American Union.

Thursday Morning, June 3, 1880.

We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

THE Orphans' Court of Caroline county will meet on Tuesday, 15th of June.

The Editor's Hash.

—A Cecil county man has rye 7½ feet high.

—Sunday School pic nics are now in order.

—Business is brisk in the Cambridge ship yards.

—Five artesian wells have been sunk in Cambridge.

—Delaware as was expected instructs for Bayard,

—The cherry crop is said to be excellent this year.

—The strawberry crop has been cut short by the drought this season.

—Our county Commissioners closed the annual levy on Tuesday last.

—It is thought the wheat crop will not be an average one this year.

—Nicholas Wright has been elected a director of the D. & D. rail road.

—Strawberries are selling in this market as low as six cents per quart.

—The M. E. Festival at Cambridge last week amount to between $300 and $400.

—The public schools of Wicomico closed on Friday of last week for the summer vacation.

—Thos. W. Perry has been elected school examiner of the Wicomico county School Board.

—It is reported that a portion of Sussex county will have fully an average yield of peaches.

—There has been a heavy decline in nails. See advertisement of B. G. Stevens in another column.

—A M. E. Sunday School excursion from Cambridge to Annapolis is to come off the 10th of June.

—The public schools of this county will close for the present scholastic year (to-morrow) June 4th.

—A Still Pond correspondent of the Kent *News* says that there is a great deal of sickness in that section.

—Dr. Wm. T. Smith, one of the most popular and successful physicians of Salisbury, Md., died last Thursday.

—The late grand jury of Dorchester county found fifty-five indictments for violations of the local option law.

—Georgetown and the surrounding country is somwhat excited over the celebration of the coming fourth of July.

—Harris' Chapel, (Rev. J. E. Smith officiating) was rededicated and re opened to public worship on Sunday last.

—The Junction & Breakwater road is moving a considerable quantity of strawberries now, mainly to New York.

—John F. L. Wrightson has sold his farm in Bay Hundred district, Talbot county, to Joseph S. Harris for $5,000.

—And now peach growers are complaining of the crop falling off. But a short time ago they were all killed by the frost.

—The republicans of New Castle county, Del., have nominated Philip R. Clark for sheriff and Rayworth Weldin for coroner.

—Many Delaware farmers have replanted their corn crop, the first planting having failed to germinate on account of dry weather.

—The Salisbury *Advertiser* says that owing to the late dry weather, not more than half a crop of strawberries will be gathered in that vicinity.

—The steam elevator of the Cambridge Manufacturing Company will have storage room for 20,000 bushels of grain and 1,000 barrels of floor.

—If any trouble is attendant upon the Baby's teething, don't hesitate to use Dr. Bull's Baby Syrup. It is invaluable. Price 25 cents a bottle.

—Several of our farmers will commence the cutting of their wheat crop to-morrow. One farmer in Tuckahoe Neck cut a small lot on Monday last.

—The grand jury of Worcester county last week found a true bill against Ex-Senator Aydelotte for an indecent assault on Mrs. Polk, of Pocomoke City.

—Benjamin N. Wright, of Queen Anne's, has been appointed clerk in the Comptroller's office, vice Charles E. Cockey, resigned on account of ill health.

—Rev. George R. Bristor, formerly of Cecil county, has been forced, on account of ill health, to resign the pastorate of the Ames M. E. Church, New Orleans.

—The stewards and official members of the M. E. Church for Denton circuit are requested to meet at the M. E. Church in Denton on Tuesday next 8th of June.

—Rev. Wm. P. Davis of the Dover M. E. Church has been granted three month leave of absence. In company with several other eminent gentlemen he will visit Egypt and Palestine.

—Mrs. S. E. Tarbutton, at Henderson, has a full line of millinery on hand suitable for this season, which she is selling at the lowest possible rates. Give her a call and examine her stock.

—Do you want to make a safe and sure investment of your means purchase the steam saw mill at Denton Bridge, advertised in our columns. Call on or address Capt. R. R. Emerson.

—A cooler wave has rolled down upon us and now sweltering humanity breaths freer than when the mercury was sporting way up among the nineties and trying to free itself from its glass prison house.

—The Chesapeake and Delaware rail road opened communication with Oxford on Monday last. The cars run regularly every day from Oxford to Clayton, the whole line of the route being now in full operation.

—Rev. R. W. Todd, Presiding Elder for Dover District, and Rev. C. W. Prettyman have leased the Rehoboth Camp grounds for forty days. The camp will begin July 1st and continue until the first of August.

—The Democratic County Convention which assembled in this place on Tuesday last selected the following gentlemen as delegates to the State Convention which assembles in Baltimore on the 9th of June, inst. Jos. George, John F. Dawson, Geo. M. Russum, Thomas F. Cox, Daniel Fields and Jas. W. Holt.

—Rev. Mr. Milnor of this place is about to remove to Milford, Del. He will deliver his first sermon and administer the sacrament on Sunday next at the Episcopal Church in Milford. He has resided with us but a few months and his relations as minister and pastor in this community have been exmplary and blameless.

—The census enumerators for this county have all been appointed and entered upon the discharge of their duty on Tuesday last. The full list are as follows: First district, W. W. Hynson. Second district, Jas. E. Carroll. Third district, Thos. C. West. Fourth district, Wm. F. Sard. Fifth district, Curtis Davis. Sixth district, Chas. A. Dunning.

—Wheat harvest is only about two weeks in the distance and our farmers are already making preparations for the harvesting of this crop. Labor is being engaged, reapers and binders are being purchased and put in place and soon the team will be driven afield and the golden sheaves bound into bundles will be secured from the storm and reserved for the threshing floor.

—A request from Preston to give notice to the soldiers and sailors of the late war of Decoration Day and a similar request to publish notice of M. E. Church Festival at Hillsborough, were received too late for our last issue. All articles intended for the UNION ought to be received at this office not later than Tuesday evening, and then they will receive prompt attention.

—A little colored girl living in the family of Mr. Chas. P. Jump, next door to the UNION office, came near loosing her life on Tuesday morning last. She was kindling a fire in the kitchen stove when her clothes took fire. Her screams brought Mrs. Jump to her rescue and by wrapping her in blankets the flames were extinguished. The girls life was saved, and Mr. and Mrs. Jump received slight injuries.

—The Democrats of this district had a warm contest on Saturday last. Farmers "saddled the old mare and came down to the village" to look at Caroline politicians "roasting their own chestnuts." They put the thing through at a "double quick," squelched old "Jones" by voting him a political "dead beat" and fixed up the job to suit their own ideas of the fitness of things. They "lost a half a day" this time to some purpose and "bottled up" somebody.

—Thirteen or fourteen names are mentioned in this district on the Democratic side of politics for a set in Congress. Chas. H. Gibson, of Talbot, and G. W. Covington, of Worcester, are said to be the choice of the leaders of that party and there can be little doubt that one of these gentlemen will receive the nomination. Jas. U. Dennis, of Somerset, and J. B. Brown, of Queen Anne's, are also spoken of, but the prospect is that they will come out hindmost in the race.

—The Sussex *Journal*, a Democratic newspaper published at Georgetown, Del., is a little ahead of the times and fully abreast of the politics of the day. It has two editors, represents both political parties, if not through its columns at least in the editorial sanctum. How would it do to devote one side of the sheet to Democratic and the other to Republican politics? In this way they could receive the support of both parties and rope in the *'dingbats.'* Another advantage to accrue from the publication of this double turretedmonitor would be—a Democratic *"whopper"* told on one side could be shown up and and exposed on the opposite side of the sheet. Then falsehood, which travels with the fleetness of the wind, could not get the start while truth was pulling on her boots. We advise that each one represent their political faith like men—run the machine for both parties—and as there is but little that divides the two parties—office being the great incentive to action, they could represent each party in this matter as well as in running a newspaper.

Doings of the Army Worm.

Portions of Kent county, Del., is infested with the army worm. The State *Sentinel* says: The farm upon which Mr. Wm. P. Seward resides is literally lined with them. He has ditched around his corn field, and the trenches are filled with the worm; while his wheat fields contain at least two worms for every stalk of wheat. One of his fields is literally eaten up now, and if the worms hold on two days longer it will not be worth cutting. Mr. Seward has 135 acres in wheat, and one week ago his prospect for 3,000 bushels was excellent; now all is changed. What he will reap will depend upon how long the worms last. Usually they do not make their appearance till just before harvest, when the wheat has hardened; now it is in a milky state, and they consume it very fast. Mr. Thos. W. Wilson is suffering just as badly from them, as are many other farmers. They have reached farms in the vicinity of Dover, and the wheat crop of Kent county will depend on the length of time the worms continue their ravages, as we hear that they are in every Neck in the county. Mr. Charles Vaughn, on H. McColly's farm, had 6 acres of corn eaten up by them in one night. Mr. Vaughn has been compelled to ditch around his whole farm to save his corn.

Peninsula Rail Roads.

The Junction and Breakwater Rail Road are pushing their interests to a wider field of usefulness and at a recent meeting discussed the propriety of extending their line to Baltimore by way of Harrington and Queenstown, thus opening up direct communication between New York and Baltimore. The Georgetown *Inquirer* speaking of the recent meeting of rail road men held at that place says: Another important fact noticeable in the proceedings of the latter road is the action taken by its stockholders authorizing the buying or leasing of the Queenstown road, which will give us by way of Harrington an almost bee line route to Baltimore, and open up to our farmers another good market for their produce. It is said that this project is not only well thought of by the O. D. S. S. Co. but that there are capitalists in Baltimore and beyond who urge it because it will at least give a cheaper transportation of freight from the latter city to New York than the rails of the Philadelphia, Wilmington & Baltimore and Pennsylvania Central through Jersey can afford. If this movement means the establishment of a through route from Baltimore to New York over the line of the J. & B. road then we say, God bless it and them who prosper it. But the most important subject under consideration among our railroad men is the consolidatian of the three roads so as to have one management over the entire route from Franklin opposite Chincoteagu Island, to Georgetown, and thence branching to Lewes and to Harrington, and, as we hope, at no distant day, on to Queenstown in Maryland. This consolidation question we deem most important to our local railroad interests because it will gather into one hand all the strength and energy of the three companies, to be aided and augmented by the stronger arm of the O. D. S. S. Co. It must be to the advantage of our shippers as well as the travelling community, and hence we hope it will be consummated.

Baby Prizes, $600.

An eminent banker's wife of ——— N. Y., has induced the proprietors of that great medicine, Hop Bitters, to offer $600 in prizes to the youngest child that says Hop Bitters plainly in any language, between May 1, 1880, and July 4, 1881, This is a liberal and interesting offer, and everybody and his wife should send two cent stamp to the Hop Bitters Mfg. Co., N. Y., U. S. A., for circular, giving full particulars, and begin at once to teach the children to say Hop Bitters and secure the prize.

The Tax Payers vs. the School Board.

Two weeks or more ago the School Commissioners of this county asked of the County Commissioners a levy upon the assessable property of this county of $7,000 for public school purposes. A number of persons believing that the school funds had not been judiciously managed, through their counsel, Mr. J. W. Bryant, entered a protest against levying a larger sum than 10 cents in the one hundred dollars, the amount fixed by law. Mr. Bryant appeared before the Commissioners at a regular meeting of the Board and presented the following protest:

To the Honorable Board of County Com'rs.

The undersigned, in behalf of the tax payers for Caroline county, respectfully protest against the appropriation of public money for school purposes for the year 1880.

J. W. BRYANT, Att'y.
for JAMES H. HOLMES,
EDWARD T. MOORE,
AND OTHER TAX PAYERS.

After receiving the above protest the County Commissioners set apart last Thursday as a day to hear the complaint of the tax payers, and to take action. The Board met at the Court House, and with open doors, admitted the public as spectators. The case was opened by J. W. Bryant, counsel for the tax payers, Geo. M. Russum and P. W. Downes, counsel for the School Board. After argument by counsel on both sides, Mr. J. W. Bryant submitted the following for the decision of the Commissioners:

1st. Have the County Commissioners the authority to say whether they can investigate the propriety of levying upon the tax payers a sum of money in addition to the sum of 10 cents on on the hundred dollars?

2nd. Will or not the Commissioners of Caroline county refuse to levy an additional sum of ten cents on the hundred dollars, upon the assessable property to said county, until the school commissioners of said county shall show to said county commissioners that such additional levy is required?

3rd. That the county commissioners will not sanction and approve said additional appropriation until the treasury accounts of said school board are exhibited to said county commissioners upon the application of respectable tax payers of said county.

The Commissioners after consultation decided that they would hear complaints and protests of tax payers as to whether there is sufficient public funds in hand that ought to be appropriated toward conducting the public schools of the county for the ensuing year, provided the protestors shall reduce to writing the charges against the board of school commissioners or either of them. But that they will not refuse to levy more to carry on the public schools for the present year, for the reason that they do not feel justified in so doing because they consider that if the school board has any money in hand, the same cannot be collected except through the courts. And they further decided not to pay any costs of any such investigation.

After the decision of the County Commissioners was presented, Mr. Bryant, counsel for the tax payers, presented the following paper, and thus closed the case so far as the action of the Commissioners is concerned:

To the County Commissioners for Caroline county:

The uudersigned are unwilling to pay costs of these witnesses attending the inquiry of the merits of the protest against the further appropriation of the public money to carry on the public schools for next school year, *unless* the County Commissioners shall decide that said protest is uncalled for, and should not have been made.

J. W. BRYANT, Att'y.
for JAMES H. HOLMES,
AND OTHER TAX PAYERS
of Caroline county.

For further proceedings in this case, we refer our readers to the call for a tax payers' convention in another column, to be held at the Court House in Denton on the 15th of the present month.

Chesapeake Bay Rail Road.

The Junction and Breakwates Railroad Company held its annual meeting at Georgetown on Thursday. The president and directors were instructed to purchase the Delaware and Chesapeake Bay Railroad, which is to be built between Harrington, Del., and Kent Island, Md. The company considers the possession of such a railroad as highly advantageous and beneficial, and its intentions are to purchase the road as far as it is laid. This road is the channel through which almost the entire trade of the southern peninsula is attracted to New York.

For the Union.

May Celebration.

The May celebration of Harmony school held in the grove at that place on Friday afternoon, 28th inst., passed off very pleasantly. It was well attended by both parents and friends of that as well as those of other neighborhoods, who came out to witness the performance and participate in its amusements. Mr. Chas. and J. R. McNash brought out their fife and drum and very kindly assisted us with music for the occasion, thus brightening up the countenance of the little ones as well as that of older persons present, making them think of the 4th of July celebrations held in the same grove years previous. The programme for the afternoon was made up of speeches, dialogues, and singing from the children of the school with alternate music from the fife and drum, closing with a May-day performance on the stage.—Miss Martha Towers was elected Queen for the day by the school after which the young attendants engaged themselves by playing croquet, swinging, and other amusements. We tender our thanks to the ladies who furnished flowers for the occasion. TEACHER.

All Indorse It.

The *Recorder*, Americus, Ga., says:—"Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's disease of the Kidneys and for Diabetes; these are respectively known as Warner's Safe Kidney and Liver Cure and Warner's Safe Diabetes Cure." [may13 3m.

Unquestionable.

The *Herald*, Detroit, Mich., says of Warner's safe Liver and Kidney Cure: "Its efficacy in kidney, liver, and urinary disease is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."

Deaths.

FOUNTAIN.—In this town on Monday afternoon last, after a lingering illness, JAMES A. FOUNTAIN, only son of Jno. R. Fountain, aged 33 years and 3 days. He was for eight months a great sufferer from disease, but several weeks before his death professed conversion and a saving faith in Christ. He expressed himself on various occasions as ready and willing to depart and be at rest.

A NEW ARTICLE OF LAMP WICK just received and for sale by
H. BLACKISTON & SON.

THOMPSON & KERSEY,

EASTON, MARYLAND.

CANE SEAT CHAIRS $5 per set at
B. G. STEVENS.

1847. OLD AND TRIED. 1880.

THE KENT COUNTY

MUTUAL INSURANCE CO.,

Dover, Del.

Furnishes Indemnity Against Loss by Fire

by its policies insuring Buildings, Furniture, Merchandise, Grain and other contents, Live Stock, and other insurable property, also covering Buildings during erection.

ANNUAL PAYMENTS OF PREMIUMS

are made in advance to pay the losses and expenses of each year, but such payments do not indicate the actual cost of insurance, as the large dividends paid attest, amounting to over $105,000 00, and yet leaving to the credit of its members over $96,000.00.

The Strictest Mutuality

is observed throughout, every member while having the advantages arising from a large Mutual Association is still dealt with in an individual capacity, and at the close of each year the balance due each is shown on our books.

THE LOSSES AND EXPENSES

are borne alike by each member, as in proportion to their payment of interest or premium they are charged with their respective share of the Losses and expenses, and the premium unused is strictly regarded as that of the member and is held to his credit, out of which has arisen the enormous dividends paid by the Company.

At Close of Membership

or at any time within one year therefrom, the member has only to make application for a settlement and whatever remains is paid back to him, without in any way affecting the interest of the remaining members, as he simply takes out that which is his.

Statements or any further information will be furnished on application to the Company or to the following agents:

THE FENCE QUESTION

SOLVED AT LAST!

THE undersigned beg leave to inform land owners and the public generally that they have bought the right to manufacture and sell the

"EMPIRE BARB WIRE FENCE,"

on this Peninsula, and they are now prepared to take orders for and put up the same in any part of the Peninsula. This fence is very extensively used in the West and Southwest by railroads, farmers and stock-growers, and always gives universal satisfaction, because it is the

Cheapest Fence

that can be made—the first cost being no more than white pine board, and it is good for 60 or 75 years. It is in no danger from fire—being composed entirely of

Iron and Steel.

Storms nor floods cannot affect it, as it presents so little surface to their force. It affords no shelter for noxious weeds and briars, and will save its cost in

TEN YEARS

in the extra amount of produce grown on the ground that would be taken up by a worm fence or osage hedge. It is a SAFE fence, there being no danger of

STOCK BEING IMPALED,

as they frequently are by sharp-ended rails, broken boards, leaning stakes, &c., and the barbs being so short that should they come in contact with our wire it will prick the skin and turn them back without injury. It is reliable, breachy ing stock turned in a field enclosed with it will always be found there.

This fence is made of

Wrought Iron Posts,

with a spiral screw, (coated with a preparation to prevent rust,) by which they are screwed in the ground where they are anchored by 20 inch anchors; to the posts we attach steel barb wire, making an indestructible fence.

Orders for fence for fields, yards, gardens, cemeteries, private grave yards, or for other purposes, promptly attended to. We are prepared to put up or sell any wire barbed or plain fence in the market.
