...e People Get Sick.

...much and too fast; swallowing imperfectly masticated food; using tobacco; eating at meals; drinking poisonous liquors; using other intoxicating drinks; reading newspapers; taking poison as medicines; keeping late hours at night, and sleeping late in the morning; wearing thin shoes, neglecting to wear enough clothing to keep the body sufficiently to keep the pores open, exchanging the warm clothing in a warm room during the day for damp garments and exposure incident to outdoor duties; compressing to gratify a vain and foolish passion for dress; keep up constant excitement; fretting the mind with borrowed troubles; swallowing quack nostrums for every imaginary ill; taking meals at irregular intervals, etc.—*Dr. Foote's Health Monthly.*

A Rash Ride to Death.

On Tuesday last, when the Southern-bound passenger train arrived at Greenville, S. C., the body of an old, gray-haired man was found on the pilot, seated on a saddle, stone dead. He was recognized as George Martin, a cotton planter. About his neck was a string, to which was attached the handle of a jug, emitting a strong smell of corn whiskey. The engineer saw the man on horseback attempt to cross the track, and that the horse was thrown to one side; but what had become of the man was not known till the train reached Greenville.—The whiskey jug handle explains the rashness of the unlucky man.

A New Temperance Move.

The State of Oregon has adopted rather a novel mode for the suppression of intemperance. Every man who drinks is required to take out a license costing five dollars a year. Unless armed with this license he cannot obtain his bitters at any hotel or saloon, for it is a penal offence for the proprietor of these establishments to sell to any persons without a license.—Every three months the names of persons take license are to be published in the local papers so that the public may know who are licensed to drink.

THE bane of a community is a drone? Whether poor or wealthy he is practically a nonentity. If wealthy, he cannot be reached, for every man has the undisputed right to do as he pleases with what is his own. But if poor, his condition is indeed pitiable. We cannot conceive of a sadder sight than a man who is really able to work—and, bearing in mind that there is work for him if he will only seek it—passing his days in idlenets, meanwhile living off the toil of a poor old father, or mother, when he really ought to be their support. And yet these people can be seen in every community, walking the streets in broad daylight, apparently unconscious that the world around them is thoroughly acquainted with the means by which they are sustained.

An inquisitive man, who was fond of "getting to the bottom of things," looked down at the bottom of a gun-barrel to see what was at the bottom of it, and soon had his head full of the contents.

HAS NEVER FAILED

when used according to the printed directions inclosing each bottle, *and is perfectly safe even in the most inexperienced hands.*

PERRY DAVIS' PAIN KILLER

IS RECOMMENDED

By *Physicians, by Missionaries, by Ministers, by Mechanics, by Nurses in Hospitals,*

BY EVERYBODY.

PAIN KILLER IS A SURE CURE for Coughs, Sore Throat, Chills, Diarrhœa, Dysentery, Cramps, Cholera, *and all Bowel Complaints.*

We have innumerable testimonials from parties in all parts of the world who have used

PAIN KILLER

internally with never-failing success in cases of sickness of almost every nature.

PAIN KILLER IS THE BEST REMEDY known to the World for Sick Headache, Sea Sickness, Pain in the Back, Pain in the Side, Rheumatism, and Neuralgia.

UNQUESTIONABLY THE

BEST LINIMENT MADE

Its equal having never yet been found.

PAIN KILLER brings speedy and permanent relief in all cases of Cuts, Bruises, Sprains, Scalds, Severe Burns, etc.

PAIN KILLER is the well-tried and trusted friend of the Farmer, Planter, Sailor, Mechanic, and in fact all classes wanting a sure and safe medicine which will always be at hand, and can be freely used internally or externally without fear of harm and with a certainty of relief.

PAIN KILLER is a Medicine Chest in itself, and few vessels leave port without a supply of it.

PAIN KILLER should have a place in every Factory, Machine-Shop and Mill, on every Farm and Plantation, and in every Household, ready for immediate use not only for Accidents, Cuts, Bruises, Sores, etc., but in case of Sudden Sickness of any kind.

No family can safely be without this invaluable remedy in the house. Its price brings it within the reach of all, and it will annually save many times its cost in doctor's bills.

For sale by all druggists at 25c., 50c., and $1 per bottle.

NETTING,

—FOR—

SEINES and POUNDS.

WE MEASURE THE MESH.

PARTIES ordering Netting or Seines will give the length and depth required when on lines. We allow one-third for rigging, that is if the Seine is to be one hundred yards long and ten feet deep, when on lines, we would make the webbing one hundred and fifty yards long and fifteen feet deep, stretched measure.

In absence of any instruction, we will make as above.

In ordering give full description of what you want, leave nothing to be guessed at.

Parties unknown to us, ordering goods, will be required to make a deposit of one-third the value before we ship them, balance to be paid on delivery.

Send for Price List.

THE KENT COUNTY

MUTUAL INSURANCE

COMPANY,

Dover, Del.

FURNISHES INDEMNITY AGAINST LOSS BY FIRE

by its policies insuring Buildings, Furniture, Merchandise, Grain and other contents, Live Stock, and other insurable property, also covering Buildings during erection.

ANNUAL PAYMENTS OF PREMIUMS

are made in advance to pay the losses and expenses of each year, but such payments do not indicate the actual cost of insurance, as the large dividends paid attest, amounting to over $105,000,000, and yet leaving to the credit of its members over $96,000,000.

The Strictest Mutuality

is observed throughout, every member while having the advantages arising from a large Mutual Association is still dealt with in an individual capacity, and at the close of each year the balance due each is shown on our books.

THE LOSSES AND EXPENSES

are borne alike by each member, as in proportion to their payment of interest or premium they are charged with their respective share of the Losses and expenses, and the premium unused is strictly regarded as that of the member and is held to his credit, out of which has arisen the enormous dividends paid by the Company.

At Close of Membership

or at any time within one year therefrom, the member has only to make application for a settlement and whatever remains is paid back to him, without in any way affecting the interest of the remaining members, as he simply takes out that which is his.

Statements or any further information will be furnished on application to the Company or to the following agents:

The "Fence" Question

SOLVED AT LAST!

THE undersigned beg leave to inform land owners and the public generally that they have bought the right to manufacture and sell the

"EMPIRE BARB WIRE FENCE,"

on this Peninsula, and they are now prepared to take orders for and put up the same in any part of the Peninsula. Thir fence is very extensively used in the West and Southwest by railroads, farmers and stock-growers, and always gives universal satisfaction, because it is the

Cheapest Fence

that can be made—the first cost being no more than white pine board, and it is good for 60 or 75 years. It is in no danger from ore—being composed entirely of

Iron and Steel.

Storms nor floods cannot affect it, as it presents so little surface to their force. It affords no shelter for noxious weeds and briars, and will save its cost in

TEN YEARS

in the extra amount of produce grown on the ground that would be taken up by a worm fence or osage hedge. It is a fire fence, there being no danger of

STOCK BEING IMPALED,

as they frequently are by sharp-ended rails, broken boards, leaning stakes, &c., and the barbs being so short that should they come in contact with our wire it will prick the skin and turn them back without injury.—It is reliable, breachy stock turned in a field enclosed with it will always be found there.

This fence is made of

Wrought Iron Posts,

with spiral screw, (coated with a preparation to prevent rust,) by which they are screwed in the ground where they are anchored by 20 inch anchors; to the posts we attach steel barb wire, making an indestructible fence.

☞ Orders for fence for fields, yards gardens, cemeteries, private grave yards, or for other purposes, promptly attended to. We are prepared to put up or sell any wire barbed or plain fence in the market.

CHAS. A. DUNNING & CO.,
ma r18-y. Denton, Md.

NEW

CARRIAGE SHOP

AND

NEW FIRM!

THE undersigned having formed a partnership under the firm name of Jump & West, are prepared to put up in the best order

New Carriages

in the lasest style and of the best workmanship. Old Carriages repaired and made look as good as new, and on the most reasonable terms.

GOOD SUPPLY OF MATERIAL ALWAYS ON HAND.

We are prepared to put up at short notice, out of the best materials, FARM WAGONS at prices to suit the times. Repairing of farm implements a specialty.

We ask the farmers to give us a trial and we promise to give them a good job at reasonable prices. JUMP & WEST,
