**THURSDAY, Dec. 3, 1885.**

☞The Orphan's Court for Caroline county, will meet Tuesday, Dec. 8th.

## Caroline County.

**At Smithville** there is a young girl 12 years old who weighs 196 ponnds.

**Rickards,** at Greensborough, makes the best carriage on wheels. Call and see him.

**The new board** of County Commissioners will meet on Tuesday next Dec. 8th.

**Mrs. Edna Cohee,** of near Hynson, died on the 24th inst., at the well advanced age of 65 years.

**Snow.**—The approach of snow seems to be indicated by the weather. Let it come; it make snow difference..

**Rock,** pike and perch fishing is getting to be quite profitable to fall and winter fishermen on the upper Choptank.

**James Swann,** county examiner, who has been quite unwell for over a week we are pleased to state is now recovering.

**Mr. Jas. C. Horsey,** one of Greensborough's best citizens, has been chosen one of the trustees of the public schools at that place.

**Brick Hotel.**—John H. Vangesel, proprietor of this hotel, is said to keep the best hotel on the shore, and we believe it's a fact.

**The Cafe de la Capelance** and chocolatiere at the town hall last Thursday evening was a great success, both socially and financially.

**The Editor** having been away on a visit to his father at Snow Hill the most of the time since last issue, patrons will please pardon all deficiencies.

**Drinking Liquor.**—There is now no more use for a man to have cob-webs in his throat. He can just step across Hillsborough bridge and oil up.

**The "Pink" Tea-Party,** which began at Greensborough on Thanksgiving night, and continued till Saturday night, realized a net profit of $61.

**Mr. W. E. Dunnock** is closing out his entire stock of ready-made clothing at sacrificing prices. Give him a call. Large stock of fresh candy just received.

**Maltby House.**—In no large city on this continent can living be had as cheaply as in Baltimore. The terms of the "Maltby House" fully illustrate that fact.

**At Federalsburg,** there is a good opening for a competent watch-maker and silversmith. A large trade can be drawn from all around that section of country.

**On our third page** to-day will be found a striking and instructive illustration of the comparative worth of the various kinds of baking powders now in the market.

**A Big Turnip.**—On Saturday last, Mr. Levi T. Dukes left at our office a large turnip weighing ten pounds. It was grown on his valuable farm in Tuckahoe Neck. Accept our thanks.

**A Skilled Banjoist.**—A somewhat remarkable darkey, who has had considerable experience in traveling about, arrived in Federalsburg a few days ago, and is entertaining the people with delightful music on the banjo.

**Lecture at Greensborough.**—On December 17th, 18th and 19th there will be a lecture given on the subjects of Heaven, Hell and Spiritualism, respectively, by Rev. John Smith recently of Swedenborgian fame.

**Fish Pond.**—Col. J. W. Bryant is this week employing extra force in the construction of a first-class ice-house and a fish pond. He does not believe in the propagation and culture of the carp, but substitutes the black bass.

**Photographs.**—It is impossible to find a more lifelike, well finished photograph from an infant up, all sizes, at the lowest figures, than can be had at D. S. Lewis, Dover st., Easton, Md. 12 photographs for $3. [nov5-6mos.

**Real Estate.**—J. W. Bryant, Esq., Trustee, offers for sale some valuable real estate on Tuesday next, Dec. 8th. Mr. John Beachamp also offers a valuable tract on Saturday, Dec. 12th. Sales to take place in Denton, in front of the court-house door.

**The undersigned** having retired from the printing business, is now prepared at all times to make and repair boots and shoes in the best manner and on the most reasonable terms. Now is the time to have your "soles repaired." E. W. Emerson, adjoining UNION office.

**On the road** from Denton, between the turn in the road at Col. Carter's and Ridgely, there are some pieces of bad road and dangerous holes. This should at once receive attention; if not, some one will "accidentally on purpose" or otherwise, meet with damage, and the county will have to back it up.

**Arrangements** have been made with A. Thorndyke Rice, by which the diary kept by Gen. Grant during his tour around the world will be published in the *North American Review*. Colonel Fred Grant will devote some time in the arrangement of the same, preparatory to publishing it.

**The bashful young man** who asked a lady several evenings ago at the M. E. church if "he could see her home," was much surprised at her reply that he could "go up and see if he wanted to, but she didn't think her father wanted to sell." Then she coolly walked of with her other fellow.

**Harvey Correll,** the blind musician who several times visited Denton, has been instrumental in saving the "Bayard House" at Dover, from destroying flames. His custom is to sit up all night and sleep in his favorite chair. While sitting in the reading room at the above hotel, about one o'clock at night, he discovered smoke in the house and gave the alarm gently, but no one heeded. He at once took up his bugle and awoke every man and beast in the neighborhood. On examination, the floor in the bar-room had taken fire and the flames were just spreading. The fire was soon under control, however, and no serious damage sustained.

**Choptank Hotel.**—This hotel is situated opposite the court house, and for some time has been run by Mr. Jno. W. Powell in a creditable manner. Mr. James M. Whitby has assumed control, and no doubt he will please the public. Mr. Powell has leased the 1,000 acre farm of Miss Carrie Davis, in Talbot county.

**Cowhided a Pedagogue.**—On Friday evening last, considerable excitement was aroused at Williamsburg. A young man named Stevens got into an altercation with a colored school-teacher and pounced upon his royal highness, inflicting upon him a severe cowhiding. The astute pedagogue considers the dignity of his profession humiliated, and will seek redress from the law of the land.

**Fond of Turnips.**—Mr. A. H. Cahall, living near Burrsville, brougut to that town the other day, for exhibition, a turnup which weighed 5½ pounds. A certain young lady, expressing great admiration for it, was duly presented with the product. Out of appreciation for her friend and the fondness for the turnip, she proceeded to put herself on the outside of that turnip, skin and all; she declares she is not fond of turnip and had just eaten her dinner previously.

**Entertainment.**—The lodge of Good Templars will give an open entertainment in their lodge room on Friday evening, 4th inst.

PROGRAMME.

1. Reading of the paper known as the "Choptank Mullet."

2. Discussion of the question, "Should the Right of Suffrage be Restricted."

Affirmative—C. W. Byrne, J. H. Emerson and R. T. Carter.

Negative—G. L. Potter, T. O. Ayres and others.

**A Carrier Pigeon** was, a few days ago, captured by the captain of a schooner plying between Federalsburg and Baltimore, and brought back to the former place. On examination, a brass ring was found on its left leg, and on its wing is stamped "Alonzo Gordon, 1939 Park Ave., Philadelphia." Mr. Gordon, on being informed of the whereabouts of his messenger, replied that it was one of the three which he had sent to Salisbury, N. C.; that two of them had returned, and that this was homeward bound when captured.

**Sabbath Schools.**—In our editorial columns will be found an article on "Home and the Sunday School." There should be more attention given to the Sabbath school; boys, young men and old men, every Sunday pass the day in loafing, smoking, and idle talk, when they should give their undivided attention to the worship of the Creator. While it is said, and possibly truly said, there are in the churches and sabbath schools living, lying hypocrites; men who ought to be out and stay out, it should not drive away the manhood, the ability, the young men and other citizens who would render valuable service. Among those who never attend in our town there is enough ability and intelligence to make the Denton Sabbath school one of the most interesting and progressive in the state. If some of the sincere members of the church would interest themselves in this matter, great good can be speedily accomplished.

## County Commissioners.

THE IN-COMING AND OUT-GOING ONES.

The county commissioners-elect and county treasurer-elect were sworn into office on Tuesday last. They have only formally entered upon the duties of office, as they desire the books to be arranged satisfactorily before proceeding in the general routine of business. The retiring board have done their duty manfully, and deserve a great deal of credit for the successful management of the county affairs. The only great mistake they made was the refusal to repair the old court house and put in suitable vaults for the protection of the records. We cannot refrain from predicting that the acts and movements of the in-coming board will be cheerfully ratified by the people. They are all high-toned, honorable gentlemen who will not sway from the right to the wrong. While the board is Democratic by majority, they are commissioners *for the people* and recognized as such *by the people*, regardless of political affiliations. Mr. James C. Horsey will do his duty; he is a young man comparatively, only 34 years of age, energetic and enterprising. He is a son of the late Samuel H. Horsey, who was well and favorably known. Mr. George W. Ernst is a man of great experience in public matters, and has been favored with many political positions of trust at the hands of his party. His valuable services will be recognized by the people and meet their hearty approval. Mr. Clement Noble is too well known to our people to need any comment from us. His life has always been consistent and without reproach, and he has the confidence of the people. The only thing the matter with him and Mr. Horsey is, they are too good to be Democrats.

## A Valuable Enterprise.

There is situate, about six miles from Snow Hill, a tract of 4,000 acres of land which is rich and full of iron-ore. That peculiarly valuable tract was formerly owned by Judge Thos. Spence; and about forty-five years ago, there was a large iron mill constructed thereon, which was run in an extensive manner and manufactured large quantities of iron for shipment. Owing to the large expense of hauling to the railroad at Snow Hill, the enterprise became non-remunerative, and operations ceased. On account of this, large numbers of non-resident employees were thrown out of employment, which caused quite a decrease in the current of trade in and around the town. Report says a company of Philadelphia parties and the Pennsylvania company have purchased the said tract; and it is said the large mill will at once be put in order, and operations will soon begin.

The citizens of Snow hill and community generally hail with delight the proposed enterprize, and will cater towards the success of the same. A railroad will at once be constructed from Snow Hill to the tract.

Wm. S. Ridgely and family have removed to Annapolis.

Messrs. H. E. Martin and Bernard Friel have been spending a few days in town.

## Peninsular Items.

.....The new school house at Georgetown cost $6,474.04.

.....Rev. J. S. Willis will dedicate the new M. E. Church at Little Creek next Sunday.

.....Ex-Judge Fisher of Dover is visiting his son who is practicing law in Chicago.

.....In the trial of State vs. Capt. R Taylor for murder, the jury brought in a verdict of not guilty.

.....There is a colored school teacher in Smyrna who is preparing himself for the Catholic priesthood.

.....Dr. Geo. W. Smith, lately elected Bishop of Easton, has sent in his resignation. Dr. Barber, the President of the convention, has designated Dec. 16 for a re-assembling of the convention to elect a successor.

.....James T. Sipple, of Frederica notoriety, against whom the Philadelphia grand jury found a bill for desertion of a child, has married the childs' mother, Carrie Huggins and the case against him has been quashed.

.....The new academy building, which is nearing completion at Snow Hill, will be one of the nicest and best constructed on the shore. Wherever you behold large, commodious and first-class school buildings, you can safely arrive at the conclusion that there is in the community advancement and intelligence.

.....A young well-to-do lady who lives near Seaford, it is said, annually goes to Phiadelphia, rents a wretched hovel for a few weeks and disguising her identity in filthy rags and other stimulations of a deserving mendicant, joins the formidable army of city beggars, and thus gets money enough to do all her city shopping, and comes home in good style.

.....From ten to a dozen gentlemen, residing principally in the upper part of Queen Anne's county have organized a ducking club, and rented about 500 acres of marsh land on Kent Island near the ferry. Members of the club and their guests have the exclusive right of these marshes and promontories to bag game. Ducking blinds and other appliances for duck shooting are being built, and much sport is anticipated by the members during the coming winter.

.....Jessie L. Woodcock, some time ago, convicted of an attempt to fire the town of Easton, by blowing up a house on Washington street, and sent to the State Penitentiary and pardoned out by Gov. Hamilton, has again been caught in the meshes of the law, convicted and sentenced to pay a fine of $250 and to serve in the State Prison in Pennsylvania for a term of one year, on a charge of devising a scheme to defraud by the use of the United States mails, under the assumed name of John A. Carpenter. He is a great rascal. A number of Carpenter circulers were mailed here to gull honest people.—*Easton Star.*

## Quarterly Conference.

PROCEEDINGS AT DENTON.

The third quarterly conference of the year was called to order at 10 A. M. by Rev. A. W. Milby, P. E. After prayer by Bro. Milby, James Swann was elected secretary. The roll was called; present, A. W. Milby, T. O. Ayres, James Swann, E. Downes, L. Roe. There were no complaints nor appeals. Bro. H. R. Lewis was confirmed as superintendent of Denton M. E. Sunday school. Bro. Jonathan Evitts was elected a steward

PASTOR'S REPORT.

To the Quarterly Conference—

DEAR BRETHREN :—Since our last quarterly conference we have received by certificate Mrs. Jane B. Redden, Elon S. Hobbs, W. R. Mowbray, Mrs. Ella H. Thawley, Wm. H. Mowbray and wife, and Mrs. Annie S. Mowbray.

DISMISSED BY CERTIFICATE.

James T. Morris, Lizzie Morris, Rob't Morris, Annie L. Morris, Laura Morris, Jennie Morris, Wm. Smith, Jas. I. Ledum and wife.

RECEIVED INTO FULL MEMBERSHIP.

Jonathan Evitts, Willie Evitts, Estella Smith, Marion R. Pippin, Lizzie E. Pippin, Sallie Stevens, Isaac Harris, W. L. Duling, M. Rebecca Stewart, John W. Powell, Ella Hemmons, Mary W. Warren, Frank Wooters, Annie Byrne, Jos. Griffin, Jas. A. Trazzare, and Rebecca Griffith.

BAPTISMS.

Ten infants have been baptised, and Sacrament of the Lord's supper administered at all the appointments. We have arranged our plans for the taking of the conference collections and commenced the work with good results so far.

PROTRACTED MEETINGS.

Owing to the excitement in the public mind, caused by the pending election, we have not held our protracted meetings. Our plans are all laid and will D. V. be executed and with good results we hope.

The moral of our work is excellent. Social meetings, good and well attended. Our Sunday school work has much in it to commend. Our church repairs have not been paid for in full as yet. We owe a fraction over two hundred dollars. We are planing for the payment of the same.

Thus far the change made last spring by which the old circuit was divided has proved the act well and wise.

In conclusion we ask that *all* our officials and representative brethern give us their most hearty co-operation and financial support in every department of Church work. Let us, dear brethern, be with the Lord in doing our full share of church work, that our success may be full and complete.

Please do not turn away from doing your full individual share in contributions to the conference collections. We are all on trial this conference year; let us so work that complete victory will be ours.

Respectfully submitted

T. O. AYRES.
Preacher in Charge.

### REPORTS OF GOVERNMENT CHEMISTS

**As to Purity and Wholesomeness of the Royal Baking Powder.**

"I have tested a package of Royal Baking Powder, which I purchased in the open market, and find it composed of pure and wholesome ingredients. It is a cream of tartar powder of a high degree of merit, and does not contain either alum or phosphates, or other injurious substances. E. G. LOVE, Ph.D."

"It is a scientific fact that the Royal Baking Powder is absolutely pure. "H. A. MOTT, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself in the market. I find it entirely free from alum, terra alba, or any other injurious substance. HENRY MORTON, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. DANA HAYES, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country.

No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

NOTE—The above DIAGRAM illustrates the comparative worth of various Baking Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair-minded person of these facts.

* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.
