American Union

Thursday Morning, March 19 1885.

☞The Orphan's Court for Caroline county, will meet Tuesday, March 24th.

County and Peninsula.

.....The eclipse—did you see it?

.....April 5th will be Easter Sunday.

.....For flour and feed go to James A. Trazzare's.

.....For cheap groceries go to Jas. A. Trazzare's.

.....Coal oil 12c per gallon at Jas. A. Trazzare's.

.....Falling in love is like taffy—sweet but awful sticky.

.....Rev. A. D. Davis writes that Denton circuit will be divided.

.....An effort is being made to organize an opera company in Cambridge.

.....Herrings, "Caroline currency," are beginning to circulate in our market.

.....A good number of tickets for the Ellis Family entertainment have been already sold.

.....Weather speculators predicted 23 snows for this winter. We had our 23d on Friday night last.

.....The Wilmington M. E. Conference have decided upon Elkton, Md., as the next place for holding conference.

.....The surest receipt for making hard times is to talk hard times for twelve hours every day, Sunday included.

.....Drew's Yeast Powder is the purest, cheapest, strongest made. Sold by all country merchants. [m19-4w.

.....The protracted services are still going on in the M. E. Church in this place, and nearly fifty have professed a change for the better.

.....The Rev. John D. Kemp, stationed last year at Lewes, Del., is expected to fill the M. E. Church, Chestertown, during the coming year.

.....The Republicans of Dorchester have issued a call for meetings in the several districts of that county on Saturday, March 28th, 1885.

.....Mr. Cleveland has been President two weeks, and thus far has failed to "turn the rascals out," and shows little inclination to do so at present.

.....A bill is before the Delaware legislature which if passed would drive all "patent medicines" out of the State. It would be a bonanza for the doctors.

.....Salvation Oil, the greatest cure on earth for pain, may be relied on to effect a cure wherever an external application can be used. Price 25 cents a bottle.

.....Mr. Thos. Boyd advertises in today's issue some valuable personal property which he will sell at Ridgely on Saturday next, 21st inst. See advertisement.

.....It is thought by his attending physicians that Mr. Trippe, who narrowly escaped death by being run into by the pay train at Easton Wednesday, will recover.

.....The schooner "Anna Bell" ran into the bridge at this place on Tuesday morning last carrying away a small portion of the railing and breaking the telephone wire.

.....Wheat is looking desperately bad, says the farmers, but the roots are believed to be alive, and it is hoped that the mild sunshiny days will give it a fresh start.

.....The Comptroller has made a distribution of the public school tax for the several counties of this State, giving Caroline $1,614.52 for white schools, and $553.33 for colored schools.

.....The first herrings of the season caught in the waters of the upper Choptank was captured by Link Stevens at the "Stevens" fishery just below town on Wednesday last. They sold at five cents a piece.

.....Mrs. Langtry's first appearance in public was as a reader; she read "Curing a Cold," by Mark Twain. In a recent interview she said that she does not approve of his way, but for herself uses Dr. Bull's Cough Syrup a sure cure every time.

.....The blackbirds, the first of the migratory birds to return, and which usually put in an appearance the latter part of February, were retarded by the cold weather this spring. The blackbird is the first of the feathered songsters to bring the spring notes.

.....When the blood is loaded with impurities, and moves sluggishly in the veins, an alterative is needed, as this condition of the vital fluid cannot last long without serious results. There is nothing better than Ayer's Sarsaparilla to purify the blood, and impart energy to the system.

.....Wm. Dean, son of Purnell Dean, about 20 years of age, and residing near Burrsville, in this county, arose in his usual good health on Tuesday morning last, ate a hearty breakfast, and was a corpse in a few moments afterward. The cause of his sudden death is supposed to be heart disease.

.....Ayer's Hair Vigor stimulates the hair cells to healthy action, and promotes a vigorous growth. It contains all that can be supplied to make the natural hair beautiful and abundant; keeps the scalp free from dandruff, prevents the hair from becoming dry and harsh, and makes it flexible and glossy.

.....The *Tribune and Farmer* gives the following cure for rheumatism: "Make plaster of white pine pitch or resin, add a little sulphur and lard, boil ten minutes, spread very thin on thin leather or thick paper and place below the pain; is a sure cure for all kinds of pains, inflamation, cuts, bruises, etc."

.....Speaking of the inauguration, Fogg gets off the following: "The principal cause which gave rise to the great display manifested at the inauguration of Grover Cleveland was that it is the first case in our history that a Republican President was inaugurated by the Democratic party, therefore each party was interested in the sight-seeing."

.....The next question to be discussed before the debating society at Ridgely on Friday night next will be "Resolved, that the Peninsula should be one State.

.....Secretary Way, of the Peninsular Press Association proposes that the annual excursion be made in June rather than in August, and very properly suggests that the excursion be made over the New York, Philadelphia & Norfolk line to Norfolk; that a day be spent at and about Old Point, and another at Richmond, and the home trip to be made by way of the Valley of Virginia and Washington.

.....The Centreville *Observer* of Tuesday says: "A correspondent writes us from Kent Island, that rats got into the herd of swine belonging to Col. Wm. Henry Legg, recently and eat the tails and ears off a number of pigs. Our correspondent did not state the age of the pigs, but it is to be supposed they were quite young. The Colonel's herd will therefore be designated as the earless and tailless herd.

His First Ride on the Cars.

Nathan B. Benton, Esq., an independent and successful farmer, 66 years of age, residing in the upper part of Queen Anne's county, took his first ride on Tuesday of last week, on a railroad train, and this in the face of the fact, that Mr Benton is one of the original stockholders of the road to the amount of several hundred dollars, resides almost within sight of a station and hears and secs the trains daily.

Wilmington Conference.

The seventeenth annual session of the Wilmington M. E. Conference convened at Snow Hill on Thursday last. The session thus far has been occupied in the trials of Revs. E. P. Aldred, H. W. Lightbourne, J. E. Mobray and W. E. Thompkinson. Rev. E. P. Aldred has severed his connection as a minister and thus disposed of his trial. The appointments will be received too late for this issue, but will appear in our next.

Fatal Railroad Accident.

Mr. James T. Earle, son of Dr. J. C. Earle, of Easton, and nephew of Samuel T. Earle, Esq., of Queen Anne's county, was killed at the railroad station, Easton, on Wednesday, by a special train. Mr. Earle and Mr. T. H. Trippe were in a buggy wagon, and attempted to cross the railroad as the pay train was coming down the road. The engine struck the carriage, killing Mr. Earle and the horse and seriously wounding Mr. Trippe.

Godey's Lady's Book

For April comes to us as a pleasant mid-Lenten indulgence. The number is an excellent one, embellished by a suggestive frontispiece, "At Prayer," and many other attractions of the usual character. A very winning story, called "Beauty's Child," opens in this number, and "Janie" is brought to a conclusion. Next month we are to have from *Godey's* a new story by Christian Reid, called "An Instrument of Separation," which promises to be very interesting. The short stories in the April number are good and strong, "Miss Hobbs" paticularly. A timely article on "The Soudan" opens a posseries, which will doubtless interest the readers of *Godey's*. The Presidential series closes this month with Grover Cleveland. Published by J. H. Haulenbeek & Co., Philadelphia, Pa.

The Ellis Bell Ringers.

The *Cecil Whig* says: "The Ellis family Swiss Bell Ringers gave an entertainment here on Wednesday evening. The company consists of five persons, two ladies, two gentlemen and a little child, a regular prodigy, and they can squeeze as much music and amusement into an hour and a-half as any we know of. They seem to be able to bring music out of anything—iron, glass, stone or wood. They make excellent music with the bells, and Miss Romie gets the sweetest kind of music out of sleigh bells, and the Copophone, which is nothing more than a number of glass goblets, containing certain quantities of water, played by rubbing the hands upon the edges. Little Gracie is a perfect wonder; she can whistle as sweetly as a bird and act equal to any of her seniors. Miss Fannie is quite pretty and a graceful actor, in fact they are all excellent, and the entertainment is well worth the admission fee."

Denton, (to-day) Thursday, March 19.

Ready for the Spring Fishing.

The fishing season on the Choptank begins later this year than usual; and the fishermen have had plenty of time to get their equipments ready. They are now putting down their pound weirs and fikes on the river. There is a large amount of capital invested in Choptank fisheries, and it is reported that the number of nets and traps will be largely increased this year. The float seine fishermen are also ready. The pound weirs will be taken up about the first of September, to stay until driven away by the winter's ice. The fikes stay down nearly all the year.

The fishermen along the waters of the upper Choptank will find the fishing business a complete failure as long as these men near the mouth of the river are allowed to hedge the river across with stake nets and wares. It is impossible for fish to make their way up the stream when they have so much twine to contend with, and those they do not catch are turned back. We are told that if persons who set stake nets neglect to fish them when the tide is done running in and allows the next tide turn on them that it drowns the fish and it drops out of the net to the bottom, doing no one any good. As an evidence of this fact the fish can be found along the shores where the water is shallow. It has only been a few years since the fish were entirely broken up in Chester river in the same way. We need some legislation in this matter.

Boils and carbuncles result from impure blood. "Aromanna" purifies the blood and cleanses the whole system.

How to Set a Hen.

Every poultry raiser desires to be successful in getting his chickens hatched, as a full hatching makes a good show for raising a full brood. To secure this the very best means should be adopted to set the hens. The *American Agriculturist* says there is a right as well as a wrong way to set a hen to secure a "good hatch." Poor hatching may be due, in some cases, to the infertility of the eggs, yet most of it is due either to a restless hen or to her not having been properly set. If eggs become too dry, which they are apt to do in early spring, when high winds prevail, or if set high up in a nesting box and the nest made of dry, absorbent material, the chicks will be found dead in the shell, even though they are about ready to hatch. The skin which surrounds the chicks become dry and parchment like, and clings fast to the little prisoners. We prefer a no-bottom box for a nesting box, set right on the ground floor of the hen house, and a medium sized nest, made of well broken and fresh rye straw. Where there is danger from rats, weasels, dogs, etc., necessitating more secure nests, the proper amount of moisture can be secured for eggs by putting a fresh sod, about three or four inches thick, in the bottom of each nesting box, and making the nest upon it. If fresh and moist at the time it is put in, it will exhale all the moisture the eggs need. Two-year-old hens make better setters than yearling pullets, as they are far more constant, seldom deserting their eggs, or the young broods subsequently, as pullets frequently do.

.....The Ellis Family of Bell Ringers who are making a tour of the Peninsula will visit Denton Thursday, (to-day) 19th inst. Besides the use of 278 bells which are made to give most delightful music, they will perform on several other musical instruments. The imitation of church chimes on large bells is wonderfully perfect. The Philadelphia and New York papers speak highly of them, and say they never fail to please.

Sentiment in Business.

As sentiment and honesty in business decreases, dishonesty and want of confidence in our fellow-men increases. The present stagnation in business is largely due to a want of confidence between man and man. Men who look upon each other only as channels through which to get money, are very apt to have little regard for the means employed. To them the distance between their hand and their neighbor's pocket is of little consequence, and they would just as soon remove that distance in the time usually resorted to by the highwayman, as at the time and by the methods employed by honorable men.

Would Not Be Without It.

EAST NEW MARKET, Dec. 5, '85.

G. Holdstein:—I deem it a privilege to recommend your valuable medicine—"Aromanna. I have been troubled many years with liver and lung disease. One year ago I was taken with ague and fever. I tried other remedies, but nothing helped me until I obtained your "Aromanna." I commenced its use and it completely broke up the chills, leaving me with good health. Would not be willing to be without it in the house.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It has had many imitators, but none have so fully met all the requirements needful for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: *the entire fulfilment of its promises.*

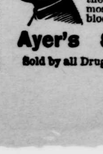

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction.

The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cleanses the scalp from all impurities, cures all humors, fever, and dryness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

BUCKINGHAM'S DYE

AYER'S Ague Cure

contains an antidote for all malarial disorders which, so far as known, is used in no other remedy. It contains no Quinine, nor any mineral nor deleterious substance whatever, and consequently produces no injurious effect upon the constitution, but leaves the system as healthy as it was before the attack.

WE WARRANT AYER'S AGUE CURE to cure every case of Fever and Ague, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Bilious Fever, and Liver Complaint caused by malaria. In case of failure, after due trial, dealers are authorized, by our circular dated July 1st, 1882, to refund the money.
