IT IS SAID that if a puff of air were to be blown into a vein of an animal, death would instantaneously follow, because circulation is stopped. The blood makes the entire circuit of the human body every seven minutes, and whenever this circulation is impeded or if any of its channels are clogged by impurities which ought to be carried off, disease follows—fever or a disorder of liver or kidneys, or scrofula, or dyspepsia. To get at and remove the source of the difficulty use the old and infallible blood purifier, DR. WALKER'S CALIFORNIA VINEGAR BITTERS. 4w

DEMOCRATIC OYSTER FEAST.—This great feast of the season came off at the Court House Square on Tuesday last. At an early hour of the morning, a portion of the citizens of the town, began to gather at the feast, and the most of them had supplied themselves before the country people arrived. About 10 o'clock the rain began to decend, but nothing daunted, the men from the country, had come to town to eat oysters, and they held their position in spite of the rain, and there nearly all day, thoroughly soaked, they raked over and over again the shells, until all were cooked. Democracy got what it has so needed, a thorough washing and a complete cleansing.

DEMOCRATIC MEETING.—The Democratic meeting advertised to come off in this place on Tuesday actually took place.—The meeting was not large, although efforts were made to induce the faithful to turn out in force. The day was somewhat unfavorable, as it commenced raining about ten o'clock, and continued until near night. The rain was more needed than political meetings, as the earth was very dry and everything suffering from the drought. So we are more thankful for the rain than for the political speeches.

The meeting was addressed by Judge Merrick and Wm. T. Hamilton, of the Western Shore. Judge Merrick is a fluent and impressive speaker. Mr. Hamilton is noisy and boisterous and we must confess our disappointment in him, as we expected an extra speech from a Senator of the United States. Both gentlemen dealt largely in National political questions, State right's doctrines, martial law, the tariff, Gen. Grant and the Republican party was the theme of each speaker. Our State politics were purposely, we presume, avoided.

Both the speakers entertained strong Southern views and are to-day, notwithstanding the changed condition of the whole country, standing on the Democratic platform of 1860. Judging from the tone of their speeches they endorse all the ruffianism and violations of law and order in the South. Neither of them had a sing'e word of condemnation for the thefts and robberies of the Tammany Democracy of New York, nor of any of the violations of law and order in any part of the country, committed in the name of Democracy.—They also failed to tell, what many of our tax payers desired most to hear, what has increased our taxes more than two fold.—They failed altogether to even hint at the great Militia swindle—the terrible Oyster Navy, or to enlighten the public mind on the School question, which are of such vital interest to the people of the State.

Take it altogether, the meeting was a failure, and but little enthusiasm was manifested. We must give the rank and file of the party the credit to say, that they behaved a little more gentlemanly than on former occasions, and that although a large amount of Democratic whiskey was consumed upon this, as upon other occasions, still they behaved more like civilized men, and there was not that spirit of the wild man of the forest displayed, as is too often presented at these Democratic exhibitions.

Busier than ever—at Wanamaker & Brown's Oak Hall, this Fall.

QUESTIONS ANSWERED.—The Sabbath School Committe, a few weeks ago, presented the following questions to the children of the Wesley Sabbath School for answers. Master Willard H. Thawley, son of Mr. Henry Thawley, residing at Wesley's having answered them, desires their publication. We present the questions and answers below:—

He argues that because the Democratic whites have a majority of the voters of that county, therefore, it is best for the negroes that the Republicans be defeated. NOTICE.

The unexampled satisfaction that NATTAN'S CRYSTAL DISCOVERY has given in this city, as evidenced by the repeated orders of some of the first Druggists, induce us to direct especial and particular attention to the great fact that by its use you gain all the advantages claimed for the many poisonous compounds in use, to wit: the restoration of the color and growth of the hair and the speedy removal of dandruff, without the least possible injury—as Crystal Discovery is positively warranted to contain no poisonous substance, neither Lead, Sulphur or Silver.

Its perfect cleanliness is a reason not lightly to be overlooked; it will neither stain the skin or clothes—in one sentence, it is exactly what has been wanted for a long while, a Restorer of the Hair that may be used without the fear that you are going to have Neuralgia, Paralysys, Lead Colic and various other complaints, the result of the use of lead preparations.

As simply a Dressing for the Hair, it has also been found to be unexcelled.

Letters in our possession might be published by the score, all recommending it in the highest terms, of which we promise to give you some in future.

By all means try it, as we are satisfied it will give you entire satisfaction. Price $1 per bottle. For sale by druggists generally.
