American Union.

Thursday Morning, May 27. 1880.

We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

THE Orphans' Court of Caroline county will meet on Tuesday, 1st of June.

The Editor's Hash.

—Peas and strawberries are daily shipped from Crisfield.

—Who are the biggest blowers in town? Respectfully referred to the Denton Brass Band.

—Strawberries are selling in this market at 10 cents per quart. They are small and poorly flavored, caused by the dry weather.

—Jas. M. Vickers, son of the late Hon. Geo. Vickers, died in Chestertown last week of congestion of the brain. He was in the 51st year of his age.

—We have had a delightful rain, commencing on Saturday afternoon and continuing up to noon on Sunday. The long continued drought is at last broken.

—M. H. Gray has been elected President and Jas. E. Carroll, Secretary and Treasurer of the Greensborough Cemetary Association for the ensuing year.

—The strawberry crop throughout the Peninsula will be short and the quality of the berry poor the present season. The prevailing day weather is the cause.

—A gentleman near Pocomoke city last week lost a calf from the attack of buzzards. They picked out its eyes and otherwise so mutilated it that it was dead when found.

—The public schools of this place will hold a basket pic-nic in Hon. T. F. Garey's woods on Friday, 28th inst. A pleasant time is anticipated for all who may find it convenient to participate.

—Mrs. Adelaide Hammond, who was fatally burned in the Atlanta (Ga.) Opera House last week, was the daughter of Andrew Coe, who several years ago owned the Rich Neck farm, in Bay Hundred district, Talbot county, and resided there.

—The pronounced opinion of the ablest physicians all over the country indicates that Dr. Bull's Baby Syrup is the best remedy for all the sufferings of little children caused by Wind Colic, Dysentery, Diarrhœa or Summer Complaint. Price 25c.

—Mr. A. B. Roe has added a large addition to his canning house at Greensborough. In size, arrangement and convenience, it will now compare favorably with any other establishment on this shore. Mr. Roe expects to do an increased business the coming season.

—In the suit of Welde vs. Scarborough, from Cecil county, tried in Harford county court last week, a verdict for $4,000 plaintiff was awarded. The suit was brought to recover damages for injuries sustained by Welde in a fight that occurred between him and Scarborough in April, 1879.

—The re-dedication ceremonies of Harris' Chapel which was to have taken place on Sunday morning last was postponed on account of unfavorable weather. The re-dedication will take place on Sunday morning next, the sermon by Rev. J. E. Smith, will be delivered at 10 o'clock.

—Two patent medicine men from Baltimore landed in Cambridge last week. Either the boys or the mosquitoes worried them to such an extent that one of them was glad to leave by the first boat. The other was lodged in jail as a common nuisance, and sent back to his starting point.

—Hon. Lemuel Malone, editor and proprietor of the Salisbury *Advertiser*, will accept the nomination for Congress for this district if tendered him by the Congressional nominating convention. Bro. Malone is a clever gentleman and would wear Congressional honors with becoming modesty.

—Fountain & Longland, wholesale Commission Merchants and jobbers of fruit and produce, game, poultry, &c., advertise in another column their place of business No. 330, North Delaware Ave., Phila. Mr. Fountain is well known to most of our citizens and his business qualifications need no recommendation or endorsement.

—The jury in the case of Wesley Turpin for the murder of W. H. Farrington on trial at Salisbury, came into court on Saturday afternoon last with a verdict of murder in the second degree. The prisoners counsel moved for a new trial and the court fixed 7th of June as the time to hear the argument of counsel in support of their motion for a new trial.

—Sidney A. Shores, who married his stepdaughter, thirteen years of age, and was sentenced at the April term of Somerset county court to imprisonment in default of $500 fine, made his escape from Princess Anne jail, on Saturday, was gone two hours before the disappearance was discovered. His wereabouts had not been learned at last accounts.

—The Board of County Commissioners and the Orphans' Court were in session on Tuesday last and a number of people from all parts of the county were in attendance. It was account day and the road overseers and others having accounts against the county presented them that they may be included in the present year's levy. The Commissioners closed the levy list at their session on Tuesday.

—The steam saw mill of Josiah De Coursey, in Dorchester county, was destroyed by an accidental fire last Friday night, together with all its appurtenances. Loss $5,000; insured for $3,200. On Saturday a two-story dwelling in the same county, owned by Mr. Horsey, of Delaware, and occupied by Wm. A. Henry, took fire from the chimney, and was completely destroyed, with all furniture and clothing belonging to the family.

—A colony of Menonites are to settle somewhere on this Peninsula next fall. An agent is prospecting for a suitable tract of land on which to locate them. They are said to be farmers and fishermen and as we have just the land they need, cheap and located near the Choptank, in the lower portion of the county, we advise the agent to visit this section and they can be suited better than elsewhere.

—The peach crop will not be a failure after all. Reports from Kent county, Del., Kent and other counties in Maryland are to the effect that a full crop will be grown in those counties, while the crop in the lower counties though not an entire failure will produce a half crop. Some orchards will have little fruit. The fruit is said to be further advanced than usual at this season of the year.

—Fish Commissioner Hughlett has been experimenting in fish hatching on the Choptank, with very flattering results. He has succeeded in hatching some 900,000 herrings and 100,000 shad. He made an effort to hatch the rock fish, and partly succeeded, but, owing to the inexperience of the men handling the mother fish, failed; but Mr. Hughlett's confidence is not at all shaken in the success of their propagation.

—The freight house of the steamer Highland Light at Denton Bridge was entered on Sunday last and a demijohn of whiskey, belonging to one of our citizens, was captured and a part of its contents carried off. Several youths were seen in town on Sunday night in a state of intoxication and it is supposed that they were the parties who committed the act. The public would like to know if we have any public officers in this community. And if so, of what use are they?

—On the 14th instant a ten-year old daughter of Elijah Reed, near Crumpton, Queen Anne's county, was burned to death by her clothing taking fire. A silly act of her father's was the cause of the accident. He attempted to fill an oil lamp while it was burning, and called the girl to tell him when the lamp was full. While doing this the lamp exploded, and extending to the can, the blazing oil was scattered over both of them. Her sight was entirely destroyed, and she lingered in great agony for thirty-six hours. The father was also seriously burned.

—The Democratic managers, with their headquarters at Barnum's in Baltimore city, have made up their Congressional slate for the Eastern Shore. Chas. H. Gibson, of Easton, or George W. Covington, of Somerset, is to be the coming man. Other aspirants are to be pushed aside and the contest is between these two gentlemen. The decision will be made as to the claims of each as soon as it is ascertained which of the two will best serve the Ring. Mr. Dennis is to be entered as the opposing candidate.

—The Commentator advertised is a sun burst of light on Gods Word. It is written in the most simple, pleasing, affectionate and instructive manner. This is a new edition revised, improved and enlarged. With an introduction to the Old Testament, showing the purpose of the revealed Word; chapters on the Creative Work, a fuller expositions of the Prophecies, the Apocrypha, History of the Jewes, and a full description af Palestine; and much more including the biography of th Apostle John. Fully believing and hoping that it will bless all the families of our land with its pages, and prove the truth of David's declaration: "The entrance of thy Word giveth Light:" We are proud to offer it.

HATTIE L. N. PURTE.

An Important Decision.

During the progress of the Turpin-Farrington murder trial at Salisbury last week Judge Irving gave an important decision which is of more than usual interest. The wife of Turpin was called to the witness stand to testify for her husband. The decision in brief is that in civil cases the wife and husband may be witnesses for or against each other and in criminal cases the prisoner may testify for himself, but in a criminal case against the husband the wife is not competent to testify.

Census Enumerators.

Mr. J. A. Graham, Census Supervisor for this Shore, has appointed Jas. E. Carroll for the second district, Thos. C. West, for the third district, Chas. A. Dunning, for the sixth district, Curtis Davis for the fifth districts, as census enumerators. The appointments for the first and fourth districts we have not learned. They will enter upon the discharge of their duties on the first Monday in June and the work is to be completed on the first day of July.

Removal of a Valuable Citizen.

Mr. Jas. E. Carroll, principal of Greensborough Academy for a number of years past was last week elected principal of the public schools at Dover, Del. While we congratulate Mr. Carroll in his promotion to a field of greater usefulness, we regret losing so valuable and useful a citizen. Mr. Carroll is a native of this county, born near Federalsburg, and is a graduate of Washington College. His ability and qualifications as a preceptor are of the highest order, his moral character above reproach, and withal, an exemplary christian. His duties will begin at Dover after the close of the summer vacation. We wish him prosperity and happiness in his new field of labor.

Will be Heard To-Day.

The School Commissioners of this county, a short time ago made application to the County Commissioners for an additional levy over and above the 10 per cent. appropriated by law for public school purposes. The increased amount asked for was intended to run the school for four full quarters during the scholastic year.—With the funds heretofore furnished the schools have been run only three quarters, losing much valuable time which ought to be devoted to the instruction of the pupils of the schools.

This application for increased appropriation was met last week by a protest on the part of the tax payers, through their counsel, Mr. J. W. Bryant, and to-day has been set for a hearing of the case before the Commissioners at their office in this place. It is charged on the part of the tax payers that the school funds have been misapplied and diverted from the legitimate purposes for which they were intended. Counsel are employed on both sides, and the matter will be settled, we hope, satisfactory to all parties.

The Verdict in the Massey Suit.

For a week or more past an important suit has been pending in the United States Circuit Court in which the executors of Wm. B. Massey, dec'd, were plaintiffs and the Penn Mutual Life Insurance Company were defendants. On Monday morning the jury came into Court with a sealed verdict for $445.32 and costs, amounting to $1,253. A motion for a new trial was made by Mr. Poe for the company. It was stated the jury had nothing to do with finding the costs, the court fixing that. The suit was on a policy for $2,500 on the life of Wm. B. Massey, issued in November, 1877.—The defense was that there was misrepresentations as to the health of Massey; that he had had pneumonia and other diseases, which were not acknowledged in the answers to questions when he applied for the policy. There were two applications in evidence, one of which admitted the diseases, but the other, which did not admit them, it was contended by the Masseys, was a forgery, and was never signed by W. B. Massey. The counsel were George M. Russum and A. Stirling for the Masseys, and G. E. Massie and John P. Poe for the company. The court instructed the jury that plaintiff was entitled to recover if the company issued the policy, but not if it was issued on the faith of the answers in the application if the jury find that at the time or previously he had either pneumonia, piles, consumption or spitting of blood. Also, if the jury found that the name of W. B. Massey was forged and the application was spurious, and that the forgery was perpetrated by the special agent of the company, then the policy is void, unless they find that Massey adopted the application, and that the answers in it to the questions as to his health are true, but the plaintiffs could not recover if the answers were untrue. The amount found by the jury, it is stated, equals the amount of premiums that had been paid at the death of Mr. Massey.

—The advertisement of B. G. Stevens, Potters Landing, Md., was received too late for this issue, but will appear in our next.

Behind the Bars.

Last week our jail received as boarders until the October term of Court three prisoners.

The first was a former convict and a gradute of the penitentiary—Jake Babes, the despoiler of chicken houses and hen roosts. He has stolen at various times more than four times his own weight in poultry.

A colored boy named Lewes in the employ of Sheriff Sisk, one day last week crept into the millinery establishment of Mrs. Sisk on Front street and abstracted from her money drawer a $5 bill. The money was found on his person and he confessed his guilt. He was placed in jail and waits trial

On Saturday last Robt. D. Wilson, a colored man from Somerset county, a trader in old iron, bones, &c., was brought over from Baltimore where he had been arrested by the police charged with breaking into the store of Stevens & Nuttle at Andersontown some two weeks ago. He was tracked to Seaford, thence to Cambridge and finally was arrested in Baltimore. A portion of the stolen goods were found on his person and fully indntified.

The three parties are all colored, are candidates for the penitentiary and as the evidence is direct and positive against them there can be no doubt but that they will be sent across the Chesapeake to represent in the State's prison the criminal calander of this county.

For the Union.

Public Schools.

We as teachers of public schools in Caroline county being informed of false statements and misrepresentation, with reference to books and fuel, made by the President of the School Board to the Levy Court of said county on Tuesday, 11th inst., do hereby deny and pronounce as false and slanderous the statements as made, which are as follows: The reason, he says, that the receipts for books are no greater, is that the teachers have failed to pay for the books bought, and thus the county has had to lose them. How can this be when we have bought during a term the books needed, and at the end of the term have had deducted from our salaries the amount charged us for books which was never less than advertised prices.

Now we as teachers do affirm that this is not only the way business is transacted by the President of the Board, but by the other two members also; as we have had experience as teachers under all of them. If there is one teacher in Caroline county who has been made an exception to these rules, and has not been obliged to conform to them, we would be glad to hear from such a one at as early date as possible. The statement as made is as false as false can be—is not in degree less absurd.—With regard to the fuel be stated to the Court also that the reason the fuel bills are so enormous is that the same account for wood from different schools has been presented more than once—once by the teacher, and again by the party furnishing the wood.

Now *this* statement is just as false as the *book* statement and is not less opposed to manifest truth and the plain dictates of common sense. To say nothing *about* what we *know* about the matter, we would suggest at least that men who would *thus* transact business for the County and State, are men totally unfit for the office of school commissioners, or any other office of public trust. As we did not intend to take up much space, with what we had to say, and to make a *long* story *short* we would challenge a refutation by actual proof, of *either* or *any* of the above statement. We subscribe ourselves as TEACHERS.

Baby Prizes, $600.

An eminent banker's wife of——N. Y., has induced the proprietors of that great medicine, Hop Bitters, to offer $600 in prizes to the youngest child that says Hop Bitters plainly in any language, between May 1, 1880, and July 4, 1881, This is a liberal and interesting offer, and everybody and his wife should send two cent stamp to the Hop Bitters Mfg. Co., N. Y., U. S. A., for circular, giving full particulars, and begin at once to teach the children to say Hop Bitters and secure the prize.

Unquestionable.

The *Herald*, Detroit, Mich., says of Warner's safe Liver and Kidney Cure: "Its efficacy in kidney, liver, and urinary disease is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."

All Indorse It.

The *Recorder*, Americus, Ga., says:—"Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's disease of the Kidneys and for Diabetes; these are respectively known as Warner's Safe Kidney and Liver Cure and Warner's Safe Diabetes Cure." [may13 3m.

Marriages.

COHEE—WOOTERS.—At the residence of the bride's parents, on the 13th inst., by Rev. Jas. H. Rich, MR. MAJOR T. COHEE, of Delaware, to MISS JENNIE WOOTERS, of Caroline county.

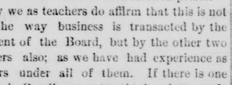

JESTER—LEGATES.—On the 19th inst., in Bethlehem, by Rev. D. R. Wright, MR. ELIJAH M. JESTER and MISS JULIA ANN LEGATES, all of this county.

Deaths.

HANCOCK.—In Miles River Neck, Talbot county, May 11th, 1880, JOHN HANCOCK, in the 53d year of his age.

Chester River Steamboat Company.

1847. OLD AND TRIED. 1880.

THE KENT COUNTY

MUTUAL INSURANCE CO.,

Dover, Del.

Furnishes Indemnity Against Loss by Fire

by its policies insuring Buildings, Furniture, Merchandise, Grain and other contents, Live Stock, and other insurable property, also covering Buildings during erection.

ANNUAL PAYMENTS OF PREMIUMS

are made in advance to pay the losses and expenses of each year, but such payments do not indicate the actual cost of insurance, as the large dividends paid attest, amounting to over $105,000 00, and yet leaving to the credit of its members over $96,000 00.

The Strictest Mutuality

is observed throughout, every member while having the advantages arising from a large Mutual Association is still dealt with in an individual capacity, and at the close of each year the balance due each is shown on our books.

THE LOSSES AND EXPENSES

are borne alike by each member, as in proportion to their payment of interest or premium they are charged with their respective share of the Losses and expenses, and the premium unused is strictly regarded as that of the member and is held to his credit, out of which has arisen the enormous dividends paid by the Company.

At Close of Membership

or at any time within one year therefrom, the member has only to make application for a settlement and whatever remains is paid back to him, without in any way affecting the interest of the remaining members, as he simply takes out that which is his.

Statements or any further information will be furnished on application to the Company or to the following agents:

James M. Vandyke,	Chestertown, Kent County.

THE FENCE QUESTION SOLVED AT LAST!

THE undersigned beg leave to inform land owners and the public generally that they have bought the right to manufacture and sell the

"EMPIRE BARB WIRE FENCE,"

on this Peninsula, and they are now prepared to take orders for and put up the same in any part of the Peninsula. This fence is very extensively used in the West and Southwest by railroads, farmers and stock-growers, and always gives universal satisfaction, because it is the

Cheapest Fence

that can be made—the first cost being no more than white pine board, and it is good for 60 or 75 years. It is in no danger from fire—being composed entirely of

Iron and Steel.

Storms nor floods cannot affect it, as it presents so little surface to their force. It affords no shelter for noxious weeds and briars, and will save its cost in

TEN YEARS

in the extra amount of produce grown on the ground that would be taken up by a worm fence or osage hedge. It is a SAFE fence, there being no danger of

STOCK BEING IMPALED,

as they frequently are by sharp-ended rails, broken boards, leaning stakes, &c., and the barbs being so short that should they come in contact with our wire it will prick the skin and turn them back without injury. It is reliable, breachy ing stock turned in a field enclosed with it will always be found there.

This fence is made of

Wrought Iron Posts,

with a spiral screw, (coated with a preparation to prevent rust,) by which they are screwed in the ground where they are anchored by 20 inch anchors; to the posts we attach steel barb wire, making an indestructible fence.

Orders for fence for fields, yards, gardens, cemeteries, private grave yards, or for other purposes, promptly attended to. We are prepared to put up or sell any wire barbed or plain fence in the market.

FOR SALE.

A VALUABLE STEAM SAW MILL

HAVING a custom trade of 300,000 feet per year. Is located at Denton Bridge, on navigable water, convenient for shipping lumber or rafting logs. The engine is a Stationary

25 Horse-Power,

with Return Tubular Boiler of ample capacity, has all the modern safety appliances, and will stand a steam pressure of 150 pounds to the square inch. The mill is an iron-frame, large Double Circular Saw Mill, with Carriage 40 feet long, 4 headblocks. There is also Saw-tables and a variety of saws for different purposes.

The whole is in first-class order, and would make a valuable attachment for a

Grist Mill

to parties whose streams fail in Summer, as it uses fuel very economically and has ample power to run two or three sett of burrs.

Will be sold at private sale very low and on very easy terms.

For further information apply to ROBERT R. EMERSON, or WM. R. EMERSON, may13-tf. Denton, Md.
