American Union.

Thursday Morning, June 24, 1880.

We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

The Editor's Hash.

—Felton is said will ship 200,000 baskets of peaches this season.

—Cabbage is selling in the Dover market at 8 to 12 cents per head.

—There will be no camp meetings for Denton circuit this year.

—The population of Smyrna, according to the census just taken, is 2,490.

—From a half to three fourths of a crop of peaches is anticipated in Cecil county.

—A Baptist church at Worcester, and a saw mill at Hillsborough were burned last week.

—Dr. George R. Dennis has been re-elected president of the Eastern Shore Railroad Company.

—A population of 1,175 souls live within the corporate limits of St. Michael's, Talbot county.

—The crab canning establishment at Oxford is again in operation and is doing an active business.

—The blackberry and whortleberry crop is going to market. These crops is said to be abundant.

—Delaware Republicans talk of nominating E. C. Bradford, Jr., Esq., as their candidate for Congress.

—Hon. Thomas F. Garey who has been quite sick for a week passed we are glad to say is convalescing.

—The salary of the postmaster at Chestertown has been increased $100. His annual salary is now $1,200.

—Louis Boulden, of Cecil county, had a horse for which he had refused $600 gored to death by a bull last week.

—The peach crop on Kent Island is very fine and the apple crop promises to be unprecedented both in yield and quality.

—The recent rains have greatly improved the pasture-fields on the Eastern Shore, and but few bare pastures are to be seen.

—The Agricultural Society of Caroline county will hold its annual fair at Bethlehem on the 14th, 15th and 16th of September next.

—Rehoboth hotels and cottages are gradually filling up. About fifty persons arrived there his week and took up summer quarters.

—A Smyrna man, by the aid of two or three dogs, killed 157 rats one day last week. This is what might be called a rattling business.

—A gentleman farmer in Kent county has saved his wheat and corn crop from the army worm by ditching his fields and the use of salt.

—A grist of new wheat was manufactured into flour on Tuesday last at Garey's Mill by Wm. W. Medford. The yield was 41lbs to the bushel af good family flour.

—The American Eagle is to have a grand flop at Georgetown, Del., on the 3d of July. Uncle Sam's aunts, neices and nephews will all turn out to hear the eagle scream.

—Edward Pritchett, Jr., of this place, who was confined to his bed last week from the effects of chemicals used in the finish of a burial casket is improving and is out again.

—The centennial of Methodism in Dorchester county is to be celebrated at Cambridge, August 18th, on which occasion some of the leading ministers of the church will be present.

—On Tuesday last the dwelling of Mr. Jas. H. Willis, County Commissioner, of Talbot county, residing near Oxford, was entered and robbed of money and clothing to the amount of $100.

—It accomplishes its object so quickly and so satisfactorily that its praises are in the mouth of every mother.--We refer to Dr. Bull's Baby Syrup, the remedy for children's diseases. Sold for 25c.

—Supervisor Whiteley estimates the population of the State from returns now received, at 145,000, an increase of 20,000 since 1870.—He estimates New Castle county at 75,000, Kent at 34,000 and Sussex at 36,000.

—Three-fourths of a peach crop is expected from the region of Easton. As the fruit will be of superior quality and two weeks earlier than usual, the crop will be more profitable to the grower than an abundant one would be.

—The dead bodies of cattle are drifting up along the bay shore, of Bay Hundred district. Several very fine bulls and steers were found at different points this week. They may have died on shipboard on the bay and been thrown overboard.

—See adv. in another column of Prof. P. W. Hochkeppel, Greensboro, Md. He now has several pupils in Greensboro, Hillsboro and the surrounding country. All who failed to attend his lecture on Monday night last missed a rare treat.

—J. W. Bryant, Esq., is having his residence painted, and judging from present appearances it will greatly beautify his home.—Now is the time for painting and whitewashing, and making your surroundings as bright and cheerful as possible.

—Among the curiosities shown visitors to Chincoteague is the skelton of a whale 79 feet long, that was stranded on the coast some years since. The jaw-bone measures 18 feet in length, while the ribs, 12 feet in length, looks like great crooked fence rails.

—On Wednesday last Mrs. Annie Mumford, wife of Wm. Mumford, of Poplartown, Worcester county, while in a fit, it is supposed, fell into the fire, and before assistance came she was so badly burned about the head and face that death ensued immediately.

—All persons who served in the Army or Navy during the late rebellion, who reside sufficiently near, are requested to meet at the store of G. W. Sitzler in Preston, on Saturday next, 26th. A Post commander of the G. A. R.—C. R. Coleman will be present.

—WANTED IMMEDIATELY, Two Salesmen, thoroughly acquainted with the Dry Goods business. No others need apply.
J. J. Jump & Co.,
jun17 2w. Easton, Md.

—What has become of the purposed telephone communication between Denton and Ridgely? This, if affected would be something new and very convenient to many of our citizens, and if it can be possibly done no trouble should be spent in its accomplishments.

—Mrs. L. N. Parte will hold an entertainment at the Court House in this place on Tuesday evening, June 29th, consisting of "Recitations of Religious Poems," and some reading from Ingram Cobbins' Commentary. One half of the the proceeds will be used to purchase "The Pectoral Bible Commentator" for school libraries. The object of this entertainment is to bring this valuable work before the youth's who are not able to have it in their homes.—Admission 10 cents.

—Mrs. J. H. Killough & Co., commission merchants, No. 107 Park Place, New York, on Thursday June 17th sold peaches, in crates, holding less than a peck, at $4 per crate.—They now receive them daily, from the best orchards in Georgia and Tennessee.

—Delaware lads and lasses have something new in the way of entertainments. It is what is called a "weight party." The gentleman draws his partner. She is weighed and he pays pound per pound averdepois. This is a game where light weights come out on top, financially speaking.

—The Republicans have not a single aspirant for the Congressional nomination in this district that we have yet heard named. The Democrats have twenty-seven who would like to wear the honors and how many "dark horses" there being groomed the wisest of that party can't tell.

—A number of our farmers purchased and used self-binding harvesters and they are so highly pleased with their work that it is thought they will supersed all other machines now in the market. The manufactures of these machines will do a heavy business in this section next year.

—A client of Hon. Clement Sullivan, lawyer, newspaper editor and State Senator, writes to him saying he has received several letters from him—"I can't read them, nor can I find anybody than can. Answer my letter in the handwriting of some one else, as no one can read yours." Rather hard on a State Senator.

—The Cecil County Agricultural Society has been organized, with Adam R. Magraw as president; Thomas Drennen, vice-president; John Partridge, secretary, and Geo. A. Blake, treasurer. A committee has been appointed to examine grounds near Elkton for the purpose of purchasing them for exhibition purposes.

—One hundred and fifty thousand brick are to be furnished by a contractor at Princess Anne, which are to be used in adding to the dwellings at Klej Grange, the new village in Worcester county, eight or ten miles of Pocomoke City—the enterprise started by the Drexels. The village already contains forty new houses.

—The town commissioners of Easton have passed an ordiance prohibiting cattle from running at large. We have a stock law here and since it went into effect some of our citizens have made a pasture of the Court House Square. We advise our authorities to pull down the fence and thus prevent the grazing of stock.

—Not more than one half of the citizens of this town and vicinity attend religious worship of the Sabbath. If our ministers desire to converse with these non-church goers on the subject of religon, they will have to visit them at their homes or chase them on the Sabbath through the streets or about the steamboat landing.

—We have no objections to offer when our exchanges clip from our columns provided the proper credit is given. But when a whole column is gobbled up as was done last week by the Crisfield *Leader*, in our remarks concerning the "Milford Bard," we do object and the more glaring is the omision of the proper credit because it is used as an editorial in that paper.

—There will be a Sabbath School picnic held at Wesley's Chapel on Saturday afternoon July 3d, 1880. Addresses suitable for the occassion will be delivered by Revs. Mr. Milby, Lindale and others, and also the children of the school of that place. Mr. Chas H. Blackiston will furnish Ice Cream, Lemonade, Confectionaries, &c. The public are invited to attend.

—We publish in another column the call of the tax payers of this county in convention on the 6th day of July next to demand of the School Commissioners that they allow a committee appointed by the tax payers an opportunity to examine the books and vouchers of the School Board, and to inquire into its expenditures of the public money for the last ten years.

—Mr. A. W. Woodcock, the father of Jesse L. Woodcock convicted at the recent term of our county court of arson and sentenced to eight years in the pententiary, has been canvassing this county for signers to a petition asking the pardon of his son. The petition was signed by nearly every member of the jury who convicted him and a large number of our citizens.

—The corn crop in this county presents a fine appearance, and should the season prove propitious until the crop is matured, a full crop may be anticipated. The crop is clear of weeds and grass and the land in a fine state of cultivation. We have seen some fields where the corn stands from four to five feet in height, but this is upon strong land and has received thorough culture.

—The wheat crop in this county is all cut and in the stook. On Monday morning the shrill whistle of the steam engine preparing to thresh the new crop could be heard for miles around, and this will be a busy week with our farmers getting this crop ready for market.—The crop will be a fair one though perhaps not up to the average of last year, which was considered the best for the past ten years.

—The large saw and planing and flouring mill belonging to Richardson, Moore, Smith & Co., at Salisbury took fire on Saturday, about half-past five. The fire was not discovered until all the upper story was in blaze. The mill was about three hours burning. There was also destroyed about one million feet of lumber. The town was in great danger, the flames being expected to catch to dwellings every minute, but owning to the wind being in a favorable direction, the fire cause nod further damage. The Salisbury fire department arrived by special train at 12 o'clock at night, and totally subdued the fire. Loss not less than $25,000. No insurance.

All Indorse It.

The *Recorder*, Americus, Ga., says:—"Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's disease of the Kidneys and for Diabetes; these are respectively known as Warner's Safe Kidney and Liver Cure and Warner's Safe Diabetes Cure." [may13-3m.

Unquestionable.

The *Herald*, Detroit, Mich., says of Warner's safe Liver and Kidney Cure: "Its efficacy in kidney, liver, and urinary disease is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."

A Lady's Wish.

"Oh, how I do wish my skin was as clear and soft as yours," said a lady to her friend. "You can easily make it so," answered the friend. "How?" inquired the first lady. "By using Hop Bitters, that makes pure rich blood and blooming health. It did it for me, as you observe." Read of it.

WANTED.—A good young milch cow—fresh. Apply at this office.

For the Union.

MR EDITOR:—As it seems a little dull this morning in the way of business. I thought I would see if I could think or gather up something from this ancient village, in the way of news for your paper, which receives such a hearty welcome in this neighborhood and especially in the family of which I am a member. It always comes clean and neat; having been a regular reader for the last twenty years and to its credit have no recollection of ever receiving a single number that was not in good condition, so far as the printing was concerned. When I first commenced I thought I would be able to furnish a little something in the way of news, but I am afraid I shall fail as almost everything is about as still as they generally get. The growing crop of corn in this immediate neighborhood from what the people say, and you know it won't do to doubt them, is a little in the lead, especially Mr. Wm. E. Hubbard and J. F. Hurley's, both of this village. And while I am writing about the corn the steam whistles from the threshing machines can be heard calling on the boys for more wheat.

Two are three of our enterprising farmers have threshed their wheat, but have not heard what the yield was per bushel sowing, but it is generally supposed that the crops will be a little above the average as it seemed to have filled well.

Our mills at this place are almost at a stand still for the want of water, though we have had several good showers of rain and vegetation seems to be praising the Great Ruler above, yet not enough to do the mill or pond much good; and the great wonder is why the owner, Mr. John Webster, near East New Market, don't put in a steam engine this community can't understand, as the stream is gradually failing on account of clearing up above, which has a tendency to cut off the springs, something will have to be done and that very soon. If Mr. Webster will not, a company will, and that very soon, judging from what has been said. And if it should so turn out that a new mill should be built in this neighborhood, and the company could get our present miller, Mr. T. H. Fluharty, there would then be no necessity for any repairs on the old one, for that would be about the end of her. As the masses would go to look for Tomy. As I intended to be brief in the beginning, will close, and if in the future anything takes place worth noticing will forward. Congress has adjourned to meet in Cincinnati on June 22d and all we have got to do is to look and listen, for there has got to be something done, and that very soon.

A SUBSCRIBER.

UPPER HUNTING CREEK,
June 21st, 1880.

For the Union.

A Scrap.

Can any community prosper and build itself up when it lets its young men find work as best they can? Or not finding it where all their early associations are, and the dearest and best feelings of their nature are concentrated, but there is no steady work to be had at remunerative wages, and they must drift away. True, they might work around home for the wages that the employer chose to give and remain a "hewer of wood and drawer of water" to his life's end. That would suit some folks mighty well, and because some will not do this thing, why, then one becomes a loafer, lazy, &c. It is well enough to talk and bluster about the bone and sinew of the land, but when a community is indifferent about building up industries that will support and supply the bone and sinew with the labor necessary to maintain itself in the comforts and conveniencies of an enlightened life, it is useless to talk about young men being loafers and bluster about the bone and sinew. Some men are very glib with their tongue, have some very fine spun theories about work for your board, &c., but there is more of the and-so-forth in their pet theory than you see on the surface. There is but little fun in working for starvation wages, and they who expect their young men to be a fixture in a community which takes all and gives nothing, reckon without their host. Every young man who is compelled to leave his home to find permanent employment, takes just so much real wealth away to give it to strangers. It is a false piece of economy in any community to drive its young away from home. It is not only false economy, but it is an act of injustice. It is contrary to true religion; it is a libel on the justice of the Grand Master. Couple or uncouple it as you will, no community, who, by its apathy and indifference to the wants of others does its duty as men, much less as christians, and to drive the young men away because there is no remunerative work for them, is like killing the goose that laid the golden eggs.

PARGETTER.

Babylon and Caroline County.

We call once more the attention of the public to the great offer, which Prof. Hochkeppel of Wilmington, Del. has made to young ladies and gentlemen of Caroline county, to those who live in towns as well as in the country. He is fully able to teach any talented and willing pupil any language either Latin, Greek, Hebrew, German, French, Spanish and English branches to both young ladies and gentlemen, (and children over 10 years) 2 or 3 times a week, at their residnces. Apply immediately to Prof. P. W. HOCHKEPPEL.

HOSTETTER'S CELEBRATED

STOMACH BITTERS

Appetite, refreshing sleep, the acquisition of flesh and color, are blessings attendant upon the reparative processes which this priceless invigorant speedily initiates and carries to a successful conclusion. Digestion is restored and sustenance afforded to each life-sustaining organ by the Bitters, which is inoffensive even to the feminine palate, vegetable in composition, and thoroughly safe. For sale by all Druggists and Dealers generally. [jun3-1m.
