...aroline County—Official.

...publish below the official vote of this ...y as a matter of future reference. It ... seen by the returns that the Republ... have reduced the Democratic majority of 248 last year, down to 68 on the State ticket. This has been done without scarcely an effort on the part of the Republicans. The power is certainly stealing from the hands of the Democrats in this county, and one year more will suffice, to completely change the political complexion of the county. The contest of the 7th inst., so far as this county is concerned, was a drawn battle; and each party must have retired from the field in a crippled and wounded condition. No shouts of victory went up on either side. There was no democratic exultations and no exhibitions of joy as has heretofore been usual on such occasions. Save the noise and bluster always attending the closing scenes of elections, produced by those under the influence of strong drink, there was comparatively but little excitement.. We believe the great mass of the people, Republican and Democrat, so far as county officers are concerned, are perfectly satisfied. Both parties, with perhaps but slight exceptions, made out good tickets, so that in the election of either, the people might have an assurance of good officers.

The Elections.

Of the eleven States that held elections on the 7th inst., the result may be briefly summed up—nine Republican States for Gen. Grant in 1872—2 Democratic, the electoral votes of which will be thrown away. We begin with

Illinois, Rep. maj.	25,000
Kansas, Rep. maj.	15,000
Michigan, Rep. maj.	12,000
Minnesota, Rep. maj.	10,000
Mississippi, Rep. maj.	15,000
Alabama, Rep. maj.	14,000
New York, Rep. maj.	18,000
New Jersey, Republican in both branches of Legislature.	

Maryland and Virginia are the only States, of the above number, that can be calculated on for the Democrats for 1872.

A Propostion to sell Out.

The idea suggested by a portion of the leaders of the Democratic party to make no nomination from their own ranks for a candidate for the Presidency in 1872, but to run a conservative Repbulican, is nothing more nor less than an abandonment of principle and a bold offer to sell out that party, with all its stock in trade, to some political adventurer, who would be as willing as themselves, to sacrifice principle for the sake of power. It would be a dangerous precedent to place such men in power and would work injury to any party who would resort to such means, and at the same time prove detrimental to the political morals of the country. How many Democrats in the land are willing to such a wholesale bargain, and to be sold like sheep in the shambles?

Woman are Citizens.

A recent decision of the Supreme Court of the United States for the District of Columbia, is to the effect that woman are citizens of the United States, but that they are not entitled to the right of elective franchise under the Constitution, but by act of Congress this right may be conferred.

A Successful Rail R...

The Queen Anne's rail road com... but a short time since, connecting C... ville with Townsend, Del., is doing a ... perous business and its trade gradually ... creasing. The gross earnings of the road for August and September amounts to $5,275.61; $1,994 22 of which were earned in August and $3,28.61 in September.—The business in freight was $4,222.19—passengers, $1,084.03. The total expenses for the two months was $2,100—leaving a nett revenue of $1,175.60, which more than pays the interest on the entire cost of the road.

Election Frauds.

The members of the Brooklyn Investigating Committee say they have evidence showing that about 4,000 fraudulent votes were cast. They are sanguine the canvassers will be compelled to issue certificates of election to a majority of the Republican candidates, including the Mayor, on the city ticket. The report will be ready about Friday, when warrants will be issued for the ballot-box stuffers.

Reduction of the Public Debt.

The total reduction of the national debt since March 1st, 1870, is $273,749,811.38. The monthly interest charged on the total debt has decreased from $10,532,462.50 on the 1st of March, 1869, to $9,068,452.52—thus the reduction of the debt is now saving to the country in interest alone $1,364,009.08 per month, or at the rate of $16,368,008.96 per year. This is a wholesome exhibit of our national finances.

THE VINELAND RAILWAY.—C. K. Landis, Esq., has informed a gentleman in this town that the Vineland Railroad was on Tuesday week completed to its terminus at Stoes Creek, on Delaware Bay, and in the course of a week, trains will begin regular trips over the entire length of the road.—We also noticed an item in the Philadelphia *Ledger* of Monday statihg that in connection with this road a ferry company was organized on Thursday last under the style of the "New Jersey and Delaware Ferry Company," with William A. House as President, Charles K. Landis, Treasurer, and Edwin M. Turner, Secretary, for the purpose of running a boat from the railroad terminus to Sprnance wharf, on the opposite side of the bay in Delaware also to run steamers via Chesapeake canal to Baltimore, and to the different towns along the Delaware river. The item further says: "The intention of this railroad and ferry company is to establish a grand freight and passenger route by canal, ferry and railroad, between the South and New York and the Eastern States."

The whole number of insane is 37,382; males 18,174, females 19,208; except 1,822 all are whites. Of the idiotic there are 14,485 males and 10,042 females; total 24,527. The whole number of those who are both blind and deaf and dumb is 96 persons, both blind and insane 75, blind and idiotic 105, blind deaf and dumb and also idiotic 11. It will be noticed that in all classes of unfortunates except the insane the number of males is much greater than the number of females. The aggregate number of blind in the State of New York is 2,212.

NOTICE.

The unexampled satisfaction that NATTAN'S CRYSTAL DISCOVERY has given in this city, as evidenced by the repeated orders of some of the first Druggists, induce us to direct especial and particular attention to the great fact that by its use you gain all the advantages claimed for the many poisonous compounds in use, to wit: the restoration of the color and growth of the hair and the speedy removal of dandruff, without the least possible injury—as Crystal Discovery is positively warranted to contain no poisonous substance, neither Lead, Sulphur or Silver.

Its perfect cleanliness is a reason not lightly to be overlooked; it will neither stain the skin or clothes—in one sentence, it is exactly what has been wanted for a long while, a Restorer of the Hair that may be used without the fear that you are going to have Neuralgia, Paralysys, Lead Colic and various other complaints, the result of the use of lead preparations.

As simply a Dressing for the Hair, it has also been found to be unexcelled.

Letters in our possession might be published by the score, all recommending it in the highest terms, of which we promise to give you some in future.

By all means try it, as we are satisfied it will give you entire satifaction. Price $1 per bottle. For sale by druggists generally.
