Who has had greater experience in the treatment of the sexual troubles of both male and female than any physician in the West, gives the results of his long and successful practice in his two new works, just published, entitled

The PHYSIOLOGY of MARRIAGE
The PRIVATE MEDICAL ADVISER

Books that are really Guide- and Self-Instructors in all matters pertaining to Manhood and Womanhood, and supply a want long felt. They are beautifully illustrated, and in plain language, easily understood. The two books embrace 240 pages, and contain valuable information for both married and single, with all the recent improvements in medical treatment

Here, what our home papers say: "The knowledge imparted in Dr. Butts' new works is in no way of questionable character, but is something that every one should know. No health, the victim of early indiscretions; the Man, otherwise perfectly healthy maybe, but with wanting vigor in the prime of life, and the Woman, in misery from the many ills her sex is heir to, should be without Dr. Butts' works."—St. Louis Journal.
