...Mr. Thomas Murphy has resigned the Collectorship of New York, and Mr. Chester A. Arthur has been appointed his successor. In his letter of reply to Mr. Murphy's letter of resignation President Grant bears full testimony to the late Collector's efficiency in the performance of the duties of his office, and states that he has had his unqualified confidence ever since he took charge of it. The President thus indicates that he has no belief in the slanderous accusations which Mr. Murphy has been compelled to suffer.

Republican National Convention.

The Secretary of the National Republican Executive Committee has issued a call for a meeting at Washington on the 11th of January to decide when and where the next Republican Presidential Convention shall be held. So far as members of the Committee have been heard from, New York city is favored. The National Democratic Executive Committee also meet at Washington in January for the same purpose.

Snow Storm in the Northwest.

A heavy snow storm raged at Omaha on Friday last continuing until Snnday morning, and extended over the whole country from the Rocky Mountains to the Missouri river. Everything was covered with a coating of heavy ice, causing the prostration of the telegraph lines. The Union Pacific trains were snow bound at the different points between Cheyenne and Omaha. The storm is reported still more severe in Southern and Western Colorado.

Contested.

The Republican candidates in Anne Arundel county at the recent election have determined to contest the result. Allegations of frauds, by means of which the Democrats carried the county, have been profusely made, and such reliable proofs offered as will justify the Republicans in taking the matter before the Courts and the Legislature.

Repealed.

The Woman Suffrage act which has been in existence in Wyoming Territory for two years past, was repealed by the Territorial House of Delegates on Monday last.—Every Democrat voted for the repeal and every Republican Against it. It has yet to be acted on by the Territorial Council.

Our Republican Successes in Maryland.

The results of the November election in Maryland are greatly encouraging to the Republicans of that State. True, they are again beaten, on the general vote. Their candidate for Governor is in a minority of perhaps 15,000. Last year, they carried four counties; this year they carry only one. These seem to be discouragements, and to indicate that our principles are receding rather than advancing. Nevertheless, the contrary is the case, and Maryland shows many signs that the negrophobic shock has spent its force, and that, hereafter, other political questions will be considered than the prejudices of some voters against the nativity or complexion of others.

In the first place, the Democratic majority in the State is steadily decreasing. The following shows its downward course.

1867 (Impartial Suffrage Proposed)	41,712
1868 (2nd year, Impartial Suffrge)	31,919
1869 (3d " " ")	29,342
1870 (1st year colored voters)	19,015
1871 (2nd " " ")	14,779

This is a steady decadence in the Democratic majority. The loss of nearly 5,000 between last year and this, is of itself sufficient to show the rapid decay of the color prejudice, for if the dislike of Negro Suffrage were maintained in its full intensity there would have been no decline in the majority.

Very much more important, however, than these figures, is the gratifying fact that we have elected thirteen Republican members of the Legislature, and helped choose two more who ran as "Independents," against the regular Democrntic candidates. For four years, no opponent of Democracy has sat in the General Assembly—*not one!* This year, fifteen have been chosen. This is a small minority, as yet, certainly, but it marks a gratifying and hopeful progress toward the time when a majority of republicans will sit in the Legislature of Maryland.

And still further encouragement comes from the many county officers elected.—On the vote for Governor, we carry Frederick and Cecil counties only, but on the local tickets, *so nearly are many counties balanced*, we have elected one or more officers *in the nine counties* of the State! Thus:

In Allegany, we elect four members of the House of Delegates, the Sheriff, State's Attorney, one Judge of the Orphan's Court, the whole Board of County Commissioners, and the Surveyor. In fact, the Democrats elect no County officer, except Judges of the Orphan's Court.

In Caroline, we elect the State's Attorney and Sheriff.

In Carroll, the Sheriff, and a Judge of the Orphan's Court.

In Cecil, a Commissioner and the Surveyor.

In Frederick the whole ticket.

In Prince George's, a Commissioner.

In Somerset, a Commissioner.

In St. Mary's the whole Independent or Opposition ticket is elected by Republican votes.

In Washi...
three mem...
State's At...
...four

Whyte,

Pearre's majority, in Allegany and Washington is 2,363. Judge Bowie is chosen by a decisive majority in Montgomery and Frederick.

So much for actual results. Now observe a few additional facts. The following table shows the majorities on the State ticket of all the State, (excepting Baltimore, Harford, Queen Anne's Worcester and Wicomico, and the City of Baltimore,) and the representation they have in the Legislature.

Counties	*Dem. Maj.*	*Rep. Maj.*	*Sen.*	*House*
Anne Arundel	293		1	4
Allegany	170		1	4
Calvert	165		1	2
Caroline	68		1	2
Carroll	260		1	4
Cecil		134	1	3
Charles	165		1	2
Dorchester	273		1	3
Frederick		397	1	5
Howard	344		1	[illegible]
Kent	209		1	2
Montgomery	125		1	3
Prince George's	97		1	3
St. Mary's	108		1	2
Somerset	110		1	3
Talbot	138		1	
Washington	88		1	
	2,613	531	17	50

Now just observe that in fifteen counties out of the whole twenty-three, the total Democratic majority is only 2613, an average of 174 votes, only, in each, some running down as low as 68, and the highest being but 344! Deduct from this total majority the 531 Republican majority given in two other counties, and it is found that in seventeen counties out of the twenty-three in Maryland, the nett democratic preponderance is only 2082! In these counties, a change of 1100 votes, another, would give us the control of the Legislature! Out of 25 Senators, the Republicans would have 17; and out of 82 members of the House of Delegates, they would elect 50.

Can anybody fail to see how thin is the shell of Democratic control in Maryland? A change of 1100 would produce a wonderful revolution in the State. Who is there bold enough to declare that the solution is far off, and that the just and ennobling principles of the Republican organization are not approaching a decisive victory in our neighboring State, as well as in our own?—*Wilmington Comme.*
