THE POLITICAL SCHEMERS.

The Bourbons who control the Democratic party of Maryland for their own profit never learn anything. Gorman, Smith, Rasin and the rest do not realize that the Maryland of today is not the Maryland of ten years ago. The thrashings they have got have failed to make an impression. They regard Maryland as a pocket borough and Maryland's people as their credulous and submissive subjects. These politicians, always intent on spoils and plunder, take no account of underlying facts. They know they were in power thirty years, but they forget that during that period conditions growing out of the war and reconstruction made impossible the success of any but the Democratic party in this State. By controling the Democratic party they controled the State, no matter how bad and rotten they were, the people were obliged to put up with them. After thirty years the people made up their minds that it would be safe to try the Republican party, and the wisdom of their decision was borne out by experience. Republican rule was far from perfect, but four years of it made it clear that we could safely establish a standard of competion ignoring the dead issues of the war and putting the State and city governments into the hands of one party or the other on the basis of merit.

A wise and enlightened leadership would have promptly and thoroughly met the new situation. In 1899, many thousands of Democrats returned to their allegiance because of their belief that the chastisement of 1895 and 1897 had purified the party. Before the Smith administration was a month old it became apparent that the same old spirit was still rampant and that all the forces of bossism were rallying to subject the people to a new term of enslavement.

For two years and a half these forces have been steadily and stealthily moving forward. The grand coup of the extra session secured a Sentorship for the head and front of the State machine. With that great object attained, there has been a concentration upon Baltimore in order to restore the blackmailing regime of the junior partner, I. Freeman Rasin. With the power of Gorman and Rasin completely reestablished, Smith can count on the Eastern Shore Senatorship, and that is the reward for which a personally reputable man is prostituting a high office, as many personally reputable men have done before under the sinister and debasing influence of Gorman politics.

Every Baltimore Board controlled by the Governor is being used for these ends. Every man on every board has been selected with a view to subordinating the public welfare to political purposes. The Police Board, with its tremendous power, which, more than any other body, should be removed from politics, is the very nerve centre of the Gorman-Rasin-Smith scheming. As an adjunct of a political police force, Smith and Rasin are putting the statiouhouse Justices into the harness, and in one case at least, in a quarter of the city where the need of a good magistrate is most imperative, a thug has been installed, as if to give notice to the criminal class that immunity may be secured by enlisting, as before 1895, under Rasin's political banners.

All this in a city which time after time has declared its political independence. A city which has reached a higher state of civic enlightenment than perhaps any other in the whole country. A city that swings from 10,000 Democratic to 10,000 Republican, according to the merits of candidates. A city that no set of politicians can by any possibility subjugate either through force or deception. It cannot be doubtful what the people of Baltimore will do at the first opportunity to give expression to their views. "In vain the net is spread in the sight of any bird."—Baltimore News

DESTRUCTIVE storms have visited many sections of the country during the past week, but the Eastern Shore has almost entirely escaped. Even as near as Baltimore the storm was the most destructive known in years. There is no longer room to doubt that this is a peculiarly favored country.

THE Philadelphia Public Ledger has been sold by George W. Childs, Drexel to Adolph S. Ochs, the owner of the New York Times, the Philadelphia Times and other publications. The purchase price is said to have been $2,250,000, and includes the Ledger Building, occupying nearly half a square. James M. Beck is said to be associated with Mr. Ochs in the purchase of the paper. No change in policy or the form of the paper is contemplated. L. Clark Davis, editor since 1894 will continue in that capacity.

isn't as enthusiastic a Longman & Martinez Paint man as the fellow who used it on his houses for twenty years. It takes him ten years to appreciate its true economy and wearing powers the first gallon he uses, however, convinces him that Longman & Martinez Paint is cheaper than thin paints or white lead. You should hear some people talk about its good qualities. Glad to supply color cards.

—Some Kent county (Del) rural mail carriers who have long routes say they will make little on their contracts of $600 as they are compelled to keep two horses.

There is no use suffering with that cough that has worried you all Spring and seems to hold on in the Summer. You can stop it if you will only take the advice you see here and use Ramon's English Cough Syrup. You can get it for 25 cents. R. J. Colston, Denton; J. D. Davis, Ridgely.

—Litigation over the will of the late Dr. Caleb Harlan ended in Wilmington on Monday of last week by counsel for John A. Hopkins withdrawing the caveat filed against the testament.

Mr. I. S. A. Pipkin, of Potola, Fla., under date of May 20th, 1902, says: "Please accept thanks for the wonderful Ramon's Liver Pills and Tonic Pellets. It is one of the most wonderful remedies on earth for what it is recommended. I will ever use it and recommend it to my friends." It costs 25 cents. R. J. Colston, Denton; J. D. Davis, Ridgely.

—Something that was never witnessed before in Laurel, Del., took place there last week when young girls acting as pall-bearers, conveyed the body of Miss Wilhelmina Bostic to the grave. The funeral ceremony, which was most impressive, was conducted by the Rev. H. C. Turner.

If you find your duties will not permit of your taking the two months rest you should have at a pleasant summer resort, get a bottle of Ramon's Iron Tonic and take it according to directions. It has all the good results of a vacation in toning up the system and purifying the blood, and it's much cheaper. R. J. Colston, Denton; J. D. Davis Ridgely.

—The early closing of the Chestertown stores has been abandoned after less than a week's trial. The first night all but two or three stores closed at seven o'clock, the second night about one-half closed, and by the end of the week, all but two or three kept open until the usual hour of closing.

Here is a man whose experience has been worth something to him. Mr. L. L. Witherow, of Liberty, W. Va., says: "Please send me prices on ½ dozen boxes of your Tonic Liver Pills (all pink). I find they are the only Pills that will do me any good." You are sure to find them just as beneficial to you if you will try them. They cost you 25 cents. R. J. Colston, Denton; J. D. Davis, Ridgely.

—The Diamond State Telephone Company which owns the plant now in operation in Snow Hill, has leased an office and has begun work on new exchange. The entire system will be remodeled and much improved. When the work is completed Snow Hill will have metallic circuit connections with New York, Boston, Chicago, Philadelphia, Baltimore, etc.

"I am using a box of Chamberlain's Stomach & Liver Tablets and find them the best thing for my stomach I ever used," says T. W. Robinson, Justice of the Peace, Loomis, Mich. These Tablets not only correct disorders of the stomach but regulate the liver and bowels. They are easy to take and pleasant in effect. Price 25 cents per box. For sale by R. J. Colston, Denton; Hugh Duffy, Hillsboro; J. R. Davis, Ridgely.

—Work was begun Monday morning of last week on the foundation for the new North East Methodist Episcopal Church. The old building has been torn down. The work of tearing down the old structure was begun on May 26th, and completed July 3rd. The pastor of the church, Rev. W. A. Wise, had charge of the work, and the young men of the Ushers' Union of the church pledged themselves to have the work done, and started in to do it themselves. They were supported by the citizens of the town. During the six weeks, early and late, men from almost every walk in life could be seen lending a hand to the work. It is estimated that over $500 has thus been saved.

"The way to gain a good reputation is to endeavor to be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed for it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by R. J. Colston, Denton; Hugh Duffy, Hillsboro; J. P. Davis, Ridgely.

—Smyrna's town council will have to delay improvements to the town's electric light and water plants, because there seems to be no way to borrow the necessary $6,000 and the legislature will be asked for relief.

—Col. Edward B. Emory will enter three horses at Easton Fair and Gentlemen's Driving Park and then make the trotting and pacing circuit. The horses are young, green and without records, and are now being trained by Mr. Emory. One of these youngsters has recently stepped a mile in 2.16, making the last in 1.06, a 2.12 gait. The horses will arrive about August 1st.

Ramon's Tonic Regulator will cure a chronic liver disease. Mr. Allen Edmundson, of East Cape Girardeau, Ills., says: "I have been using Ramon's Tonic Regulator in my family a long while and beg to say it is the finest I ever saw. I had spent a large amount of money on my wife and not until I began giving her the Tonic Regulator was she benefitted. Now she is cured." 25 cents. R. J. Colston, Denton; J. D. Davis, Ridgely.

—For the past week a Sea Lion has been seen disporting in the waters of the Choptank. He was first seen by several crabbers off the mouth of Trappe river. Several crabbers were bodly frightened by the Lion when he came up immediately in front of one boat and growled and snapped fiercely at a crab line. Where the Lion came from no one seems to know, as it is the first one ever seen in the Choptank.

Ramon's Nerve and Bone Oil will do all that is claimed for it. Here's the proof. Mrs. Mahala Fields, Mandrake, Kentucky, on April 22d said: "I bought one bottle of Ramon's Nerve and Bone Oil from a man last Summer and it was the best liniment I ever used in my life. I am such a sufferer with pains and swelling in my feet and legs, I can hardly go. That is the only liniment that ever did me so much good. One 25-cent bottle took the swelling out of my feet and legs." R. J Colston, Denton; J. D. Davis Ridgely.

—Some of Oxford's experienced oyster men, and men who claim to know, say that the outlook for a fine catch of bivalves next season is bright. They say that they have discovered more "spat" and barnacle clinging to objects of every description than heretofore, which is a good sign that oysters will be in abundance and the coming season a profitable one for those engaging in the oyster industry.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of ye scribe. This is not intended as a free puff for the company, who do not advertise with us, but to benefit little sufferers who may not be within easy access of a physician. No family should be without a bottle of this medicine in the house, especially in summer time.—Lansing, Iowa, Journal. For sale by R. J. Colston, Denton; Hugh Duffy, Hillsboro; J. R. Davis, Ridgely.
