"When a man attempts to frame an indictment against an institution, such, for instance, as the American press," says Harper's Weekly, "he should be careful of his facts if he wants his indictment to hold. Mr. Edward W. Bok, the writer of a recent magazine article, who arraigned American newspapers as unworthy of belief, made the serious mistake of imputing the sins of a few to the many, of rating down the standard of 10,000 to the standard of ten. Every intelligent person knows, and no one better than Mr. Bok, that editor-in chief of a reputable newspaper office wants nothing but the truth, and that he will not print anything else if he can help it. If no higher motive were present he would not do it as a matter of pure business policy. It needs only a modicum of common sense to see and understand that a newspaper that willfully and habitually misleads and deceives its readers by falsehoods and perversions of statement must soon lose the confidence of even the lowest class of newspaper readers, and with this its last asset as a money-making enterprise. Even the yellowest and most sensational sheets which bring shame and discredit upon the newspaper profession do not deliberately invest in lying stories nor count upon such features as a source of strength and popularity. They tell the truth as a general rule, although it may be, ofttimes, truth that had better been left untold. The American press as a whole, is just as worthy of belief as the American pulpit,and to charge that either one or the other of these agencies of influences is venal and mendacious would be equally untrue and unjust. The American newspaper reflects as accurately and conscientiously as any human agency can do, the life and thoughts of the American people. This is its declared purpose, and this it does as well as the intelligence which it commands will enable it to do. To indict the American press as a falsifier is to cast the same sin at the door of the whole American public.

WASHINGTON LETTER.

Special Correspondence.
Washington, D. C., June 14, 1904.

The business pulse of the country indicates undisturbed political conditions. Were there any real chance whatever for the national Democratic success—success at the polls, since any other success for the Democracy is something unknown in history—we would already be having substantial evidences in the business and industrial world of such a catastrophe. On the other hand business continues good and the country is looking forward to continued prosperity.

The Democratic lines are being sharply drawn within the party—those who are afraid Bryan will bolt and those who are afraid he won't.

It is stated that the administration officials are much pained over the recent announcement that the Nebraska Democrats do not cordially approve of President Roosevelt and his acts.

Several of the great dailies are gravely discussing the "Democratic situation," probably for the sake of either filling space or diverting their readers with something humorous, since up to the present time it cannot really be said that there is such a thing as a Democratic situation. Something may "turn up" of course which will warm the cockles of the throbbing Democratic heart—there is always a chance of something turning up—but the present situation of the so-called Democratic party is about as devoid af any tangible combination which could by any stretch of the imagination be construed into turning staring defeat into victory, as it has ever been the privilege of any generation.

The New Republican campaign book will contain some cold facts and figures regarding the country's past and present prosperity and industrial productiveness during the preceding eight years of Republican regime which it will be extremely difficult for Democratic speakers to consider in their prospective bursts of impassioned oratory.

Judging from the low tariff oratory found in some of the Democratic speeches in the Congressional Record, it will be the thing this campaign for all good Democrats to get their "Free Trade" and "Tariff for revenue only" speeches of 1863–6, dust them off carefully and fire them broadside at the terrified Republicans. The free silver speeches will be left on the top shelves to moulder yet awhile longer.

The hen with a snake's head which is reported to have been found in a Maine town, must have come across the border, since everybody knows that Maine is strictly Prohibition.

Spain's formal announcement that she will not interfere with our naval demonstrations and possible performances in Morocco have been received by the country with a vast breath of relief. While we are at peace with all the nations of the world, including Spain, the people have vivid recollections of the way in which our vessels were sunk by the Spanish and our army wiped off the face of the United States by the ferocious but truthful Weyler and other great Spanish generals.

The Scientific American prints a striking illustrated article, in a recent number, showing one of the great government irrigation works which are to create thousands of prosperous farms out of desert waste.

Is it rehabilitation, reorganization or isn't it resuscitation which is the crying need of the Democracy?

The New York Telegram propounds the query "Does Meat Spoil the Disposition?' Most certainly it does. It is a well known fact that the beef trust is directly responsible for at least two-thirds of the swearing that occurs in all well regulated households.

The movement has started early to secure a "safe and sane" Fourth of July celebration. Highly commendable, surely, but it is presumed there will be about the same number of fingers shot off and eyes blown out as usually attends the patriotic demonstrations of the small boy.

JOINTS PAIN YOU THIS MORNING?

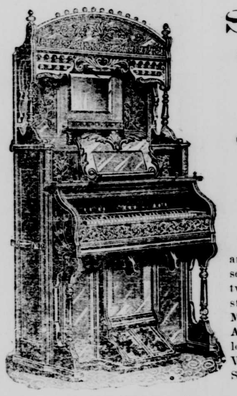

First sign of RHEUMATISM. Dangerous to let it run. Easy to cure now. A single bottle of
Rheumacide
Will probably do the work. Bad cases require more. RHEUMACIDE cures by getting rid of the cause, so that no trace of the disease lingers in the system. It purifies the blood, relieves the inflammation of the kidneys, the chronic constipation and the catarrh that follows such a condition of the system.

Though Mrs. Mary E. Welborn, of High Point, N. C., is 80 years old and had suffered from rheumatism for 20 years, she was completely cured by RHEUMACIDE, and declares she feels "years younger" and is anxious for "all who are suffering from any of the forms of this dread disease" to try RHEUMACIDE and be cured.

REV. J. R. WHEELER, a noted Methodist minister, of Reisterstown, Md., writes enthusiastically of RHEUMACIDE, which cured him. He is 75 years old and has been in the ministry 50 years.

WHAT PEOPLE SAY ABOUT THE STEEL RANGES SOLD BY TILGHMAN HARVEY.

Denton, Md.

Mr. T. Harvey:

The Quick Meal Steel Range I bought of you gives entire satisfaction, and we are very much pleased with it.

Yours respectfully,
(Mrs.) MAGGIE COLE.
Burrsville, Md.

To Mr. Harvey:

Sir—Have given the Quick Meal Range bought of you a thorough trial, and am well satisfied with it. Being quick to heat it saves much in fuel, and yet bakes evenly at bottom and top. I could not ask a better cooking stove.

(Mrs.) H. L. SAULSBURY.
Denton, Md.

Mr. T. Harvey:

Dear Sir—In reply to yours of 5th will say that the Quick Meal Range purchased of you is all you said it was. In regard to heating and saving of fuel we have no fault to find with it.

W. D. TAYLOR.
HARRINGTON, DEL., Jan. 7, 1903.

Mr. Harvey:

Dear Sir:—I want to say a few words in behalf of the Quick Meal Steel Range which I purchased of you a few weeks ago. It is a No. 1. baker, a quick heater, and draws nicely. It is even a nice stove to sit by. It will when done cooking in the oven, heat the room as well as a set stove. It burns wet, green wood better than any stove I ever saw. In fact, it gives perfect satisfaction in every respect. I find it all you told us it was. I can hardly tell you how well pleased we are with it. If I knew I could not get another, no price anywhere in reason, could buy this one.

Yours respectfully,
(MRS.) JAS. H. OUTTEN.
Burrsville, Md. Nov. 22 1903.

Mr. T. Harvey:

The Quick Meal Steel Range I bought of you last year gives entire satisfaction. I don't see how a range could be made to work any better.

F. A. PORTER.
Hillsboro, Md., Nov. 12, 1903.

Mr. T. Harvey:

We are more than pleased with our Quick Meal Range we bought of you. It bakes beautifully and is a perfect charm in every way. Truly yours,

(Mrs.) WILBUR PENNINGTON.
Denton, Md., Feb. 6, 1903.

Mr. Tilghman Harvey:

Dear Sir—The (Quick Meal) Steel Range that we got of you proved to be all right. We don't ask for anything better. Yours, MRS. JAS. E. WRIGHT.
March 7, 1903.

Mr. T. Harvey:

The Quick Meal Range I bought of you some time ago gives entire satisfaction. It is a good burner and a splendid baker. It is a "quick meal range" indeed. I don't see how a range could work better. Your stove is all you claim it to be and it is indeed a wood saver. I don't see how any stove could give better satisfaction.
