Letter from Laurel, Del.

MR. EDITOR:—The weekly visits of THE UNION to us at Laurel are anxiously awaited and duly appreciated. Even the little children that scarcely ever looked at a pabefore are eagar to read or hear read your local column that they may know what is going on in Denton. We hardly knew how strong were our attachments to our dear friends in "good old Caroline," until we found ourselves separated from them and in the midst of strangers. Should one of Sheriff Richardson's old dogs, who used so much to disturb our slumbers by their nightly concerts, take it into his head to visit Laurel, we should give him a cordial welcome and the best bone we could find in our larder.

While we have found it painful to be separated from our friends of Denton and vicinity, the pang has been mitigated and the sorrow soothed by the kind attentions of the good people of Laurel. They have done much to make us feel *at home*, and we find new friendships springing up that will, no doubt, run on paralell with our existence.

Inmediately after my return from my short visit to Denton, six weeks since, we began an extra meeting, which has resulted in very great good to the Church—bringing the members generally up to an advanced standard of piety, and adding twenty-four persons to our communion—ranging in age from the child of eleven summers to the old man of three score and ten.

I have received letters from dear friends in Denton, advising me against an imprudent zeal, in consideration of my frailty, &c., and these kindly admonitions have not always been forgotten. It is true that sometimes, as on similar occasions in Denton, I may not have been distinctly conscious that I was the owner of a set of *bronchial tubes* that were *not made of india rubber*, but I have stood the strain better than I did similar meetings in Denton.

Excuse so much that is merely personal. I will now write of something else.

Our town has been sadly bereft during the last few months in the death of her citizens, having lost ten men in five months, most of them victims of the *bowl*. Just think of nine widows and their orphaned children. A few nights since I was in conversation with one of our liquor sellers in the church,and kindly advised him to give up that branch of his business and,embrace religion; when with apparent surprise and evident anger, he inquired, "Does my business *hurt anybody?*" I said, "my dear sir, go out into the cemetery and count the new made graves!—then think of the poor widows and their helpless children!" This reply was the old story: "Well, *they were their own men;* and if I had not sold them liquor, *some one else would.*"

About three-fourths of our citizens, of all parties, have petitioned the Legislature to pass a special act, allowing them to say by ballot, at their annual school election, whether license shall be granted to sell intoxicating drinks; but I heard a whiskey-seller say, the other day, that he "*knew it would not pass,*" I suppose he spoke truly: no doubt the Legislature have pleged the "ring" not to pass it. This gentleman said it was unconstitutional for the Legisla- to take power from their own hands and give it back to the people. I ventured to ask him how about their school law, which gives the people the right to say whether they will be taxed for public schools, and I learned from him that this was also unconstitutional.

I shall have to defer other things I had intended to say for another letter.

ROBT. W. TODD.

—Letters testamentary on the estate of Nehemiah Fountain were granted to Mrs. Eliza Nicholson by the Orphans' Court on Tuesday.

THE STEAMER COMING.—A letter from Mr. Folger informs us that the Highland Light will resume her trips to Denton on Saturday next. She will run as of last season, arriving at the Bridge at noon on Wednesdays, Fridays and Sundays, and departing a few moments afterwards, except on Sunday, when she will lay over until 12 o'clock on Monday.

ACCIDENT.—Mr. William H. Stafford, residing at Preston, met with quite an accident on Wednesday. He was seated on the tongue of a wagon, beneath which was swung a saw log; and through some misfortue fell from his seat. The team became frightened, exhibiting signs of running, and in attempting to get out of the way of the log, Mr. Stafford placed himself under one of the wheels, which passing across his breast broke his collar bone. Dr. Willis was called in, and rendered all necessary services.—*Surprise.*

SERVED HIM RIGHT.—A citizen of Queen Anne's, residing near the county line, was "taken in" by New York sharpers last week. By some means or other the aforesaid citizen became possessed of a circular from a house in New York, representing that it would send out fabulous sums of counterfeit money, such as could not be detected by the most expert treasury clerk, for a trifle. So, down comes Greeney to the agent at Ridgely, and expresses ten dollars to the New York sharpers, telling them to send him one thousand dollars of counterfeit money, and the bill for the balance C. O. D. At the expiration of the time deemed requisite to hear from the counterfeit money, Greeney again betakes himself to the station, to find awaiting him his cherished prize—a box of sufficient capacity to contain several millons of dollars. But, fortunately for Greeney he was somehow let into the secret of the fact that he was swindled; and so, returning the C. O. D. charges into his pocket he departed for home a wiser man, we trust. By this time he has probably learned that there is no more swifter or sure way to amass fortune than by honest and industrious labor.

CLEAR AND HARMLESS AS WATER!
NATTAN'S
CRYSTAL DISCOVERY for the HAIR.
A perfectly clear preparation, in one bottle; as easily applied as water, for restoring gray hair to its natural color and youthful appearance; to eradicate and prevent dandruff; to promote the growth of the hair and stop its falling off.
It is entirely harmless and perfectly free from any poisonous substance, and will, therefore, take the place of all the dirty and unpleasant preparations now in use. Numerous testimonials have been sent up from many of our most prominent citizens, some of which are subjoined; in everything in which the articles now in use are objectionable, "Crystal Discovery" is perfect; it is warranted to contain neither Sugar of Lead, Sulphur or Nitrate of Silver. Clear and clean as water, it does not soil the clothes or scalp; it is agreeably perfumed, and makes one of the best dressings for the hair in use; it restores the color of the hair more perfectly and uniformly than any other preparation, and always does so in from three to ten days. Virtually feeding the roots of the hair with all the nourishing qualities necessary to its growth and healthy condition, it restores the decay and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect on the scalp, and gives the hair a pleasant and elegant appearance.
—
Washington, D. C., July 25, 1870.
Mr. Arthur Nattans: Dear Sir—It affords me pleasure to say that I have used your Crystal Discovery with perfect success. Having tried many others, I find yours superior to any I have heretofore used, and I cannot too highly recommend it as a rapid promoter of the growth of the hair, and by a few applications restoring it to its original color. It is perfectly clean and free from any objectionable matter.
Very respectfully yours, R. W. SILVOY,
K st., bet. 4th and 5th. N. W.
—
We call especial attention to the fact that a limited number of trial bottles will be given away gratuitously to those wishing to try.—You will notice that in pursuing this course, our aim will be to convince by the actual merits of the article.

GRAPE PILLS.
Component Parts—Fluid Extract Rhubarb and Fluid Extract Catawba Grape Juice.
For Liver Complaints, Jaundice, Bilious Affections, Sick or Nervous Headache, Costiveness, etc. Purely Vegetable, containing no Mercury, Minerals or Deleterious Drugs.

H

These Pills are the most delightfully pleasant purgative, superseeding castor oil, salts, magnesia, etc. There is nothing more acceptable to the stomach. They give tone, and cause neither nausea nor griping pains. They are composed of the finest ingredients. Helmbold's Compound Fluid Extract Catawba Grape Pills are not sugar-coated, from the fact that sugar-coated pills do not dissolve, but pass through the stomach without dissolving, consequently do not produce the desired effect. The Catawba Grape Pills, being pleasant in taste and odor, do not necessitate their being sugar-coated. 50 cts. per box.
