—P. F. Thomas, Col. Edward Loyd and Thos. F. Garey, Esq., have been appointed Directors on the part of the State in the Md. & Del. R. R.

—Rev. Mr. Gardner will preach upon temperance on Sunday evening next, and desires the presence of all persons who are willing to hear him.

—A second effort to reorganize the Good Templar's lodge in this town will be made on Friday evening next, the attempt having failed on Friday last.

The Local Preachers' Association for Easton and Dover districts, will be held in the town of Millington, commencing Friday evening, April 21, to be continued during Saturday and Sunday. All local preachers and exhorters in said districts are invited to attend.

Thanks.—We are under many obligations to the Harmony Lyceum for the fine cake which was presented us on Tuesday. It is very seldom that the vexatious cares of an editor are mitigated by such substantial tokens of appreciation, or the monotony of his every day life broken by such intrusions. Coming as this gift does from an association of educated and refined gentlemen, we prize it the more highly, epecially since they were under no obligations to us. With well wishes for their Lyceum and the happiness of its individual members, we again thank them for the courtesy, promising ever to hold the Lyceum in high regard.

Accident from a Circular Saw.—An accident occurred at Casho's (late Melvin's) saw mill, at Melville, on Saturday, which cost a young man named Henry Booker the loss of the fore finger from his left hand, and the severe lasceration of the second. He was in the act of sawing a piece of lumber, when his finger came in contact with the teeth of the saw, with the result stated above. He was at once taken to Dr. Alex. Hardcastle's residence, who dressed the wound and reports the patient as doing well.

Another.—A similar accident occurred at Mr. Robt. Anthony's saw mill, near Denton, on Monday, from which a son of Mr. Anthony had one finger so badly lascerated that amputation at the first joint was necessary. Dr. Tarr rendered medical service in this case, and this patient is also doing well.

Lost his Reason.—On Monday morning last a farm wagon, containing a wild and raving maniac bound tightly with cords, stopped in front of one of our hotels. The name of the unfortunate man was Charles Andrew, a resident of Baltimore city and doing business on Spear's wharf, but the owner of a farm in this county.—From what little we could gather of his history, it seems that he is subject to these aberrations of mind and becomes entirely insane, particularly during the warm weather. and spends the most of the summer in Mount Hope Asylum. The weather beginning to grow warm, and some indications of a return of loss of reason being indicated, Mr. Andrew was dispatched to the country in the hope that he would regain his reason and avoid the necessity of incarceration in Mount Hope. But he grew worse instead of better. and was put on board the steamer at the bridge on Monday and conveyed to Baltimore in charge of two Masons, to which fraternity he belongs.

In Jail.—A man giving his name as George Martin was lodged in jail on Monday, under a commitment from Esquire Lowe. On Saturday night last he escaped from the Centreville jail, and going to Bridgetown forcibly entered the dwelling of Mr. Jno. A. Booker while the inmates were asleep, and stole therefrom wearing apparel to the value of $40. The next day he was hawking them about the neighborhood, and this led to his arrest. He confesses his guilt, and says he intended to steal only something to eat, but finding nothing in the house he took the clothing. He says further that he has only been out of the penitentiary four months, and was sent there for taking a sail down the river some three years ago. A carving knife ground down on the point so as to answer the purposes of a screwdriver and a couple of keys were found on his person. The sheriff of Queen Anne's county arrived in town on Tuesday, and claimed the prisoner, but he says he had rather bivouac in Denton, it being a more lively town than Centreville. His wishes in the matter, however, were not consulted, and he was taken to the Centreville jail.

[COMMUNICATED.]

Harmony, April 11th, 1871.

Mr. Editor:—

Thinking it might prove of interest to the readers of your valuable paper, the members of the Harmony lyceum have requested me to give publicity through your paper to the proceedings of the society for the past debating season. The lyceum was organized on the evening of December 3rd, 1870, by electing J. A. Tribbitt President, J. W. Gootee Vice-President, S. H. Melson and Purnel Fleetwood Judges, Jno. Rumbold Secretary, J. R. McNash Treasurer and J. C. Gambrel Bailiff, all of whom served to the close, except Mr. Melson and Mr. Gambrel. The latter gentleman was suspended for misconduct, and J. W. Dooling elected to fill the vacancy. The principal speakers were: J. W. Waddell, A. Richardson Wright, W. H. Valliant, John Rumbold, T. F. Cox and Jno. R. McNash. Also several ones of lesser notoriety as debaters.

The debating commenced on the 10th of Dec.: the old question of the contrast between the beauties of art and nature, which was handsomely argued by Messrs. Wright, Rumbold, McNash, Waddell and Valliant, which was followed by questions of more interest and importance.

The question, Resolved, That a prohibitory law would lessen the evils of intemperance, was participated in by J. R. McNash and J. Rumbold in the affirmative, and by A. R. Wright and W. H. Valliant in the negative. Some very stylish speeches were made on both sides of the question, but it was decided in favor of the affirmative. Another question of interest was, Resolved, That the hope of reward is a greater incentive to virtue than the fear of punishment, which was ably handled by Messrs. Wright, Rumbold, McNash, Valliant and Cox.

But, perhaps, the prettiest argument was made upon the question, Resolved, That Bonaparte was a greater man than Washington, which was argued by A. R. Wright and J. Rumbold in the negative, and by J. W. Waddell, W. H. Valliant, J. R. McNash and F. E. Nichols in the affirmative. Mr. Wright being sick, the most of the argument on the negative side was made by Mr. Rumbold; but having so many opponents he had to succumb to superior numbers, but not entirely without success, for the Judges disagreed in their decision, and the President gave the casting vote in favor of the affirmative; but outside opinion went *en masse* for the negative.

The closing meeting was a grand affair.—It came off on the evening of April 1, 1871. The meeting was opened by prayer by D. F. Waddell, who, by the way, is a young man of considerable ability as a speaker and has views, I think, of entering the ministry.—Addresses were made by the President, Messrs. Wright, McNash, Valliant, Rumbold, D. F. Waddell, J. W. Waddell and F. E. Nichols, all of whom made very pretty parting speeches. The valedictory address was made by J. W. Waddell, who is studying for the bar. It was short but pleasing, his subject being free speech. The ladies of the neighborhood presented the lyceum with twelve or fifteen of the most splendid cakes which they could make. Also, we had some eighteen pounds of confectionery which the committee of ladies, consisting of Mrs. McNash, Mrs. Wright, Mrs. Rumbold and Mrs. Todd arranged in the most showy manner possible, and the table presented truly an appearance that was entirely captivating; and when it was distributed to the expectant visitors ample justice was done towards "stowing away the treasures." After a vote of thanks to officers and speakers, means were provided for presenting the editors of the *American Union* and *Denton Journal* with cakes, after which the meeting closed with prayer by brother P. Fleetwood.

The lyceum this season has been an entire success, good-will being the order and the members working together to make it a place of attraction and instruction. The speakers have endeavored to interest the audience and the stillnes of the people has gone to show how far they have succeeded.

I will close by giving a short statement of the success of the speakers in gaining the decision on the argument. The following statement will show plainly how often the gentlemen have been on the winning side.

GRAPE PILLS.

Component Parts—Fluid Extract Rhubarb and Fluid Extract Catawba Grape Juice.

For Liver Complaints, Jaundice, Bilious Affections, Sick or Nervous Headache, Costiveness, etc. Purely Vegetable, containing no Mercury, Minerals or Deleterious Drugs.

H

These Pills are the most delightfully pleasant purgative, superseding castor oil, salts, magnesia, etc. There is nothing more acceptable to the stomach. They give tone, and cause neither nausea nor griping pains. They are composed of the finest ingredients. After a few days' use of them, such an invigoration of the entire system takes place as to appear miraculous to the weak and enervated, whether arising from imprudence or disease. H. T. Helmbold's Compound Fluid Extract Catawba Grape Pills are not sugar-coated, from the fact that sugar-coated pills do not dissolve, but pass through the stomach without dissolving, consequently do not produce the desired effect. The Catawba Grape Pills, being pleasant in taste and odor, do not necessitate their being sugar-coated. 50 cts. per box.

Helmbold's Extract Buchu is diuretic and blood-purifying, and cures all diseases arising from habits of dissipation, and excesses and imprudences in life, impurities of the blood, &c., superseding Copaiba in affections for which it is used, and syphilitic affections—in these diseases used in connection with Helmbold's Rose Wash.

Ladies.—In many affections peculiar to ladies the Extract Buchu is unequalled by any other remedy—as in chlorosis or retention, irregularity, painfulness or suppression of customary evacuations, ulcerated or schirrus state of the uterus, leucorrhœa or whites, sterility, and for all complaints incident to the sex, whether arising from indiscretion or habits of dissipation. It is prescribed extensively by the most eminent physicians and midwifes for enfeebled and delicate constitutions, of both sexes and all ages (attended with any of the above diseases or symptoms.

H. T. HELMBOLD'S EXTRACT BUCHU

Cures Diseases Arising from Imprudences, HABITS OF DISSIPATION, ETC.,

in all their stages, at little expense, little or no change of diet, no inconvenience and no exposure. It causes a frequent desire and gives strength to urinate, thereby removing obstructions, preventing and curing strictures of the urethra, allaying pain and inflammation, so frequent in this class of diseases, and expelling all poisonous matter.

Thousands who have been the victims of incompetent persons, and who have paid heavy fees to be cured in a short time, have found they have been deceived, and that the Poison has, by the use of powerful astringents, been dried up in the system, to break out in a more aggravated form, and perhaps after marriage

Use Helmbold's Extract Buchu for all Affections and Diseases of the Urinary Organs, whether existing in male or female, from whatever cause originating, and no matter of how long standing. $1.50 per bottle.

HENRY T. HELMBOLD'S IMPROVED ROSE WASH

cannot be surpassed as a Face-Wash, and will be found the only specific remedy in every species of cutaneous affection. It speedily eradicates pimples, spots, scorbutic dryness, indurations of the cutaneous membrane, &c., dispels redness and incipient imflammation, hives, rash, moth patches, dryness of scalp or skin, frost bites, and all purposes for which salves or ointments are used; restores the skin to a state of purity and softness, and insures continued healthy action to the tissue of its vessels, on which depends the agreeable clearness and vivacity of complexion so much sought and admired. But however valuable as a remedy for existing defects of the skin H. T. Helmbold's Rose Wash has long sustained its principle claim to unbounded patronage by possessing qualities which render it a toilet appendage of the most superlative and congenial character, combining in an elegant formula those prominent requisites, safety and efficacy—the invariable accompaniments of its use—as a preservative and refresher of the complexion.
