We offer for sale *very* [illegible] upon which THE UNION has been p[rinted] [illegible] the last three years. It is a Smith Hand Press, 22 by 32, in good order. The universally neat appearance of THE UNION will attest this fact.—Our only reason for selling is because we have no use for the Press, having been compelled to purchase a new one in order that we might enlarge our paper. Address all inquiries to THE UNION, Denton, Md.

THE RHODE ISLAND election is another Republican triumph. All the State officers are Republican. That "tidal wave" must have been broken in New Hampshir or is pent up among her granite hills. At any rate, it ceases to roll, or, if rolling, it fails to create a ripple upon the political sea.

PRESIDENT GRANT transmitted to Congress last week the report of the San Domingo Commissioners, accompanied by a special message. He suggests that no definite action be taken at the present session. The report, as had already been announced, was unanimously in favor of annexation, and the Commissioners were even enthusiastic in support of it.

THE FIRST NEWS from Connecticut reported the election of Jewell over English for Governor. Later returns and a revised court show that English has a majority of 17 votes over Jewell, but there are enough scattering votes to vitiate the election of English and throw the matter into the Legislature. In this event, Jewell will undoubtedly be elected, the Republicans having a clear majority in both branches. An official count cannot be made for several days yet.

ONLY A SHORT TIME AGO Gov. Alcorn, of Mississippi, wrote to Senator Ames that all was peace in his State and the presence of troops there was not needed. The State Auditor's books, however, show that during January 11 persons were killed; during February 14, and during March 23. The Governor has also asked the Legislature for one thousand troops to prevent these murders. Our object in referring to this matter is to correct the impression made by Democrats here that the State of Mississippi is quiet, and that the assistance of troops are not needed to protect the lives and property of citizens of the State.

Immigration Convention.

We quite agree with *The Journal* in its remarks of last week concerning the Immigration Convention shortly to be held in Baltimore city. If this county is to be represented in that Convention, as it is desired, let it be by men who are opposed to the appropriation of $200,000 from the State Treasury in aid of such a wild goose scheme. We all remember how, a few years ago, one Higgins was sent North to lecture on the beatitudes of Maryland at a salary of something above $1,000 and expenses paid, with a similar object in view to the one proposed by the Immigration Convention viz: the inducing of immigrants to settle in our State. With the result of Mr. Higgins efforts the people are equally familiar, and feel satisfied that, beyond the creation of one more place for a hungry office-holder, little else was accomplished. The appropriation of the $200,000 in the manner proposed would only create more offices, with but few good results to the State.

Aside from this consideration, there are others equally as objectionable, to our mind. Immigration, to be successful, must be freed from all political or sectarian bias, and must be conducted in such manner as will meet the popular approval. It will not do to tax the people with the view of inducing immigration in the interest of any political party or religious sect; yet it is no more than is proposed to be done at the present time in Maryland. The entire scheme is to become one vast engine for the manufacture of Democratic voters, to perpetuate the Democratic rule in this State. It is to supplant our already plentiful labor, not because of its precariousness or its scarcity, but simply because it is opposed to the dominant party in the State.

Suppose we introduce a new element of labor into our State to till our farms and perform the daily routine of our present day laborers, what then? It is very evident that the supply of labor is adequate to the demand, and to increase the supply beyond the demand would but disseminate more widely distress and want, or would lead to a contention between the elements of labor which would culminate in frequent and bloody encounters.

The State of Maryland, especially the Eastern Shore, needs not so much labor as capital. Induce the capital, and with it build factories and furnaces, and establish the many different enterprises for which our location is so eminently suited, and there will then be no need of offering inducements to immigrants. They will then instinctively seek our shores because there is work for them to do and plenty of it.

Ayer's Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre and a grateful perfume.

CLEAR AND HARMLESS AS WATER!

NATTAN'S
CRYSTAL DISCOVERY for the HAIR.

A perfectly clear preparation, in one bottle; as easily applied as water, for restoring gray hair to its natural color and youthful appearance; to eradicate and prevent dandruff; to promote the growth of the hair and stop its falling off.

It is entirely harmless and perfectly free from any poisonous substance, and will, therefore, take the place of all the dirty and unpleasant preparations now in use. Numerous testimonials have been sent up from many of our most prominent citizens, some of which are subjoined; in everything in which the articles now in use are objectionable, "Crystal Discovery" is perfect; it is warranted to contain neither Sugar of Lead, Sulphur or Nitrate of Silver. Clear and clean as water, it does not soil the clothes or scalp; it is agreeably perfumed, and makes one of the best dressings for the hair in use; it restores the color of the hair more perfectly and uniformly than any other preparation, and always does so in from three to ten days. Virtually feeding the roots of the hair with all the nourishing qualities necessary to its growth and healthy condition, it restores the decay and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also produces a pleasant and cooling effect on the scalp, and gives the hair a pleasant and elegant appearance.

Washington, D. C., July 25, 1870.
Mr. Arthur Nattans: Dear Sir—It affords me pleasure to say that I have used your Crystal Discovery with perfect success. Having tried many others, I find yours superior to any I have heretofore used, and I cannot too highly recommend it as a rapid promoter of the growth of the hair, and by a few applications restoring it to its original color. It is perfectly clean and free from any objectionable matter.
Very respectfully yours, R. W. SILVOY,
K st., bet. 4th and 5th. N. W.

We call especial attention to the fact that a limited number of trial bottles will be given away gratuitously to those wishing to try.—You will notice that in pursuing this course, our aim will be to convince by the actual merits of the article.
