American Union.

Thursday Morning, June 10, 1880.

We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

THE Orphans' Court of Caroline county will meet on Tuesday, 15th of June.

The Editor's Hash.

—Low shoes and fancy stockings are all the rage.

—Camp Meeting to be held at Oakland will commence 23th of July.

—Mr. Sigler, at Ridgely lost a valuable horse on Saturday worth $250.

—The Peninsula Convention of Methodists will meet in Dover the 15th of June.

—Mr. Edwin R. Cochran has been appointed Clerk of the Peace for New Castle Co., Del.

—The Denton Delegate to the Democratic State Convention favor the nomination of Senator Bayard, for President.

—Camden Camp will begin on July 21st. The drawing for tents will take place on the ground next Wednesday, 10th inst.

—The young man who wants to get up with the sun must not sit up to late with the daughter.

—The cars of the Delaware & Chesapeake railroad commenced running to and from Oxford on Monday last.

—A little son of Mr. Torbert, of the Elkton *Whig*, fell into a well 27 feet deep on Thursday, but was rescued unhurt.

—Francis Barnes, a trucker of Green Hill, Somerset county, shipped over 8000 quarts of strawberries daily, during the past week.

—James Soloway, of Milford, offers to walk any pedestrian on the Peninsula for a price of from $100 to $500 a side.

—CORRECTION.—The Orphans Court will sit on the 22nd day of June, instead of the 15th inst, as announced in our last issue.

—A trim little schooner yacht the Wish-ton-Wish having on board a party of ladies and gentlemen from Baltimore, has been at Salisbury several days.

—Gov. Hamilton has appointed James M. Lowe, Esq., a member of the legislature from Talbot county, aid on his staff, with the rank of colonel.

—Mr. W. H. Lowe, of Greensboro, has been appointed inner guard at the House of Correction. Mr. Lowe will no doubt make an efficient officer.

—There is to be a camp meeting at the old Wye camp ground, in Queen Anne's county, to commence on the 4th and end on the 13th of August.

—Col. Wm. J. Aydelotte, of Worcester county, charged with an improper assault on Mrs. Polk, after a trial of several days, was acquitted on Thursday.

—A negro boy who was kicked by a horse at Pocomoke City, last week, had his skull fractured and the brains oozed out. Strange to say he is recovering rapidly.

—The proprietor of the "Ocean House" at Ocean City is about to introduce a novel feature in seaside resorts. He is erecting a skating rink for the use of his guests.

—Two more mules met their match, on Friday evening of last week. They were the property of one Mr. Parrott, of Queen Anne's county, and were killed by lightning.

—The strawberry crop is over. It has been a poor one, owing to the drought at the beginning of the season. Prices have been good but the quantity was small.

—The public schools in this county closed on Friday last, the end of the third school term. They have been continued nearly a month longer than last year.

—The district conference of the M. E. Church, South, will meet in Salisbury, beginning July 2d. Bishop Wightman, of Charleston, South Carolina, will preside.

—A drum fish, weighing fifty-four pounds, was caught on Wednesday night in a drift net near Port Deposit. It was the first ever known to be caught in that part of the Susquehanna.

—Rev. Z. Bowen, who performed the rite which made Sidney and Ella Shores 'one flesh,' has had his license as a local preacher taken away from him by the Quarterly Conference.

—It is said that Dr. J. H. Frazer will issue a new weekly paper at Elkton, beginning with September 1st. The new paper will be called *The Cecil County News*. It will appear on Wednesdays.

—Joel Prettyman, father of Dr. J. S. Prettyman, and grandfather of H. H. Prettyman, one of the editors of the Milford *News*, died at his home in South Milford about a week since, aged 81 years.

—Our farmers are now in the midst of harvest, a number having commenced cutting on Saturday last. The crop is above the average. The head is well filled and the grain of excellent quality.

—Have you ever tried J. M. Laroque's Anti-Bilious Bitters? If not, why not? They are unfailing. Sold by all druggist at 25c. a package, or $1 per bottle. Manufactured by W. E. Thornton, Baltimore Md.

—A colored woman in Seaford, Del., last week, put hot ashes in a hen's nest to kill the lice, and it took the combined action of all the neighbors to save the town from a conflagration.

—The poetry of Babyhood is turned into the blankest kind of prose when one has to walk the floor all night to the ceaseless music of a colic-suffering baby. Dr. Bull's Baby Syrup prevents all such scenes and troubles by its unfailing influence.

—The sword of Captain Lowery, of Company H, Fifth Maryland Regiment, will shortly be presented to Creswell Post, and also the flag of the Sixth Maryland, which was originally given to the regiment by the ladies of Cecil;

—Thomas M. Henan, a stencil cutter, with troubles that drove him to drink, has been fined for drunkeness at Elkton. He had so much money and dispensed it so liberally that it was suspected that he had come by it dishonestly, and he was detained until he proved by his references that it was honestly earned.

—A beautiful tribute to the memory of the Rev. Wm. Fulton, D. D., has been erected in the Parsons' Cemetery attached to St. Peter's Protestant Episcopal Church in Salisbury. It is a gothic tablet of the finest Vermont marble, stand eight feet high, and records the services of the deceased, for twenty years pastor of the church.

—The enumerators of the census all over the land are now busy preparing statistics. Mr. T. C. West has completed Denton. The entire population of the town numbers 470. Mr. J. E. Carroll completed his list for Greensboro' last week. The total population of that town is reported at 680. The population of both these towns have not increased in the last decade.

—Mrs. Elizabeth Thompson, a very old lady living near Cayot's Corner, Cecil county, is enjoying good health, notwithstanding she is 93 years of age and is the mother of eleven children, seven of whom are grown men. She has twenty-seven grandchildren and four great grandchildren. Two years ago she was entirely blind, but is now restored to perfect sight.

—Messrs. J. T. & E. J. Kenney, of Philadelphia, received from the south their first consignment of peaches for this season on Saturday the 5th inst. This is about ten days later than their first receipts of last year. The fruit was about the size of Hales early, in good condition and had much better color than Hales. There were three boxes in the shipment, and the price obtained for them was equivalent to $12.00 per box for the ordinary size, used in shipping from Maryland and Delaware.

—The Dover *Sentinel* says: "The heavy rain on Tuesday night, followed by the sudden change in the temperature, has been a little too much for the army worm. There is still a large number left, but they can do no damage now, the wheat being too far advanced for them to injure it. The corn fields have not suffered much from their depredations, as the farmers, by persistent trenching, have kept most of them out. Some farmers have lost a few acres, but not enough to seriously injure them, as corn can yet be planted and a crop raised.

—Mr. James Stump, who escaped from Talbot after giving bail for his appearance to answer to five indictments for selling liquor contrary to the local option law, was arrested by Constable Wm. Grace on Friday last, and brought back to Easton and lodged in jail on Saturday morning. Mr. Grace went to Baltimore on Wednesday night and soon got track of his game, finding that he had gone to Virginia and was expected to return in a few days. Mr. Grace attended to the steamboat wharf where he was expected, and on Friday morning at 4 o'clock he saw Stump and arrested him, and brought him back to Talbot and lodged him in Easton jail.

—"*It is reported*" is often more damaging than the lie direct. The Denton *Journal* of last week resorted to this method when it stated, "*it is reported* that the editor of the UNION has abandoned further adventure in the daily newspaper project in Wilmington." The report started alone and entirely in the *Journal* office and is purely a *Melvinism*. Though George may never have owned "a little hatchett or a cherry tree," he is given to stretching the truth to such unusual proportions, that were such an accomplishment necessary to success, a Webster, a Calhoun or a Clay would be mere pigmies in intellect, brass and impudence, compared to the self conceited buffoon.

An Exhibit of the School Fund.

The following tabulated statement was furnished us by the Att'y. for the Tax Payers, and was made up from the Report of Commissioners to State Superintendent of Public Instruction.

Salt as a Great Remedy.

In many cases of disordered stomach, a teaspoonful of salt is a certain cure. In the violent internal aching, termed colic, add a teaspoonful of salt to a pint of cold water, drink it and go to bed; it is one of the speediest and best remedies known. The same will revive a person who seems almost dead from receiving a fall, etc. In an apoplectic fit, no time should be lost in pouring down salt water, if sufficient sensibility remains to allow of swallowing it; if not, the head must be sponged with cold water until the senses return, when salt will completely restore the patient from his lethargy. In a fit, the feet should be placed in warm water with mustard added and legs briskly rubbed, all bandages removed from the neck, and a cool apartment procured if possible. In many cases of bleeding at the lungs, when other remedies failed, Dr. Rush found that two teaspoonfuls of salt completely stayed the blood. In the case of a bite of a mad dog, wash the part with a strong brine for an hour; then bind on some salt with a rag. In tooth ache, warm salt water held to the part and renewed two or three times will relieve in most cases. If the teeth be covered with tartar, wash twice a day with salt and water. In swelled neck, wash the part with brine, and dring twice a day also, until cured. Salt will expel worms, if used in food in a moderate degree, and aid digestion, but salt meat is injurious if used too much.

A Disbolical Outrage.

On Friday evening of last week, some fiend in human form placed a large, new, white oak sleeper in the cattle guard at the Blue Ball crossing, a short distance below the Elkton depot, with the intention of throwing the 9 o'clock train off the track. Fortunately the diabolical work was done in such a bungling manner that when the cow-catcher of the engine struck the sleeper it forced it from the hole and carried it some distance along the track, where it was dropped between the rails, the train passing over it without injury. Some years ago, several attempts were made near this point to throw trains from the track by placing obstructions on it, none of which, however, were successful. It would be well for those who engage in this fiendish business to remember that the penalty for placing obstructions on railroad tracks in this State is not less than two nor more than ten years in the penitentiary. If any one is killed in this manner the party convicted of causing their death shall be considered guilty of murder and be punished accordingly. *Cicil Wig*

Deaths.

JEWELL.—At his residence in Tuckahoe Neck, on Monday last, LUTHER W. JEWELL, aged 62 years.

DUNNING.—In Wilmington on June 7th, 1880, DR. E. T. DUNNING.

For the Union.

A Modern Examination.

Examiner. Sir, you have made application to be admitted to the bar, before admitting you to the rights and privileges of an Attorney at Law, it is necessary that you answer a few questions. Now what are the first principles of a case to be submitted to the court?

Applicant. Law and facts.

Exam. Correct. Now how are you to apply these two principles to a case?

Ap. If the parties be the prosecutors, then bring all the law and facts of the case to the front, by your bearing, impress the minds of the jury with the idea that this is a sure thing, that all is plain sailing, and no amount of objections can break the weight of the testimony offered or about to be offered.

Exam. Correct. But how about the defense?

Ap. Well, Sir, in the case of being for the defense, you must hamper all the facts of law, hunt up all the technical disquisitions that the the law books contain, read only such portions to the jury as will probably cast a shade of doubt upon the clearness of the law. This will help confuse the minds of the jury, and if sufficiently shrewd, you can, on cross examination, elucidate testimony which may help mystify the facts and be applicable in law.

Exam. Well considered. But suppose the drift of the law be against you?

Ap. Then hamper the law by a robe of specious pleading, by forcing facts into the case which have no foundation, only in slight contradictions of testimony elected by a series of sharp maneuvers of language and phrases. This will create doubt in the mind of some one of the jury, and will be a kind of entering wedge to the gaining of the case.

Exam. You are pretty well posted in the business. Now tell me how you would proceed with the Court if they seemed inclined to rule against you as to law and facts, which you wished presented to the jury.

Ap. Well I should endeavor to learn the character of the court, and if I found that a little flattery would be the weak side of the august tribunal, I should jibe on the soft sawder, but if they were of the unflinching kind, I should lick the blarney stone of justice and equity till they would melt in their sternness, then rely on cheek to carry the disputed point. If foiled, then dignity and responsibility in the cause of the client would be the last resort, the latter whilst having no effect upon the Court, might create sympathy in the jury. In fact to practice law successfully at the present time, one must be up to all the quips and quirks that will influence man with your greatness.

Exam. Right, Sir, and if you but follow the course marked out by your examination, you will be an ornament to the profession, peahaps be elected to Congress or grow rich in lucre. PARGETIER.

WEALTHY CUBAN'S WILL SUSTAINED.—Surrogate Calvin, of New York, thursday made a decision on the contest of the will of Carlos del Castilloy Loyzaga, a wealthy Cuban who made his will and died at St. Augustine, Fla., in 1879. The testator grave $100 a month during life "to the mulatto woman, Maria de Jesus del Castillo," and $4,000 to each of her two daughters, large annulties to two sisters, and all the residuary estate to several goodchildren in equal shares. Any legatees or heirs contesting were to be disinherited. Moses Taylor & Co., of New York, are the executors. The contest was made on the ground that the will was not properly executed, but the surrogate held that it was valid in the State of Florida, and therefore valid in New York.

SAD ACCIDENT.—Last week while the Steamer Theodore Weems was making a Masonic Excursion from Baltimore to Cambridge, a young man Wm. B. Lynch aged 22 years fell overboard and was drowned near Poplar Island. It appears that his friends were in a state room, and playfully denied Lynch admittance, when he endeavored to enter through the window and while making the attempt a rail on which he was standing broke, and he was precipitated into the water. He was seen to rise 2 or 3 times at a distance of 75 y'ds, but before the life boat could be lowered, he disappeared. Every effort was made to rescue him but in vain. His body has not yet been recovered. It is said the event caused great excitement on the boat and among his friendr by whom he was held in high esteem.

A PROFUSE and many times excessively offensive discharge from the nose, with "stopping up" of the nose at times, impairment of the sense of smell and taste, watering or weak eyes, impaired hearing, irregular appetite, pressure and pain over the eyes, and at times in the back of the head, cold feet, and a feeling of lassitude and debility are common to catarrh, yet all of them are not present in every case. Dr. Sage's Catarrh Remedy cures catarrh in its worst torm and stages. It is pleasant to use and contains no poisonous or caustic drugs. So sure a cure is it that its former proprietor offered for years in all the principal newspapers of the land a standing reward of $500 for a case it would not cure. Sold by druggist at 50 cents.

Feeble Ladies.

Those languid, tiresome sensation, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain is permanently removed. Will you heed this?

All Indorse It.

The *Recorder*, Americus, Ga., says:—"Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's disease of the Kidneys and for Diabetes; these are respectively known as Warner's Safe Kidney and Liver Cure and Warner's Safe Diabetes Cure." [may13-3m.

Unquestionable.

The *Herald*, Detroit, Mich., says of Warner's safe Liver and Kidney Cure: "Its efficacy in kidney, liver, and urinary disease is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."

TO THE PUBLIC.

By virtue of authority conferred by Section 8 sub chapter 4 of the Act of the General Assembly of Maryland, of 1874, the undersigned, a majority of the Board of County School Commissioners of Caroline County, will sit at their office, in Denton, on Wednesday the 16th day of June, 1880, at 10 o'clock, A. M., and so long thereafter as may be necessary to hear complaints of "inefficiency, refusal to act, or breach of trust" in the administration of the Public Schools of the 4th and 5th Election Districts, or any other district of said County, and Notice is hereby given to all Teachers, Trustees and other persons interested, to attend and give information concerning the same, and they are earnestly requested to attend without further notice.

H. C. COMEGYS.
Denton July 8th, 1880. HENRY WILSON.

NEW ADVERTISEMENTS.

FOR SALE.

A VALUABLE STEAM SAW MILL

HAVING a custom trade of 300,000 feet per year. Is located at Denton Bridge, on navigable water, convenient for shipping lumber or rafting logs. The engine is a Stationary

25 Horse-Power,

with Return Tubular Boiler of ample capacity, has all the modern safety appliances, and will stand a steam pressure of 150 pounds to the square inch. The mill is an iron-frame, large Double Circular Saw Mill, with Carriage 40 feet long, 4 headblocks. There is also Saw-tables and a variety of saws for different purposes.

The whole is in first-class order, and would make a valuable attachment for a

Grist Mill

to parties whose streams fail in Summer, as it uses fuel very economically and has ample power to run two or three sett of burrs.

Will be sold at private sale very low and on very easy terms.
