We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

THE Orphans' Court of Caroline county will meet on Tuesday, 9th of March.

The Editor's Hash.

—Locals scarce.

—Money scarcer.

—The game of "Fifteen" has reached Denton. Don't get excited.

—A Georgetown small boy drew a pistol on his teacher a few days since.

—About 15 car loads of oysters are daily run over the Junction & Breakwater Railroad.

—Mr. Eddie, late of the East New Market Hotel, is now manager of the Brick Hotel at Easton.

—Middletown's next agricultural fair will commence on Tuesday, September 12, and continue four days.

—Rev. J. D. McFadden will preach at Ames' Chapel on Sunday afternoon next, at 3 o'clock, P. M.

—The beautiful spring-like weather continues. Our farmers are beginning to seed oats and to plough for corn.

—It is simply marvelous how quickly constipation, biliousness, and sick headache are cured by "Sellers' Liver Pills."

—A crowded house at Salisbury listened for two hours last Tuesday night to Fred Douglass' lecture on "Self-made Men."

—He coughed! He coughed! His eyes ran, he looked redder in the face than a lobster. But "Sellers' Cough Syrup" cured him.

—Representative Martin is favorable to the proposed Peninsular ship canal, but is not committed to either of the routes mentioned.

—A paper mill is to be started at Tunis' Mills, Talbot county, with a capital of $20,000, $12,000 of which has already been pledged.

—The Legislature has passed a bill making the use of profane or obscene language in any street lane or alley punishable by fine and imprisonment.

—Dr. Benjamin Richardson, formerly of Easton, Talbot county, and well known as an eminent Mason, died at Galveston, Texas, at the age of 50.

—The Republicans State Convention, of Maryland, will be held at Frederick City on the 5th of May to select delegates to the Republican National Convention.

—The *Peninsula News and Advertiser* says that the Junction & Breakwater road runs two trains a day, connecting at Harrington with the Delaware trains.

—Dr. J T Twilley, of Chestertown, owns a cow that has given birth to three calves in less than twelve months, and given milk ten months of the time. She is of the Devon stock.

—To mothers whose children are weeping.—Sweet and balmy slumber secured for the little ones, and coughs and colds rapidly banished by the use of Dr. Bull's Cough Syrup. Price 25 cents.

—Hon. Dani. M. Henry, our Representative in Congress, has presented in the House a memorial of sixty-one citizens of Easton for an appropriation of $16,000 for the improvement of Tred Avon creek.

—The bill to tax mortgages, which has occupied the attention of the Maryland Legislature for some time, was defeated in the House last week, by a small majority. We suppose this is a settlement of the matter for this session.

—Shad have made their appearance and are being taken in small numbers at our fisheries. Herring are more plentiful. We learn that over three hundred were caught on Monday also five shad at Stevens' shore, about a half mile below Denton Bridge.

—With five ships in process of construction and all our mills and factories on full time with full hands, it is no wonder that Milford is booming with prosperity and that a house cannot be rented or scarcely a boarding place found.—*Milford News.*

—J. M. Laroque's Anti-Bilious Bitters, manufactured by W. E. Thornton, Baltimore, Md., are an effectual cholagogue, and invaluable in sultry malarial or bilious climate, conjointly with their efficacy upon the Liver. 25 cents a package, or $1 per bottle.

—Christ Church, (Episcopal,) on Kent Island, Queen Anne's county, is being torn down to make room for a more modern structure.—This church was built about 1650, of bricks brought from England, and is believed to have been the oldest church in Maryland.

—The Cecil *Democrat* says that Elkton is to have a "Ladies' Friday Afternoon Club," which is to be nothing more or less than a pedestrian association. The design is to walk a little each day and gradually work up to the standard of their great exemplar, Mrs. Mattie Potts.

—The Rockville *Sentinel* says with regard to the Montgomery county gold mine, that it is very probable that by spring the number of hands will be greatly added to, and if the yield of ore continues as at present another mill will be erected and the present engines replaced by larger ones.

—Boston capitalists have agreed to build and equib the Queenstown & Harrington R. R., put on a line of steamers from Baltimore, making connection, if Baltimore and Maryland business men will take $200,000 worth of stock. The distance by rail is 40 miles, by steamer 22.

—The Delaware Beet Sugar Company, whose factory at Riverside started on Thanksgiving day, ceased operations for this season, on Monday last. The factory has used up about seven hundreds tons of beets. This season's operations were only experimental, but was satisfactory it is stated.

—The concert of Philip Phillips and son, at the M. Church on Thursday evening last, was well attended—the large church being nearly full. Mr. Phillips, Senior, has a voice thoroughly trained, of great compass and power. The young man sang several pieces, and has a pleasant and melodious voice. The music was of a sacred character, and the audience generally were well pleased.

—On Monday last a boy named Kirk and a young man named Kurd were playing with an old pistol at Marydel when by some means the pistol was discharged, sending a bullet into the brain of young Kirk, killing him almost instantly. Dr. James R. McClyment was sent for, but the boy was dead before he could get there. He was about 14 years old.

—General Howard B. Ensign has been re elected President of Maryland Steamboat Company; Mr. James E. Byrd has been re-elected Secretary and Treasurer, and Messrs Enoch Pratt, J. W. D. Pentz, Gilmor Meredith and Frederick Ives havd been elected Directors for the ensuing year. Gen'l Ensign is one of the best steamboat men in Baltimore, and will continue to take care of the interests of his company and its patrons on the Eastern shore.

—The steamer Highland Light, Capt. Crosby, has resumed her trip to Denton. She has been thoroughly repaired and repainted and presents a trim and neat appearance. On her trip down on Saturday night she encountered a heavy fog, and was for that reason, several hours behind time. The Enoch Pratt has been hauled off for repainting which will be completed within a few weeks. President Ensign then proposes to resume the tri-weekly trip to Denton.

—David Gibbs, colored man residing near Marydel, who had been subject to Epilepsy for some years, got up and went do wn stairs a few nights since, and while sitting in a chair was seized with a fit and fell in the fire, burning himself horribly before he was discovered. When taken from the fire he was insensible. Dr. McClyments was sent for and did what was necessary for his relief, but in a few days symptoms of Tetanus supervened, and Dr. Evans, of Templeville was called in consultation, but all that medical skill could do was unavailing, and he died of Traumatic Tetanus.

—The Governor sent to the Senate a large batch of appointments, among which we note the following, all being present incumbents:

State Librarian—F. F. Magruder, of Prince George's.

Commission of Land Office—Dr. Wm. R. Hayward, of Dorchester.

Fish Commissioners—Thomas B. Ferguson Thomas B. Hughlett.

Steam Boiler Inspectors—Patrick O'Brien, E. F. Maginnis.

State Board of Supervisors.—John W. Davis, Findley H. Burns and A. C. Trippe.

—On Saturday, the 21st inst., as Mr. Fletcher Pennington and Mr. Bat. Barton were returning to their homes from Hillsboro', they gave their horses a little spurt to try their speed, keeping it up until they reached the old Holt storehouse, in front of Mr. Tate Bartons, when the horse which Mr. Barton was riding bolted from the road, broke the girth, and threw him upon a pile of old lumber lying by the road side. Mr. Barton's head struck a piece of scantling and a nail that was projecting therefrom was driven through the bone over the right eye. He was unconscious for about 24 hours, but is said to be slowly recovering.—*Democrat.*

—On Monday evening last, about dusk, as Mr. Frank Ayres was driving towards his home, in Tuckahoe Neck, and when near the residence of Mr. Geo. W. Richardson, his horse was frightened, became unmanageable, and ran away. At the turn in the road Mr. Ayres was thrown from his carriage, and became entangled either in the reins or wheels. He was dragged some seventy yards on the hard road before becoming detached, where he was shortly afterward found, by the Rev. Mr. Young, in an unconscious condition. The neighbors were alarmed, and Mr. Kirkman and Mr. Urry removed Mr. Ayres to his home where he received medical attention. He regained consciousness in about two hours, and fortunately no bones were broken. He was, however, badly bruised and lacerated. The horse ran on toward home, and the carriage was completely wrecked.

—Wm. C. Spruance, Esq., United States District Attorney for Delaware, has tendered his resignation to the President. Mr. Spruance finds that his time can be more profitably employed in his profession. The Wilmington *Daily News* has this comment: "It is a matter of regret that so faithful an official should have found it necessary to have retired from the office which he has filled with such marked ability and with so great satisfaction to the general public. Mr. Spruance's acknowledged legal ability, standing as he does at the head of the New Castle county bar, together with his fine discriminating mind and depth of judgment, fitted him most admirably for the position of public prosecutor, and he retires from office with the full assurance that men of all political parties will join in congratulating him on faithful services rendered." It is supposed that John C. Patterson, Esq., will be his successor.

The New "Daily" at Wilmington, Del.

The "DAILY MORNING NEWS," is the title of a new penny paper, the first issue of which made its appearance in the streets this morning. It is very well gotten up and makes a very pleasant, though somewhat stiff and formal "bow to the public." It at once proceeds to say:

"The NEWS will be pronouncedly Republican in politics. We have no desire to be sordid and narrow in our partisanship, but, on the contrary, we realize that there are higher grounds upon which to base arguments and conduct discussion than personal abuse and petty spite.

We are not owned by any man or set of men, neither are our opinions to be bought or sold, so we are not to be used as the mouth piece or organ of any clique or faction, it being our one aim, above all others, to conduct, on business principles, a first-class, wide-awake newspaper."

The proprietors are Messrs. Emerson & Conard. We welcome the new firm into the editorial fraternity, and hope they will be able to make the NEWS a success, except in its political designs. It takes the place of the *Morning Herald*, which was a Democratic journal.—The NEWS will pardon us for not expecting it to prove politically a success, since that would, in our views be anticipating something little less than miraculous, so long as the DAILY GAZETTE is its opponent. And so we raise our beaver.—*Daily Gazette.*

THE DAILY MORNING NEWS, the new Republican paper, made its appearance this morning and it is certainly a very creditable first number. If kept up to its present standard it cannot fail to be a welcome visitor to many breakfast tables even though it cannot attempt to supply the place of the Philadelphia and New York papers in giving all the telegrahpic news. The summary it does receive is a very fair one and its local news is fresh and well written.—The paper will be Republican in politics but announces that it will be the organ of no clique or individual. We cannot doubt that it will receive a warm welcome from many who desire a Republican paper but wish to get their Republican doctrine and news in good English.

We give the new venture a hearty welcome and wish it success, since it gives promise of brains and enterprise in its conduct and it will therefore help remove from our city the reproach that neither are absolutely requisite to the existence, in some fashion, of a newspaper here.—*Every Evening.*

Montreal Heard From.

R. L. Mosely, of Montreal, Canada, certified Sept. 27, 1879, that he had suffered terribly from dyspepsia, and was completely cured by taking Warner's Safe Bitters. He says: "My appetite is good, and I now suffer no inconvenience from eating hearty meals." These Bitters are also a specific for all skin diseases.

A Rochester's Physicain's Experience.

R. Caulkins, M. D., of Rochester, N. Y., certifies Oct. 6th, 1879, that he has used the Safe Kidney and Liver Cure in his practice for diseases of the kidneys and liver, and the result has been satisfactory in the extreme. He says: "I would now prescribe the same remedy to all similarly afflicted, and you are at liberty to so state in your testimonials."

Preston Letter.

The entertainment by the amateur dramatic association of this place which came off recently, was successful beyond the most sanguine expectations of those engaged in the affair.—The audience on each evening was large, fashionable, intelligent and critical. The members of the association acquitted themselves handsomely in both the leading plays; though "Neck Whiffler" was decidedly the winning card, so far as one could judge from the applause that greeted the appearance of the leading characters in the play. I have never witnessed a better performance by an amateur company. The affair was also successful in a financial point. There is some talk of playing "Neck Whiffles" for one night in Greensborough, but at this writing, the matter is not definitely settled.

The wheat crop in this locality is looking remarkably well. Willis Wright, Esq., in Poplar Neck, has the finest field in the neighborhood, so far as I have seen, though Stephen Gifford is not far behind him, and William R. Smook's field is also very promising.

The Union Grove M. P. congregation is holding a festival in the new Academy building in Preston, this week, for the benefit of the new parsonage.

A five year old daughter of Mr. Love, residing in Poplar Neck was very badly scalded on Monday morning last, by falling into a tub of hot lye. The little sufferer was almost frantic with pain for some hours after the accident.

Robert Todd was arraigned before Esquire Williamson on Monday in charge of Constable Rumbold, for committing an assault upon his wife.

Captain James T. Bowdle, at Medford's Wharf, who has been quite ill with Pneumonia for some two or three weeks, is now convalescent. NORWOOD.

Wicked for Clergymen.

"I believe it to be all wrong and even wicked for clergymen or other public men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article made of valuable remedies known to all, that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."—Rev. ——, Washington, D. C.

Marriages.

ANDREW—BAKER.—At the residence of the bride's father, Feb. 18th, by Rev. A. W. Fisher, MR. WM. T. ANDREW and MISS SALLIE E. BAKER, all of this county.

Deaths.

NICHOLS.—In Galestown, this county, Monday, Feb. 23, CORA F. E., wife of John E. Nichols, in the 22nd year of her age.

COVEY.—Near Concord, on the 20th of February MRS. FRANCES COVEY, aged 25 years.

She departed this life in the full triumphs of faith and hope of a blest immortality beyond the grave.

"Give joy or grief, give ease or pain,
Take life or friends away—
But let me find them all again,
In that eternal day."

PIPPIN.—After a brief illness of Diptheric Croup, BESSIE, youngest daughter of Trustin and Annie E. Pippin, aged 2 years, 5 mos. and 15 days.

What could be more lovely than the trusting innocence of this sweet child, Bessie. The seed of her young spirit-life was dropped by an angel hand, made to germinate on earthly soil, then quickly gathered to unfold more perfectly in the realms of bliss. Papa, mamma, sisters, brothers, all the relations of this life, as you weep over the sudden death of little Bessie, feel drawn nearer to the invisible and unseen realities of a future existence. The little angel band are awaiting you on the shores of eternity; and the words of the Master thrills through the lapse of time, still with a new and strange significance—"Except ye humble yourselves, and become as little children, ye cannot see the Kingdom of God. R. M. T.

THE KENT COUNTY

MUTUAL INSURANCE CO.,

Dover, Del.

Furnishes Indemnity Against Loss by Fire

by its policies insuring Buildings, Furniture, Merchandise, Grain and other contents, Live Stock, and other insurable property, also covering Buildings during erection.

ANNUAL PAYMENTS OF PREMIUMS

are made in advance to pay the losses and expenses of each year, but such payments do not indicate the actual cost of insurance, as the large dividends paid attest, amounting to over $105,000 00, and yet leaving to the credit of its members over $86,000 00.

The Strictest Mutuality

is observed throughout, every member while having the advantages arising from a large Mutual Association is still dealt with in an individual capacity, and at the close of each year the balance due each is shown on our books.

THE LOSSES AND EXPENSES

are borne alike by each member, as in proportion to their payment of interest or premium they are charged with their respective share of the Losses and expenses, and the premium unused is strictly regarded as that of the member and is held to his credit, out of which has arisen the enormous dividends paid by the Company.

At Close of Membership

or at any time within one year therefrom, the member has only to make application for a settlement and whatever remains is paid back to him, without in any way affecting the interest of the remaining members, as he simply takes out that which is his.

Statements or any further information will be furnished on application to the Company or to the following agents:
