American Union

THURSDAY, August 13, 1885.

☞The Orphan's Court for Caroline county, will meet Tuesday, Aug. 25th.

County and Peninsula.

.....Fallow turning is very active.

.....The belated corn fields are coming out splendidly.

.....There are 310 prisoners in the House of Correction.

.....Watermelons and bilious infest our quiet community.

.....Concord is now known as the "political" camp-meeting.

.....Several more warm waves are expected yet this season.

.....It is about time for somebody to prophesy a hot September.

.....The colored people will have their excursion on Saturday next.

.....The camp-meetings are not suffering very badly for want of rain.

.....The street sprinkler agitation has subsided since the tornado and heavy rain fall.

.....The melon crop in Wicomico is said to be thrifty and remunerative to the grower.

.....After a few weeks drought, Snow Hill was visited with copious rains on Friday and Saturday last.

.....Farmers are busy now plowing fallow for wheat. The ground is in excellent condition for plowing.

.....Next Saturday week, the 22d inst., is the day fixed for the Democratic primaries in Talbot as well as Caroline.

.....Henry R. Lewis, Esq., has purchased of Elijah Todd his dwelling house in this place for which he paid $1,200.

.....Lightning never strikes in the same place twice, but it is awful inconvenient to be there when it does arrive.

.....The colored people's excursion did not come off on Saturday last, as announced, owing to the inclemency of the weather.

.....Troths early peaches are being shipped in large quantities from this peninsula and bring from 75 cents to $1.25 per box.

.....As the season advances Dunnock's goods are reduced. Dress Ginghams, Satine's &c., very cheap. This announcement is worth investigation.

.....Quite a number of persons are prophesying abundance of rain, now that camp-meeting time has arrived. It does happen that way frequently.

.....Tuesday of last week was the heaviest day the Easton national bank has had since it has been chartered. It handled on that day over $80,000.

.....Note the change of the Chester River Steamboat company. The Emma A. Ford leaves Queenstown at 8 A. M. and arrives in Baltimore at 11 A. M.

.....Jacob W. Bullen advertises in the Centreville *Observer* for a situation at wheelwrighting. If he was to strike Denton about this time he might be accommodated.

.....Camp-meeting season can generally be relied upon to bring rain. This year was no exception to the rule. Many farmers are wishing that the camps had begun earlier.

.....FOR RENT.—The dwelling-house lately in the occupancy of E. W. Emerson is for rent for the remainder of the year 1885. For particulars apply at once at THIS OFFICE.

.....It is said that the politicians took possession of Oakland campmeeting on the last night (Thursday) and the shouts and cheers that went up for Gadd was heard for miles around.

.....The store-house of Joseph Stafford at Wye Mills, Queen Anne's county, was entered by burglars on Thursday night last and robbed of about $80 in money and a large amount of merchandise.

.....The Pennsylvania Railroad Company intends to straighten the D., M. & V. railroad. The distance from Harrington to Georgetown, twenty-five miles, has been reduced to twenty-four miles.

.....The child of Elihu Lynch a few days ago, complaining of its nose, it was examined and a grain of corn was found to have sprouted in it. If this is a lie, the Georgetown *Democrat* is responsible for it.

.....Frederick Roshy, who was sentenced to the House of Correction for two months from this place about three weeks ago, is reported to be in very bad health, and some of his friends think he will not return alive.

.....The Pennsylvania Road has now almost a monopoly of the Peninsula, having under its control all the roads except the road from Chestertown to Bombay Hook, and the short road from Salisbury to Ocean City.

.....The result of the primaries in Somerset county are summed up as follows: Eight out of eleven districts favor the nomination of Purnell for Judge. Purnell is certain of the Worcester and Somerset delegations.

.....The steamer Edgecombe, plying between Greensborough and Potter's Landing, is not paying expenses, and we have been told that the company have already lost about $300 in the enterprise, which has not been in operation a month yet.

.....George Taggart has made another unsuccessful attempt to escape from Centreville jail. This time he tried to overpower the jailor, but having on his heavy leg irons, he could not handle himself, and was knocked down and locked up in his cell.

.....Nicholas Payne cut Charles Lawrence in the breast with a pocket knife on Saturday night at St. Michael's, inflicting a serious wound. Both are colored, and the wounded man is son of Fred. Lawrence, hanged in Easton a few years ago for the murder of his wife.

.....Since the weeds have been mowed on our court house square, it presents a much neater appearance, as does also the grounds in the rear of the town hall.

.....If about three-fourths of the pavement on Main street in this town was taken up entirely pedestrians would find the walking much better, as we are again in darkness, and it is bad enough getting along in day light when we can see the miserable hills and holes.

.....Two horses attached to a wagon belonging to Mr. Brumbaugh, of Ridgely, became frightened at the steamboat at Denton Bridge on Sunday last, dashed up the road at full speed, but fortunately were overtaken and stopped before much damage was done.

.....Friends may desert an editor, rivals may scorn him, and he may fail to get a postoffice, but as long as his scissors do not break and the roaches do not eat up his paste, hope turns its golden light upon him, and his future has a trade dollar silver lining which sorrow cannot corrode.

.....Our farmers say the prospect for a large corn yield never was more promising than at the present time. A subscriber residing near Preston was in town on Saturday, and told us he never saw better corn all the way from where he resides to this place, and he has reached his 60th year.

.....It is unusual even in this county, for dollar bills to grow in cabbage heads, but Mr. Wm. Gray purchased a fine head recently, from a well-known grower in the neighborhood, and when Mrs. Gray cut the cabbage, preparatory to cooking, lo! and behold! a dollar bill dropped out. It was duly restored to the grower of the cabbage.—*Courier.*

.....The editor of the Easton *Star* thinks local option has killed the business of that town as dead as a door nail. Any town that cannot survive without the use of this "deadly poison" ought to die and be buried so deep that it will never be resurrected. Perhaps this is only the sentiment of this gentleman, as the voice of the people speak differently.

.....Cudney, who is charged with committing a rape upon Sarah Buckson, near Leipsic, in Delaware, of which we gave notice in our last issue, was given a hearing before the magistrate last week. The testimony of the young girl was unshaken, and even stronger than at the first hearing. Cudney was remanded to jail to await the action of the Grand Jury.

.....Politics are beginning to wax warm in this place, but the fight seems to be principally between Gadd and Cook for the clerkship, and each of these gentlemen are very sanguine that they will receive the nomination. They have about ten days more to struggle, when the convention will meet and somebody will get left, but the fight promises to be spirited until that time.

.....It is said by people who visited Concord camp on Sunday last that there was a larger attendance on that day than had ever before assembled at any camp meeting held in this county. The crowd was estimated at from 5,000 to 6,000 persons. As the camp at Concord will be the only one going on in this county on next Sunday, the prospect is that it will exceed in numbers last Sunday.

.....Miss Alice Pratt, near Blackiston's Cross Roads, (Del.) in attempting to pull her two little brothers away from a horse-power one day last week, had her clothes caught in the coupling of the fly-wheel rod, winding her limbs around the rod and tearing her right foot from the socket. Physicians replaced it, and it is thought the foot will not have to be taken off, but will make her a cripple.

..... Home is the place of rest to which the feet turn by instinct in each interval of toil. Home is the treasury where our most precious things are garnered. Home is the place where we guard the heirlooms of our sires and the cradles of our little ones. Other abodes we are pleased to visit in the way of an excursion, but home, after all, is the place to live, and home is the place to die.—*Bishop Lay.*

.....Eastern Shore Republican postmasters had to dance to the tune of "turn the rascals out," at the rate of twenty-two a day on Thursday last, and the little offices were supplied with good, true and tried Democrats. The appointments in this county are: Denton—Thos. Melvin, vice Chas. Stevens; Ridgely—Thos. A. Smith, vice Jas. K. Saulsbury; Marydel—S. G. Boyer, vice Henry Steele; American Corner—B. W. Parker, vice Geo. W. Cohee.

Denton Postoffice Change.

The long-looked-for removal of the postmaster at this place has at last been reached, and the numerous enemies of Mr. Stevens we hope will soon be at rest. People who have never performed the duties of postmaster know but little of the unpleasantness attached to this office. Whether or not the gentleman recently appointed in his stead will give better satisfaction remains for trial. Mr. Melvin is well qualified for the position, is a clever and accommodating gentleman, and we hope his appointment will prove satisfactory to our people.

Thriving Country.

Hillsborough is a growing town situated on Tuckahoe creek where the three counties of Queen Anne's, Caroline and Talbot meet. The farming lands around are in a high state of cultivation, hence large barns and big mansions are the rule. Some of the Talbot county farmers have grown this season over forty bushels of wheat to the acre. Farms near Hillsborough of two hundred acres grow from 1,800 to 2,000 bushels of wheat and as many bushels of corn. Plenty of manure and fertilizer has done the work.

Mop, mop, mop with care, [taire,
Mop in the presence of the thermome-
Mop your face and mop your hair,
Mop with a nice new handkerchair;
Mop all day, yet you can't begin
To keep the dew drops off your chin.

Never Mind.

What is the use of always fretting,
At the trials we shall find
Ever strewn along our pathway?
Travel on and never mind.

What is past is past forever!
Let all fretting be resigned;
It will never help the matter—
Do your best and never mind.

Friendly words are often spoken,
When the feelings are unkind,—
Take them for their real value
Pass them on, and never mind.

Fate may threaten, clouds may lower,
Enemies may be combined;
If your trust in God is steadfast,
He will help you,—never mind.

The Oldest Inhabitant.

The Dover *Delawarean* says: "In 1792 or 1793 John Smith, who is now living between Thomas' Chapel and Marydel in West Dover hundred, came to this state from Virginia, having, as he says, ran away from his home three years before he was of age. He distinctly recollects all that took place in the neighborhood of Green's mill where he located in 1793, and in conversation related an experience he had in going to Camden for a doctor at the birth of Daniel Nock in that year. An investigation of the Nock family record revealed the fact that Smith was right about the date of the birth of Daniel Nock. If his memory is as correct as to other dates as is that relating to Mr. Nock, Smith must be at least 110 years of age, and is probably the oldest white man in the United States. The circumstances of Nock's birth is not the only evidence of Smith's age. He can name the dates of certain events, one of which is the marriage of David Marvel, whose oldest son died about a month ago, aged 56 years. Smith talks intelligently about matters before 1800, but things which recently transpired he can remember nothing about."

The Drought Ended.

The drought of the past three months (for we have had but very little rain since the opening of Spring), was brought to a sudden close last week by a rain that has been extended from the seaboard to the lakes in a fall of water of unusual volume. It is at once an end of a protracted heated term, as well as the drought, and thus makes all nature put on a brighter face. The fields and the gardens have been refreshed and the fruit and corn and such crops as are still immature and ungathered have been saved from the almost total loss which was threatened. True, with the good came the storm-fiend, bringing in his wake destruction to crops and property, but in spite of all this, the good it has done far exceeds the harm, and instead, gaunt famine that had settled on many fields gives place to green pastures and luxuriant crops.

The Cyclone in Dorchester.

A cyclone passed over a portion of Bucktown, Dorchester county, on Monday afternoon of last week. The dwelling-house of Thomas Elsie was spun around upon the ground like a school-boy's top, and then, falling into pieces, the fragments were carried miles away like so many straws. The house at the time was occupied by the family, consisting of Mr. Elsie, his wife and two children, and the remarkable part of it is that all escaped without injury, except Mrs. Elsie, who received a small cut on the forehead. The barn was annihilated and the large timbers scattered through the air like chaff.

Wye Camp-Meeting.

The meeting in the beautiful grove of Wye began on Tuesday morning of last week. All the tents on the circle and avenues, with one exception are occupied, and present a very beautiful appearance. For the most part the tents are provided with doors and shutters, and being shingle roofs are free from leakage during heavy rains. The grove presents more the appearance of a little city than anything else. The attendance was not large until Sunday when the crowd numbered in the thousands. It will close tomorrow morning.

No family can have good bread unless they use Drew's Yeast Powder.

THREE FARMS

—AT—

PRIVATE SALE!

I will sell at private sale to a good purchaser one or all of the following described farms:

NO. 1. The farm where I now reside, near Grove, in the 4th election district of Caroline county, containing 239 acres, well improved, two story and a-half building, 8 rooms, painted and papered, with good outbuildings; growed the present season 16½ bushels of wheat to a bushel's sowing; can be purchased for $5,000. A good peach and apple orchard.

NO. 2, is located within a half mile of NO. 1., contains 133 acres, beautifully located; level land, red-clay soil, not a ditch on the farm; 188 bushels of wheat the present season from 25 bushel's sowing; corn crop now growing presents a prospect of 1,000 or 1,200 bushels. Buildings new, two-story dwelling, outbuildings in good repair. A young orchard of 500 apples and peaches. Can be purchased for $3,000.

NO. 3 contains 110 acres, clay soil, grows excellent wheat crops, all in a good state of cultivation; dwelling single-story; 4 rooms below, high elevation, nice and dry, with a good potato cellar; in a good neighborhood, stores, churches, school and sawmill within a half mile. Good apple orchard.

These farms can be bought on reasonable terms, payments to be made as follows: One-third cash, ballance to be agreed upon between the seller and purchaser, possession to be given on the 1st day of January 1886.

AYER'S Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the VIGOR is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from *Kirby, O., July 3, 1882:* "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The VIGOR is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANGUS FAIRBAIRN, leader of the celebrated "Fairbairn Family" of Scottish Vocalists, writes from *Boston, Mass., Feb. 6, 1880:* "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 *Elm St., Charlestown, Mass., April 14, 1882,* says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the VIGOR, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.
