We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

The Orphans' Court of Caroline county will meet on Thursday, 29th of April.

The Editor's Hash.

—The Republican primaries have been held in most of the counties of this State, and Maryland may be set down as certain for Blaine.

—The Delaware Beet Sugar Company have rented 100 acres of land in the vicinity of Wyoming, and will plant the same in Sugar Beets.

—The Centreville scandal said to have originated over a ladies gold chain is a sensational article, highly rose-colored and a tissue of exageration.

—Judge Wootten of Georgetown, Del., recently presented to the Methodist Church at Nassan a lot of ground upon which to erect a parsonage.

—A sample of wheat from the field of Mr. O. J. Redden in Tuckahoe Neck was received at this office on Tuesday which measured 36 inches in height.

—The business men of Smyrna want an appropriation from Congress for the improvement of Duck Creek so as to make it a harbor for vessels during a storm.

—See advertisement of Whitelock's Vegetator in another column. It is reliable and has a reputation as the best fertilizer in the market. Try it on your corn crop.

—The Standard Bearer of Wicomico county receives an annual salary of $15. He is not the standard bearer of a political party but adjust the weights and measures.

—Mr. Bayard stands about as much show for the nomination at Cincinnati as does a stump-tail bull for his life on the Delaware marshes in the mosquito season.

—The voters of Princess Anne, Brinkley's, Lawson's, and Crisfield districts, in Somerset county, will, on the 4th of May next, vote on the question whiskey or no whiskey.

—The Peninsular Press Association met in Wilmington on Wednesday of last week and appointed a committee of five to make the necessary arrangements for a summer trip.

—Rev. T. L. Poulson in now in Somerset county doing battle for local option. On Thursday next several districts in that county vote upon the subject of license or no license.

—"Reno's" article contains several objections. It is to lengthy—it is of a personal nature and the subject of which it treats is of no earthly interest to our readers. It is declined.

—The Vestrymen of the Epicopal Church at Milford have extended a call to Rev. Mr. Milnor of Christ church at this place. He has not yet decided whether to accept or reject the call.

—The first shipment of asparagus from the Centreville (Queen Anne's county) region was sent, a few days since, to Boston, by George Davidson, where it brings from 75 cents to $1 per bunch.

—E. R. & W. S. Goslin of Federalsburg intend erecting a new grist mill on the site of the old Mobray saw mill, near that place, with all the modern improvements for doing good work.

—A board, which Allison Pusey, of Somerset county, was sawing with a circular saw a few days since, cut a gash in his scoulder and then ran across his throat, nearly severing the wind pipe.

—A coal oil lamp exploded at the residence of Thos. Gullett, at Whiteleysburg, on Tuesday morning, scattering its contents upon the wife and two of Mr. Gullett's children, burning them seriously, though no fatal results are anticipated.

—The barn, stables and carriage house of Dr. Chas. H. Rose, at Chapel, Talbot county, were destroyed by fire on Friday night. Two horses, a calf and two carriages were also destroyed by the flames.

—The copious shower of rain which fell here on Monday morning last, has greatly revived vegetation and all nature wears a more pleasing aspect. It was greatly needed, being the first that has fallen for a month past.

—The corner stone of a new church at Andeson's Corner, Queen Anne's county was robbed one night last week. The meanest of all acts (and it takes the meanest kind of a theif to commit the act,) is the robbing of a church corner stone.

—Personal.—Should this meet the eye of the individual who created a disturbance in church last Sunday by his continued coughing, he will confer a favor on the congregation by procuring a bottle of Dr. Bull's Cough Syrup, which will cure him.

—Chas. E. Warner & Co., Wilmington, Del., offer to our farmers Jackson's woodburned Lime. For agricultural purposes it is unequalled. It will be delivered anywhere on the line of the Delaware and Chesapeake railroad at the lowest rates.

—The *Breakwater Light* says that John McSorley was set on shore from the brig *Liberia*, near Lewes, on Wednesday last, in a badly used-up condition. He says the captain and mate beat him severely, and the latter shot him four times.

—The Directors of the Dorchester & Delaware Railroad last week reduced the salary of the President of the road, W. Wilson Byrn, Esq., from $1,200 per annum to $600. President Byrn has sent in his resignation, to take effect May 13th, next.

—Traders and all others doing business are required to take out a license on the first day of May, The Sheriff has given the usual notice required by law so no one ought to be ignorant of the fact and govern themselves accordingly. Next Saturday is the day on which to make application.

—Dr. George T. Maxwell, of Wilmington, while treating a Middletown negro for an ugly gunshot wound in the cheek, cut some skin from his own arm and grafted it on the negro's cheek. It grew on, and when the veins traversed the place where the wound had been, the white skin became black, showing that the negro's color is due to his blood.

—The Republican county convention which was held at the Court House in this place on Tuesday last selected the following named gentlemen as delegates to represent this county in the State Convention which meets at Frederick city on the 6th of May next:—Hon. R. J. Jump, Jas. Massey and Rev. R. D. Bradley. It is is reported that the delegates are divided in their choice of Presidential candidates—two for Grant and one for Blaine.

—The Smyrna *Times* says of the peaches: "It is now found that the injury sustained was mainly upon the late but best paying varieties—Reeve's, Crawford's, Susquehannas, and Smocks. For some reason, the yellow peaches seem more tender. In some orchards they will be more scattering, while in others, perhaps the most, the prospect is for a third to a half crop. What are known as the white varieties —Hale, Troth, York, Mixon, &c., the trees are as full in most orchards as desired."

—Mr. Michael Finn, agent for the Maryland Steamboat Co., at Denton Bridge, desires to inform the public that all freights delivered at this wharf will be taken care of at the freight house by him, and all bills unpaid will be found in his hands for collection. He can always be found at C. F. Willis' store, where he is ever ready to accommodate the public.—Persons having freight to ship will greatly oblige him by delivering it on the wharf one-half hour before the arrival of the boat if possible. [apr15-3w.

—The following appropriations have been agreed upon for the improvement of the rivers and creeks on the Eastern Shore, by the Committee on Commerce; appointed by the House of Representatives at Washington: $5,000 for Wicomico river below Salisbury; $3,000 for Secretary creek; $5,000 for Choptank river, between Denton and Greensborough; $3,000 for Tread Avon creek, for three miles below Easton Point. The same committee have agreed to an appropriation of $25,000 for the erection of a light-house and fog bell on Bloody Point Shoals, Kent Island.

—Sidney A. Shores, of Dames Quarter, Somerset county, Md., whose marriage some time since to his thirteen-year old stepdaughter, Louella Shores, attracted so much attention, was tried at Prince's Anne last week for that offence. He was found guilty, and fined $500, and the marriage was declared void. The Rev. Zaccheus Bowen, the aged clergyman who performed the ceremony, against whom public indignation was for a time very strong was not punished for his part in the affair, it being satisfactorily shown to the State's Attorney, Henry Page, Esq., that he was ignorant of the age of the girl, and of her relationship to her would-be-husband.

—Some people plod along through life suffering with Dyspepsia, Sick-Headaches, Constipation, and Bilious attacks, while a source of relief is almost within their grasp. Why is it? Because these ailments take away the energy and ambition, and, unable to fight against the attendant feelings, and refusing to take anything for relief, the sufferers go to an early grave. To such persons we would say: "Rouse yourself from this state of feeling. Go to your druggist and ask for Laroque's Anti Bilious Bitters. Try them, and our word for it you will be suprised at the magic change that will take place.' Be sure to get those manufactured by W. E. Thornton, Baltimore. Md. Package, 25c.; bottle, $1.00.

—While the fisheries on the Choptank are catching more fish than for several seasons we deny the statement made by several of our exchanges that the present season is equal in any respect to those prior to the operations of the fish commission. With the incubating process and the deposit of young fish in the Choptank, we do not think the commission has increased the number of a single shad or herring in our waters. They have been actually scarcer since the operation of the fish law commenced than ever before known, and we are inclined to vote the whole thing a humbug, gotten up to reward personal friends for political favors.—We would have just as many fish in our waters if there was no commissioners in the State. Let us abolish the office and try the experiment. Before the inauguration of fish commissioners our fisheries were a source of profit, since then they have ceased to be remunerative.

—The "Methodist Judicial Conference," which is the name applied to the committee composed of members of the Baltimore, New Jersey and Wilmington Conferences to try cases appealed to the General Conference, met in Wilmington, on Tuesday last, and after investigating the case of the Rev. T. B. Miller, recently convicted and expelled from church membership for certain charges in connection with the Philadelphia University of Medicine, by a vote of 12 to 3, remanded it to the Philadelphia Conference for a new trial. The case of the Rev. Wm. Major, who was suspended from the exercise of his ministerial function on the same charge, was also considered, and the finding of the Philadelphia Conference disapproved and Mr. Major reinstated.

—Mr. Comegys Brown residing in Quaker Neck, Kent county, met with a terrible loss on Friday last. His stables and granary were discovered to be on fire about one o'clock on Friday morning which aroused the whole family but the fire made such headway that all efforts to stay its progress proved futile. His dwelling with kitchen attached, stable, granary, corn crib, carriage house, meat house, poultry house, with all their contents were destroyed. A little colored child was burned to death, having been overlooked amid the confusion which prevailed at the time. Mr. Brown lost also all his farm machinery, consisting of reaper, mower, drill, wheat rake, fan, carriages, together with a quantity of bacon, 125 bushels of corn, lot of wheat, blades, five head of horses, one colt and several hogs. Loss $4,000—insured for $1,690.00. The fire is supposed to have been the work of an incendiary.

Committed to Jail.

Two brothers named Walls, residing near Burrsville, were committed to jail in this place on Monday morning last for a violent assault on Samuel Harrington, residing in the same neighborhood. The facts as related to us are these: Last week Mr. Harrington and one of the Walls brothers had a horse trade, Harrington paying $5 boot between horses. Walls recommending his horse as sound. It turned out afterward that the horse would not eat and Harrington returned the horse and demanded the money; but when he visited Walls he was not at home. Some words passed between him and Walls' father about the horse, Harrington using insulting and profane language. Upon the return of the three sons, and learning what had taken place, they immediately went to Harrington's house, but not finding him at home, sought and found him at Burrsville. A few words passed between them when they commenced an assault upon him, using their fists and clubs and beating him most unmercifully. The fight occurred on Friday morning, but no arrests were made until Monday, when two of the brothers were brought to town and committed to jail. The other brother is still at large. Harrington's wounds are said to be severe, and he is confined to his bed.

For the Union.

They Dare Not.

Men dare not enlist in the service of Him,
Whom they name by the name of the Lord,
They hang to the edge, cling fast to the rim,
Hoping for all things; like children at play;
Taking for granted that all will be well;
Moulding their actions as moulders of clay,
Caring for naught but to buy and to sell,
Their service to Him is like their service to men;
They look for the profit, to gain is the aim,
They care for the now, care little for the then,
They claim the whole earth nor deem it a sin
How cool the service they render to Him,
Master of life and Lord of All.

—Pargetter.

Timely Caution

Genuine Hop Bitters are put up in square paneled, amber-colored bottles, with white label on one side printed in black letters, and green hop cluster, and on the other side yellow paper with red letters; revenue stamp over the cork. This is the only form in which genuine Hop Bitters are put up, and the sole right to make, sell and use them is granted to the Hop Bitters M'f'g Co., of Rochester, N. All others put up in any other way or by any one else, claiming to be like it or pretending to contain hops, by whatever names they may be called, are bogus and unfit for use, and only put up to sell and cheat the people on the credit and popularity of Hop Bitters.

THE FENCE QUESTION

SOLVED AT LAST!

THE undersigned beg leave to inform land owners and the public generally that they have bought the right to manufacture and sell the

"EMPIRE BARB WIRE FENCE,"

on this Peninsula, and they are now prepared to take orders for and put up the same in any part of the Peninsula. This fence is very extensively used in the West and Southwest by railroads, farmers and stock-growers, and always gives universal satisfaction, because it is the

Cheapest Fence

that can be made—the first cost being no more than white pine board, and it is good for 60 or 75 years. It is in no danger from fire—being composed entirely of

Iron and Steel.

Storms nor floods cannot affect it, as it presents so little surface to their force. It affords no shelter for noxious weeds and briars, and will save its cost in

TEN YEARS

in the extra amount of produce grown on the ground that would be taken up by a worm fence or osage hedge. It is a safe fence, there being no danger of

STOCK BEING IMPALED,

as they frequently are by sharp-ended rails, broken boards, leaning stakes, &c., and the barbs being so short that should they come in contact with our wire it will prick the skin and turn them back without injury. It is reliable, for eaching stock turned in a field enclosed with it will always be found there.

This fence is made of

Wrought Iron Posts,

with a spiral screw, (coated with a preparation to prevent rust,) by which they are screwed in the ground where they are anchored by 20 inch anchors; to the posts we attach steel barb wire, making an indestructible fence.

☞Orders for fence for fields, yards, gardens, cemeteries, private grave yards, or for other purposes, promptly attended to. We are prepared to put up or sell any wire barbed or plain fence in the market.
