County Commissioner W. C. Todd of Williston, lost two valuable cows this week by being poisoned by licking the paint from a newly painted boat.

The peach tree is now uppermost in the thought and consideration of the public and will likely continue to be until after the season for frost has passed.

Ormond Downes has accepted a position as pitcher with the Media, (Pa.) Academy team for the present season, beginning April 4 and ending June 12.

Farmers are using considerable stone lime now that they can secure it conveniently over the Q. A. Railroad. Three car-loads were delivered here Saturday.

The adjourned meeting of the Fourth Quarterly Conference of the M. P. Church for this circuit, will be held at their hall in this place, on Monday at 10 o'clock.

Dover Bridge has been in poor repair for some time past, especially the Caroline side. The Commissioners recently examined it and have decided to rebuild it at once.

The large Satterfield sawmill near Choptank bridge, Greensboro, caught fire one night last week but the blaze was discovered and extinguished before much damage was done.

Anyone having an old calender of 1887 may succesfully utilize it for this year, as 1898 is an exact reproduction, holidays and all. This will not again occur until 1945.

Ex-Judge Russum has been improving his property on Main street by having the slope along the pavement walled up and steps built from the pavement down to the street.

The store goods of Mr. M. J. Cohee at the depot, were sold on Saturday by Lewis & West, trustees, the goods selling very low. Mr. Cohee expects to resume the milling business.

Mr. John House of this place, has recently completed a handsome picture containing a directory of the business men of Lewes, which will be in the Q. A. R. R. depot at

"Listers" Special Corn Manure will make corn jump. For sale by a7 J. H. BARROW, Preston, Md.

Richard Nichols, the barber, received a painful wound in the face Friday night, at the hands of Norman Boardley, both colored, that came near proving fatal. The trouble arose over a game of cards.

Miss Lillie Moore is in Philadelphia this week, buying her spring millinery which will be a large and varied assortment. She will have an opening next week. For further particulars see advertisement next issue.

Mr. T. Wirt Fountain, of the firm of Long & Fountain, Commission Merchants of New York, was in town Monday and Tuesday of this week. Mr. Fountain is on his way home from a two weeks trip in the South.

Wm. Strothers was brought before 'Squire Hignutt Tuesday, but as he was drunk and disorderly he was sent to jail for five days to cool off. While on his way to jail he sang as happily as though he thoroughly enjoyed the thoughts of going to visit the sheriff.

All persons wishing wheels this season can save money by getting them of the Denton agent. All kinds of wheels can be had on short notice either for cash or monthly installments. M. W. Wright, agent, Denton Md.

Machinists from Wilmington began putting in the machinery in Towers' ice plant on Tuesday. Mr. Towers has had several men at work grading off the steep bank in front of his factory and shelling a driveway from the street up to the building.

Captain Leonard, of the twin screw steamer Hamilton, made his first trip to Greensboro on Friday. The steamer is a nice looking little boat, fitted for either passenger of freight, and carried a large consignment of fertilizer. She expects to make two trips each week.

The Greensboro Town Commissioners should see that the oyster shells borrowed (?) by parties there and burned for their land a few months ago, are returned if they have not already been. The County Commissioners should ascertain how this matter stands.

Mr. Tilghman Harvey, at Burrsville, requests us to announce that he has just opened in his furniture department a large line of Carpets, Mattings, Rugs and Oil Cloth, which he is selling at his usual popular prices. Watch for his new advertisement next week.

Another accident occurred on the Q. A. Railroad, at Flower's meadows Tuesday morning, by the baggage and mail car jumping the track. As it was on the rear of the train it was left standing on the track. Passengers and mails were put on freight cars and proceeded, being slightly delayed.

"The Morning News" correspondent at Townsend, has received reports from all parts of Newcastle county, showing that grass and wheat crops are in good condition. This seems to be the general report from all parts of the peninsula, consequently the farmers are strongly hoping for a repitition of the fine wheat prices of last year. The wheat acreage in this county is considerably larger than last year and the growing crop is looking fine.

J. H. Nichols & Son, the enterprising merchants over the bridge, have just completed an addition 14 by 40 to their already large store, are now putting in an immense stock of goods. Eight hundred pairs of shoes at a single consignment, is something immense for Denton. Their new stock will consist of Ready-made Clothing, Carpets, Rugs, Oil Cloth and Furniture. A large line of Hardware has also been added.

Mr. M. B. Stephens entertained his Sunday School class of young ladies at the Brick Hotel Saturday evening. The ladies went there as it has been their custom each Saturday evening, for the study of the lesson, and went there on this occasion for the same purpose, but the program was somewhat changed on that occasion. Instead of feeding them with spiritual food the program was changed and they were fed on cake, ice-cream, candies, etc., to their surprise and satisfaction.

MR. WEBSTER'S PASTORATE.

Rev. Z. H. Webster filled his pulpit both morning and evening on Sunday and closed his fourth year pastorate with two able sermons, which were in perfect keeping with those delivered heretofore. During Mr. Webster's pastorate here he has made many warm friends, not among his own congregation alone, but with other ministers and their congregations, and if this should be his last year here, he leaves no enemies, but a host of friends. It is seldom that a minister leaves this or any other charge after a four year's pastorate, with more friends than Mr. Webster. There has never been any but the best of feeling existing between pastor and people. At the last meeting of the Ladies' Aid Society, a petition asking for Mr. Webster's return was passed around and signed by every member present. If Mr. Webster is sent to another field of labor, doubtless it will be a larger and better one than he has had here.

A joint meeting of the County Commissioners of Talbot and Caroline county will be held at the office of the Commissioners for this county to-day, for the purpose of examining and agreeing upon plans for the repairing of Dover Bridge.

A WIDE TIRE BILL.

Friends of the wide tire have a bill before the Legislature asking that the County Commissioners of Caroline be empowered to offer a premium to all who will adopt the regulation there offered. Many of our leading business men think the wide tread will be a good thing when the roads are in a suitable condition for them. With the present condition of roads, generally speaking, it would make teaming doubly hard. Put the roads in proper condition and the farmers will adopt wide tires without being paid to do it. However let us first secure good roads and then see to the wide tires later.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land that is not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat Chest and Lungs are surely cured by it. Call on George & Redden, druggists, and get a trial bottle free. Regular size 50c. and $1. Every bottle guaranteed, or price refunded. 3

A Sad State of Affairs.

The pretty little village of Ingleside has always been noted for the number of pretty girls residing there and in the immediate vicinity and the same is true of it now. As much cannot be said about the young men of the vicinity, for, as a young lady remarked the other day "they are few and far between." For each and every young man in the community there are about three pretty and handsome young ladies. This would be an excellent place for some of Centreville's worthy young bachelors to spend a few ot their summer evenings. Worcerter county is aware of the fame of this part of our county and one of its citizens is trying hard to invest in a mortgage in this section.—*Centreville Record.*

Yes, it seems this quiet little village looks to Caroline for handsome young men to go with their pretty young ladies, and they are not bachelors either. We suppose Centreville would be pleased to work off some of this "old stuff" on Ingleside.

BOARD OF TRADE FOR DENTON.

Pursuant to a call made by the Board of Town Commissioners, about thirty of the representative men of the town met in the Grand Jury room for the purpose of taking steps toward the organization of a Board of Trade for Denton. Dr. Enoch George called the meeting to order and was chosen Chairman with H. E. Ramsdell as Secretary. Opinions as to the best mode of procedure were asked for by the Chairman and M. Bates Stephens presented his views in the shape of resolutions. Before any action was taken on the resolution a general discussion and exchange of ideas was indulged in.

Mr. Z. P. Steele offered an amendment to the resolution of Mr. Stephens which was accepted and the resolutions were adopted and read as follows:

WHEREAS our town has recently been brought into more general prominence by the construction of the Queen Anne's Railroad as well as by a more progressive spirit of enterprise among our people, clearly evidenced by the erection of many business buildings and residences within the past year and by other proofs of general improvement; and

WHEREAS, we as citizens of Denton, anxious for its substantial growth and development and being firmly convinced, that its favorable location; excellent drainage; shipping facilities by a well equipped railroad and three lines of steamers; surrounded by a country adapted to grain, fruit and berry culture; the fact that it is the County seat with a handsome Court House, a good High School, two excellent Hotels, six Churches, Banks and numerous other business places; its close proximity to Baltimore and a healthful climate, give to it a multitude of advantages which should make it the leading town on the Eastern Shore if its advantages are properly brought to public attention which will attract to our midst capital and business men and in that way give opportunity for the employment of labor, without which no community can gain substantial prosperity; and

WHEREAS, it is our opinion that to encourage such enterprise there should be an organization separate and distinct from the Board of Town Commissioners in all matters essential to the town's progress, the same to consist of not less than seven or more than nine members, to be known as the Board of Trade of Denton, whose duty it shall be more especially to bring to public attention our advantages and foster and direct such work for the development of the town as does not come within the scope of the duties of our Town Commissioners; therefore be it

Resolved, that the President of this meeting appoint a committee of five to draft a constitution and by-laws for a Board of Trade for the town of Denton, said committee to report the same to a future meeting for ratification, said meeting to be held at the call of the chairman and the call to be made by a notice published in both the newspapers of the town.

The chairman selected as the committee M. B. Stephens Z. P. Steele, H. A. Roe T. P. Fisher and A. G. Towers, after which the meeting adjourned subject to the call of the chairman.

The business interests of the town were well represented with the exception of the merchants, only one or two of whom were present. The gentlemen present seemed keenly interested and from the indications our town will soon be numbered with the most progressive of the Eastern Shore.

FEARS FOR THE PEACH CROP.

The cool, cloudy weather of the past few days has had a tendency to set vegetation back, particularly the peach trees, much to the satisfaction of the farmer and fruit grower. A great deal of anxiety and uneasiness for the peach is manifest on every hand. The present prospects for a large yield was never better. The trees are in a healthy condition in every respect and are loaded with buds that are supposed will stand the "June drop" with practically no loss, if not injured before. The greatest fear for this crop is largely due to the advanced stage of the buds. Old fruit growers say they never saw the trees ready to open into full bloom in March before. Had the cool, cloudy weather of the first of the week been delayed a few days, the trees at this time would have been in full bloom. As it is they are said to be four weeks earlier than usual. This being the case the fruit growers have cause for uneasiness at this time. It is a common thing for this fruit to be killed a month later than the present. Such being the case this uneasiness or fear for their safety is well grounded. We can only wait and hope for the best.

Lewes in Fear.

The people of Lewes are very much agitated over the exposed condition of that place in case there should be a war with Spain. There is no fortification of any kind there, and if a foreign fleet should appear and make an attack at the present time the people would have to take to the woods. They will feel very much more secure when the monitors which have been reported as preparing to go there arrive. Just why the people think an enemy would want to attack that town is hard to tell, as nothing would be gained except securing a small amount of provisions. The town would not be important enough for the enemy to take for the purpose of holding.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try who has a Lame Back and Weak Kidneys, Malaria or Nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulent to the Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at George & Redden's Drug Store. 3
