It is a great leap from the old fashioned doses of blue-mass and nauseous physics to the pleasant little pills known as DeWitt's Little Early Risers. They cure constipation sick headache and biliousness. George & Redden and H. Duffy. *

The thirty-ninth semi-annual meeting of the Local Preacher's and Exhorters Association of the M. E. Church, Wilmington Conference, will be held in the M. E. Church, Middletown, Del., commencing Friday evening May 27th, and continuing Saturday and Sunday.

The election supervisors met on Tuesday and burned the tickets used in the last election as is required by law, Judge of the Orphan's Court J. B. Orrell superintending the work. The board organized by electing B. Frank Edgell, President, W. I. Norris, Clerk, and F. R. Owens, attorney

Since war was declared some of our thrifty farmers have filled their farms with potatoes, etc., and have encroached on the public highways in some cases. A road supervisor told us the other other day that he plowed up quite a lot of potatoes and turned in manure that was in the public road while repairing the same

Mr. John House who has been doing considerable sign painting for merchants in town, has just finished a handsome bulletin board to be placed in the Baltimore depot of the Queen Anne's railroad. It has a fine view of the hotel and water front at Queenstown, and contains the cards of the leading hotels in the principal towns along the line of the railroad.

M. L. Yocum, Cameron, Pa., says: "I was a sufferer for ten years, trying all kinds of pile remedies, but without success. DeWitt's Witch Hazel Salve was recommended to me. I use one box. It has effected a permanent cure." As a permanent cure for piles, DeWitt's Witch Hazel Salve has no equal. George & Redden and H. Duffy. *

Some weeks ago a sort of distemper in a mild form was prevalent in some sections of this county. It had almost disappeared, but seems to have made its appearance again. It chiefly affects the throat, rendering it difficult for the horse to eat. If taken care of when it first makes its appearance, the animal can be cured in in a week or ten days.

The work of testing the ice plant has been going on this week and the first ice will be made to-day. The machinery has been running since Monday getting the chemicals cooled off. The night fireman went on Tuesday evening and the plant will be operated continuously, owing to the fact that it takes a day or more to get the chemicals cold after stopping.

A committee composed of J. H. Bernard, T. L. Day and W. C. Todd on Tuesday leased of the managers of the Masonic Building, the large front room now occupied by George & Redden's drug store, where the new bank will be opened. George & Redden will move into the room on the opposite side of the street, for many years used as a drug store by the late Charles Stevens. They are to vacate by June 1st.

Our town has been in darkness for several nights past, due to the indisposition of Lamplighter Chas. Smith. While our town has made great improvement recently we were not aware that we could lose people yet. But Sunnay night prove differently when people were unable to recognize their friends and boged along in darkness. Tuesday night it was different with us as the lights were again turned on.

Present indications go to show that this county will have a fair crop of peaches this season, notwithstanding the peach liar and newspapers have had them dead several times. Farther south the crop will be light. Apples, pears and small fruits promise full crops with some local exceptions. The Japan plums are general killed. Those that escaped the freeze were attacked by monilia fungus during the wet, cold weather. A fair crop of pears and apples is expected in this section.

Holiness Convention.

There will be a holiness convention held in the M. E. Church of this place beginning Wednesday afternoon May 18th, 1898 at 2 o'clock, preaching at 2:30 by Rev. M. D. Collins, of the Philadelphia M. E. Conference and a member of the National Holiness Association. Preaching or bible reading at 7:30 in the evening. On Thursday from 9:30 to 11 o'clock will be devoted to the organization, election of officers and members and arranging plans for general work. Preaching or a bible reading at 11 o'clock. At 2 p. m., general experience meeting followed by preaching and an altar service. Preaching at 7:30 followed by an altar service. Everybody cordially invited to attend. The object of this convention is not to injure any, but to help build up the churches of Christ and help to spread scriptural holiness over the land. We want the hearty co-operation of all christians of all denominations, as the association is inter-denominational, working for the salvation of souls and for no purpose save the glory of God. We have the hearty co-operation of the pastor Rev. Z. H. Webster and also the official board.

Hoping great good may be done I ask the earnest prayers of God's people that this meeting may be a success spiritually especially.

WILLARD H. THAWLEY,
Pres. Caroline Holiness Association.

The Old and New Board.

The old board of Town Commissioners met at the office of Mr. H. R. Lewis on Monday evening for the transaction of business prior to turning the business over to the new board. We are told the new board has decided to serve with one exception, Mr. J. Dukes Downes, who finds it would not suit him to serve owing to business engagements. The new board will meet Monday evening and organize, and most likely will elect H. R. Lewis of the old board to fill the vacancy. After the new board is organized and in working order we expect to see more improvements in the town. When the new board receives the books, etc., of the old board it should see that they have been properly audited and balanced up, not that any one questions the financial condition of the board, but that these boards should be conducted on business lines. It is customary to observe this rule in cases where public money is held by one or more persons, and should be no exception in this case. The tax payof the town doubtless would like to see a statement of how the money has been expended the past year.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellw Jaundice for over six months, and was treated by some of the best physicians in city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by George & Redden, Druggists. 4

For Oyster Culture.

At the present session of the Circuit Court for Dorchester county, a test case of oyster grounds came up before the court. It was State vs. Robert C. Tyler for taking bedded oysters unlawfully. This was in the nature of a test to try title to certain lands purchased by Eugene Cocheron and others, lying along the shores of Fishing Bay, at the mouth of Cedar creek. The tract is known as "Bayside Pasture," and contains about 70 acres. 40 of land and 30 acres of land covered by water, the latter being valuable for bedding oysters. It is claimed that when the original patent for the above lands was taken out, some time in the year 1764, that the 30 acres covered by water was dry land. Under the law the owner of any land bordering on any of the navigable waters of this State, the lines of which extended into and are covered by said waters, shall have the exclusive privilege of using the same for protecting, sowing, bedding or depositing oysters or other shell fish within the lines of his own lands. The conviction of the party depended upon the ability of the State to prove title of the land in Mr. Cocheron and others. Just as soon as the verdict was given, a friend of the defendant, Wm. Insley, applauded, when the Court had the Sheriff bring him before them, and he was fined $5.00 for contempt.

Some of the oyterman are beginning to realize that cultivated oysters, are superior to those grown on natural beds. Uncultivated oysters in the Chesapeake bay and its tributaries were considered good enough until the cultivated oysters of the North were tested and found to be more toothsome, since then they have not been so highly thought of. After a time they will be the oyster in this section, they same as the are in the North.

Bridgeville Merchant Shot.

A probably fatal shooting affray took place at Bridgeville on Tuesday afternoon, when W. B. Truitt of the firm Truitt & Wingate, was shot with a revolver by Alexander Close.

The latter had bought a vest from Mr. Truitt in the store, and a dispute arose over it. After a few words Close whipped out a revolver and fired five bullets in rapid succession. Four of them entered Truitt's stomach, while the fifth went into his hand.

Close was arrested and while being removed to the magistrate's office, for a hearing, an attempt was made to lynch him, but he was protected by the officers.

Close went to Bridgeville several years ago from Baltimore, where he is said to have considerable property left in trust for him and from which he receives a monthly allowance. He is not engaged in business. The physicians have tonight but slight hopes of Mr. Truitt's recovery. He was married a short time ago to Miss Bostic, of Laurel.

Bullfrogs vs Spring Chicken.

James Henry Carroll, of Tan Yard, this county, whose turtle experiments, raising and feeding them on Maryland biscuit, have been published, took to Easton last week the first consignment of the produce of a new industry he has gone into, which is raising bullfrogs from the tadpole. Seven large frogs raised in his ponds comprised his first market output. He took them in alive in a chicken coop, but is having made an immense tank on wheels for the conveyance of the batrachians. Mr. Carroll and some skillful people he has interested in his enterprise expect to hatch them from the larvae, instead of depending, as now, on pooling the tadpoles. The product excited much competition on the part of epicures, and were secured by Col. Jas. M. Cowgill, of Lombarday, Miles River Neck.

Discovered by a Woman.

Another great discovery has been made, and that to, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severe tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discoved a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at George & Redden's Drug Store. Regular size 50c and $1.00. Every bottle guaranteed. 4

Fruit Prospect on the Peninsula.

Reports received by Prof. Wesley Webb from the county vicepresidents of the Peninsula Horticultural Society indicate that there may be a fair crop of peaches in the belt across the Peninsula where there are the greatest number of trees, or especially in the northern part of the belt. Apples, pears, except Kieffers, and all small fruits promise a full crop. The curculio has already begun its attacks and the bug-catcher, Prof. Webb says, should be at work immediately. Spraying with Bordeaux mixture before bloom would prevent to some extent the attacks of the pest, which has done some damage to peaches and plums.

Greensboro Gleanings.

The town commissioners of Greensboro a few days ago began the erection of a fire engine house on a narrow strip of land in the south end of the town formed by the divergence of Main street and Back street, and known as the "Park." It is proposed to keep therein, the fire engine of the town and a supply of oil for the street lights. The citizens living near the contemplated building object to its erection and have filed a a complaint to the Court declaring it a nuisance, claiming it obstructs their view and asking the Court for an injunction restraining the commissioners from erecting the building The court refused to comply with their request without giving the commissioners a chance to be heard, and set the case for a hearing at Centreville on Monday last at 2 o'clock p. m., at which time, the litigant parties appeared represented by counsel.

At the hearing the complainants filed an amended bill which set forth that the title to the land where the engine house had been begun was not in the Commissioners of Greensboro, but in F. P. Roe and others, and as taxpayers asked the Court to restrain the commissioner from spending money which they had received from taxes, in the erection of a building upon a piece of land the title to which was in dispute. The Court still held that the Commissioners had a right to be heard upon the new allegations and were granted time to prepare their answer. When the Commissioners file their answer the case will be set for hearing, which will probably be one day next week at Easton. The case has excited considerable local interest and the result is anxiously awaited by many. Attorneys Lewis & West represent the complainants and Albert G. Towers and Hon. Edwin H. Brown the Commissioners.

Concord Chat.

The first quarterly conference on Williston circuit for the year was held in our church on Saturday morning, Presiding Elder Baker officiating. He was very much pleased with the reports from the different churches on the circuit and complimented the officials very highly on the good condition in which he found all branches of church work.

It was decided in the conference on Saturday to hold a campmeeting at this place to commence on August the 5th and continue ten days. The camp meeting committee appointed was as follows: Concord—H F. Stevens, T. H. Everngam, H. T. Nuttle, and J. R. Manship. Williston—T. L. Chaffinch and O. M. Hignutt. Bloomery— N. W. Vanscoy W. I. Hubbard. Harmony— F. S. Todd and C. H. Todd.
