1847. OLD AND TRIED. 1880.

THE KENT COUNTY
MUTUAL INSURANCE CO.,
Dover, Del.

Furnishes Indemnity Against Loss by Fire

by its policies insuring Buildings, Furniture, Merchandise, Grain and other contents, Live Stock, and other insuradle property, also covering Buildings during erection.

ANNUAL PAYMENTS OF PREMIUMS

are made in advance to pay the losses and expenses of each year, but such payments do not indicate the actual cost of insurance, as the large dividends paid attest, amounting to over $105,000,00, and yet leaving to the credit of its members over $96,000,00.

The Strictest Mutuality

is observed throughout, every member while having the advantages arising from a large Mutual Association is still dealt with in an individual capacity, and at the close of each year the balance due each is shown on our books.

THE LOSSES AND EXPENSES

are borne alike by each member, as in proportion to their payment of interest or premium they are charged with their respective share of the Losses and expenses, and the premium unused is strictly regarded as that of the member and is held to his credit, out of which has arisen the enormous dividends paid by the Company.

At Close of Membership

or at any time within one year therefrom, the member has only to make application for a settlement and whatever remains is paid back to him, without in any way affecting the interest of the remaining members, as he simply takes out that which is his.

Statements or any further information will be furnished on application to the Company or to the following agents:

THE FENCE QUESTION
SOLVED AT LAST!

THE undersigned beg leave to inform land owners and the public generally that they have bought the right to manufacture and sell the

"EMPIRE BARB WIRE FENCE,"

on this Peninsula, and they are now prepared to take orders for and put up the same in any part of the Peninsula. This fence is very extensively used in the West and Southwest by railroads, farmers and stock-growers, and always gives universal satisfaction, because it is the

Cheapest Fence

that can be made—the first cost being no more than white pine board, and it is good for 60 or 75 years. It is in no danger from fire—being composed entirely of

Iron and Steel.

Storms nor floods cannot affect it, as it presents so little surface to their force. It affords no shelter for noxious weeds and briars, and will save its cost in

TEN YEARS

in the extra amount of produce grown on the ground that would be taken up by a worm fence or osage hedge. It is a SAFE fence, there being no danger of

STOCK BEING IMPALED,

as they frequently are by sharp-ended rails, broken boards, leaning stakes, &c., and the barbs being so short that should they come in contact with our wire it will prick the skin and turn them back without injury. It is reliable, preachy ing stock turned in a field enclosed with it will always be found there.

This fence is made of

Wrought Iron Posts,

with a spiral screw, (coated with a preparation to prevent rust,) by which they are screwed in the ground where they are anchored by 20 inch anchors; to the posts we attach steel barb wire, making an indestructible fence.

☞Orders for fence for fields, yards, gardens, cemeteries, private grave yards, or for other purposes, promptly attended to. We are prepared to put up or sell any wire barbed or plain fence in the market.

MARRIED LIFE **DR. BUTTS** No. 12 N. Eighth St. St. Louis, Mo.

Who has had greater experience in the treatment of the sexual troubles of both male and female than any physician in the West, gives the results of his long and successful practice in his new work, just published, entitled

The PHYSIOLOGY of MARRIAGE
The PRIVATE MEDICAL ADVISER

Books that are really Guides and Self-Instructors in all matters pertaining to Physical and Sexual Science, and supply a want long felt. They are beautifully illustrated, and in plain language, easily understood. The two books contain 140 pages, and contain valuable information for both married and single, with all the recent improvements in medical treatment.

Read what our home papers say! The Journal of Health reported in Dr. Butts' new works to be in no way of questionable character, but is something that every one should know. Even the young life has been blasted by the ignorance of parents. Youth, the victim of early indiscretion; the man, otherwise perfectly healthy in person, but with the mental faculties gone, and the powers of life, and the future, in total darkness. Does not all this mean something? Does not every one already know it? Then send for one of Dr. Butts' books. Sent under seal, on receipt of price in money or stamps.
