THURSDAY MORNING, FEB. 11, 1904.

THE election of Mr. Rayner as United States Senator has called forth considerable comment as to how it was brought about. A correspondent of the Sun says: "Mr. Walter R Townsend, of Baltimore county, assisted by Charles A. Councilman, had practically the management of the Rayner campaign in Baltimore county. The result showed how well they worked. Mr. Townsend distinguished himself for his fine management of campaign in the counties against heavy odds, and his active and intelligent work had a great deal to do with the final victory."

THE situation in the East is rapidly assuming a more warlike aspect. Japan has recalled her minister at St. Petersburg, and the Japanese fleet is on its way to Korea. Sixty Japanese transports are reported to be landing troops at various points in Korea, and Seoul is to be occupied. A Russian cruiser division has left Port Arthur and it is expected that it may come in contact with the Japanese ships and a naval battle may ensue. Russia is said to have precipitated the crisis a few days ago by secretly landing troops in northern Korea. Russia is also reported to be negotiating with a syndicate of bankers for a loan of $200,000,000.

GOVERNOR WARFIELD seems to be making it pretty plain that there will be many changes among the subordinate officials in Maryland who get their appointment from him. To some officials who have applied to him personally to be reappointed, he has been frank enough to say that he intends to appoint others in their places. In one instance he is reported to have said that those who have held places for four or more years should be willing to retire and give others a chance. We agree with the Governor perfectly. He of course has his friends, and there is no reason why they should make less efficient officers than the friends of former Governor Smith.

THE Democratic squabble over the United States Senatorship was settled at Annapolis on Wednesday night by the election of Rayner by the caucus. Smith's and Carter's men stood by them to the last, but the friends of ex-Governor Jackson and Miles went to Rayner, and a few votes that Rasin was able to control, made the required number. Smith declares his intention of remaining in politics and Senator Gorman, Jr., has announced what will happen to Rasin. From the present outlook John Walter and Arthur Pue, will not arrange another extra session of the legislature this winter. The Senatorial contest in dollars and cents has proven an expensive job for the State. Legislation was balked and the commonwealth put to an expense of about $30,000 in the days devoted to the contest. One-man powor has been given a set back that will be remembered however, and the Democratic machine is badly wrecked.

THE fire of Sunday and Monday in Baltimore will take its place in history as one of the largest, if not the largest, compared by the amount of property destroyed, that has ever taken place in this country. Starting as it did, among the large wholesale houses packed, as they were, with goods of every description for the spring trade, the conflagration made a heat so intense that even stone and iron could not withstand it, and the solid walls of many of the large buildings crumbled like sand to within ten or twelve feet of the ground. Buildings supposed to be fireproof stand as giant monuments of the failure of architects and builders in the battle with the relentless flames. The patrons of the city's large stores will scan the list of those in ruins with amazement In the 2500 buildings destroyed is included practically all of business Baltimore, and in addition to the loss of property, thousands of men and women are thrown out of employment, and while they are fortunate that their homes have not been destroyed, unless they can secure work in clearing up the ruins, or in some other city, many of them may come to want. Many of the employers are little better off and immediate steps for relief will have to be taken at once.

By taking a thorough course of Rheumacide you rid your system of the poisons that cause rheumatism A permanent cure is the result. It is the standard rheumatic remedy, laxative and tonic. At Druggists.

Call It Gorman Defeat.

The Laffan News Bureau says Republicans and Democrats alike in Washington regard the election of former Congressman Isidor Rayner for United States Senator to succeed McComas, Republican, as a humiliating defeat for Senator Gorman, the Democratic leader of the Senate. Rayner was the one man in the fight whom Gorman was determined to beat.

Former Governor Smith expected Gorman to favor his candidacy in return for the Governor's action in calling a special session of the last Legislature, which elected Gorman Senator. Had Gorman not been elected then, he would probably have not been elected at all.

Rayner and Gorman agree on scarcely any public question, and never have. Rayner is a free trader. Gorman a protectionist. When Rayner was in Congress he was one of President Cleveland's most eloquent advocates and defenders.

This defeat of Gorman, together with his failure to combine the Democrats in the Senate in opposition to the administration's Panama policy, is regarded as indicating his loss of power as Democratic leader, both in Congress and in Maryland.

THE NEW SENATOR.

Isidor Rayner is the son of the late William Rayner, a well-known Maryland capitalist, and was born in Baltimore 52 years ago. He graduated from the University of Virginia in 1870 and studied law at the University of Maryland, being admitted to the Baltimore bar in 1874 His ability as a speaker soon made him one of the best known orators in the country, his fame extending beyond the confines of Maryland. His first public service was rendered during the sessions of the General Assembly in 1878 when he served as a member of the House of Delegates from Baltimore city. He was elected to the State Senate from the city in 1885.

After completing but one session of the four-year term in the State Senate, he became a candidate for Congress, and was elected in the autumn of 1886 to the House of Representatives. He again was a candidate in 1888, but failed at election Nominated again in 1890, he was elected and reelected in 1892 While in Congress he was a member of the Foreign Relations Committee and the Coinage and Currency Committee. During the silver agitation in 1892 and 1893 he was a foremost exponent of the anti-silver view of Democracy.

Mr. Rayner took no active part in State campaign of 1895 and was quiet in the Bryan campaign of 1896. He came to the front in 1896 and was nominated and elected on the Democratic ticket for attorney general. It was while acting as counsel for Rear Admiral Schley before the naval court of inquiry in Washington that Mr. Rayner gained something of a national reputation The brunt of the defense fell upon him because of the death of Hon Jere T. Wilson, a personal friend of Rear Admiral Schley.

Jackson and Roosevelt.

It is interesting that during his lifetime Jackson was condemned for the same characteristics that are now ascribed to President Roosevelt. Calhoun fought him with all the venom of his soul. Among Calhoun's leading reason's was Jackson's invasion of Florida, a Spanish province and his practical arrest of the Spanish governor and his threat to supersede him. Predatory Indians were armed for assault on American settlers on our side of the line by the same governor. After a raid they would return to Spanish jurisdiction and defy pursuit. Jackson, in military command there, followed them into Spanish territory and gave the Dons a scare that put an end to the raids.

On this Calhoun never ceased to carp. He cited it as evidence that Jackson had no respect for international rights nor for the Constitution. But Jackson made our border settlement safe and paved the way for the acquisition of Florida by the treaty of 1819, and when he became President he had the satisfaction of having under his jurisdiction the territory he had invaded as a soldier.

The Calhouns in the Senate are now practically repeating the same charges against President Roosevelt, who has the confidence and support of the country just as Jackson had. There are reasons for believing, however, that the opposition to Roosevelt is less sincere than that to Jackson. Calhoun's successor, Tillman, has been fighting the President; but when asked by Senator Spooner what he would have done in the Panama case had he been President replied impulsively: "I would have said to Colombia, 'You are a mangy lot, get off the face of the earth; we will take the country and build the canal.'" That is the real sentiment of all the President's opponents, and their opposition is perfunctory only, and the country is tired of it.

Making the Year.

Since Pope Gregory reformed the calendar no century was ever begun on a Wednesday, Friday or Sunday, and the same order of days is repeated every twenty years. September and December of each year begin on the same day of the week; January same as April and July; February same as August; March same as November; May 1 and December 25 occur on the same day of the week. Every day of the week is a day of rest with some nation or people—Christian, Sunday; Greek, Monday; Persians, Tuesday; Assyrians, Wednesday; Egyptians, Thursday; Turks, Friday; Jews, Saturday. As measured by the unerring sun the error in the Gregorian calendar is one day in every 4,000 years.

THE MOST FATAL DISEASE.

Kidney complaint kills more people than any other disease. This is due to the fact that it is so insidious it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent fatal developments if taken in time. "I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt. Sterling, Ia., "but two bottles of Foley's Honey and Tar effected a speedy cure.e

New Switch Lock in Use.

A new switch lock is being brought into service all along the Maryland division of the Pennsylvania Railroad, and several have been installed in the local yards. The old style of lock was so easily tampered with and so easily opened that it was dangerous, as very often the locks were found to have been opened by strangers. The new style will be a big improvement in this way, as they will not open without a key. The keys were distributed among the engineers, conductors and flagmen last Friday. The old ones have not been called in.

PERFECT CONFIDENCE.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of the croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of the remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by R. J. Colston, Denton; Davis, Ridgely.

Too Foxy For Pa.

Clerk of the Circuit Court, John E. George, on Tuesday of last week received a letter from Daniel R Ledium, of Tilghman's Island, Talbot county, asking him not to issue a marriage license to his son, Daniel R. Ledium, who his father states, is a minor. The young man, however, seems to have been too shrewd for the solicitous parent, for on the same day the letter was received by Mr George the young man was married to Miss Edna M. Shore, of the same place, by Rev. W. J. D. Lucas, at the minister's home in Denton.—Centreville Observer.

WHEN YOU HAVE A COLD

The first action when you have a cold should be to relieve the lungs This is best accomplished by the free use of Chamberlain's Cough Remedy. This Remedy liquifies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This Remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia For sale by R. J. Colston, Denton; Davis, Ridgely.

Why a Jury is Composed of Twelve.

The jury of twelve was adopted because the prophets were twelve; there were twelve Jewish justices; twelve pillars of the temple; twelve patriarchs; twelve tribes of Israel; twelve stones of Aaron's breastplate; twelve gates of Jerusalem; twelve signs of the Zodiac. When juries were first established the judge took the jury around with him in a cart until they agreed upon a verdict. If they did not agree they were fined and imprisoned.

WORSE THAN CONSUMPTION

It is not generally known that more people die of pneumonia than consumption. This is because every one young or old is susceptible to it attacks after exposure. J W Bryan of Lowder, Ill., writes: "My little boy was very low with pneumonia. Unknown to the doctor we gave him Foley's Honey and Tar The result was magical and puzzled the doctor, as it immediately stopped the racking cough and he quickly recovered." Refuse substitutes.

—The family of Atkins Elliot, a Wetipquin farmer, escaped cremation early last Friday morning by the barking of a watchdog. The house had caught fire from an overheated flue, and when awakened the dwelling was in flames. All escaped by jumping from bedroom windows, but suffered terribly from exposure, being compelled to walk nearly a mile over snow-covered roads, clad only in night robes.

A Bargain For Farmers.

The New York Tribune Farmer, a national illustrated agricultural weekly of twenty large pages, has no superior as a thoroughly practical and helpful publication for the farmer and every member of his family, and the publishers are determined to give it a circulation unequaled by any paper of its class in the United States.

Knowing that every enterprising, up to date farmer always reads his own local weekly newspaper, The New York Tribune-Farmer has made an exceedingly liberal arrangement which enables us to offer the two papers at so low a price that no farmer can afford to lose the opportunity.

The price of The New York Tribune Farmer is $1.00 a year, and THE AMERICAN UNION is $1.00 a year, but both papers will be sent for a full year if you forward $1.25 to THE AMERICAN UNION, Denton, Md.

Send your name and address to The New York Tribune Farmer, New York City, and a specimen copy of that paper will be mailed to you.
