Owing to sickness in Mr. Carpenter's family, Mr. Webster filled his own pulpit Sunday evening.

Mr. R. B. Bond has bought the grocery adjoining his store, belonging to Mr. Wm. E. Lord.

Mr. Satterfield, who resides on Mr. W. D. Taylor's farm near town, lost a large hog Saturday from the heat.

The health of small children have been very good considering the extreme weather for several days past.

On Sunday the regular excursion train passed over the Q. A. road and will continue every Sunday during the season.

The warmest weather ever recorded in Baltimore city was that of Sunday at 3 o'clock when it reached 104 degrees.

A boat-load of crushed stone for use in rebuilding Dover Bridge arrived this week, and work on the new bridge will begin shotly.

Mr. Chas. Griffin, a member of the 71st regiment which has been in the thickest of the fight in Cuba, has been the subject of many inquiries.

The hot weather of the past week has been very trying on man and beast, the thermometer registering some days as high as 105 in the shade.

Attorney Towers on Saturday sold the Richard J. Shield's property on Gay Street, known as the Davis property, to L. B. Towers for $105.

Messrs. A. E. Cooper and Brother are contemplating starting a laundry in Denton at an early date. This will fill a long-felt want and we hope they may see their way clear in filling it.

Congressman Barber has been elected a delegate from the First District to the National Convention of the League of Republican Clubs, to be held in Omaha in July.

May first Dewey annihilated the Spanish navy at Manila. July first is the date of the first big battle in Cuba. On the 3rd the Spanish navy at Santiago became a harmless mass of iron and steel.

The friends of Mr. Willard E. West, the former pastor of the M. E. Church of Preston, were more than delighted to have the pleasure of listening to him once more on the 4th. He spoke for about an hour and at times grew very eloquent. We hope to have the pleaure of hearing him again in the near future.

Our boys went down to Preston to play ball on the 4th with their boys and the only way that we account for Preston's defeat is that they got scared when our boys landed their baggage, thinking they were there for the summer if it required that much time to defeat them.

Fourth of July celebrations in Denton have fallen into inocuous desuetude. However there was a little patriotism in the evening, caused partially we suppose by the grand achievements at Cuba. A heart that could not be stirred on the past 4th has better be buried, for it can never be any deader.

The backbone of the heated term was broken Monday evening. All day the thermometer stood at 100 and 105. In the afternoon a change came that proved a God-send to man and beast. We had a fine rain in the evening and more the next morning, when the mercury dropped to 62 degrees.

Wesley W. Wilson, one of the most highly respected colored men of this town, died at his home on Thursday evening of apoplexy at the age of 72 years. Wesley was a body guard of the late Dr. Robt. Goldsborough, of Centreville. After he obtained his freedom he came to Denton to reside. For the last twenty-five years he has been a faithful and trusted servant of Judge Russum's family, and they have always spoken of him in the highest terms.

The Denton Base ball team played a game ball with Preston on the latter's grounds on July 4th. While the game was too one-sided to be interesting, it was nevertheless marked by some brilliant plays by the visiting team. Davis for Denton, pitched a very nice game, only allowing hits in the whole game. Caught him in fine shape. Features of the game, were batting and Beauchamp's short. The score: Denton, 22 hits, 1 error. Preston 1 run, errors.

Attorneys Deweese & Owens advertise today a desirable piece of land in the Sixth district.

For soft coal for threshing and blacksmith purposes, for sale by L. B. Towers, Denton Bridge.

The trot at Hillsboro drew many local horsemen on the 4th, and they report many fast horses. The day was warm, still they had horses there of the 2:32 class.

In another column Messrs. H. A. and F. P. Roe are offering some fine farms and desirable town property in the Second district at trustees sale, being the valuable real estate of the Andrew B. Roe. See ad on second page for further particulars.

Greensboro celebrated the 4th in fine shape on Monday. The program was carried out as previously announced, being viewed by hundreds of people. The leading attraction during the day was the 10 mile road race which was won by Calvin Smith in 34 minutes. The best of it came at night in the way of fire-work, which lasted from 8 to 10, closing with a representaion of the Stars and Stripes. The effect was beautiful.

There will be a camp meeting held in Howard's Grove under the auspices of the M. E. Chuch, Ridgely Circuit, Rev. N. D. Scott, pastor. Commencing on Saturday July 30. The public is cordially invited to come. We hope by this great meeting to bring many precious souls to Christ.

The use of profane language, the selling of liquors and all disorderly conduct is strickly forbidden on or near the ground.

CAROLINE CO. TAX RATE.

A special session of the County Commissioners was held at the court house on Wednesday last and made a levy for the fiscal year, beginning July 1, being 15½ cents higher than last year. While this may look to the casual observer as Republican mismanagement it is not but Democratic management is responsible for it. About 10 per cent. of this increased levy is due to past levies not having been high enough to meet the ordinary expenses. This was done for effect that the commissioners might show a low tax levy. For several years past Dover bridge has needed a new one, but in order to prevent any increase in the levy it has had patch upon patch on it until now there is room for no more, a new bridge is necessary. While this patching business has been going on the county's money has been used from time to time and today there is nothing to show for it. Had this bridge been rebuilt some years ago with a new one, that money spent in repairs would have gone a long way on a new one. The Republicans of the county believe in doing what they do well. The same was true of Denton bridge for several years prior to the present structure. The school board is allowed $1000 additional for public schools, together with other additions that can be well recommended at this time. The rate for the present year is $1.12½ on the $100 for county tax and 17½ cents on State, making a total of $1.30 on both.

Death of Miss Mary Emma Shields.

Miss Mary Emma Shields, daughter of Mr. Chas. H. and Sallie Shields, died Saturday morning at 2:30, of consumption, at the age of 21 years, having been born May 3, 1877. Miss Shields was born at the Shields' homestead, known as Poplar Ridge, near Denton. She has always lived in and near this place, save '94-5, which she spent in Kansas City with her parents. When about four years of age she had severe attack of typhoid fever, from which she did not fully recover. At eight years of age she had the second attack of typhoid, from which time she has remained delicate and sickly. During the years which intervined from that time to the day of her death, she never complined, but bore her affliction with Christian patience. Miss Shields was a Christian lady, a member of the Episcopal Church and highly respected by all who knew her. The funeral was held at the Choptank hotel Tuesday morning, Rev. C. E. Dryden officiating. The pall bearers were cousins of the deceased, being Messrs. George, Wilson, John, and Harry Saulsbury, and Linwood and Reggie Beauchamp. Interment was made in Choptan k cemetery.

Preston Celebration.

The Preston celebration held in the Friend's Grove at that place on the 4th was considered a grand success and the attendance was a large one. The celebration was a combination of the Populists and Preston citizens. Mr W. T. Kelley acted as chairman in the forenoon and Col. Jas. M. McCarter in the afternoon. At 10 o'clock a. m., was the Veterans' parade, followed by the reading of Declaration of Independence, by Mr. H. R. Walworth of the New Farm. Excellent addresses were made by W. E. West, Esq., of Denton, Major W. E. Stewart, of Easton, Mr. R. D. Bradley, of Linchester, and Dr. H. Hunt, Federalsburg. Hick's Forcasts for July.

About the 3rd and 4th will center a very warm wave, low barometer, and many storms. From the 7th to 11th falls a regular storm period. During this period another very warm wave will pass over the land and numerous blustering electrict storm will occur. As a rule cooler weather will follow the storms of each period, and fair weather with increasing warmth will open the the periods. Govern your business plans accordingly and you will be the gainer. Reactionary disturbance will be central about the 14th to 16th. The 19 to 23 constitutes a marked regular storm period central on the 20th. Storms as a rule form in the west during the first half of the period and make their transit across the country eastward during the last half. On or next to the 26th and 27th look for warmer, low barometer and reactionary disturbances. A regular storm period is central on the 31st. The combined Venus and Mercury periods in July will intensify the natural tendency to great heat.

The Fruit Prospects.

The fruit crop prospects sent to the secretary of the Peninsula Horticultural Society, indicated that the only tree fruit crop that has not suffered severely by frosts, storms and diseases is the pear crop and even this will be scarcely more than half a crop. There are some peaches scattered all over the peninsula, but only here and there a tree, scarcely a small locality that has half a crop, and most orchards are entirely destitute of fruit. Many of the largest growers will not have enough for family use. Late apples are more promising than the early varieties but will be rather scarce. The strawberry crop was never finer but brought little money to the farmer. Blackberries and raspberries are now coming on and promise very large crops and fair returns. The Fruit Growers Union of Chicago writes that the Geogia peach crop will be largely in excess of any previous crop, amounting to not less than 2000 carloads which will be equal to one and a half to two million baskets as shipped from the Peninsula. This fruit will be put on the market between July 10 and August 1.

If you want to see scores of young men and women in fine positions as stenorgraphers and book-keepers (Goldey College Wil. Del., graduates) and how they got them, send for catalogue. (See adv.)

Republicans in Baltimore.

The Republicans State Central Committee met in Baltimore last Thursday to fix dates for the several district congressional conventions and transact other business.

The First district convention will meet at Ocean City on September 15th, and will be called to order by State Comptroller Phillip L. Goldsborough. Senator Norman B. Scott, Jr., tendered his resignation as chairman of the committee. It was not acted upon, the committee adjourning until Sebtember 8, when a special meeting will be held to consider the matter, and, if the resignation is not withdrawn, to select a new chairman. Judge Russum, a member of the committee from this county, was present and reports a profitable meeting.

ORPHANS' COURT.

The Orphans' court was in session Tuesday. Judges Sigler, Orrell and Wright present.

Mrs. Laura Oudesbuys admr. of Helen G. Otis was psesented on inventory, which was approved.

Wm. H. Irwin, executor of Henry Irwin, presented a list of sperate and doubtful debts, which were approved

J. Stafford, by H. L. Cooper, his attorney, filed a bill of complaint for sale of the real estate of Simeon Blood, deceased. Wm. H. Casho and Wm. M. Price were appointed appraisers.

Thos. A. Smith, executor of Sylvester Smith, presented an account of sales of personal estate, which was approved; also, filed his report of sales of the real estate, and a conditional order of ratification was granted by the court.

Henry C. Rawlings was appointed guardian to James A. and Wm. A. Loockerman, minors.

Boggs Again Threatened.

Another annonymous letter was received at the New Castle jail on Tuesday morning by Wm. N. Boggs, the defaulting teller of the First National Bank of Dover.

The communication is almost similar to those received by U. S. District Attorney Lewis C. Vandegrift, Harry A. Richardson, president of the looted bank and Boggs, during the trial of Col. E. T. Cooper.

The letter, it is said, refered to the coming trial of U. S. Senator Richard Rollins Kenney and other indicted men and threatened him with bodily harm if he tesified.

This epistle, like the others, will be turned over to the district attorney with the ultimate hope that they will lead eventually to catching the person or persons who have been guilty of the despicable act.

Buiding Railroad

The county commissioners fixed the rate of taxation for 1898 at $1.02 1-4 on the $100, the same as that of last year. The commissioners are somewhat perplexed over the capital stock of the Cambridge and Seaford Railroad Company. Officers of the railroad were before the board urging that the subscription to be made at once, claiming that the road had reached that point in its construction where, according to law the subscritption is demandable. The commissioners claim that the company is not yet entitled to make the demand. Ex-Sheriff Mace has been engaged in grading the road for $75,000, the amount of the county subscription.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying "Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50cts per bottle at George & Redden's Drug Store. 6

Niagra Falls.

The Penn. R. R. Co. has selected the following dates for its popular ten-day excursions to Niagra Falls from Philadelphia, Baltimore and Washington: July 21, August 4 and 18, and September 1, 15, and 29. An experienced tourist agent and chaperon will accompany each excursion.

A special train of Pullman parlor cars and day coaches will run with each excursion.

Tickets for a side trip to the Thousand Islands (Alexandria Bay) will be sold from Rochester, good to return to Rochester or to Canandaigua via Syracuse within five days, at rate of $5.50.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her that she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework and is as well as she ever was.—Free trial bottles of this Great Discovery at George & Redden's Drug Store.
