DOMESTIC NEWS.

☞The Orphans' Court for Caroline county will meet on Tuesday, August 8th.

The Editor's Hash.

—Chilton's Camp next Sunday.

—Thunder storms are very frequent.

—There is a perfect dearth of local news this week.

—Some of the yellow varieties of the peach are rotting upon the trees.

—An important notice to teachers will be found among our new advertisements.

—Early sweet potatoes have appeared, and some fine specimens have been shown us.

—A children's pic-nic was held in Jump's grove, adjoining town, on Tuesday.

—The quiet of the camp at Hurlock's was broken by a fight at the depot on Sunday.

—The tents at the Concord camp-meeting will be arranged on the Avenue system this summer.

—The "frogeyers" were out on Saturday night. We ought to have a bailiff to *take them in*.

—The bread tent at the Concord camp has been awarded to Mr. Tilghman Nuttle, and the horse-pound to Mr. R. K. Richardson.

—The surviving children of the late Short A. Willis will hold a re-union at the old homestead, near Bethlehem, next Wednesday.

—The schools in this town, which have been kept open by the teachers as private schools since July 1st, were closed on Monday last.

—There seems to a lull in the activity of Democratic politicians in this part of the political vineyard just now. Is the "slate" completed?

—It is amazing to see the number of new styles and materials Wanamaker & Brown have designed, adapted and manufactured for this season.

—The Maryland Editorial Association will start upon its excursion to Sandusky city next Monday. Robt. J. Jump, Esq., will represent THE UNION.

—Peach-growers complain terribly of the low prices which their fruit brings. On Tuesday the canneries begun operation, and this event, it is hoped, will increase the price.

—Messrs. Gill & Todd have made such a remarkable transformation in the Catholic Church that the Priest was compelled to inquire where the Church was upon his visit last Sunday.

—If there are any so skeptical as to think our sandy land cannot be improved, let them visit the farm of Mr. Elias W. Williamson, and we think their minds will be disabused of its unbelief.

—Mr. T. H. Kemp left at our office one day last week a beautiful specimen of Early Richmond plum. Although plucked from a tree of this Spring's planting, it had attained to a very large size and was perfectly developed.

KILLED BY LIGHTNING.—Mr. Jeremiah Nichols, residing near Hurlock's, lost ten sheep out of a flock of twenty-one by a single stroke of lightning during a recent thunder-storm. They were sheltering themselves beneath a large tree, when the lightning struck it and the fluid passed downward and then in a direct line through the flock of sheep. Mr. N. had been offered $6.50 apiece for the sheep only a few days previous.

THE CONCORD CAMP.—In order to quiet the dissatisfaction which the awarding of the tent sites by the committee having the matter in charge had created, the committee met upon the ground and proceeded to re-arrange the location of the whole encampment. The Avenue system has been adopted—a system which has prevailed at Camden and other large camp-meetings, and which has generally given satisfaction. The encampment will be larger than last year's, and will number upwards of a hundred tents.

THE LAND LOTTERY.—The drawing for the prizes in Mr. Patroni's land lottery, or gift distribution, came off as per announcement on the 25th ult. All the tickets were not sold, but a sufficient number were disposed of to warrant the manager in proceeding with the drawing. The highest prize drawn was the Picture Hill farm, situate in this county, and set down in the scheme as worth $10,000—drawn by a gentleman of Philadelphia. The next highest was a cash sum of $3,000, drawn by a Mrs. Gehan, also of Philadelphia.—The only fortunate shareholder in this county was Sheriff Richardson, who drew a sewing machine.

We were in expectation of a full list of the lucky shareholders in time for our paper this week, but from some cause it failed to reach us.

IMPROVEMENTS AT PRESTON.—Mr. J. B. Fletcher is enlarging his store-room at Preston by the addition of several feet to the main room, and the raising of the roof so as to admit of a commodious apartment for merchandise up stairs. When completed it will be one of the largest and finest stores in the county, and we hope his business will increase in a ratio commensurate with the enterprise he is displaying.

Mr. J. E. Douglass is also making a most remarkable transformation in the Willis property, which he purchased a year or two ago. The entire dwelling has undergone thorough repairs, and is now one of the most desirable residences in the county. In point of convenience we doubt if any can excel it.

A general air of comfort pervades the entire town, and it appears to be the most ambitious of all within the county.

A NEW PEACH.—Mr. Alexander Pullen, a nurseryman near Milford, has discovered a new peach, which he has grafted largely this year. The *Mutual Friend* says of its discovery: "In an old and neglected orchard of natural fruit is a tree, which, for three years past, has born very full of a handsome peach which ripens about the middle of July. The fruit is full twice as large as Hale's, colors up with a rich pink tinge of the skin, has a white and richly flavored flesh, which detaches easily from the pit.

TO KEEP TOMATOES FOR WINTER USE.—A correspondent at Webster, New York, sends the *Rural New Yorker* the following: As the tomato season is approaching, I can contribute one way of keeping them for winter use that may be new to some of your readers. I ate them in February, sliced and seasoned with sugar and a little vinegar, that seemed in every way as nice as tomatoes fresh from the vines. They were prepared thus: Dissolve a teacupful of salt in a gallon of water. Pick ripe tomatoes, but not over ripe, leaving a little of the stem on. The tomatoes must be kept well covered with the brine, and they will keep till Spring or longer."

A large ball of wheat all aflame rolled out of a wheat thresher upon the yard of Mr. G. W. Taylor, near Centreville, a few days ago, and for a while threatened the destruction of his entire crop. It is supposed that the fire originated from friction produced by some small stones passing through the thresher.

WICOMICO COUNTY.

Twenty-seven fisticuffs are reported as having taken place in the county within one single day last week. Whiskey is ascribed as the cause.

The Laura Gordon collided with another vessel in the Chesapeake on her homeward trip and arrived at Salisbury a few days ago in a disabled condition.

Jno. T. Lowe, of Bayside, launched a fine waist schooner of 55 tons last week.

The hod-carriers employed upon the new M. E. Church at St. Michaels struck for higher wages last week, but the work went on, the contractor supplying their places with others at the same wages.

Alex. Miller, with other colored boys, was engaged in squirting water through pipe stems a few days ago when Miller broke his off in his mouth and a piece an inch and a-half long lodged in his wind-pipe.—Dr. Johnson took him to Baltimore, where it was cut out.

SUSSEX COUNTY.

R. H. Williams will revive the Milford tannery this fall.

NEW CASTLE COUNTY.

Wilmington is to have a new $100,000 hotel. It needs it.

Another excursion from Wilmington to New York and up the Hudson is in prospect.

The *Advertiser* is afraid the Democratic party of Wilmington will be "jobbed to death" by the City Council.

The contract for building the new hotel in Wilmington has been signed. It has a frontage on Market street of 66 ft. and a like frontage on King, extending all the way along 5th between the two.

Four cars and a locomotive were demolished by a collision at New Castle last Thursday. One train was backing on the switch, when another one closely following it at full speed struck it and cut it into.—Fortunately no one was hurt.

Western Maryland Gleanings.

—The exports of grain from Baltimore up to the present time are in excess of the exports for a corresponding period of any previous year. Of wheat 146,892 bus. have been exported since January 1st, and of corn, 1,062,968 bus.

—A jealous Teuton residing in Baltimore found a man lying in his bed and his wife sitting upon the side of it a few days ago and forthwith made an assault with a stone upon both, inflicting such injuries upon the man that his life is despaired off.

—A tippler in Annapolis was endeavoring one day last week to obtain money to buy rum by representing that he wished it to bury his wife and child who were drowned. How deep in the scale of human degradation rum sinks a man!

SPECIAL NOTICES.

NOTICE.

The unexampled satisfaction that NATTAN'S CRYSTAL DISCOVERY has given in this city, as evidenced by the repeated orders of some of the first Druggists, induce us to direct especial and particular attention to the great fact that by its use you gain all the advantages claimed for the many poisonous compounds in use, to wit: the restoration of the color and growth of the hair and the speedy removal of dandruff, without the least possible injury—as Crystal Discovery is positively warranted to contain no poisonous substance, neither Lead, Sulphur or Silver.

Its perfect cleanliness is a reason not lightly to be overlooked; it will neither stain the skin or clothes—in one sentence, it is exactly what has been wanted for a long while, a Restorer of the Hair that may be used without the fear that you are going to have Neuralgia, Paralysys, Lead Colic and various other complaints, the result of the use of lead preparations.

As simply a Dressing for the Hair, it has also been found to be unexcelled.

Letters in our possession might be published by the score, all recommending it in the highest terms, of which we promise to give you some in future.

By all means try it, as we are satisfied it will give you entire satifaction. Price $1 per bottle. For sale by druggists generally.
