A Card of Thanks.

Editor of the Union:

Kindly permit the trustees of Union Bethel A. M. E. Church to express our gratitude to our many friends and the generous public, for their continuous aid in our struggle to pay off our church debt. The masterly sermons of Rev. Dr. Collett, P. E., and Revs. Cooper and Banks, will long be remembered. We are thankful to say that the balance of $170.50 has been raised and paid off.

Very Respectfully, G. W. Bailey, Theo. Thomas, A. Williams, J. R. Fountain, A. W. Wayman, J. H. Smith, Peter Davis, Trustees.

REV. A. JONES, Pastor.

Capt. Leonard's Sad Death.

The many friends of Captain E. T. Leonard were greatly shocked to hear of his sudden and horrible death on Thursday morning last. Only a few facts could be learned until the papers arrived giving a full account of the unfortunate affair. Captain Leonard was in command of the steamer Hamilton and has made weekly trips to Denton during the past summer. His boat had arrived at Easton and in company with his brother-in-law, Mr. A. H. Larrimore, he was driving from Easton Point into town. In crossing the tracks of the B. C. & A. railroad the carriage was struck by an express train and both of the occupants and the horse were instantly killed. Both of the bodies were frightfully mangled and cut to pieces.

The accident is supposed to have resulted from the fact that there is a high thick hedge growing along the road that shuts off completely the sight of an approaching train, and since the accident a jury of inquest has exonerated the railroad employes from all blame.

Captain Leonard was one of the first steamboat captains to run to this place and until about a year ago ran regularly on the boats of the B. C. & A. Company. Until the Maryland Steamboat Company became a part of the above mentioned corporation he was in the employ of that company. As a skillful navigator he ranked among the best and with the passengers and crew, none were more popular. He had a host of friends and acquaintances in and around Denton, who were deeply grieved to hear of his untimely end. He was 61 years of age and with his family resided in Baltimore.

FACTS FOR THE PEOPLE.

For the Union:

The editor of the Greensboro Free Press after being in a dormant state for nearly twelve months has finally awakened with the idea that he must say something through its columns using for his subjects: First—"Questions for the people;" Second—"Rantings about the administration and the war;" Third — "Political Tricks," "Cats Paws," and a conglomeration of other exploded and stale subjects arising from bad memory and an overworked brain, claiming that the people of the Eastern Shore would have no representative in Congress unless John Walter Smith is elected, a claim that is so utterly foolish and silly that it would make a mule laugh. Col. Wilbur F. Jackson, the nominee of the Republican party for Congress in this district, is a native of the Eastern Shore and a man in every way qualified to represent the district in Congress. He is a business man of undisputed ability, successful always, and above all he is safe and sound on the great issue of the day, the money question; a man who has not been an office seeker all his life, and if elected, as he surely will be, will represent the people with honor. Now on the other hand let us analize the Hon. John Walter Smith.

First, the Honorable John Walter is personally a fine gentleman, but at the same time he is the nominee for Congress in this District of the Arthur Pue Gorman ring of the Democratic party, a man who is and has been continually in office or seeking office.

Second, the Hon. John Walter Smith is a man who has not the courage to come out and tell the people of this Congressional District, whether he is for sound money or the free coinage of silver, but deliberately straddles the money question and tries to carry the Gold Standard on one shoulder and Free Silver on the other.

Third, the Hon. John Walter Smith is the Eastern Shore lieutenant of Arthur Pue Gorman and if elected to Congress would be at the command of a man who the people of Maryland have twice beaten and who now tries to come to the front once again through the help of his political lieutenants.

The editor of the Free Press in his rantings attacks the administration of the Hon. Wm. McKinley for the conduct of the war, when he knows that the Yellow Journals of this country have been given the lie by the testimony of such good and staunch Democrats as Hon. Fitzhugh Lee, of Virginia, and Gen. Joseph Wheeler, of Alabama, whose Democracy has been life-long, while the Democracy of the editor of the Free Press dates back only a few years. The people of this Congressional district recognize William Willis as the Democratic nominee for the reason that he stands squarely upon the Chicago Platform, the platform of the Democratic party of this United States, while the Free Press and the rest of the Gormanites are wallowing around looking for a platform upon which they can stand. Brother Editor of the Free Press take a friends advice, confine your time to the writing of town locals, public sale and patent medicine advertisements, at which you are more successful than at writing editorials although your silence for some time has been painful.

NEMO.

Death of James H. Garrett.

James H. Garrett, of near Burrsville, died at his home on Thursday night last after an illness of considerable length, in fact he had been in poor health for several years. He was a very thrifty and energetic farmer and when in good health, an extremely hard worker. He was 57 years of age and leaves a widow, and one son about 17 years of age. Two brothers, two sisters and his mother also survive him. Mr. Garrett was highly esteemed among his neighbors for his sociability, honesty and fair-dealing. He was at one time a tax-collector under the old system, but never held any other public office. He was at one time nominated for the Legislature on the Populist ticket but refused to let his name be used. The funeral took place on Friday and the remains were intered in Choptank Cemetery.

Discovered by a Woman.

Another great discovery has been made, and that to, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severe tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discoved a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first dose, that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at George & Redden's Drug Store. Regular size 50c and $1.00. Every bottle guaranteed. 4

Gunners Getting Ready.

The long looked for and much talked of gunning season for rabbits and partridges will open on Tuesday. Gunners are busy getting their dogs and guns in trim for the occasion and much game likely the first day the law is out will be killed. Farmers in general state that the coverts are full of partridges and other game birds found in the county, and that the birds are fat and of good size. The rabbit season also promises to be especially good. Farmers all unite in saying they never knew rabbits more plentiful or in better order. In Delaware the law prohibits gunning until after the 15th of next month. This time limit also applies to some counties in this State.

JUDGE RUSSUM EXPLAINS.

MR. EDITOR:—Our friends of the Journal seem much worried about my presumed inconsistency in signing the nomination papers of Mr. Willis. If such ardent advocates of the free and unlimited coinage of silver, at the ratio of 16 to 1, as the editors of the Journal, can support Mr. John Walter Smith, who favors the single gold standard, *and be consistent*, why may not I, a gold standard Republican, support Mr. Willis, whom I know to be a gentleman of high character, and thoroughly qualified for an efficient discharge of the duties of a member of Congress and also be consistent? Again, if Mr. E. R. Goslin, James H. Douglass and J. Frank Lednum, prominent Democrats can sign Mr. Willis' nomination papers and vote for Mr. John Walter Smith, and be consistent, why may I not sign them and vote for Mr. Jackson and also be consistent?

If the fact that I signed Mr. Willis' paper proves that *my* purpose was to disrupt the Democratic party, why does not the fact of the signing by Messrs. Goslin, Douglass and Lednum prove that *they* signed for the same purpose? Can the Journal explain the *whyness* of these things?

GEORGE M. RUSSUM.

October 25, 1898.

What Republican Prosperity Is.

The party's war record will, of course help the Republicans in the coming Congressional election but the party will not depend for victory on this record alone. When the Republicans entered power a little over a year and a half ago the country was financially and industrially depressed, but all signs of the business stagnation have disappeared. The mills and factories of all sorts are again running at their full capacity, everybody who wants work has it, the farmers have an active market for their product and the country is prosperous. This swift and complete business tranformation is evident to everybody. It came just as quick as the Republicans got at work. Republican supremacy brought it. This fact is going to make hundreds of thousands of votes for the Republicans in the elctions in November. The party which gave prosperity to the country and which can maintain it, can appeal with confidence to the suffrages of the people.—St. Louis Globe Democrat.

Death of Mrs. Dulin.

Mrs. Janett Dulin, widow of the late Thomas Dulin, died at her home on Main street, Tuesday afternoon, after a long and painful illness, arising from a complication of diseases. During the past year she has been a great sufferer, which she bore with christian fortitude. Mrs. Dulin has lived all her life in and around Denton, and was well known and highly respected throughout this community. She was and has been a devoted christian for many years and a consistent member of the M. E. church of this town. As a wife and mother, she was a model worthy of imitation, as no sacrifice was too great for her to make for her family and friends. She was 67 years of age and leaves two sons; Thomas, of this place, and William, of Wilmington. The funeral services were held yesterday afternoon, Rev. Z. H. Webster officiating. Interment was made in Choptank cemetery.

To Inspect Marydel.

Dr. John S. Fulton, secretary of the State board of health, received a communication last week from E. D. Frazier, president of the Delaware state board of health, requesting Dr. Fulton to investigate the sanitary condition of the town of Marydel, which is located in the upper part of this county, and is on the line between Maryland and Delaware. It is said that the health of the residents of the town is greatly endangered by the dumping of refuse from a large canning factory located in the town. The matter is being investigated and whatever measures looking to the betterment of the health of the community, will be cheerfully subscribed to by the canning company.

Yellow Jaundice Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellw Jaundice for over six months, and was treated by some of the best physicians in city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by George & Redden, Druggists. 4

REPUBLICAN MASS MEETING.

The State Central Committee has completed all arrangements for a Grand Mass Meeting at Denton on Thursday of next week, November 3. Men of great renown and orators, such as Senator Geo. L. Willington, Hon. Geo. R Gaithers, of Baltimore, Hon. Thomas Parran, of Calvert county, and other prominent speakers will be present and explain the live issues of the day. Every voter in the county should hear these gentlemen. They are well versed in both State and national matters, and those failing to hear them will miss a rare treat. Voters give them a royal reception. A Brass Band will be present and discourse music.

Fire at Crisfield.

Large fires on this peninsula are becoming common of late. Monday night Crisfield was swept by a destructive fire and a large portion of the town was burned. The fire broke out at 7 o'clock, and burned fiercely for over an hour. The origin of the fire is unknown, but it is supposed to have been started by a boy dropping a candle in a pile of papers. Instead of trying to smother the flames, the occupants of the house began to move their goods out. The fire progressed rapidly, and soon the Peninsula Hotel and houses of J. E. T. Ewell and Frederick Stratton were in flames. The fire engine came upon the scene, but it was at once seen that one engine would not be sufficient to check the fire, and assistance was asked from Salisbury. Before a special train could be made up, however, the fire had been checked by a number of brick buildings and the efforts of the bucket brigades. The bucket brigades did excellent work, and it is estimated that they threw as much water as an engine could have done. The merchants moved a great part of their goods out, and it is stated that theives were busy during the fire carting the provisions and clothing away. The loss is estimated at $40,000, which is only partially covered by insurance.

Crisfield has suffered immensely from large fires in past years, and had the town been provided with the much-talk-of waterworks, the loss would have been trifling. As it is, enough has been lost in this fire to pay for waterworks twice over. The town commissioners passed an ordinance some years ago that only brick buildings should be erected in the business portion of the town, but this ordinance has been repeatedly violated. This fire will have the tendency to stir the commissioners up. Some of the buildings burned has been standing for nearly twenty-five years.

Some Farmers Happy.

A great discovery for the farmers in the vicinity of Felton has been made this year, but only brought to light officially a few days ago. The experiment of raising sugar cane, frequently in as large areas as is devoted to corn, has been put to a thorough test in Kent county and the result as announced have been greater than the expectations of the most sanguine Dr. Arthur T. Neale, in charge of the Delaware College Experimental Station, had been called upon to make personal investigation and conduct tests with extreme care, in view of the fact that many farmers intend to engage largely in the cultivation of sugar cane. Dr. Neale's exhaustive report today to Pomona Grange, an organization of influential and successful farmers, show that a large percentage of sugar, more profitable than corn or oats, is shown. The sugar from cane grown in that state will yield 3200 pounds of the refined product to the acre, compared with 2800 pounds, the best results from beets in California. The finding of the expert were received with lively applause. A meeting was held and before adjournment the farmers resolved to engage as heavy an acreage as time will permit next year in the cultivation of cane.

Divorce and Remarriage.

By a vote of 32 to 31 the House of Bishops of the Protestant Episcopal Church has declared itself in favor of a canon permitting the remarriage of the innocent party in a divorce obtained for the adultery, provided the Court record be produced. The proposed canon also declares that the innocent party to a divorce for cause arising before marriage shall be eligible to remarriage under the laws of the church.

It had been proposed by the Joint Committee on the Revision of the Constitution that no minister of the Episcopal Church should solemize the marriage of either party to a divorce during the lifetime of the other party. The House of Bishops has declared in favor of the minority report permitting the remarriage of the innocent party, and when the canon comes up for final passage it is confidentiy believed that the vote will be about the same.

The illiberal canon proposed, and which fortunately for the church, has now been voted down, had for its chief advocate Bisope Doane, of Albany, while Bisope Potter, of New York, was the leader of the opposition. Bishope Doane's proposition naturally drew to its support those members of the House of Bishopes who by temperament, mental constitution and habit are disposed to hold the church firmly on its foundation of church law and to strengthen that foundation when possible. If such men lose sight sometimes of man's needs and relgion in their respect for theology and church law it is only what is done in other professions. In the legal profession pleading became the main thing, and the object of the case was lost sight of. In the schools and colleges educators too often say more attention to their system of education than to imparting knowledge to the pupil, and the grammarian is oblivious to the fact that he fails to teach language.

The adoption of the canon supported by Bishop Doane would have prevented many from entering the church. It would have visited punishment upon the innocent as well as the guilty. It would have condemned innocent men and women to lonely lives and diminished their usefulness to God and man. The outcome is a happy one.—Philadelphia Inquirer.
