ORDER IN CHURCH.—We have noticed on several occasions that the vestibule of the M. E. Church in this place, just before services commence, appears to be a rendezvous for half grown boys and thoughtless young men, who congregate there and annoy the congregation inside with loud talk and coarse jests. They seem to have no respect for themselves, the congregation or the house of God.

IT IS SAID that if a puff of air were to be blown into a vein of an animal, death ... instantaneously follow, because circulation is stopped. The blood makes the entire circuit of the human body every seven minutes, and whenever this circulation is impeded or if any of its channels are clogged by impurities which ought to be carried off, disease follows—fever or a disorder of liver or kidneys, or scrofula, or dyspepsia. To get at and remove the source of the difficulty use the old and infallible blood purifier, DR. WALKER'S CALIFORNIA VINEGAR BITTERS. 4w

"None like it"—so the people say of Wanamaker & Brown's Clothing.

THE
NOVELTY CLOTHES WRINGER.

Nothing, except the Sewing Machine, has ever been invented which so much relieves the labor of the household as the Wringer.—But its usefulness does not end here. The saving of clothing is of much greater importance. It is often remarked that articles of fine texture, last twice as long when wrung in a Wringer as when wrung by hand. The NOVELTY has Cog-wheels on both ends. * * The rolls are allowed to separate freely at either end. These, besides other advantages which it contains, seem to be indispensable to a practical wringer.—*New York Independent.*
THE NOVELTY WRINGER.—Has become an indispensable institution in thousands of families. And we believe its great and increasing popularity is fully merited—for the Novelty evidently possesses all the requisites of a first-class, practical machine. Indeed, after using one for many months in our own family, we are prepared to indorse the Novelty as unsurpassed (the laundress says unequaled,) by any of the several wingers previously tried.—*Moore's Rural New-Yorker.*
