—The fishing season is nearly over.—Shad are scarce, but do not command high prices.

—The M. E. Sunday-School of Preston has recently received a new supply of books.

—Isaac Dixon has been appointed Postmaster at Hillsboro', vice A. T. Mason resigned.

—The name of Sassafras station, on the Del. R. R. line, has been changed to Green Spring.

—Don't forget the Ladies' Mite Society Festival on Saturday. A pleasant time is anticipated.

—A sunday school exhibition connected with a strawberry festival was held at Hillsborough last evening.

—Emmett Downes fell from a swing which had been put up by a May party on Wednesday of last week and dislocated his shoulder.

—Rd. Jones, Esq., has been appointed Collector of State and County taxes in the 1st Election District, vice Mr. Clark who failed to bond.

—Jas. T. Kenny has purchased the property at New Hope lately occupied by Wm. M. McMahan with the intention of opening a store there.

—The Court House has been selected as the place for holding the Strawberry and Ice Cream Festival by the Ladies' Mite Society on Saturday next.

—A cow belonging to Mr. Wm. G. Horsey gave birth to twin calves on Monday night last. They are both perfect in their formation, and have a healthy appearance.

—The Preston ladies will hold a strawberry festival in Hubbard's woods on next Tuesday evening. The woods will be illuminated by means of lanterns and campfires.

—The farm of which Mary E. Wright died seized, situate in the 4th district, near Preston, and containing 78¾ acres, was sold at public sale on Tuesday for $505. Mr. D. R. Wright was the purchaser.

—The Wilmington *Commercial* complains that strawberries are scarce and dear in that city—more so than in Philadelphia. Suppose some of our Caroline growers ship a few crates to that city.

THANKS.—We return our sincere thanks to Mr. Thomas Sorden and to Mr. W. D. Kelly for a box each of exceedingly fine strawberries. They were of those on exhibition at the Court House, and were very large and finely-flavored berries.

QUATERLY MEETING.—The 1st Quaterly Meeting for Hillsborough Circuit will be held at King's Creek M. E. Church, on Saturday, 27th inst. On Sunday, 28th, an all-day meeting will be held in the woods adjoining the Church. Preaching at 10, 3, and 7½ o'clock. The public are cordial-invited to attend.

CHANGE OF HOURS.—A change has been made in the time-table of the Md. & Del. Railroad, which we publish under the appropriate head. The most important change is in the running of the freight train with passenger car attached, which leaves Ridgely at 4.15 P. M., instead of 11.30 A. M. as heretofore. Passengers by this train connect with a similar train on the Del. road, and arrive in Philadelphia at midnight. All other trains run as formerly, except that their time has been lengthened a few minutes between some of the stations and shortened between others. The change went into effect on Monday last.

SAD ACCIDENT.—Mr. Chas. Peters, residing below Andersontown, fell from his dearborn on Tuesday of last week and broke his neck. He had been to one of the Delaware shores after trout and was returning home under the influence of liquor.—When near Guinea Town, in a ... unconscious condition, he reeled fro... seat and was precipitated upon his head. He was seen to fall by the occupants of a wagon ahead, but before assistance reached him he had expired. Those addicted to the use of alcoholic drinks should take warning from the untimely end of Mr. Peters and desist lest a similar fate should befall them.

DANGEROUS MISCHIEF.—Some person, on Friday night last, raised the gate which admits the water from the pond of the Enterprise Mill into the race, and the water overflowing one side of the race made a breach in it several feet wide, and about fifteen feet deep. Nearly a full head of water was in the pond at the time, but when discovered the next morning about half the water in the pond had run out. Mr. Emerson at once put a force of workmen to repairing the breach in the race, and the mill is again in complete running order. The owner of the mill thinks the gate was raised by some one out of curiosity, and that they raised the gate so high that they became frightened and ran. He does not think he has an enemy in the world who would do aught to injure his property.—Let this deter the person who raised the gate forever from interfering with mill property again.

THE ORPHANS' COURT.—Thos. H. Kemp was appointed guardian to Edward Dabson and his bond approved.

J. B. Fletcher, executor of Wm. H. Gootee, passed 2nd and final account of administration on dividend.

Letters of administration granted—on the estate of Perry Thomas, colored, to Jas. H. Winchester, colored; on the estate of Charles Peters to Jas. R. Manship.

BURGLARIOUS.—For some time Mr. Robt. Jarrell, residing in the 2nd district, has been missing bacon from his meat-house in an unaccountable manner. One night last week, however, the mystery was satisfactorily solved. During the night some of Mr. Jarrell's colored men were awakened by robbers in the meat-house, and raising the window of their apartment one of them fired a single shot with a small pistol which so frightened the thieves that they skedaddled instanter, leaving the key in the door with which they had effected an entrance. This Mr. Jarrell secured, and we imagine his meat will not disappear so rapidly as of late.

THE MASONIC HALL.—At a regular communication of Temple Lodge, held on Tuesday evening last, a committee, consisting of Dr. C. E. Tarr, J. W. Bryant and Chas. A. Dunning, was appointed to estimate the cost of building a new Masonic Hall on the site of the old one, and to ascertain what sum of money would be subscribed for this purpose. The building of a new Masonic Hall has been talked of for some time, but the first step towards the consummation of so laudable an object was not taken until Tuesday evening. It is sincerely to be hoped that the efforts being put forth will not prove abortive, since the old hall is most unsightly and occupies a conspicuous place in the very heart of our town.

FIRE IN THE COUNTRY.—On Friday afternoon last a fire broke out in the barn-yard of Mr. Sylvester Smith, residing near Ridgely, which at one time threatened to involve the loss of all the out-buildings.—In the barn-yard had been spread a considerable quantity of dry straw, and the fire originating in this the flames spread rapidly in every direction. By persistent work the barn and stables were saved, although on fire in several places, but the fencing which surrounded the yard, and a straw shed under which were arranged some stalls for horses, were burned. In one of the stalls of this shed was a valuable young trotting mare belonging to Mr. Smith's son, which was barely rescued in time to prevent burning to death. About one hundred loads of manure were destroyed, as also were the stable and barn doors. Suspicion rests strongly upon a colored boy who was seen about the outbuildings before the fire occurred and was seen crossing the fields while the straw, &c., was burning. Mr. Smith was absent from home at the time.
