All Bargain-lovers and those who desire genuine Satisfaction should not fail to visit Walter H. Thompson & Co.

American Union

THURSDAY, June 25, 1885.

☞The Orphan's Court for Caroline county, will meet Tuesday, July 7th.

A MASS CONVENTION.

In order that all persons may have an opportunity to act in concert in devising ways and means to do away with bribery at elections hereafter in Caroline, a mass convention will be held at the Court House in Denton, on

TUESDAY, JULY 21st, 1885,

at 10 o'clock A. M., to which every one who loves free speech, a free ballot, and the free chosen representatives of a free people, are invited to be present.

J. W. BRYANT, JAS. E. HIGNUTT,
THOS. MELVIN, JAS. I. LEDNUM,
URIE TOWNSEND, CHAS. W. BYRN,
WM. H. DOWNES, J. H. EMERSON,
AND MANY OTHERS.

County and Peninsula.

.....Drop your heavy flannels.

.....Lay away that old wool hat.

.....Last Sunday was the longest day.

.....A savings bank has been started in Easton.

.....Strawberries are played—cherries and dysentery next.

.....Cambridge will celebrate the 4th in an appropriate manner.

.....The huckleberry crop is reported as a large one. It will begin to ripen in a few days.

.....Go to Dunnock's for pretty styles in Satteens, Dress Goods, Lawns, &c., —bottom prices.

.....Swimming is now in order and the small boy is happy—and the large one too. Don't go near the water.

.....The stores in this place will close on Saturday July 4th during the day and open at 7 o'clock in the evening.

.....The M. E. Church will be ready for occupancy in about two weeks. The new recess pulpit is a decided improvement.

.....The rubbish lying in the rear of the Masonic building has been removed and the ground presents a much neater appearance.

.....The backbone of the strawberry crop came out last week, and now cherries are in demand, sour enough to make you—want lots of sugar.

.....The fourth quarterly apportionment of the State School tax has been made, giving Caroline $1,614.32 for white schools, and $553.33 for colored schools.

.....For Sale—two good New Home Sewing machines can be bought cheap. For particulars apply at THIS OFFICE.

.....On Saturday last over thirty tent sites were staked out on Concord camp-ground. It is expected there will be a large encampment on this favorite ground this year.

.....Walter H. Thompson & Co., Easton, Md., are offering bargains in to-day's issue. Read their new advertisement carefully and profit by it, and you will have nothing to regret.

.....The mucilage on the two-cent postage stamp will hereafter be flavored with vanilla and that on the one-cent stamp with lemon, so that you can tell in the dark what kind to use.

.....Crowds of people visit our town on Saturday nights, but there is very little dealing done on account of the scarcity of money. They are doing without everything they possibly can.

.....A man named Corkhill was arrested near Burrsville on Wednesday last by Constable Jump and Whiteley from Centreville, charged with being an accomplice of Taggart and Wright in their depradations of horse stealing.

.....The new steamer Joppa, of the Maryland Company, will make an excursion to Baltimore on July 4. Leaving Denton at the usual hour on Friday, the whole of Saturday can be spent in the city. Round-trip tickets, $1.00.

.....The 4th of July is fast approaching, and yet we hear of no preparation for its appropriate celebration in Denton. What was done at the meeting called a few days ago in the columns of the *Journal*? Perhaps it did not have a good head on it.

.....In one issue of the Baltimore *Sun* last week we counted 11 notices of strawberry festivals, and every one was paid for at the rate of 25 cents per line. The country paper publishers are all rich and never think of charging for such advertising.—*Exchange*.

.....Camp-meetings will begin at Oakland on Tuesday, July 21st and close on Friday July 31st. Concord commencing on Friday August 7th and close on Monday August 17th. Wye camp will commence on Tuesday August 4th and close on Friday August 14th.

.....As Cambridge has decided to celebrate the 4th, it will give the excursionists from this place an opportunity of spending a pleasant day in that city. For full particulars see advertisement in another column; also large posters in all the towns in the county.

.....Young man, if you are guilty of dodging ice cream signs when out promenading with your best girl, you should remember that the past Winter was unusually cold, and who it was that furnished the coal that was burned for your comfort during your many calls.

.....At the chancery term of our court on Monday last the question of whether it was lawful or not to sell spirituous or fermented liquors in the sixth election district of this county was discussed, but Judge Wickes did not give his opinion, as he desired more time to consider the matter. He will in a short time make his decision.

.....Samuel Gafford, of Church Hill, committed suicide on Tuesday of last week by drowning himself in a well. His wife saw him when he was crawling through the platform covering the well and caught him by the foot. He struggled from her, however. She screamed for help and the body was soon drawn out, but life was extinct.

.....The Ladies' Aid Society will hold an entertainment in the town hall, this place, to-night, Thursday, 25th instant. The exercises will consist of instrumental and vocal music, recitations, etc. Mr. J. Stewart Crossey, Jr., will assist in the exercises. Admission, adults 25 cents; children, 15 cents. Let everybody turn out and encourage the cause.

.....Twenty shares of bank stock belonging to the late Bennett R. Downes was sold at public sale on the court-house square in this town on Tuesday afternoon last, the following gentlemen becoming the purchasers: Five shares to Samuel H. Melson at $106.25; ten shares to P. W. Downes, 5 at $104, and 5 at $103.50; 5 to Ernest Downes at $103.50.

.....Messrs. Evitts & Holbrook have just completed a new iron fence around the premises of the Misses Satterthwaite's on Main street in this town, now occupied by Jas. Trazzare, at a cost of about 50 cents per foot, which is decidedly the handsomest and most durable fence in the town. A fence of this kind around the court-house square would indeed be an ornament to the town.

.....The "Stumblers" of Denton and the "Secret Nine" of Burrsville played a match game of base ball on the grounds of the latter which resulted in favor of the "Stumblers." The score stood 16 to 18 on the sixth inning, when the game was suddenly stopped and a free fight ensued. It was reported that a sewing machine agent residing in that locality was fearfully beaten in the "set-too," but he arrived in town late in the afternoon with not a scratch on him, and said he would sell a sewing machine as cheap as ever.

.....Lloyd's Union Hotel, southwest corner of Pratt and Charles streets, Baltimore, was almost entirely consumed by fire on Wednesday last. Mr. Lloyd's loss is about $2,000, one-half this amount having been drawn from the bank the day previous, and was consumed together with about $1,600 worth of valuables belonging to his wife, upon which there was only $200 insurance. This loss will fall heavily upon Mr. Lloyd, who is a very clever gentleman and a first-class hotel keeper. The building was insured for its full value and will be immediately rebuilt. Mr. Lloyd's Caroline friends are hopeful that he will again resume business at the old stand.

The New Postal Law.

The new postal law which goes into effect on and after Wednesday, July 1st, makes *taking* of a newspaper and the *refusal to pay* for the same, *theft*; and any person guilty of such action is liable to criminal proceedings, the same as if guilty of stealing goods to the amount of his subscription. The postmaster or the letter-carrier can testify in all such cases.

Drowned in a Mill Pond.

Charlie Turpin, a fourteen-year-old son of Frank Turpin, who resides near Ennall's Spring, Dorchester county, was drowned Sunday morning while out boating on a mill pond near the house. His boat suddenly filled and, sank when in deep water, and being unable to swim he was drowned. A companion who was in the boat with him was rescued by a young man who was swimming in the same pond, but Charlie sank before he could return to him.

Harvest At Hand.

Harvest will open upon us this week and some few fields have already been cut, but the principal bulk will not be cut before next week. About next Monday our farmers will go at it in earnest, and they are now making extensive preparations. The yield promises well in fields where the wheat came up well and was not drowned out during the winter. The head is unusually heavy, and all things considered the crop in the county will probably reach three-fourths of last year's yield.

Excursion to Cambridge.

A party of gentlemen in this town have chartered the beautiful steamer Chesapeake, one of Capt. C. C. Wheeler's propellers, and will make an excursion from this place down the river to Cambridge and return on the Fourth of July. The steamer will stop at all the principal landings on the river, leaving Denton wharf at 8:30 A. M., and return at 7 P. M., giving excursionists four or five hours in Cambridge. As there will be no celebration in Denton on that day people should avail themselves of this opportunity, which will be a very pleasant and beautiful trip for them. Round trip tickets 50 cts; children half price. Let everybody go.

Contaminated Drinking Water.

Demorest's Monthly for July contains the following pertinent remarks on drinking water: "Contaminated drinking water is the cause of so much sickness that every man and woman grown should know good water when they see it, and have the means of testing it. Water may to all appearances be clear and sparkling and yet contain the germs of foul diseases. The presence of chlorine tells the story. This substance is never found in the soil, and when discovered in water must have come from the human system. In our daily food we use salt—the chloride of sodium. After passing from the human body it becomes seperated, and the chlorine makes its appearance in the contaminated water. As much as thirty or forty grains to the gallon is often found in water drawn from wells near where people live. Let it be understood—the more chlorine in the water the more danger, and, also, that no water is really fit to drink which has any of this foreign substance. This is not a pleasant subject to discuss, but people who are too dainty to pay attention to it endanger their health and that of the community they live in."

Dots for the Union.

As there has been and is now a good bit of talk about bribery at elections, the buying of votes, anti-bribery tickets, etc., I just thought I would put in a dot and help push the raft along; for all the talk and fuss about anti-bribery is only a raft on the sea of office-hunting, and is built of the frailest timber. So frail is the build and material that a new-born babe's breath can sink the rickety craft.

Those who work the wires of our so-called political machinery don't want the selling of votes abolished. It would make too many lame ducks if every man, (aye, and woman too,) had enough manly independence to step up to the ballot-box and vote just as he pleased; vote because it was his right to vote. Why bless you my parties, it would put an end to processions, fantastic dresses and political gob. It would kill the gifted stump orator; it would cause your big man to lose prestige; you who rule the machine would feel little on the day of election if you could not lead up to the ballot-box half a score of men, or stand around with both hands full of tickets, watching for the doubtful to lead him off to some sheltered rock, there to work away on the feelings and the prejudices of some shaky voter. Why the whippers-in would lose their vocation, and those who manipulate the ticket before and at the election could sit on the fence just as the doubtful voters do now when the fee comes down to a dollar.

No, the people don't want the bribing of shaky voters abolished, else they long since would have made an effort to stop the accursed traffic. They have the law on their side, and of the law-officers one cannot say much, but then you know inefficient officers is not the dear people's fault. Again, to bribe a voter costs money; to give money away in a style of this kind must come in the common slang of the day from tony people. If it comes from tony people there is no harm in it, for are they not the salt of the earth?

It is a crime to steal a bushel of wheat, but it is no crime to steal the independent man's vote by bribing another to vote as the tony man wants him to vote. Then, how about another kind of bribery? That of dealing out the offices amongst the "tickle me and I'll you" kind. One kind of bribery is just as bad as another.

No, gentlemen of the jury, you don't want the buying and selling of votes abolished. Where would the high-mightinesses of the bosses be? Their occupation would be gone, and the voter would begin to kick in the traces because he might want a spoonful of public pap, and then that spoonful would rest entirely on his own fitness and worth.

PARGETTER.

Bribery of Voters.

Mr. Henry Stockbridge, of Baltimore, writing on the subject of the movement in Caroline county for putting a stop to the bribery of voters, says: "There is one practical difficulty to which you do not refer, and which is at this time almost insuperable. The first article of our constitution makes the giver and taker of the bribe equally criminal. The effect of this is that neither can be compelled to testify against the other, since doing so would criminate himself and render him liable to punishment. Now although it is an open secret that votes are bought by the hundred, as herrings are, so much a head, and yet it is a secret and no actual legal proof of the fact can be got without placing one of the parties to the transaction on the stand. This has prevented and will prevent an enforcement of the law against offenders. Until this can be amended it is expecting a great deal to look for a complete reformation of this infamy by an appeal to the moral sense of the Eastern Shore or some parts of the Western Shore. If the honest people of Caroline county will make this amendment an issue in acting upon the question of a new constitution in 1887, possibly some good may result from it."

Gloomy Peach Reports.

Reports from various sections of the Peninsula are not so good as a week since. In some neighborhoods prospects of a full crop are reported; in others as low as one-fourth of a crop is the estimate. On a whole the indications now point to a crop not larger than that of last season.

The young fruit has fallen badly during the past ten days. Some growers think this a result of frosts that dwarfed the young fruit; but the unusual dropping is attributable in this section principally to the curculio, which has stung the peaches, causing them to drop. The gloomiest reports come from Dover and Smyrna; but the prospects are said to be good in the vicinity of Wyoming, the great peach shipping centre. A few growers there say the crop is damaged, but others remind them that young peaches never seem so numerous at this date as just before ripening.

For the vicinity of Milford the indications are good for a fair crop. Some orchards are yet full of young fruit, while others have only enough for half a crop. This week will probably end the "June fall" and the crop can soon be more correctly estimated. This much, however, is known now, that the drop will neither be very heavy nor very light.—*Milford News*.

Bribery from Home.

Bribery at elections is receiving considerable attention at the hands of the press of the Peninsula, just at this time. The discussion commenced in Caroline, where a ticket has already been presented, composed of the best men of the county. It is said that in Caroline over one-third of the voters are for sale. About the same state of things exist in other counties on the Eastern Shore of Maryland and in Delaware it is even said to be worse. This is a bad state of affairs and we are glad to note that efforts are being made looking to the suppression of the evil. Its spread can only be prevented by a strong, public sentiment against it, and this sentiment can be created in no surer way than by the good men of all parties denouncing and condemning the practice of buying and selling votes. The press has taken the initiative, and with such a powerful auxiliaary as the pulpit will prove to be, we hope the day is not far distant when men will refuse to be sold like sheep in the shambles. —*Crisfield Leader*.

A Sad Dilemma.

'Tis in June the maiden's fancy
Lightly turns to pink ice-cream,
And her lover's shining quarters
Vanish like a lovely dream.

'Tis in June the maiden sees an
Ice-cream sign a half a mile,
And she asks her trembling escort,
"Ain't that sign got up in style?"

And the impecunious lover,
As he feels the heat of June,
Tries to turn the conversation
To the brightly shining moon.

"Sweet," says he, "do you know why
That moon and I are different?
Luna has her silver quarters,
But I haven't got a cent."

Destructive Locusts.

The locusts have entirely destroyed the foliage and young fruit of the peach trees in the orchard of Mr. Samuel H. Miller, near this town. A week ago this orchard, which is a new one just coming into full bearing, gave promise of an excellent crop of fruit; now not a peach remains. The locust pierces the limbs of the trees to deposit its eggs, and the foliage withers and dies. Mr. Miller thinks he can save the trees by topping them, but he will have no peaches from them for several seasons, even if they live. This is the first case of this kind we have heard of. Mr. Miller is the largest grower of peaches in this immediate neighborhood.—*Cecil Whig*.

Baltimore Markets.

WHEAT.—Fultz, good to prime, 93, 94; Longberry, 95x100.

CORN.—White, 60x62; yellow, 56x57.

EASTON, MD.

AYER'S PILLS.

A large experience of the Cures which these Pills have effected in every variety of the complaint, however, and their power to control other diseases directly upon which they operate, have obtained for them the confidence of the public. We are now manufacturing by their use, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these Pills by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These Pills are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes:

"AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your Pills are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when occasion offers.

W. L. PAGE, of W. L. Page & Bro."
Franklin St., Richmond, Va., June 3, 1882.

"I have used AYER'S PILLS in numberless instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable.

J. T. HAYES."
Mexia, Texas, June 17, 1882.

The REV. FRANCIS B. HARLOWE, writing from *Atlanta, Ga.*, says: "For some years past I have been subject to constipation, from which, in spite of the use of medicines of various kinds, I suffered increasing inconvenience, until some months ago I began taking AYER'S PILLS. They have entirely corrected the costive habit, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical economy.

DR. JOHN BULL'S
Smith's Tonic Syrup
FOR THE CURE OF
FEVER and ACUE
Or CHILLS and FEVER,
AND ALL MALARIAL DISEASES.

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the SAFE, CERTAIN, SPEEDY and PERMANENT cure of Ague and Fever, or Chills and Fever, whether of short or long standing. He refers to the entire Western and Southern country to bear him testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in drinking and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of BULL'S VEGETABLE FAMILY PILLS will be sufficient.

BULL'S SARSAPARILLA is the old and reliable remedy for impurities of the blood and Scrofulous affections.

SCIENTIFIC AMERICAN
ESTABLISHED 1845.

The most popular Weekly mechanical paper devoted to science, mechanics, engineering, discoveries, inventions and manufactures ever published. Every number illustrated with splendid engravings. This publication, which is a most valuable encyclopedia of information, should be in no person should be without it. The yearly circulation of the SCIENTIFIC AMERICAN is more than that of all other papers of its class combined. Price, $3.20 a year, or $1.60 for six months. Clubs. Sold by all newsdealers. MUNN & CO., Publishers, No. 361 Broadway, N. Y.

PATENTS. Munn & Co. have also had Fifteen Years' Experience in the Patent Business. Any one who has made a new discovery or invention can ascertain, free of charge, whether a patent can probably be obtained by writing to the Patent Office, and have more than One Hundred and Fifty Letters from inventors who have obtained Patents in the United States and foreign countries through the Scientific American Agency for the transaction of their business. Caveats, Trade-Marks, Assignments, and all other papers relating to Patents, prepared on reasonable terms, and with special promptness. Information as to obtaining Patents, and as to the value of any patent, cheerfully given without charge. Hints on the sale of patents, and other information sent free. Patents obtained through Munn & Co. are noticed in the Scientific American free. The advantage of such notice is well understood by all persons who wish to dispose of their patents.

Address MUNN & CO., Office Scientific American, 361 Broadway, New York.
