The many friends of County Commissioner D. J. Zacharias were sorry to learn of the affliction of Mrs. Zacharias, who was stricken with paralysis at her home at Cherry Hill, about six miles from this place, Sunday evening. On Tuesday Mr. Zacharias was in town and reported his wife as some better. Dr. G. W. Betson, of Greensboro, is the attending physian. Mrs. Zacharias' friends hope for her speedy recovery.

On Sunday last the Denton M. E. Sunday school decided to give an excursion to Queenstown. The date decided upon was Thursday July 28. Mr. Roe retires from the business that he may give more attension to other business. It is thought that the new acquisition to the factory will be a good one.

Sylvester Lewis, an old citizen of this county, died at the Alms House on Tuesday, at the age of 76 years. Mr. Lewis was well known in this county and a portion of Kent county Del., in which he was born, for his eccentricities and small statue. In his early years he was an industrious man. He was a brother to Luff Lewis.

B. F. Field, son of Mr. and Mrs. J. W. Field, of Philadelphia, favorably known to many residents of the town and county, was enlisted under the Hospital Corps and has commissioned first sargent in the Pharmacentical Department having passed the highest examination out of a class of seventy eight. He is located at Washington, D. C. for the present awaiting further orders from that department.

THAT OVERSEER MATTER.

On Monday next the trustees of the Alms House will meet for the transaction of routine business, etc. At this meeting the law says they shall appoint an overseer for the coming year. A short time ago a few prominent Democrats got their heads together and by using questionable means induced the five trustees to believe that there wasn't a Republican applicant for the place and induced the trustees to indorse the present incumbent. So eager were the Democrats to have the appointment ratified, they forgot the law in their great haste, which availed them nothing. The matter was rushed through at such speed that but few knew anything about it until the trap was sprung. But when it became known that the game was a fake, the Democrats slunk away and now one of its projectors can't be found. We don't believe they once counted the cost of it until it was too late. Since the trustees have been advised of the true situation; that they were deceived by those they trusted, we look for a different vote on Monday. The Republican party will naturally expect to see the trustees rectify the matter they have been deceived in and appoint a Republican for next year. Of the few persons spoken of for the place, we know of none better qualified or more able to fill the position, than Mr. S. T. Norris. Six years ago he held the place and filled it to the satisfaction of the public, being removed only for partisan reasons. The delusions under which the Democratic party of this county is laboring, that our party should tender them the offices in the gift of the party, is an erroneous one and should be expelled from their minds, and the sooner the better. Who remembers a Republican in this county holding an office under a Democrat any longer than he could be removed?

A Social Dance.

A four horse load of our young folks enjoyed a straw ride to Ridgely, where they were royally entertained by the people of that town. The evening was spent in a social way. The dance was given by the Misses McShane. The party returned home about mid-night with words of praise for Ridgely. The following are a list of those who participated:

Misses Katherine Wheatley, Lucy Wheatley, Nellie Wilson, Nellie Valliant, Lenora Valliant, Louise Dukes, Anna Dukes, Lora Downes, Ella Downes, Mary Emerson, Francis Crouse, Jessie Crouse, Mary Hobbs, Carrie Wilson, Mrs. Geo. C. Skirvin, Messrs J. R. Rochester, E. B. Griffinburg, H. B. Fields, O. W. Downes J. Howard Pastorfield, W. P. Draper, G. A. Fisher, Carroll Dunning, R. M. Beauchamp, Geo. C. Skirvin, Homer Lord and Harry Whitby.

MATTERS OF INTEREST.

Dr. Charles M. Ellis has bought the Bowen farm, near Elkton, for $8,000.

W. Lake Robinson has bought the Harry Wright farm, near Cambridge, for $1,600.

The Parson Green farm, near Centreville, has been bought of John F. Godwin for $4,995.

The fine imposed upon B. Palmer Keating, of Queen Anne's county, has been remitted, and he has been released from jail.

A facetious sort of a man by the name of Hogg had three children. The first he named Ima Hogg, the second Eura Hogg and third one More Hogg.

The field court, over which Lieutenant-Colonel Stevenson presided at Middletown, eleven men were fined for being absent without leave. Since the first of June there has been collected by fines over $1,400. This money goes to the Soldiers' Home, at Hampton, Va.

A horrible scene was witnessed at Mr. George Gordon's, near Millington. On going to his pasture field he found one of his horses suffering with hydrophobia. The animal was tearing the flesh from her limbs.

She was bitten several weeks ago by a mad-dog. Mr. Gordon has had two dogs and a hog to go mad, they being all bitten the same day, by the same dog.

Stephen R. Downes, residing near Bridgetown, has about the heaviest straw this year to be found anywhere in that neighbrohood. Last week while Mr. Downes was cutting wheat he noticed a little ahead of his binder a long black object lying on the top of the standing wheat. The object proved to be a large black snake that was sunning himself while lying on the heads of the standing wheat.

William Harper of Dorchester county, was bitten by a rabid cat three weeks ago, but he refused to believe the animal was affected with hydrophobia, of which he claims to have no fear. Edgar Jones sent the dead cat to the State Health Department, and the rabbits inoculated with virus from the cat have died in convulsions. Mr. Harper has been warned of his danger, but has not decided to undergo the Pastuer preventive treatment.

Hiram G. Dudley, of Baltimore, has purchased the estate of the late S. Teackle Wallis, called Bloomingdale, containing 640 acres, and situated 3 miles from Queenstown. The price paid was $18,000, and included a collection of the old Harris furniture. This price is considered low, as the land is productive and the buildings exceptionally well constructed, the mansion being a large colonial dwelling of brick.

Special Agent I. N. Mills, of the P. W. & B. Railroad, has made the railroad estimate of the peach crop of 1898, and it is very discouraging to those who had anticipated a fair yield. The "yellows," which caused so much trouble a few years ago, have disappeared to a certain extent and it is only in a few orchards that the trees are prematuring. The trouble now is the circulio, a troublesome insect, and the devastating work can be seen on all sides.

Mr. Mill's estimate is as follow:

Delaware Railroad	92,789
Queen Anne's & Kent Railroad	47,150
Delaware & Chesepeake Railway	48,725
Baltimore & Delaware Bay Railroad	21,250
Cambridge & Seaford Railroad	12,880
D., M. & V. R. R., (upper)	64,387
D., M. & V. R. R., (lower)	25,262
Total	311,434

ORPHANS' COURT.

A. G. Towers, trustee, submitted his report of the sales of the real estate of Richard J. Shields, deceased. Conditional order of ratification passed.

James C. Collins, administrator, of John Collins, presented an account of sales of the personal estate of deceased, which was approved.

The Will of Eliza Clines was admitted to probate.

Edward L. Adams acting administrator of Alonzo E. Griffith presented an inventory of the personal estate. Order of sale was granted.

Court appointed Wednesday, the 27th inst. at the Academy in Denton, Md., as the time and place for the examination of applicants for the scholarship at Washington College, Chestertown, Md.

War and Potatoes.

War has had the effect of raising the price of many edibles, but very few people know that the Irish potato is already higher than in years past at the same season. This is not due to a shortage in crop, for reports coming from various sections show that is about normal, but entirely to an increase in demand. The war with Spain has been largely responsible for this increased demand, for United States Government is buying everything in the way of old potatoes to forward to the troops encamped in various parts of the country, and those engaged in the invasion of Cuba and the Philippines. For several months past the government agents have been securing vast stores of old potatoes. The gap in the regular demand caused by this drain has been filled with orders for new potatoes, and they have consequently, risn in price somewhat, and should the war continue much longer, are liable to go still higher.

Van Burkelow, July 29, 10 days; Woodlawn, Aug. 2, 10 days; Wheatley's Grove, J. L. Johnson, Aug. 5, 10 days.

Wages in Spain.

The poverty and low state of social life and civilization of the Spaniards are indexed by their wage rates. For instance, the average weekly pay for a bricklayer in Spain (Malaga), is $3.80; in the United States $21.18; of a mason, $3.30; in Spain $21 in United States; of a carpender, $3.90 in Spain, $15.25 in the United States; of a blacksmith, $3.90 in Spain, $19.02 in United States; of a tinsmith, $3, in Spain, $14.35 in the United States; of painters, $4.50 in Spain, $16.42 in United States; of laborers, porters, etc., $2.75 in Spain, $8.88 in United States.

While rents and possibly prices of a few native products are lower in Spain than in United States, the difference comes nowhere equalizing the wide disparity in wages.

Farmers Discouraged.

Talbot county farmers are very much discouraged over the results of the harvest. Owing to the rapid advancements in the price of wheat last fall, there was a greater acreage drilled in, and yet, without exception, the complaint arises that in spite of the increased acreage, the total turnout is less than heretofore. Mr. Jacob Morgan, in the northern part of this county, has raised upon an average in former years, twenty-five bushels to the acre; this year he congratulates himself upon a net yield of ten bushels. Mr. John W. Knotts, one of the repersentative farmers of that county, and at one time county commissioner for Talbot, was entitled to 1,200 bushels of wheat from his farm, in Chapel district, upon the record of previous years. He is compelled to be satisfied with six hundred bushels this year, while Mr. G. W. Stoops, on his farm, which lies in the brag wheat belt of the county, close to the famous "Square Farm," must be content with four bushels to the acre, and that, he says, of inferior quality, and more like screenings than wheat.

One of the best farms below Easton, which has yielded an average of thirty-two bushels to an acre, is that of Robt. B. Dixon, on his North Bend farm. This year he gets less than twenty bushels to the acre. Mr. Henry Patchett, of Easton, who rents the Fitzgerald farm, made famous by its fruits and grapes, which sold for $1 a bunch, seeded eight bushels of prime wheat. It yielded him nearly eight bushels of very poor wheat.

The corn crop does not augur the most pleasing prospects; it being a full month behind in point of development, owing to the very wet and cold May.

Neither do tomatoes promise an average yield; and the canners do not consider they will have the opportunity to put up more than one-half of what they hoped to do when they made their contracts.

A Narrow Escape.

Thankful words written by Mrs. Ada E. Hart, of Garton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. Kings New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottels free at Geooge & Redden's. Regular size 50c and $100. Guaranteed or money refunded. 1
