Town and County Intelligence.

THE Orphans' Court for Caroline county will meet on Tuesday, August 23rd.

The Editor's Hash.

—Oh! for a dog tax.

—We are enjoying excellent weather just now.

—The Concord camp will be continued until Monday.

—Cool nights these for sleeping on the camp-ground.

—The pumps on the camp-ground gave out on Tuesday.

—There was a large crowd on the camp-ground on Tuesday.

—The rain on Sunday was a great disappointment to many people.

—Overcoats have been in demand on the camp-ground since the rain.

—Some of our farmers have taken advantage of the late rain to plow their fallow.

—The peach shipments from Ridgely are heavy, two cars being loaded there daily.

—A. R. Ascal, on the "Poetry *vs.* the Prose of Life," shall have a hearing next week.

—If the camp-meeting is not continued the lessees of the privileges say they will sink money on them.

—The front and west side of the Lapierre house are to be embellished by a handsome portico and cornice.

—J. R. Fountain has exchanged the brick hotel, in this town, with Wm. Fell, for a farm near Henderson station.

—The Talbot court sat in special session on Tuesday to hear and determine the railroad cases. Judge Stump presided.

—The god of love seems to be more generally worshipped at the camp-meetings than the God of Mercy who is the Father of us all.

—A writer inquires what has become of "Down the County," sent to *The Journal*.—Surely we can't tell. Ask the editor of *The Journal*.

—Don O'Hootiz has immortalized himself as a poet: the papers have begun to copy his productions, but fail to credit them to the source from whence they are taken.

—A rule of the managers of the Concord camp-meeting, permitting but one person to remain in the tents during preaching, is a severity on the numerous loving couples to be seen on the ground. But the rule don't seem to be generally obeyed.

—We have proved to our satisfaction of late that the "demand don't regulate the supply," for our demands for money have been numerous and our supply so short that our pocket-book has more the resemblance of a bag of bones than anything else that we can compare it with.

STRUCK BY LIGHTNING.—During the passage of one of the clouds over Tuckahoe Neck, on Thursday evening, the house of Mr. G. F. Furman was struck by lightning.—The fluid passed down the chimney, from one room into another and out at the door, shattering both posts in its exit. Mrs. Furman was considerably stunned, but no other damage was inflicted.

TO BE MOVED.—The African M. E. Church, having purchased the old M. E. Church, in this town, worshipped in for so many years by the white people, are preparing to remove it from its present location to the site, on Third street, lately occupied by the tabernacle which the society temporarily erected last year. The tabernacle has been removed to Jump's grove, where this wing of the colored people lately held their camp.

THE CONCORD CAMP-MEETING.—This camp, the largest in this county, and the second in size on the Peninsula, begun on Saturday last. The encampment numbers near a hundred tents, many of them two-stories. The ground is elegantly laid off, and everything presents an air of comfort common to but few camp-meetings. Large lamps, hanging in trees, have been substituted for the old fire stands, and the unpleasant odor of smoke and poor lights have given way to good light and plenty of it. This change is noteworthy, and will meet the approbation of all attending the camp during the evening.

The attendance on Sunday was large, considering the state of the weather. Throughout Saturday night the rain descended in heavy volumes, and continued to fall until the middle of the day on Sunday seemingly increasing at times during Sunday morning. Consequently the people did not turn out so largely as they would had the day been clear. But notwithstanding the rain the camp-ground wore a pleasant aspect, and everyone seemed to enjoy themselves. Services were held in the church in the morning, and at the stand in the afternoon.

The Concord Camp.

IT WILL BE CONTINUED UNTIL MONDAY.

The managers of the Concord camp have determined to continue the meeting until Monday next. Those who were prevented from attending last Sunday by the rain will have another opportunity afforded next Sunday.

I. O. G. T.—The following are the officers of Crystal Fount Lodge, No. 8., for the ensuing quarter: W. C. T., J. W. Kerr; W. V. T., Miss Annie Fountain; W. S., W. H. Blackiston; W. F. S., T. W. Fountain; W. T., Mrs. Annie Hammersley; W. C., N. A. Hutson; W. M., Frank Wilson; W. I. G., W. A. Stewart; W. O. G., Jas. E. Hignutt.

NEW ENTERPRISE.—A private letter from an old friend and former school-mate informs us that Messers. J. C. Troeger & Co., who have been, for the last two years, conducting so successfully the fruit packing establishment at Church Hill, have commenced similar operations at Bridgetown, and are now working about one hundred hands. This enterprise infuses new life into the little town of Bridgetown, and should receive the united help of the neighborhood to keep it going. We wish the proprietors much success.

HEAVY RAIN.—The long-continued drought was ended on Saturday night last by a heavy fall of rain. Throughout the night, and during the larger part of Sunday morning, the rain fell in perfect torrents and the earth was completely saturated with water. In the bottoms and lowlands the water stood to the depth of several inches, and small streams were swollen greatly beyond their accustomed boundaries. But, heavy as was the fall of rain, and great as was the increase of the streams, we have learned of no destruction to property of any kind.

ACCIDENT.—A little son of Rev. John Hough, stationed this year at St. Michaels, accidentally stepped upon a nail on Wednesday of last week, causing a severe and painful wound. Fears were at first entertained that the accident would result in lock jaw, but at last accounts the sufferer was doing well.

Mr. Hough, himself, was accidently thrown from his carriage, on the same day, whilst turning a street corner in St. Michaels. His left side was somewhat bruised and his left wrist slightly sprained, but beyond this he sustained no injuries.

A HELPING HAND.—Some one, evidently courting public notoriety, wrote out and posted the following notice on the camp-ground. We give him the benefit of our columns for a more public display of his wisdom, retaining the precise spelling as it appeared on the notice:

PUBLIK NOTIS.
TENSHUN.

WHY DELAY IT?—Why do our County Commissioners delay the general repair of the draw of Denton Bridge? They well know its dilapidated condition, and have sought to remedy it by the addition of a few thin boards nailed over the worn places.—But these prove only temporary, and are a source of great vexation to those driving over it. The draw is actually dangerous.—It was only on Tuesday last that one wheel of a loaded dray cut entirely through the boards of the draw, and the entire load had to be taken off and the wheel pryed out before the team could proceed. The cutting through of carriage wheels is a common occurrence, and we are told some have been broken. Besides this, the machinery employed in turning on and off the draw needs attention. At all times slow, its frequent slipping from the track is rendered doubly annoying. The Commissioners should give the draw a thorough overhauling and that at once. If it is not done the county will be run to the costs of a law suit, and enough money be expended in it to entirely repair the draw.

SUNDAY SCHOOL CONVENTION.—At the suggestion of many friends of Sunday Schools in Caroline County, arrangements have been made for holding a Convention of Sunday School Teachers and other friends of the cause, at Denton, on Wednesday, August 24th, at 9. A. M. It is greatly desired that all Sunday Schools in the County be well and largely represented—both male and female. Teachers are cordially invited—the more the better. Messrs. G. S. Griffith, W. A. Wisong, and other leading Sunday School men from Baltimore, are expected to be present and participate in the proceedings of the Convention. Model lessons in object teaching, on the blackboard, will be given by William A. Wisong and others.

The following practical topics, among others, may be discussed:

1. Verbal or witten Reports from Superintendents.
2. Wants and difficulties of the Sunday School field in Caroline County.
3. How to increase the attendance on our Schools.
4. How to retain the larger scholars.
5. How to lead our scholars to Christ.
6. The care and culture of converted children.
7. How to conduct schools—opening and closing exercises, &c.
8. Model lessons on the blackboard, &c.
9. Continuing the school throughout the year.
10. Our experience as Sunday School Teachers.

QUALITY AND CONDITION.

The quality of this Guano is materially improved this season by the addition to its composition of a large per cent. of the

It is improved in condition by being brought into market sufficiently dry and uniformly fine to pass with *facility* and *regularity* through the orifices of the

WHEAT DRILL.

More than $1,000,000 is involved in the production of this Guano, and the trade in it has steadily increased, until now it far exceeds that of any other fertilizer.

Ten years of hard work and hard knocks, have organized in Philadelphia the largest and most complete Clothing House in America, if not in the

WHOLE WORLD.

By constant endeavors, we have avoided all the old ruts and antiquated methods of the trade, until now Oak Hall is universally acknowledged to be

AN EXCEPTION

The Reasons are:--

1. We have built a house for our business, covering nearly half an acre.
2. Instead of wedging it in between other buildings, making it dark, and obscuring the goods, it is built on a corner of three streets, and any one may count in it 251 windows.
3. We employ skilled workmen, One Hundred and Fifty of whom may be seen under our roof by any one having time and curiosity to visit our Establishment, and besides these, 1400 to 1800 sewers are employed at their own homes.
4. We make up no imperfect goods.
5. We thoroughly sponge and shrink ALL our goods.
6. We purchase our goods at first hands, in large lots,--sometimes in bills of over $100,000 at one time.
7. We set our faces against every species of unfair dealing, and will dismiss any employee in any way guilty of it.
8. We have such enormous sales that we are content with a profit far below the trade margin.
9. We warrant all our goods, and will give every possible guarantee to purchasers at Oak Hall.

The above are facts that no one can truthfully dispute, as the examination we so cordially invite, will fully prove.

We ask the encouragement and support of all classes of people, feeling sure that in establishing in Philadelphia the

Largest Clothing House in America,

We enlist the patronage of all who are interested in the prosperity of our Commonwealth

The Great Medical Discovery!
Dr WALKER'S CALIFORNIA
VINEGAR BITTERS,

Hundreds of Thousands
Bear testimony to their wonderful Curative Effects.

WHAT ARE THEY?

THEY ARE NOT A VILE
FANCY DRINK,

Made of Poor Rum, Whiskey, Proof Spirits, and Refuse Liquors, doctored, spiced, and sweetened to please the taste, called "Tonics" "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and LIFE GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter, and restoring the blood to a healthy condition. No person can take these Bitters, according to directions, and remain long unwell.

$100 will be given for an incurable case, providing the bones are not destroyed by mineral poisons or other means, and the vital organs wasted beyond the point of repair.

For Inflammatory and Chronic Rheumatism, and Gout, Dyspepsia, or Indigestion, Bilious, Remittent, and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

They invigorate the stomach, and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Copious Discharges of Urine, Pain in the regions of the Kidneys, and a hundred other painful symptoms which are the offsprings of Dyspepsia, are cured by these Bitters.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

PIN, TAPE, and other WORMS, lurking in the system of so many thousands, are effectually destroyed and removed.

For full directions, read carefully the circular around each bottle, printed in four languages—English, German, French, and Spanish.
