Attorney T. P. Fisher sold at public sale on Tuesday the real estate of the late James N. Todd, located in Denton. The late home of Mr. Todd was sold to Dr. P. R. Fisher for $2,235. The house and two lots on Second street were sold to Wm. D. Taylor for $380.

Robert Lane, one of the prisoners who escaped from jail on Monday morning of last week was captured by the Delaware authorities at Felton, and on Thursday Sheriff Rice drove over and brought him back to the jail here. Thus far there is no clue to the whereabouts of Osman.

The rail bird season opens in this State on the 20th. In Delaware it opens today. The indications are that a plentiful supply of rail birds is expected. This fact is largely due to the abundance of wild oats. It is also said that the birds will arrive earlier than usual this year. They arrived in our marshes last year about the 10th.

Dr. P.R. Fisher who has had charge of the diphtheria cases near the Alms House reports the patients much improved. There has been six cases in all; five children and one grown person; all colored. The Doctor used Anti Toxin on four of the worst cases, with satisfactory results. These cases are under control and no further trouble is anticipated from these families.

We are requested to announce that a meeting of the old soldiers of the First Eastern Shore Regiment, Maryland Volunteers, will be held in Denton on Tuesday next, for the purpose of appointing committees of arrangements to prepare for the annual re-union of the regiment. Veterans from Hillsboro, Ridgely, Greensboro and Burrsville are especially requested to be present.

Beats The Klondike.

Mr. A. C. Thomas, of Marysville, Texas, has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that Gold is of little value in comparison with this marvelous cure; would have it even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discoverey for Consumption. Trial bottles free at George & Redden's Drug Store. Regular sizes 50c and $1.00 Guaranteed to cure or price refunded. 2

Weekly Crop Bulletin.

The U. S. department of Agriculture for the week ending Aug. 30th says: The weather of the past week was somewhat of a repetition of that of the preceeding week, being quite warm for the first part and cooler the latter part. There was not much rain, however, only a few local showers on Wednesday and Thursday. The weather was favorable for all farm work and growing crops. The farmers were largely employed in preparing for seeding. In some sections plowing has been finished, and in nearly all it is well advanced. Corn is maturing early and finely. A fair crop is in prospect. Fodder saving has begun. The potato crop seems to be extreamely variable, in some sections a good crop is reported in others a fair, and in some a failure. The prospects for tomatoes has improved during the week, although the crop will be shortened by the blight and the early drought. The crop is very irregular, some fields good, others not much fruit on vines, although the vines are large and apparently healthy. Tobacco is being cut and housed in fine condition. Vegetables are plentiful. Late cabbage is growing finely. Grapes and melons are rippening and are quite plentiful. Peaches are rotting badly on the trees in the western counties. Apples are scarce.

Of Caroline it says: The week has been dry and warm. Only about half a crop of corn and tomatoes expected. Plowing for wheat is about over.

Can Denton have Water-Works.

Among the first questions asked by a practical business man looking for a new location in a town is: "what does your insurance cost you?" Especially is this the case if he is a merchant. The cost of insurance in towns like this is largely regulated by the location of the property, to which many of our merchants will testify. For some time past exhorbitant rates have been charged for insurance on store goods and buildings in the heart of the town, while several merchants are carrying no insurance whatever. Others, we are informed, are paying as high as six per cent.

There seems to be only one remedy for this drawback to the business of the town, and that is the erection of water-works of such a character as are recognised by insurance companies as affording the required protection to property. While the appliances which the town now has have proved very effective at several fires, no consideration whatever is given them by the insurance companies. You simply pay their rates or go without reliable insurance.

This matter should be looked after as it is of vital importance to the town. The lack of protection against fire is now one of the greatest drawbacks to the advancement of business interests here. Expensive buildings, such as will be required with increasing business, cannot safely be erected in the business part of town and merchants will be slow to risk their money in extensive and expensive stocks under the present circumstances. Other towns on the Peninsula no larger than this have practically solved this problem why should not we? Who knows how near in the future the fate of Hillsboro or Berlin awaits us?

Postmaster Green in Office.

Ex Sheriff Thomas R. Green assumed his new duties as postmaster of the Denton office this morning, having recently been appointed to this place by the President for a term of four years. Mr. Green is one of the best known citizens in this county and is generally recognized as one of the best business men we have. While not acquainted with the inward workings of the postoffice it will not take him long to become so. Mr. Melvin in retiring from the office leaves a good record behind him. He has been a faithful and painstaking official, kind and obliging to all the patrons of the office. Since taking charge of this office near ly six years ago, it has been materially changed and improved, and while the office has grown in volume of business, Mr. Melvin should be credited with a part of this growth and enlargement. He has been on the alert and whenever a change or improvement was thought wise he has been ready to try and get it through. Mr. Howard Pastorfield, who has been an able and efficient assistant for over two years in this office, has made many friends in Denton by his kind and obliging dealings with its patrons. He is thoroughly familiar with all the requirements of the office and in the absence of Mr. Melvin the business of the office went on just the same. Mr. Green will take up the work of the office where Mr. Melvin leaves it off, and for a stranger to enter he would not known that there has been any change. Mr. T. Fred Towers has been in the office since Mr. Green's appointment, familiarizing himself with the work.

Another Bridge Accident.

Mr. Lesley Beachamp and his wife, who are highly respected citizens of Talbot county, met with an accident on Hillsboro bridge, Sunday morning while on their way to church, their horse breaking through and before it could be extricated the the animal broke one of its legs and had to be shot on the spot. The position was perilous one for Mr. and Mrs. Beachamp as they knew not at what time they might be seriously injured. Mrs. Beauchamp was so frightened that she fainted. This still added to the seriousness of the situation before help arrived. This accident occured on this side of the bridge and was in this county. As the bridge is a joint one with Talbot, the question arises, will Caroline have all the damages to pay? A few years ago Mr. Ernest Downes had a horse injured in the bridge, but on the Talbot side, and that county paid all damages. Such being the case it looks as if this county must pay in this case. It also shows carelessness somewhere to have a public bridge in such poor condition. We learn the bridges of this county are in poor condition and have been for some years past. The commissioners should have them attended to at once and avoid other damage cases.

It has been reported here that Mrs. Beachamp is suffering from nervous prostration, caused by the bridge accident. The horse injured at that time was their driving horse and is said to have been worth about $100.

The Farmer's Institute.

Those who attended the Farmer's Institute at the Agricultural College, from this county, pronounce it one of the most enjoyable and instructive affairs they have attended. Before returning home those in attendance were given an excursion to Washington where they spent the entire day.

One of the most interesting and instructive features was the inspection of the college premesis. The inspection of the poultry, incubators, brooders, and the apiary, was much enjoyed, especially by the lady visitors, many new features being presented.

Those present from this vicinity were J. W. Kerr, and wife; T. Fred. Garey and daughter, Miss Lola; R. T. Carter and J. B. Raughley. An institute will be held in this county some time in October.

Adamsville News.

Rev. Mr. Redden, of Farmington, filled the pulpit at Todd's Chapel last Sunday in the absence of Rev. I. G. Fausnocht, who is taking his vacation.

Bush meetings are being held at Bethel and on Sunday evening the grove was well filled. The meetings will close on Saturday evening.

Mrs. William Hawkins and Mrs. William Savage, were called home last week by the serious illness of their mother, Mrs. LeGates, who is suffering with dropsy.

We have a little lady here who crossed the Atlantic at the age of three months. Her name is Miss Lizzie Bower.

A Pleasant Surprise.

Several Dentonians Friday evening called on Misses Jessie and Sophie Kerr, and were highly entertained with vocal and instrumental music, and recitations. Miss Jessie gave a number of fine selections, as well as Mr. Roe Rickards, of Greensboro. Although deprived of his eyesight, it is wonderful with what precision and rapidity he can handle a piano keyboard. His music was of a high class. Miss May Derr, of Baltimore, who is visiting Misses Kerr and Miss Lora Downes, sang solos that were much injoyed, while Miss Sophie Kerr recited some choice selections which showed that her training had developed natural gifts in that direction. Miss Jessie Kerr and Miss Mary Hobbs gave a piano duet that was also well rendered. Those who had the pleasure of spending this evening with Misses Jessie and Sophia Kerr and their friend, were highly pleased with the reception given them.

Omaha Exposition.

The Penna. R. R. Co. has arranged for a special eight-day personally-conducted tour to the Trans-Mississippi and International Exposition at Omaha on October 1, allowing four full days at the Exposition. Round-trip tickets, including transportation and Pullman berth in each direction, meals in dining car going and returning, hotel accommodations and meals at Omaha, admission to the Fair and carriage drive and hotel accommodations at Chicago, will be sold at rate of $100 from New York; $96 from Philadelphia; $95 from Washington and Baltimore.

For the benefit of those who may desire to remain longer in Omaha, tickets will be made good to return on regular trains until November 15, inclusive. Such tickets include only railway transportation returning with reduction of $15 from above rates from all points.

For further informatton apply to ticket agents, Tourist Agent, 1196 Broadway, New York, or Geo. W. Boyd, Assistant General Passenger Agent, Philadelphia.

Weather for September.

Hicks, who has made a wide reputation as a weather prognosticator, has this to say for this month: The first September storm period runs from the 3rd to 7th, being central on the 4th. An equinox of Mercury is also central on the 3rd, extending as far as the 10th with its disturbing influence. About the 4th, 5th 6th look for some well developed storms of rain and wind. Many sections suffering with drouth and heat will get relief at this time. Cooler weather will follow about the 5th to 9th. From the 10th to 13th is a reactionary period, in which storms of much energy are liable. The autumnal equinox will be in force at this time, adding to other causes its storm producing power. The same is especially true during the regular storm peroid which covers the 15th to 18th. West India hurricanes are very probable on seas and along our southern coasts at this part of September. Temperatures and barmeter will show how far the storms will reach inland. The 21st to 24th is the center of the earth's equinox with reactionary storms due. The 27th to 30th is the last September storm period. Look for wicked storms on sea and land on and near the 28th and 29th. Would add special reasons and warnings if space allowed.

Concord Cullings.

There will be Epworth League services in the church Sunday evening.

Miss Maggie Cahall, of near Centreville, spent several days last week with Miss Stella Collins.

Miss Cora Satterfield, of Chestnut Grove, and Miss Nan Nichols, of American Corner, spent Sunday with Miss Ella Beachamp.

Mrs. Elizabeth Russell, of Burrsville, accompanied by her daughter, Mrs. Harriet Billings, of Whiteleysburg, visited her sister, Mrs. C. T. Johnson, last week.

Miss Ella Beachamp entertained a number of her friends at her home Saturday evening. Music and games were enjoyed by the young people until a late hour, when refreshments consisting of ice cream and cake were served, after which they departed for their homes. Among those present were Misses Maggie Cahall, Winnie Griffith, Mary Johnson, Stella Collins, Minnie Todd, Winnie Johnson, Edith Towers, Grace Towers, Clara Beachamp, Hattie Covey, Ola Covey, Mattie Morris, Lydia Patton, Nannie Nichols, Cora Satterfield, Eva Satterfield, Stella Scott and Ethel Wilson; and Messrs. Fred Beachamp, Will Love, Jas. Griffith, Rufus Todd, Luther Covey, Horace Williams, Walter Kelley, Leonard Covey, Bennie Todd, Carrie Wallace, Owen Moffit, Jos. Clark, Clarence Beachamp, Minos Morris, Madison Towers, Artery Nichols, Dennis Nichols and Walter Beachamp.

The "Acme Harrow" is acknowledged to be the best in the world to work up ground. Try it on your wheat land this fall. Sold at prices and terms to suit the times, at Barrow's, Main street, Preston. *

Counterfeiters Discovered.

Additional evidence has been obtained against the men recently arrested in Dover, accused of making and passing counterfeit coins, chiefly quarters. United States Secret Service Detective Shartzer unearthed several bars of good, ringing brass, a back saw, used by machinists in cutting hard metal, a twenty-pound sledge hammer, spoiled coins and quicksilver, with which the brass coins are supposed to have been coated, at their isolated home near Dinah's Corner. Hundreds of these spurious quarters are in circulation in Kent county, Del., and some of them will probably drift across the line into Caroline. The merchants had better be on the lookout.

Eastern Shore Democrats.

The Eastern Shore Democrats, we are glad to see, have forsaken free silver. At the Ocean City convention yesterday they nominated Mr. John Walter Smith, a very estimable gentleman, president of a bank and a gold man. The only reference to the money question in the platform was as follows:

The Democracy of the First Congressional District believe now, as they always have believed in gold and silver money of the Constitution and the coinage of both metals, without discrimination against either, into standard dollars of final payment and redemption.

This is a money plank which doesn't mean much of anything, but if the free silver men are satisfied with it and a gold candidate the Eastern Shore Democrats ought to have a very harmonious campaign. We congratulate them on getting out of the woods. There is absolutely no use in talking free silver this year or any other year, for that matter, in Maryland. As the silver sentiment was though to be particularly strong on the Eastern Shore, we presume it may be taken for granted that all the Democratic Congressional canidates will stand on a gold platform in the coming campaign. There is very little difference of opinion on that colonial policy the Government should follow, so it looks as if the character of the canidates ought to have a good deal to do with deciding the result of the election. The Democrats will certainly make no mistake in putting their very best men to the front.—Baltimore News Dem.
