We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

—John M. Sentman has sold his water power and plantation of 115 acres, on the Big Elk, Cecil county, to John E. Spencer, of Chester county, Pa., for $6,000.

—The home farm of the late Harrison Marlow, near Berlin, Frederick county, 298 acres, has been sold to Messrs. Graham and Orrison for $50 per acre.

—If your Liver or Stomach is out of order—if you are troubled with Dyspepsia, Headache, Costiveness, or Nervousness—you will save many a doctor's bill by using J. M. Laroque's Anti-bilious Bitters, manufactured by W. E. Thornton, Baltimore, Md., and for sale by all druggists at 25c. a package, or $1.00 a bottle.

—Col. Jas. K. Burnite, a prominent citizen of Delaware, died at his residence in Felton last week. He was born in Cecil county, and and some twenty years ago, removed to this county and engaged in the lumber business near Potter's Landing. He afterward removed to Felton and continued in the Lumber business until his demise.

—Rev. Dr. Swentzell, for several years a prominent minister in the Maryland Methodist Protestant Conference, has severed his connection with that body, with the intention of taking orders as a clergyman in the Protestant Episcopal Church. Dr. Swentzell is the father of Rev. H. C. Swentzell, a P. E. Clergyman, at Chambersburg, Pa.

—Rev. Henry Colelazer has answered the Conference roll call for 52 consecutive years. He was the pastor of Bishop Andrews, who gave him his last appointment, in Michigan; was a preacher when Bishop Foster was born, and succeeded Bishop Scott, when he was called to the Episcopacy, as pastor of Union church, Philadelphia.

—The Somerset schools are to close this month, and a whole year's vacation is expected, owing to scarcity of funds. Capt. Timmons used to say that the dredgers' license kept the schools of Somerset going, but dredging don't pan out this year like it once did.

—There will be a Peninsular Methodist Convention at Dover, commencing June 17th.—There will be an interesting programme. Bishop Scott will probably preside at the Convention. Among the matters to be brought up will be the movement for the relief of the educational institutions of the conference.

—On Wednesday afternoon whilst the engineer on the D. & D. railroad was testing the engine "Dorchester" with cold water pressure the engine gave way at a pressure of 175 lbs to the square inch, and will not again be fit for use.

—The "Talbot County Paper Mill Company" was organized at Easton, last Monday, with General E. L. F. Hardcastle for President and Robert B. Dixon Treasurer. The capital, $40,000 has been all taken, and the mill will be located on land donated by Dr. Adkins, near the Friends' Meeting House on Wind Mill Branch.

—The local option men, in connection with U. S. Deputy Marshal McNeal, are playing sad havoc with the whiskey sellers of Talbot county, they having some one or more of them arraigned before the U. S. Commissioner almost every day.

—J. W. Turpin, on Thursday, pleaded "not guilty." when arraigned in the Wicomico County Court, at Salisbury, for the murder of his neighbor, W. H. Farrington. Messrs. Graham Crisfield and Page represent the accused. The State's Attorney is assisted by John Handy, Esq.

—"Klej Grange" is the name of the new Drexel settlement in Worcester. The settlement now contains twenty dwelling houses, a school and a non sectarian church. During the last week a few German families, direct from the old country, arrived to settle in the Grange, which has 4,000 acres of good land.

—The fishing season may be said to have fairly commenced on the Choptank. But few shad have been caught so far but the run of branch herring has been better than for the past five years. Herring are selling at $1. per hundred—shad 40 cents per pair.

—Rev. Mr. Milby, the newly appointed minister filled the pulpit of the M. E. Church in this place on Sabbath morning and evening last. His ministerial labors were very acceptable to his congregation. Rev. Mr. Lindale, the junior pastor, filled his appointments at Concord and Bloomery and his efforts are spoken of as above the average of young ministers.

—Mrs. Plummer of Talbot county, whilst on her way to visit her daughter Mrs. Capt. Starr, on Pacas' Island last week, met with an accident from which she died in a few hours. It seems that when near Pott's Mills the horse became fractious and upset the carriage, throwing the occupants out. Mrs. Plummer, and the young man with her, got in the carriage again and proceeded to Dr. Comegys' at Wye Mills where they stopped. The doctor examined her and gave her a stimulant, but she died in about two hours, supposed to be from nervous prostration.

Drowned.

A little son of Mr. Wm. Stayton, aged about five years, was drowned at Greensborough on Monday afternoon last. Mr. Stayton's residence being located near the Choptank the little fellow had strayed down along the river bank and fell into the water. He was discovered a few minutes afterward and when taken out of the water it was supposed he could be resuscitated. All efforts to this end proved unavailing.

ROAD SUPERVISORS.—The county Commissioners at their meeting last week made the following additional appointments of road supervisors.

Martin Price, J. S. Sylvester, Jno. Horsey, of Jno, Wm. Kirkman, Joshua M. Beachamp, Jno. George, Martin Alabaud, Wm. E. Saulsbury, Jas. E. Collins, Wm. Andrew, Elijah Higgutt, Jno. R. Willis, Chas. McNash, Thos. Nichols of Jno, Owen C. Blades, Nathan J. Corkran, Jno Smith, Joseph Connelly, Thos. L. Frantum, Wm. Bradly, Willett Harris, Caleb Connely, Thos. Anderson, Wm H. Blades, Thos Cheezum, Wesley Dean, Jno. Hubbard, J. R. Patton, Lemuel Wilkins, Geo. smith, J. W. B. Nichols, Chas. H. Oddy, L. F. Poole, Samuel Nichols, Thos. Covey, Jno. Wm. Gray, W. H. Watkins, Jno. L. Cobee, Jno. W. Lord, Samuel Collins, R. J. Willoughby, Wm: Robinson, Sr., Geo. Higgutt, Josiah Collins, Jno. Ahearn, S. N. West, Joseph Patchett.

They also appointed Messrs. Jno. S. Walters, Esma Lowe, Wm. B. Stephens, Reynolds Y. Collins and Eli S. Pennypacker Trustees of the Alms-House.

County and State Tax Collectors.

The County Commissioners at their meeting on Tuesday last appointed the following named gentlemen collectors of State and County taxes for 1881. 2d Dist.—J. Allen Moore. 3d Dist.—Thos. Garrett. 4th Dist.—Wm. H. Valliant. 5th Dist.—Eli C. Gullett. 6th Dist.—J. Brad. Bishop. No appointment has yet been made for 1st District.

Damage to Denton Bridge.

Another accident occurred to Denton Bridge, which spans the Choptank at this place, yesterday morning. The schooner Bidding, in passing through the draw with all sails spread to the breeze, run into the abutment on the east side of the river, knocked off the cap stone on which the end of the draw rested and threw them into about 15 feet water, split the abutment and so damaged it that it will have to be taken down and rebuilt. The accident has been temporarily repaired so as not to interfere with travel.

Improvements at Hillsborough.

Hillsborough is making rapid strides in the march of improvements, which is substantial evidence of the success of her business men.—Mr. J. W. Holt is about building a fine store house with handsome glass front. Mr. Hugh Duffey is building a handsome dwelling and drug store. Mr. Thos. Stayton a commodious dwelling, and Mr. Walter Booker also a comfortable residence. This is a good showing to start with in the Spring opening.

Court Proceedings.

The Circuit Court for Caroline county commenced its April term on Monday last. Judge Stump was present at the opening of the Court and after arranging the juries delivered his charge to the Grand Jury. Judge Wickes arrived on Tuesday and took his seat on the bench. The following cases had been disposed of up to the close of the session on Tuesday.

Elizabeth Pruitt and Wm. Pruitt vs. Geo. T. Melvin, Attorney for F. G. Hague. Appeal, &c. Agreement to enter judgement reversed. Each party to pay their own cost. Russum for appellant—Melvin for appellee.

For the Union.

Mr. Editor :—The published report of bodies corporate that receive and disburse public monies for the benefit of the public, and especially for the benefit of minors, should be scrupulously exact and truthful. Any departure from the truth in making such report for the purpose of concealing petty speculations or covering up wanton extravegance, is a crime.

In examining the annual report of the State Board of Education for 1879, so far as it relates to Caroline County, one finds, what appears to be falsehood stamped upon its face.—The errors are too numerous, and too many dollars and cents appear on the wrong side of the balance sheet, for them to be either clerical or typographical. This part of the report is made up by the Examiner from his record and from data furnished by the commissioners of the several commissioners districts, and the commissioners are supposed to obtain their information in regard to the cost of fuel, of books furnished indigent children, other incidental expense, &c., from the teachers in the several school districts. So far as they report receipts and expenditures, as given in the pamphlet, relates to the 1st, 2d and old 3d districts, seem to be all right; so far as it relates to the 4th and 5th districts it appears all wrong.

As a tax payer and a man who feels an interest in our public schools, I am unwilling to longer submit to the manner in which said schools are managed without some light upon unequal cost of running them. I therefore in the most emphatic manner, and with all the potency that language can convey, charge, that there was not paid for fuel, for the 19 white schools in the 4th and 5th districts the sum of $235.54 as stated in the report for 1879.

I charge that there was not paid the sum of $99.00 for other incidental expenses in those 19 white schools, while there was $74.25 paid in the other 29 white schools in the county for that year.

I charge that there was not $181.35 paid out by the commissioner of the 4th and 5th district in the year 1879 for furniture, blackboards, stoves, &c., for the 19 white schools in those districts as stated in the report.

I charge that books to the amount of $57.16 was not furnished to indigent children in the 19 white schools in the two lower districts, while there were but sufficient to amount to $26.59 furnished to the indigent children in the 29 white schools in the three upper districts as the report states.

I charge that more than $42.14 has been received for books furnished to the 19 white in the 4th and 5th districts, if the other three districts received $163.26, as the report shows.

I charge that books to the amount of $17.00 were not furnished to the 7 colored schools of district 4 and 5 while none were furnished to the 8 schools above, (see report.)

I charge that since 1871 more than $7,500.00 of the public school fund for this county has been expended for books, and less than $3,500,00 has been returned, on account of books sold and yet they are sold at not less than 33 per cent advance.

I make these charges, for the purpose of seeing where the fault lies. If the teachers have been in the habit of rendering false charges in the incidental expenses account, let them explain. There is crookedness somewhere and if our courts will not take cognizance of it, the public will. The thing is getting unbearable. X.

Preston Letter.

The steam yatch, R. D. Bradley, was burned while at anchor near the mouth of Hunting Creek, on Thursday night, April 1st. She had been, or was about being chartered by the Messrs. Wright—Beverly and Jesse, Jr.,—for the purpose of running shad from up and down the river to the shipping points, and was left without any one on board. On Friday morning she was no where in sight, and upon investigation, it was found that her charred and blackened hull was sunk in some five feet water It is a serious loss to Rev. R. D. Bradley, her owner, as I learn she was not insured.

Our farmers, for the last few days, have been very busy with their farm work. The most of them are well up with their ploughing, and will be ready to plant corn by the 15th or 20th of this month. There will be a somewhat larger acreage in corn, as there is in wheat, in this part of the county, this year than usual, and if the season is favorable, there will be more corn grown in the fourth district, than was every grown in one year.

The wheat hereabouts is looking unusually well for the first of April. I do not think I ever saw the crop so tall, so early in the season as it is at present writing; and it never grew more rapidly at any season than it has done for the last forty eight hours.

Mrs. Sallie Perry, widow of the late Edward Perry, and a sister of Woodenhawk W. Ross, of Delaware, died in Easton on Friday night last. She went to Easton to visit her daughter, Mrs. Franklin Davis, and was attacked with Pneumonia, which proved fatal in a few days. She was 67 years old, and a very estimable woman.

I polled everybody I met one day last week, on the presidential question, with the following result: Whole number expressing a choice 36. For Blaine, 11; Tilden, 7; Grant, 6; Bayard, 4; Thurman, 2; Hancock, 2; Washburn, 1; Fred Douglass, 1; and one said "he didn't care a d—n who was president, so's he'd make herrin's plentier."

It was rumored in this village, on Saturday evening last, that the free and independent citizens of Slink Skin Corners, held a meeting recently and among other proceeding,

"*Resolved*, That no man in or around the Corners—white, black or tan shall vote this fall less he gits 5 dollars and a drink of whiskey, if 'tis only a president lection.' I do not credit the report. STAFFON.

REV. B. W. TODD, who is noted for his witty sayings, got off the following in his report to the Conference:

"Dover District, in its present geographical relations, was formed in 1874 In arranging its metes and bounds, it cannot be claimed that our Conference fathers had much respect to the question of compactness or symmetry. The only thing, in the heavens above or the earth beneath, to which it might be likened, is a vast Kangaroo, 120 miles long, and 40 miles across at the broadest part of his body. The nose lies at Dover; the ears point up to Little Creek and Leipsic; the short fore paws reach out to Camden and Wyoming; the body extends down the Delaware railroad to Seaford; the back touches along the margin of the Delaware Bay, with the caudal appendage protruding south ward from Lewes through Rehoboth, along the Atlantic to Indian River; while the gigantic lower limbs extend the one along the Dorchester and Delaware railroad to the Choptank, and thence to its mouth, and the other along the Nanticoke and Blackwater, beyond the "World's End," to the "Bishops Head."

GREAT SNOW STORM IN THE WEST.—The severest storm ever know in the Sierra Nevada mountains, during the month of April, occurred Friday and Saturday, and has not yet abated. It blocked up the railroads.

At Emigrant Gap 750 feet of snow sheds have been prostrated, and all trains will have to be abandoned until the wreck is cleared away. The wreck of the snow sheds in the Sierra Nevada mountains has been cleared away and trains are moving both east and west on the Union Pacific road. The blockade is now at an end unless the present warm rains should create further disaster by adding weight to the snow on the sheds still remaining. The road-men have made almost superhuman efforts in removing the blockade, and are thoroughly exhausted. An immediate repetition of the disaster would find them unable to cope with it.

BEAUTIFIERS.—Ladies, you cannot make fair skin, rosy cheeks and sparkling eyes with all the cosmetics of France, or beautifiers of the world, while in poor health, and nothing will give you such good health, strength, buoyant spirits and beauty as Hop Bitters. A trial is certain proof. See another column.

From A Distinguished Physician.

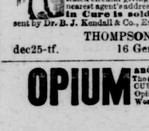

Prof. Green, a distinguished allopathic physician, wrote to the Medical Record to the effect that after all other means had failed, he sent for the Kidney Cure (Safe Kidney and Liver Cure,) and to his astonishment cured a serious case of Bright's Disease by administering it, and afterwards found it equally beneficial in other cases.
