PEACHES.

Nuffin gwine to stop 'em ;
De chilly rain kin fall,
De trees kin keep a-moanin'
As dey scrape agin' de wall,
De hail kin come a-peltin'
An' de cold air make yoh numb,
But when it's time for peaches,
Why, de peaches gwine ter come.

'Taint no use o' worryin'
'Bout de drap in June,
Or dat de yellows'gwine ter kill
De peach trees very soon ;
Don't let de locusts skeer yoh,
Dey must have dere fun ;
But when it's time for peaches,
Why, de peaches gwine ter come.

Trouble gwine to find yoh,
'Taint no use ter fly,
Dere's boun' to be some blessin's
When de trouble all is by.
An' de joy is jes' as certain
As de settin' o' de sun,
An' when it's time for peaches,
Why, de peaches gwine ter come.

Big Property Sale.

The most extensive sale of property that has taken place in the county for some time, came off in Denton on Tuesday. The first property offered comprised the estate of the late Ernest Downes and consisted of a valuable mill property, 104 acres of land, dwelling, etc., which was purchased by P. W. Downes at $4,800. A two story dwelling and three lots on and adjoining Main street were bid in by the attorney at $1,400. The two story dwelling where Mrs. Downes resides on Main street, was purchased by P. W. Downes, at $1,500. The dwelling on Fourth street was sold to Miss Lulu Downes at $660.

Following this was the sale of the Mrs. Eva George property on Main and Second streets, which was purchased by the Denton National Bank for $3,500. The "Bishop Lot" on Fifth street was purchased by Mrs. Clara Deakyne for $405.

The next property offerred was that of the late James Swann. A dwelling at the depot, built a few years ago by M. J. Cohee, was purchased by Mr. T. P. Fisher for $660. Another new dwelling adjoining, went to W. D. Taylor for $417 50 The two lots on Main street with a frontage of 115 feet brought $750 and were purchased by Mr. T. C West. The cottage at Rehoboth was struck off to L. B. Towers for $302. It was probably sold to a company.

A glance at the prices at which the various properties sold shows that the demand for deseriable property in Denton is not abating. The purchase of the George property by the Denton National Bank is believed to be the first move towards a new bank building, as the present quarters on Fourth street are fast becoming too small for the increasing business of this progressive institution. Several of the other properties will be improved by the new owners. Mr. T. C. West will build a new residence in the near future, and the bank will probably put the present building back on Low street where they will be improved.

Spring Fever.

Spring fever is another name for biliousness. It is more serious than most people think. A torpid liver and inactive bowels mean a poisoned system. If neglected, serious illness may follow such symptoms. DeWitt's Little Early Risers remove all danger by stimulating the liver, opening the bowels and cleansing the system of impurities. Safe pills. Never gripe. "I have taken DeWitt's Little Early Risers for torpid liver every spring for years," writes R. M. Everly, Moundsville, W. Va. "They do me more good than anything I have ever tried" Hugh Duffy, Hillsboro.

New Opera House for Centreville.

The Centreville Record says: "A new Opera House is practically assured to the people of Centreville. The Odd Fellows and Knights of Pythias have combined resources and will tear down the present town hall and erect a new Opera House that will be a credit to the town. It is thought that the work of razing the building will be begun within a month. The committee in charge of the building expect to have it completed by October of this year. The building will be much larger than the present one, and the main room will have a seating capacity for seven or eight hundred persons. Three lodge rooms will be on the third floor, and will be used by the Odd Fellows, Knights of Pythias and the Masons. Mr. Bernard, of Greensboro, is the architect.

A Real Friend.

I suffered from dyspepsia and indigestion for fifteen years," says W. T. Sturdevant of Merry Oaks, N. C. "After I had tried many doctors and medicines to no avail one of my friends persuaded me to try Kodol. It gave immediate relief. I can eat almost anything I want now and my digestion is good. I cheerfully recommend Kodol." Don't try to cure stomach trouble by dieting. That only further weakens the system. You need wholesome, strengthening food. Kodol enable you to assimilate what you eat by digesting it without the stomach's aid. Hugh Duffy, Hillsboro.

Capt. Matthew Garey Dead.

Captain Matthew Garey, aged sixty-nine years, died at his home near the depot, late on Wednesday afternoon of last week, after a protracted illness, of brights disease and heart trouble. He lay down in the afternoon to take his usual rest and passed peacefully away without awakening. In early life he was a successful captain on a number of vessels sailing from points on the river here to Baltimore, but later in life retired to a farm. After the death of his wife two years ago, he disposed of his property and came to Denton to live, where his only daughter, assisted by his other children, has faithfully cared for him. The funeral was held in the M. E. Church on Friday afternoon, Rev. J. T. Richardson, officiating, and the remains were intered in Choptank cemetery. Six of his eight sons acted as pall bearers.

Mr. Garey was at one time quite prominent in Democratic politics, having been the nominee of his party for sheriff, but was defeated. He was afterwards Superintendent of the Maryland House of Correction. Eight sons and one daughter survive him.

Dont's for Summer Boarders.

Don't ask for ice-water. The well water is as cold as any self respecting stomach will ask for. Don't expect half a pint of cream on 29 strawberries. Don't ask for a glass of milk at every meal. It is not good for you. One home-spun cow equals eight quarts of milk, equals one quart of cream, and three meals a day for eight people! And where does the baby come in? Don't ask for ice-cream nine time in seven days. The icehouse is four miles away. Don't wear too many starched things. Steam laundries are not found on every farm. Don't think any old thing will do to wear on the farm, but don't "dress" too much. Both extremes are bad taste. Don't imagine that because country fare and ways are different they are not so good as city things and ways. They may be better. Don't ask for things you don't see or for things out of season. It's two miles to the store. Don't try to be a superior person. It may lead to mis takes. Don't indulge in improving conversation—unless you need it. Don't sit up late to be late to meals. Both are unsanitary. Don't complain becatise there are no links; life is more than golf. Don't ask for sterilized milk for the baby—unless you bring your own sterilizer. There are other 'don'ts,' but they can all be condensed into the Golden Rule.—Prophet's Chamber.

How to Avoid Trouble.

Now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed before the summer is over, and if procured now may save you a trip to town in the night or in your busiest season. Colston, Denton; Hugh Duffy, Hillsboro; J. R. Davis, Ridgely.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever: nine cases out of ten are cases that are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
