The Republican Outlook.

Not only is the platform adopted by the Republican Convention of Maryland greatly superior to that adopted by the Maryland Democratic Convention, but the candidates also are far better. In several of the counties there are fusion movements between the dissatisfied Democrats and Republicans, but wherever a full ticket has been nominated by the Republicans it is a good one.

The reasons for this are very simple. The Republican party of Maryland is more free from machine dictation than ever before. The election of Cleveland has paralyzed the power of the federal officers who have heretofore controlled the Republican organization in Maryland, and their retirement leaves the party free to popularize itself. The young men can come out. The voters can select their best men, and the organization is managed by its own brains and public spirit, and not controlled by bosses and federal patronage. The consequence is that the men named for the state and county offices have been freely selected on account of their general fitness, and they will receive the strongest support.

The Democrtice candidates, on the other hand, have not been chosen for their fitness to represent their counties or districts, but chosen simply to make the re-election of Senator Gorman assured. To this purpose all others have been subordinated. One might almost imagine that the Democratic State Central Committee considered no need of the people of Maryland worthy of being considered except the re-election of Senator Gorman.

In view of these facts, the Republican prospects in the coming elections are brighter than ever before. The party is harmonious, aggressive, energetic and hopeful. It has a good platform and good nominees, and will poll a very heavy vote. On the other side, the Democrats are weakened by revolt against boss dictation, and dissatisfied with the candidates forced upon them by the Democratic machine. There are splits in several counties, and where no bolt has taken place the Democratic candidates will fail of full party support.

There will be surprises in the coming elections. Things will happen that the most experienced bosses do not expect.—*Baltimore American.*

WHAT'S the USE!

What's the use of croaking about "hard times" and scarcity of money? Money is as plentiful as ever, and it only needs some incentive to cause its circulation.

Like the blood, if allowed to congeal, it must necessarily cease to circulate. Business has been allowed to congeal on account of general inactivity; and the country feels the depression the same as the human system.

All that is needed, is a remedy to promote the circulation of the life sustaining fluid, which is alike applicable to the business as well as human life; and returning health will soon manifest itself and the patient grow strong and vigorous. What's the use of palid cheek? Aching head, and dishevelled hair, pondering over pages of disaster produced by the imaginations of a mind ill at ease; it is simply "bosh" and of no effect, and should not be entertained and fostered by any business man, in the country; but while the remedy is at hand, it should always be applied and that speedily, ere the disease assumes malignant form. We have used the remedy, and can speak knowingly of its great efficacy; and we now use it as a preventive to future attack, and whenever we experience a feeling of business despondency, we immediately resort to the great remedy "Push" and at once banish its evil effects, by placing before the public Calicoes at 3, Ginghams 5c, Flannels 12½ c, Ladies Jersey's 50, and a beautiful line of ladies Dress Goods from 12½c to $3.00 per yd; Embracing all the latest novelties to the present date.

New and beautiful designs in Dress Trimming, "Feather Trimming" and "Moss Trimming" also the different shades in Worsted Laces.

Carpets, a splendid article for 25c per yd., better grades 40, 50, 75, 85, $1.00 beautiful patterns in Brussels 75c.

Ladies wraps of every fabric perfectly astounding in prices.

Ready-made Clothing for Men, Boys Youths, 25 per cent less than ever offered before in this market.

What's the use "of grumbling about hardtimes" when our house is always crowded with customers, purchasing goods at the above low figures.

We have inaugurated better times within the scope of our business, and we do not intend to harbor for a moment, an idea as dull times. Come see us, and be convinced. Public's obedient servant.

AUTUMN!

We are admonished of the approach of this season by the appearance of all Nature. The beautiful groves which a few months ago were adorned with a lovely foliage of green, now have assumed a different garb, and present an aspect pleasant to behold, but full of warning. Mother earth with carpet of velvet, shows a care-worn appearance, and is slowly laying aside her summer covering, preparing for the chilly blasts of winter. Man is also admonished by the approach of winter to prepare himself to combat with the icy monster and must necessarily lay off his summer apparel, and cover himself with clothing necessary to preserve the required warmth of body and while doing this he is also admonished that Charles H. Leonard, two doors south of Dover Street, Easton, Md., has all the requisites for the comfort of man in this particular, and would most respectfully invite the citizens of Caroline when visiting Easton to call and see him. Clothing in all its branches and prices guaranteed to suit in every particular.
