. C. Carter's to Greensborough, performed the duty assigned them on Friday last. In their report the commission states the road to be indispensable, and surely it is, since there is not a county road leading to the town.

The opening of this road will shorten the distance between Denton and Ridgely a little more than a mile and-a-half. By the present route the distance is a fraction less than six miles, but by the new road it will be only about four and a-half miles. In view of this fact we should say the public convenience required the opening of the road, and we hope no time will be lost in doing it. Public convenience also requires that this new road be extended to the river road, from Denton to Greensborough, thus shortening the distance between Denton and Ridgely still more, and we hope the County Commissioners will not overlook this fact also when they order the road to be opened.

Our usual summary of Peninsular news was omitted this week owing to our crowded columns.

A Shameful Piece of Villainy.—Intelligence of a piece of villainy, perpetrated in Delaware, just over the State line, has reached us, which, if true, is shameful in the extreme. The particulars, as we learn them, are as follows: A deaf mute named Hamilton, being, according to his representations, unable to get work at his trade—carpentering—at his home, in Wilmington, was traveling through the Peninsula begging, but at the same time obtaining work when he could. One day last week he arrived in this town, and applying to Messrs. Gill & Todd, engaged work for the remainder of the year. His tools being in Wilmington, he started thither after them, walking to the Del. R. R. On the way he met a man named Outten, to whom he appealed for aid. Outten gave him a quarter, but seeing a considerable roll of money in his pocket-book, he resolved to possess himself of it, and so, stooping down, wrote upon the sand, "If you don't give me your money I will take your life." Hamilton shook his head, indicating a negative reply, when Outten threw him down and took his money from him, then allowing him to go on his way. Meeting some persons he wrote on the side of a house what had happened, and upon repairing to the spot the words written in the sand were still to be seen. Hamilton has a mother and sister dependent upon him for support, and this, in connection with his condition, renders the robbery more shameful, and the punishment should be the more severe.

### Letter from Federalsburg.

Federalsburg, July 20th 1870.

*Mr. Editor :*—Some interest is manifesting itself with our people on a subject referred to in a former communication from us, receiving a partial check, however, on account of the inability to secure water power upon terms considered reasonable. It has been stated that a steam engine, with boilers, &c., of first quality and ample capacity can be bought for one-tenth the price of the proposed water privilege. The large lot of ground immediately at the Depot, can be secured upon liberal terms; and mills erected there would be in a most eligible position for extensive business, being of such easy access to the immense forests of Dorchester, from which can be drawn an almost endless supply of timber of every kind, and from which position, with Rail Road communication every way, the grain and milling business of the entire Peninsula could be controlled.

If, therefore, the men of means here would "put money in their purse;" and if they are commendably ambitious for the improvement of our town and country surrounding, let them not be "over-slumberous," but push the good work forward to a speedy conclusion. The thing is entirely feasible, requiring only *determination* and *united action*.—They should meet in council *at once* and form themselves into a company for milling and general improvement.

Then, when the whole town shall be called to meals by the music of the Steam Whistle; when the constant "whirr" of machinery is heard; when great activity and signs of business are visible at the depot and around the mills by the presence there of long rows of flour barrels for shipments; of great piles of logs and prepared lumber of various kinds, and of scores of hurrying, busy men; when "Business" shall be the all absorbing theme of conversation among men, in place of too much present wrangling over petty things, then, indeed, we shall have "*Progress*-ed."

Onward.

Dr. Wistar's Balsam of Wild Cherry is "a combination and a form indeed" for healing and curing diseases of the throat, lungs, and chest. It cures a cough by loosening and cleansing the lungs, and allaying irritation; thus *removing the cause*, instead of drying up the cough and leaving the disease behind.

Hot!—Nobody minds the heat when clad in Wanamaker & Brown's Summer Clothes. The thin garments keep you cool, and the low prices are as refreshing as ice cream and soda water.

Oak Hall is as cool as a refrigerator this hot weather, and when once you get into one of its Summer Suits you feel as though you had gone on a voyage in search of Sir John Franklin.

## Marriages.

HAND—HARPER.—At the M. P. Church, Centreville, on the 20th inst., John T. Hand, editor of *The Maryland Citizen*, and Miss Maggie C. Harper, both of that town.

[You have our congratulations, brother Hand, and our wishes for a life of sunshine and happiness.]

## Deaths.

DUNNING.—At the residence of her son, Chas. A. Duuning, on Sunday last, Mrs. Mary B. Dunning, relict of the late Samuel Dunning, aged 68 years.

McCLAYLAND.—At Potters' Landing, on the 20th inst., William Thomas, son of Calvin Q. and Henrietta McClayland, aged 2 years, 5 months and 17 days.

PLUMMER.—Near Easton, on the 19th inst., Mary Eliza, infant daughter of Saml. H. and Mary E. Plummer, aged 10 months and 23 days.

The Great Medical Discovery!
DR. WALKER'S CALIFORNIA
VINEGAR BITTERS.
More than 500,000 Persons
Bear testimony to their Wonderful Curative Effects.
WHAT ARE THEY!

THEY ARE NOT A VILE
FANCY DRINK
Made of *Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors*, doctored, spiced, and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkeness and ruin, but are a true medicine, made from the native roots and herbs of California, *free from all Alcoholic Stimulents*. They are the *great blood purifier and life giving principle*, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters according to directions, and remain long unwell.

$100 will be given for an incurable case, provided the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

*For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder*, these *Bitters* have been most successful. *Such Diseases* are caused by *Vitiated Blood*, which is generally produced by derangement of the *Digestive Organs*.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores: cleanse it when you find it obstructed and sluggish in the veins: cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

In Billious, Remittent, and Intermittent Fevers these Bitters have no equal. For full directions read carefully the circular around each bottle, printed in four languages—English, German, French and Spanish.

They are a gentle Purgative as well as Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving congestion, or inflamation of the liver and visceral organs.

For Female Complaints, whether in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters have no equal. Send for a circular.
