THURSDAY MORNING, JUNE 23, 1904.

THE new jail talk seems to have died out completely. There seems to be a pretty general impression that no new jail will be built this year and it is useless to agitate the question.

MANY Dentonians are in favor of a dog tax. We believe it would be a good thing. The town commissioners have started out to introduce reforms, this one is surely worthy of consideration.

DOWIE, the Chicago prophet, is on his way home from England after an exciting experience in London. He was refused accommodations by the hotel owners, and had to keep out of the way of the "mob" because of alleged insults to the King offered when in another country.

THE opening of the Republican National Convention took place on Tuesday at Chicago. The meeting was called to order by Hon. Henry C. Payne, acting chairman of the Republican National Committee. The Coliseum in which this great gathering is assembled will seat 8,500 people. In addition to a detail of 200 policemen the following will constitute the working force of the convention: Assistant sergents-at arms, 500; doorkepers, 75; ushers, 75; messengers, 75; pages, 75; telegraph operators, 100; physicians, 12; trained nurses 2; total of 1,114. None of the doorkeepers come from Chicago.

WE are in receipt of an interesting article on good roads and wide tires, from Mr. H. B. Mesrenger, of Federalsburg, but the lateness of its arrival and the fact that our advertising this week is encroaching more than usual upon our reading matter space, prevents its publication in this issue. Mr. Messenger is anxious that all voters should examine thoroughly into the merits of wide tires, and consult with persons who have used them, before voting on the wide tire law this fall. Copies of the law can be obtained upon application to W. H Deweese, or G. T. Redden, Denton; or Mr. Messenger, at Federalsburg.

WASHINGTON LETTER.

Special Correspondence.

WASHINGTON, D. C., June 20, 1904

There is no agreement bythe Democrats as to who will be chairman of the National Commitee. Along with the rivalry for the Presidential nomination goes the contoversy over the selection of the chairman for the campaign, The successful Democratic nominee will have the naming of the national chairman, and this fact will likely enter into the nomination itself. A block of delegates will probably be traded for that important generalship, which further complicates the Democratic situation.

—||—

The Democratic Brooklyn Eagle admits that it looks like another Republican year. Eeye less piercing than the eagle's can see this.

—||—

Missouri has prohibited bull fighting but it is openly boasted that the Democratic National Convention will be promptly pulled off in spite of any old state laws.

—||—.

The Parker boomers are operating a press bureau almost as effectively as the St. Petersburg article. The country learned that after the Hearst men in Illinois had secured a solid delegation, which was of course what they wanted, they were thoroughly routed by the enemy. The convention denied them everything except what they were after.

—||—

In attempting to foist upon the country the Kansas city platform—largely a repetion of the Chicago platform of 1896—Bryan, Hearst et. al. do not appear to be quoting the sayings, epigrams and prophecies which accompanied these documents. If these platforms are as right now as they were at the time of their construction, then so are the public statements which accompanied them. Recall a few of these: wheat and silver. Wheat could never rise in price above fifty cents until silver was rehabilitated. The same with all farm products. Moreover the bard times of 1896 were stated to be as nothing compared to those which would follow the election of McKinley. We had Mr. Bryan's word for it.

—||—

In 1900 the tune was changed a little and after much search a paramount issue was found in anti-imperialism. Mr. Bryan and his gang solemnly declared through the length and breadth of the land that the country was on the brink of ruin worse than the ruin of its industries, worse than the loss of its trade—the loss of its liberty, its democracy and its republicanism. The army was to dominate and coerce the citizen; forts would be established at close intervals throughout the United States and armed soldiers would patrol the land.

Demagogy, sopoistry, rot!

—||—

The Kentucky newspapers have indignantly branded as a malicious canard the statement that a Kentucky man died from the bite of a rattle snake.

—||—

The Chicago physician who declares that there is no such thing as "brain fag" probably devotes himself to medical literature and has not been reading the distressing Democratic editorial contortions and gymnastics over issues and candidates.

—||—

The expected Democratc howl arose promptly when Attorney General Knox resigned and was appointed to the Senate. It was surrender of the administration the trusts. It might be just as well to wait a few minutes and see what sort of a successor to Mr. Knox is appointed. It may be recalled that Mr. Knox himself was, prior to the outcome of of some anti-trust activity maligned by the Democrets as simply a tool of these business organizations.

—||—

It seems that the Kansas City Labor unions are talking about abolishing the union label. The Colorado plan is to abolish the union.

The St. Petersburg report to the effect that there is a secret understanding under which the United States has consented to cede the Philippine Islands to Japan is believed to be founded on fact except so far as relates to Japan, the Philippines and the United States.

Yours truly, F. P. COVEY.

Mr. Harvey:

The Quick Meal Steel Range that you sold me gives entire satisfaction I like it better than the Home Comfort Range that I traded you. It is larger size, heavier and better made, and bakes fully as well or better and costs one-third less in price. JESSE D. WARD.

To Mr. Harvey:

Sir—Have given the Quick Meal Range bought of you a thorough trial, and am well satisfied with it. Being quick to heat it saves much in fuel, and yet bakes evenly at bottom and top. I could not ask a better cooking stove.

(Mrs.) H. L. SAULSBURY.

Denton, Md.

Mr. T. Harvey:

Dear Sir—In reply to yours of 5th will say that the Quick Meal Range purchased of you is all you said it was. In regard to heating and saving of fuel we have no fault to find with it.

W. D. TAYLOR.

HARRINGTON, DEL., Jan. 7, 1903.

MR. HARVEY:

Dear Sir:—I want to say a few words in behalf of the Quick Meal Steel Range which I purchased of you a few weeks ago. It is a No. 1 baker, a quick heater, and draws nicely. It is even a nice stove to sit by. It will when done cooking in the oven, heat the room as well as a set stove. It burns wet, green wood better than any stove I ever saw. In fact, it gives perfect satisfaction in every respect. I find it all you told us it was. I can hardly tell you how well pleased we are with it. If I knew I could not get another, no price anywhere in reason, could buy this one.

Yours respectfully,

(MRS.) JAS. H. OUTTEN.

Burrsville, Md. Nov. 22 1903.

Mr. T. Harvey:

The Quick Meal Steel Range I bought of you last year gives entire satisfaction. I don't see how a range could be made to work any better.

Mr. T. Harvey:

We are more than pleased with our Quick Meal Range we bought of you. It bakes beautifully and is a perfect charm in every way. Truly yours,

Mr. Tilghman Harvey:

Dear Sir—The (Quick Meal) Steel Range that we got of you proved to be all right. We don't ask for anything better. Yours, Mrs. JAS. E. WRIGHT.

Mr. T. Harvey:

The Quick Meal Range I bought of you some time ago gives entire satisfaction. It is a good burner and a splendid baker. It is a "quick meal range" indeed. I don't see how a range could work better. Your stove is all you claim it to be and it is indeed a wood saver. I don't see how any stove could give better satisfaction.
