Thursday Morning, Dec. 30, 1880.

☞ The Orphans' Court for Caroline county will meet on Tuesday, Jan. 11th.

THE EDITOR'S MULTUM IN PARVO.

Now is the Time to Subscribe.

SEND US YOUR NAMES AND $1.00.

The beginning of a new year is a good time to subscribe for a newspaper. We want every family in the county to subfor the UNION. You can get it for next year for $1.00, if paid in advance. Any one getting up a club of five, the money paid in advance, will be furnished with an extra copy for one year gratis. Send in your names before the end of the year and we will send the paper from now until January 1st, 1882, for $1. If you want Godey's Lady's Book for next year, send us $2.50 for both for one year.

—Happy New Year to all our readers.

—Eggs sold as high as 50 cents per dozen in Elkton last week.

—Partridge shooting is now forbidden by law until November next.

—This has been the whitest Christmas we have enjoyed for years.

—An iron foundry is to be started at Salisbury on the first of January.

—Thanks to the Baltimore *American* for a large sized calander for 1882.

—Sick headaches incessantly distract many. Let such use "Sellers' Liver Pills.' 25c. a box.

—Try it. It will cure you. Dr. Bull's Cough Syrup. All Druggists keep it. Price 25 cents.

—Messrs. Dukes & Downes have purchased another schooner to ply between this place and Baltimore.

—This has been a week of snow storms and the earth is covered with natures winding sheet.

—Persimmons gathered from under the snow at this season are excellent fruit and preferable to raisins. They are very plenty.

—The managers of the Del. & Dorchester railroad presented to each of the employees a fine turkey on Christmas morning.

—The uneasy feeling about small-pox is increasing around Middletown and in Kent. Several additional cases have been reported.

—Girls leap year has passed, and now you can take up the wail the "harvest is past and the summer ended" and we are not spliced.

—Hundreds of little stockings were filled on Christmas night and as many happy hearts and smiling faces were to be seen next morning.

—At Wyoming, Del., Saturday, a boy named John Clampitt was drowned by breaking through the ice while skating on Wyoming lake.

—One thousand turkeys were shipped from Elkton last Thursday. They were distributed among the employers of Disston & Co., Philadelphia.

—Captain Wilson, of the steamer Tangier, has sold his farm, near Snow Hill, to a gentleman named Woolley, of North East, for the sum of $3,600.

—Because of unfavorable weather the Christmas tree and presents to the scholars of the M. E. Sunday School has been postponed until to-morrow, (Friday) night.

—The Kent County Mutual Insurance Company is now receiving the annual premium on their policies due January 1st. All of their polices expire on that day unless renewed.

—An exchange says the Democratic party of Wilmington is to be put in fighting trim for the next city election, and if we do not mistake the signs of the times, it will receive a black eye.

—J. R. Cairns, Sheriff of Lenawee Co., Mich, says:—I have worn an "Only Lung Pad' for Bronchial difficulties, and have not been troubled with a cough of nights since wearing it.—See Adv.

—The Christmas number of the Middletown *Transcript* is a beautiful specimen of the "art preservative of all arts." It is printed on calander paper and looks as bright and neat as a new dollar.

—Gertrude Thomas, for the larceny of a gold bracelet and chain from Mrs. George W. Kibler, of Chesapeake City, was sentenced to the penitentiary for three years in the Cecil county court.

—Mr. John Sharp, aged about 65 years, an old resident of Sharp's Hill Sussex county, was instantly killed at that place by being struck by a train on Junction and Breakwater railroad on Monday evening.

—Mr. Howard Bryant, Johnny White, Miss Annie Carter, Miss Bessie White and Miss Annie Tyler, representing Princeton, Swarthmore and the Wesleyan Female College, are at home spending the Christmas holidays.

—The County Commissioners of Talbot county have received a plan for the new jail, drawn by Mr. Davis, of Baltimore. The majority of the citizens of Easton are in favor of removing the jail from the Court House Square.

—James Wilson was convicted in the Cecil county court last week of the larceny of a horse of R. T. C. Crouch, of Elkton, which he had hired to drive to Newark, but drove to Baltimore and tried to pawn at a livery. He was sentenced to eight years in the penitentiary.

—It is contrary to our custom to recommend any kind of Patent Medicine; but after we have seen the great effects of Robert's Horse Powders upon the Horses in this section, that has been cured of the Epizootic, as well as other diseases, we deem it our duty as good citizens to recommend it to all owners of horses.

—A Wilmington man who had slept through from Philadelphia to North East, on Saturday night a week ago, was put off at the latter place and was told to board a passenger train going north, that was just moving off. He attempted to do so, but was knocked senseless to the ground. He was taken to Elkton, where he revived under medical treatment.

—To give the employers of this office a little time for recreation during the Christmas season, together with the sickness of the editor who has been confined to his room since Sunday night, and unable to give his attention to business, is the only excuse we have to offer for deficiencies that may appear in the present issue.

—Mr. Wm. W. Davis, of Cambridge, met with a severe accident on day last week. He was superintending the storage of grain in T. W. Anderson's granary, when one of the bins, containing about 1,000 bushels of wheat, gave way and Mr. Davis' ankle was caught between a heavy board and pair of platform scales and severely crushed.

—The jail at Elkton has a crazy inmate named Jim Andrews. He is continually raving about a commission in the army. He recently addressed a note to a Chesapeake City gentlemen, asking him to employ lawyers to have Congressman Talbot, ex Govenors Groome and Carroll and "General Grant's son' arrested for trying to "beat' him out of his chances.

—The steamer 'Highland Light, will be withdrawn from the Choptank route for the season, after to-morrow 31st inst. Commencing Saturday, Jan. 1st, 1881, the steamer 'Enoch Pratt' (weather permitting) will leave Baltimore every Tuesday, Thursday and Saturday at 9 P. M., returning to Baltimore on alternate days. See advertisement in another column.

—George Scott, who resided near Whitesville, Sussex county, Delaware, indulged freely in liquor on Christmas day, and in company with other parties picked up a quarrel, and while in the act of pulling off his coat, he fell dead upon the road side. The opinion of the community is that death was caused by congestion of the brain, induced by excessive drink and excitement. Scott was a man apparently about 25 years of age, and leaves a family.

—The story going the rounds of the Peninsula newspapers as to the cure of Godfrey Parnett, a Hungarian who settled in this county several years ago and who two years since was bereft of reason and sent to the Maryland Insane Hospitul, is pure fiction. He returned to his home a few weeks since, but is still a raging maniac.—Application has been made to Sheriff Sisk to receive him at the jail in this place but the application was very justly refused, because of no suitable apartment in which to place him. The truth is Parnett left the Insane Hospital without permission from anyone or without giving notice to the proper officer of his intention to leave.

Cause and Effect.

The main cause of nervousness is indigestion, and that is caused by weakness of the stomach. No one can have sound nerves and good health without using Hop Bitters to strengthen the stomach, purify the blood, and keep the liver and kidneys active, to carry off all the poisonous and waste matter of the system. See other column.—*Advance.*

Labor Saving.

The demand of the people for an easier method of preparing Kidney-Wort has induced the proprietors, the well known wholesale Druggists, Wells, Richardson & Co., of Burlington Vt., to prepare it for sale in liquid form as well as in dry form. It saves all the labor of preparing, and as it is equally efficient it is preferred by many persons. Kidney-Wort always and everywhere proves itself a perfect remedy. *Buffalo News.*

Death of Wm. Wilkinson.

William Wilkinson, until a few years ago a citizen of this county, died at his residence in Baltimore county on the 9th inst. Mr. Wilkinson was well known to the most of our people, having resided in Tuckahoe Neck the greater portion of his life. He was a man of sterling worth, whose character was above reproach and who won by his sauvity of manner and kindness of heart the good will and esteem of this entire community. In his new home, we have no doubt, he cultivated the same virtues and secured the respect of his new made friends.

Easton, Dec. 27th, 1880.

J. H. Emerson.

My Dear Sir:—You are mistaken in your reference to Dover Bridge, as to the width of the draw. In 1860 the Bridge was built, width of draw 48 feet, clear. In 1874 it was widened to 52 feet to allow the Highland Light to pass through. In 1877 it was again widened to 54 feet to allow the steamer Georgeanna to pass up the river, the three lessees of that boat paying $50, one third of the cost. This is the only money that ever has been paid by any steamboat in rebuilding this bridge. This year the draw has been made 58 feet in the clear—wide enough to pass any steamboat leaving the port of Baltimore.

The Pratt and the Georgeanna are both wider than the Highland Light and have never had any difficulty in passing the bridge, and it is only lately that the Highland Light has had any. It is due entirely to the want of proper care.

Respectfully,
Wm. H. Smith,
Prest. Dover Bridge Co.

For the Union.

Preston Notes.

There has been less excitement and loud talk about big hogs, in this part of the county the present season, than usual. A lack of exceptionally "hefty porkers" may account for it; though the aggregate weight of pork slaughtered hereabouts is doubtless above the average. Unless a porker will tip the beam beyond the 400lb notch, it is not classed with the "big hogs" in this locality. E. J. Hubbard, colored, killed four, some three weeks ago, the aggregate weight of which was something over twelve hundred pounds. These pigs were less than a year old.

Fifteen years ago there was enrolled at one of the public schools in this place about thirty-five pupils, with an average daily attendance of perhaps twenty-five.—Since that time, there has been built three new school houses within less than three miles of the town, besides two very commodious ones in the town. The enrollment in the three schools now aggregate 110, with an average daily attendance of perhaps 90 or 95. This statement of the condition of our educational affairs is sufficiently significant without comment.

Our merchants are beginning to display their holiday goods. Groups of ruddy cheeked children may be seen every day gazing with longing eyes into the store windows. Notably is this the case at the fancy store of Mrs. Eliza J. Pritchett, whose display of fancy articles, toys and bric a-brac is really attractive, and superlatively interesting to the little folks, who are saving up their pennies for the coming Christmas. Mrs. P. is a good, motherly soul, who always has a kind word for the juveniles, and is always glad to have them call.

Who will fill the vancancy in the School Board? is a question that is frequently asked in my hearing, but as yet there has been but one answer, and that is—"I don't know." That it may be a *competent* man, who will jealously guard the trust committed to him, and will foster the cause of popular education, and institute certain needed reforms in the public schools of this county, is the prayers, not only of your correspondent, but also of all good citizens, without regard to color or party.

The teachers at this point are very anxious to receive a visit from Dr. Beaven. There is need for his presence, to properly grade the schools.

Edward L. Pritchett, who works with undertaker W. H. Hollis, leaves this afternoon for Schenectaday, N. Y. It is shrewdly surmised that when he returns, he will bring with him a partner, and the two will go into the housekeeping business together, in the Grange building.

Whew! how it snows. Norwood.
