American Union.

Thursday Morning, July 8. 1880.

We Want the Public to Know

That the UNION has now a circulation larger than that of any other newspaper published in this county, and its list of subscribers is steadily increasing. If this statement is questioned we are prepared to prove it.

☞ The Orphans' Court for Caroline county will meet on Tuesday, July 20th.

The Editor's Hash.

—Oakland camp meeting commences Friday July 23d.

—Kent Island is running five threshing engines this season.

—Secretary Sherman visited Crisfield for a short time on Monday last.

—The manufacture of barrels in the lower peninsula has become a paying business.

—A ten-year old son of Elijah Sterling, of Crisfield, was drowned on Wednesday last.

—The total population of this (3d) election district is 2,733. Whites 1,996—colored, 747.

—The work of building a telegraph line from Salisbury to Ocean City has been begun.

—Gov. Hall on Saturday appointed Geo. A. Maxwell, Prothonotary of New Castle county, Del.

—Mosquitoes are more troublesome in Salisbury Wicomico county, than ever before so early in the season.

—The peach crop of the peninsula is estimated at 3,000,000 baskets. The estimate is too high by at least 1,000,000.

—A new paper has been started at Easton called the *Standard Farmer* and is devoted to the interest of agriculture.

—A law passed by the last legislature changes the opening of the woodcock season from July 4th to September 1st.

—A Queen's Anne's census enumerator found a colored man who had lived in the same little hut on the same lot seventy-six years.

—The warm weather and the recent rains have greatly improved the corn crop. An abundant yield is anticipated.

—Tuesday 22d of July is the day set apart for applicants for certificates to teachers to appear before the school board for examination.

—The Caroline *Democrat* presents in its Tuesday's issue very poor portraits of their candidates for President and Vice-President.

—Dr. Alexander Hardcastle, of Goldsboro', estimates his peach crop this season at 6,000 baskets. His trees bore heavily last year.

—James Hastings, brakeman on the J. & B. Railroad, was stunned by lightning at Milford while putting on a brake.

—A bull-terrier of Salisbury caught a cow by the nose and threw her several times, the last fall breaking her neck.

—Harrington graded School closed on Friday with an examination in the morning and a set-out to the pupils and teachers in the afternoon.

—We will send the Union to any address from now until the 15th of November next for 50 cents. The money must accompany the order.

—It is estimated that there is 145,090 population in Delaware which is an increase of 20,000 over the report of 1870. Wilmington's population will be nearly 43,000.

—Over 80 tents are taken already for the Camden camp, and from present indications the camp this year promises to be larger than for many years.

—Considerable quantities of peaches were sent to market from Kent county last week, both by water and rail, realizing full prices. They were mostly of the Beatrice variety.

—The crab-canning establishment at Oxford has proved to be not a success, and is for rent. The proprietors have in stock about $6,000 worth of crab meat wanting a purchaser.

—The first grist of new wheat ground at Vinsinger's mill, Cecil county, was this year on the 25th of June. Last year there was no new wheat received at the mill until July 3d.

—A great rivalry has sprung up between the fruit canning houses in Worcester county.—Each have their runners out, prices have advanced considerably, and the farmers are delighted.

—Hon. J. W. Crisfield and State Senator Brattan were in Annappolis last week interceding with Gov. Hamilton for the pardon of Jesse L. Woodcock. Hopes for executive clemency are entertained.

—The dwelling of Wm. Moore, Worcester county, was burned to the ground on Friday night. There was nothing saved, the clothing of the family being consumed with the house. Cause of the fire unknown.

—Having severed our connection with the Wilmington *Daily News* we will in the future give our undivided attention to the publication of the Union and hope to give our readers a better paper than heretofore.

—We received last week a lot of Wild Goose plumbs from the nursery of Mr. J. W. Kerr, near town. They are delicious to the taste and just such fruit as ought to command fancy prices in the city markets.

—Mrs. Recharla Bryant, wife of Joshua Bryant, of Havre de Grace, died on the 30th ult. in the sixty-eight year of her age. The deceased was the mother of Mr. J. W. Bryant, State's Attorney for this county.

—Ann Murray is set down by the enumerator of the ceusus as the oldest person in this district. Her age is reported at 128. She has made quite a leap recently as about 5 years ago she was reported at 114.

—The census enumerator for the 5th or Federalsburg disirict, makes the following returns: Total population 1710. Number of farms 557. Families 342. Dwellings 337. The oldest man in the district is aged 82. Oldest moman 85.

—Mr. Chas. A. Dunning, enumerator for the 6th district returns the Total population of that district 2105. Farmers 234. Dwellings 346. Families 358. Deaths during the past year 34. Oldest male 92. Oldest female 83.

—Walking matches all over the country have been the real style; but the "true agony" has been shown in those innumerable matches nightly walked by anxious fathers carrying crying babies. The remedy—Dr. Bull's Baby Syrup. Price 25c a bottle.

—A what field in Sassafras Neck, Cecil county, which was invaded by the army worm in full force has turned out about thirty bushels to the acre. There was not a beard or blade to be seen, indicating that the worms had none their work well.

—Dr. C. C. Cox, who resently returned from Australia where he was sent by the State Department to represent the United States as Commissioner to the Austratian Exposition, was on Saturday admitted to the Government Asylum for the Insane, owing to softening of the brain, which has made him hopelessly insane. Dr. Cox was Lieutenant Governor of the State of Maryland during the term of Gov. Thomas Swann, and afterward Commissioner of Pensions.

—Jas. E. Carroll, T. H. Jarman and Jos. B. Orrell are a committee on tents at Oakland camp ground, to whom all applications for tent sites must be made. They will meet at the camp ground on the 8th of July at 8 o'clock, A. M.

—The County Commissioners at their meeting on Tuesday made an appropriation for raising and repairing Denton causway. Mr. Martin H. Price was appointed to superintend the work. This is an improvement which has long been needed.

—A ten-year-old son of Elijah Stirling went fishing last week at "Ape's Hole," Somerset county. In throwing his line out the reel slippsd through his fingers, when he jumped into the water after his line, and being unable to swim, was drowned.

—William Wright, colorhd, on Wednesday last, went to sleep under a tree on the track of the Eastern Shore Railroad. The engineer of the first train that came along saw him too late to stop his engine, and the sleeper was run over and killed almost instantly.

—Hook and line fishing appears to have become quite a popular amusement at Cambridge, and as fine and as large fish as are usually taken in nets are caught. One of the *Chronicle* men hooked in two hours on Wednesday last forty-two good-sized taylors.

—Col. Edward Lloyd had a fine yoke of oxen killed by lightning, on New Design farm, on Thursday night. They were found dead in the open field, about 30 feet apart, with not a mark of the lightning on them. The thunder and rain in Miles River Neck was very heavy.

—New Castle has within the past decade, leaped ahead of Smyrna, Dover, Milford and Salisbury, and now ranks as the largest place on the Peninsula, south of Wilmington. The figures are:

New Castle	3,800
Dover	2,900
Smyrna	2,526
Milford	2,300

—Maryland exchanges report the following as the results of the census enumeration in the localitics mentioned: Chesterton, Kent county, 2,360; Easton, 3,020; Salisbury, 2,526; Cambridge, 2,309; Havre de Grace, 2,716: Elkton, 1,751; Sharptown, Wicomico county, the district, 861; Belair, 780; Oxford, Talbot county, 689; Princess Anne, 751; Trappe, Talbot county, 301; Crisfield, nearly 1,000; Port Deposit, 945; Cherry Hill, Cecil county, 254; Princes Anne district, Somerset county, 4,104; Fairmount, do., 2,801; Dublin, do., 1,558; Easton district, 6,006.

—The Caroline *Democrat* advocates the nomination of a Caroline man for the Democratic nomination for Congress from this district. A Caroline Democrat before the Congressional Convention stands just about as much show for a nomination as Jeff Davis did at Cincinnati. The candidate is already named and it requires only the assembling of the convention and a formal ballot and every Democrat will throw up his hat and declare, just the man—a better nomination could not have been made. Then why excite the honorable ambition of a Caroline Democrat for an office which is already formed out?

—The competing lines of steamers on the Choptank river have came to an agreement by which hereafter low fares are abandoned and the companies put on paying basis. The fare has been raised from 50 cents to $1.25 or a round trip ticket to Baltimore and return for $2. State rooms 75 cents instead of 50.—Freights have been increased in like ratio.—Country merchants are delighted with the change. We have heard it whispered around that another company will be organized and another route established to run at the old rates, but we doubt the correctness of the rumor.

—Middletown was visited by a second storm on Friday week, doing considerable damage to fruit and shade trees, buildings and crops. A correspondent of the Wilmington *Daily News* says:—The storm commenced but a short distance north of this place, and extended only about two or three miles south, It tore the entire roof off the Delaware Railroad freight house here, and damaged the depot and restaurant. Half a mile south it tore Mr. E. R. Cochran's peach orchcards fearfully. He estimates his damage by both storms at ten thousand baskets of peaches. His outbuildings were also entirely destroyed by the first storm. At R. T. Lockwood's, one mile south, the storm was terrific. Four men were a half day in clearing around the house and lawn. Limbs of maple trees, fifteen inches in diameter, were wrenched off and carried forty or fifty feet before striking the ground. Shingles were blown off the roof and and carried half a mile. Wheat shocks were taken up from one field and scattered over the adjoining one. Peach trees were broken down and twisted off by the hundreds. Damages cannot be estimated. A. S. Nandain, two miles south, was also badly torn up. R. A. Cochran, Jr., two miles south, was damaged badly. His loss is 5,000 baskets of peach. At Warwick the damage was severe, but no particular damage has been heard of. In one case a man tells your correspondent that it took three good men to hold one door shut during the storm, which lasted about twenty minutes. Shade trees here were torn to shreds, and in some places it cut standing crops fearfully.

Close of Volume XX.

This number of the Union closes the twentieth volume. Twenty years ago, just previous to the inauguration of the war, the first issue of the Union was presented for public favor. In the varying fortunes of the past, amid tte changes that has taken place around us, the issues of the papper, week after week has gone on steadily and surely until we have attained to years that makes the publication of the paper a living institution of the present. To our patrons who have stood by us in all these years we owe a debt of gratitude. We have endeavored to amuse, instruct and please our readers, and if we are to judge of our labor by the appreciation and estimate placed upon it in every community in which it circulates, we have the proud satisfaction to know that we have not labored altogether in vain. We have labored to improve the morals, elevate and ennoble true manhood, to condemn the wrong and approve the rights. Our future course shall be guided by the same purposes and objects. We ask the continued patronage of the public that we may make the Union in the future a better and more interesting newspaper than in the past. The age is progressive and we desire to keep pace with the improvements going on around us. With the first issue of volume twenty-one we intend to make some changes in the paper and will reduce the terms to one dollar a year, if paid in advance. Payment made within thirty days will be accepted as cash payment. If not paid within that time one dollar and fifty cents will be charged. These terms will be strictly adhered to.

Profitable Patients.

The most wonderful and marvelous success, in cases where persons are sick or wasting away from a condition of miserableness, that no one ails them, (profitable patients for doctors,) is obtained by the use of Hop Bitters.—They begin to cure from the first dose and keep it up until perfect health and strength is restored. Whoever is afflcted in this way need not suffer, when they can get Hop Bitters.—See another column.

Recollections of Peninsula Journalism Forty-Three Years Ago.

If all other improvements on this Peninsula has kept pace with that of journalism for the past forty-three years, it must possess all the elements of a State, vast in her resources and to be envied because of her wealth and prosperity. In 1836 there were but twelve newspapers published on this Peninsula. The *Gazette* at Elkton, *Kent Bugle* at Chestertown, *Times* at Centreville, *Caroline County Advocate* at Denton, *Gazette* and *Star* at Easton, *Chronicle* and *Aurora* at Cambridge, *Village Record* at Princess Anne, *Gazette*, *Republican* and *Delaware State Journal* at Wilmington, were the twelve luminaries that gave light to the literary heavens, embracing the territory between the Delaware and Chesapeake bays.

To-day they number fifty, being an increase of more than four to one in the past forty-three years. Cecil has 4, Kent 3, Queen Anne's 2, Talbot 4, Caroline 5, Dorchester 4, Somerset 4, Wicomico 2, Worcester 3, Accomac, Va., 1, Sussex 5, Kent 4, New Castle, including the city of Wilmington 9. But 4 of these are dailies, and are published in the city of Wilmington. All the rest are weekly publications. With a voting population not exceeding forty thousand, and the circulation of so many newspapers, our people ought to be well posted in the current events of the day.—They ought also to be refined and intelligent.

The newspapers of forty years ago contained but little original reading, editorials and matters of local interest were not regarded as the leading features of a live newspaper. The newspapers of to-day are carefully edited, and more attention paid in every department of the business. The Peninsula newspapers will now compare favorably with the weeklies published in other parts of the country. In point of editorial ability some of them take rank with the leading weekly journals of the country.—Peninsula journalism, like the brawny arm of the pioneer, has battled with ignorance and prejudice, overcome difficulties, surmounted obstacles and fought its way, inch by inch, until it beholds the dawn of a bright day.

There are many interesting incidents connected with the early history of Peninsula journalism which we would be pleased to note but which cannot be compressed in the brief space of a newspaper article. There are but two newspaper editors of those days now living.

Meeting of the Taxpayers.

A meeting of the taxpayers of this county was held at the Court House in this place on Tuesday last to demand of the Public School Commissionnrs that they shall allow a committee of the tax payers of the county an opportunity to examine the vouchers of the published expenses for the conducting of the public schools of this county for the past ten years. Mr. Twiford S. Noble presided and the county was pretty well represented by the taxpayers of the several districts. A committee consisting of J. W. Bryant, Thos. F. Garey, J. W. Kerr, R. M. Messick, W. H. Hughes, Wm. Noble, Jas. E. Carroll, E. W. Williamson, C. H. Todd and Jas. W. Holt, was appointed by the chair to draft a preamble and resolutions expressing the sense of the meeting. Mr. Bryant chairman of the committee presented the following which was adopted by the meeting with but one dissenting vote.

Whereas, The County Commisioners of Caroline county have levied a considerable sum as an additional appropriation for the conduct of the public schools for the year 1880, notwithstanding a protest of sundry tax payers, more than is required of them by law and

Whereas, The School Commissioners for said county have refused to allow a committee of tax payers to examine the vouchers of the appropriation of said schools, therefore be it

Resolved, That as taxpayers of Caroline county we are entitled to know how the money raised for the support of the public schools has been expended.

Resolved, That we disapprove the action of the County Commissioners in levying additional money to the amount required of them by law to pay tor the support of the public scools without first investigating the accounts of the School Commissioners in the distribution of the public moneys.

Resolved, That the School Commissioners deserve to be publicly censured for declining to allow a committee of the tax payers to examine the vouchers of the expenditures of the public money in support of the public schools and we do request that they resign or allow a committee of the tax payers to see how their money has been expended.

Resolved. That a copy of the above resolutions be sent to the Hon. Jno. M. Robinson, Hon. Jos. A. Wickes and Hon. Frederic Stump.

After short and pertinent speeches by. J. W. Bryant, Twiford Noble and E. W. Williamson the meeting adjourned.

The "UNION" Only One Dollar.

From and after this date the subscription price of the Union will be one dollar a year, if paid in advance; if not paid before the expiration of thirty days one dollar and fifty cents will be charged. The price is very low, too low to justify the publisher of a country news paper in publishing a paper at a fair profit, but others unacquainted with the business and running their papers as advertising sheets, without regard to quantity or quality of reading matter, has so interferred with the newspaper trade that we are compelled to reduce our terms also. If we can make an honest living at these reduced prices we are content. This we believe we are entitled to and will receive at the hands of a generous public.

At these reduced rates our paper ought to go into every family and we believe will do so if those who already subscribe for the paper will show it to their neighbors and solicit their names. If every patron will send us but one name, (and no one will certainly refuse to take a paper at $1,) we can double our present subscription and have a circulation larger than that of any paper on this Shore. We hope our subscribers will become interested in this matter and give a little time and attention to extend the circulation on the Union into every household within the limits of the county.

For the Union.

Scraps.

There is a country against which kings, princes and potentates will shatter, nay utterly destroy their power. It is a country of unwalled villages, a power that has been built up by the blood of all the nations of the earth.—It is a man child born from the womb of light. A mighty river cleaves the country in twain and its fertile valley will be strewn with the bones of the dead. In this valley the crowned powers of earth will hurl their mercenary legions, and the whirlwind of battle will rage so fiercely that the bones of the dead will be all that will tell of the once peaceful habitations which are now in the track of the slain.

God bless women everywhere, civilized or savage, the co-equal and yet for centuries the willing slave of the thing called man. Brave, enduring woman, who can tell her full worth? The last to leave the cross, the first at the tomb, fashioned of nature's finest mold, kind and forgiving, even in degradation, patient and forbearing, even when patience would seem to cease to be a virtue, enduring is the true woman—even to the last of life. Pargetter.

Unquestionable.

The *Herald*, Detroit, Mich., says of Warner's safe Liver and Kidney Cure: "Its efficacy in kidney, liver, and urinary disease is so fully acknowledged that it is not worth the questioning. Bona fide testimonials from well known citizens in public and private life are evidences strong enough to convince the most stubborn doubter."

All Indorse It.

The *Recorder*, Americus, Ga., says:—"Clerks, Senators, Representatives, Doctors, Lawyers, Citizens, in public and private life, are testifying by the thousands, and over their own signatures, that a remedy has been found for Bright's disease of the Kidneys and for Diabetes; these are respectively known as Warner's Safe Kidney and Liver Cure and Warner's Safe Diabetes Cure." [may13-3m.

TO THEE I GIVE HEALTH.

Adapted in Chronic, Diarrhœa, Constipation, and Scrofula.—Hy. Latham, M. D., Pres't Virginia Medical Society.

Successfully used in Dyspepsia, Chronic, Diarrhœa and Scrofula.—Prof. S. Jackson, University, Pa.

Efficient in anæmia; excellent appetizer and blood purifier.—H. Fisher, M. D., Ga.

Valuable in nervous prostration, indigestion and chlorosis.—G. E. Mathews, M. D., N. C.

A vine tonic and alterative, very valuable in diseases peculiar to females, chronic fever and ague, bronchitis and diseases of the digestive organs.—J. F. Roughton, M. D., Ala.

Very beneficial in strengthening and improving a reduced system.—Rev. Jno. W. Beckwith, Bishop of Ga.

Invaluable as a nervous tonic.—Hon. I. C. Fowler, Tenn.

Recommended as a prophylactic in Malarial districts.—D. R. Fairex, M. D, N. C.

Restores debilitated system to health.—T. C. Mercer, M. D., Ind.

"Used with great benefit in Malarial Fever and Diptheria."—S. F. Dupon, M. D., Ga.

Prince of mineral tonics.—Francis Gilman, M. D., N. C.

Of great curative virtue.—Thos. F. Rumbold, M. D., St. Louis.
