REPUBICAN NOMINEES.

For President,
THEODORE ROOSEVELT,
OF NEW YORK.

For Vice-President,
CHARLES W. FAIRBANKS,
OF INDIANA.

For 59th Congress:
HON. WILLIAM H. JACKSON,
OF WICOMICO COUNTY.
Election—Tuesday, November 8.

FREE trade has been described as "the science of assumptions." It takes for granted but never makes good.

PROTECTION secures the arts and protects the artists. It transforms ignorance into knowledge, indifference into zeal, inertia into activity, impotence into power.

IT was a great acrobatic performance at St. Louis when the entire convention turned a complete somersault on a gold dollar at the crack of the ring master's whip.

THE gold standard is an admitted fact, says Editor Henry Watterson. It is a fact all right but the Democrats at St. Louis refused to admit it.

No country can ever become great, founded on the povery of its workers. The history of protection is a history of prosperity for workingmen. The history of free trade, or approximate free trade is a history of depression.

THERE is something about the Republican party that sends things up above par and there is something about the Democratic party that sends things down below par. It is possible to go below par again. A very little ballot in the hands of a very small majority will do it.

DEMOCRATS love to talk about "the markets of the world." Which is better for a farmer to do, send his surplus wheat a thousand miles to the seacoast, three thousand miles across the water, pay the freight, sell it to the mechanic who gets less wages, or sell it right here at home to the mechanic who favored by the protective tariff, gets more wages? The answer is obvious.

THE Democratic attitude toward the currency is that while they admit the gold standard is a legitimate child of the Republican party, which cared for it through childhood and nourished it to a vigorous young manhood, yet as their standard bearer, who twice voted to strangle the child is now ready to adopt it, they ask the country to take it from its natural parents and give it to him and Hill.

WE take genuine pleasure in placing at the head of this column for the third time, the name of Hon. William H. Jackson, the Republican nominee for Congress. The people have twice expressed their confidence in his honesty and ability by electing him to Congress from this district. We believe he will again be elected, in spite of the laws passed by the Democrats disfranchising Republicans and making it as difficult as possible for anyone to vote. The votes will show however, to what extent intelligent Democrats endorse such disgraceful and dishonest methods.

Democracy is Still Bryanism.

It makes little difference whether the managers of the Democratic party are deliberately trying to deceive the public, or are deceiving themselves. They may think they reorganized the party on sound and safe basis. But Bryanism still the dominant note of the St. Louis platform as Bryan was the dominant figure at the convention. In fact Mr. Bryan exerted more power at St. Louis in July than he did in Chicago in 1896 and and at Kansas City in 1900. At Chicago he simply leaped to the crest of the silver wave and rode to the nomination. He exhibited the skill of a clever opportunist and an eloquent and dramatic leader made himself the most conspicuous representative of the silver cause which had already possessed the convention.

At Kansas City in 1900 Mr. Bryan had no opposition for the nomination and naturally dictated the platform with the reaffirmation of which was granted by the committee on resolutions with him that reaffirmation by a majority of one and the casting vote came from Hawaii not yet organized as a Territory.

At St. Louis Mr. Bryan did not seek the nomination for himself, nor did he try to name the candidate. He had refused to express a preference. He opposed the nomination of Judge Parker, but not with another candidate and he lost that one point.

It was the only point lost by Mr. Bryan at St. Louis. He dictated what should not go in the platform and what should go in. He had two-thirds of the Committee on Resolutions with him in refusing to admit a gold plank which was to be the one sure sign of a sane and safe Democracy lined up behind Judge Parker. He also had the committee with him in re-writing the tariff plank, the trust plank, and the plank on imperialism. The platform represents Mr. Bryan more than it does Judge Parker or any of those who claim to have reorganized the party.

Judge Parker is the candidate of the Bryan Democracy. It matters little what are the opinions of Judge Parker, the Democratic party has not changed, and should it secure control of Congress the legislation would be Democratic as to tariff and silver, imperialism and all the rest. Judge Parker would be only a figure head. Bryan will not be President, but Bryanism still rules the party and he is still its best exponent and defender.

Democracy and the Trusts.

The Democratic party has ever been a prince in promise and a pauper in performance. The St. Louis platform contains a plank promising complete annihilation of the trusts if the Democrats are given the reins of government. This promise has been discounted some by the assertion of Mr. Bryan that "the nomination of Judge Parker nullifies the anti-trust declaration of the convention," but there is even stronger evidence against hope that the declaration would bear fruit in case of Democratic success. The American people have a habit, doubtless annoying to Democrats, of judging of the future by the past, and they have not forgotten the record of the Democratic party in dealing with the trusts. They were in power when the trusts were in their fullest activity, with the Sherman anti-trust law fresh on the statute books. The people were clamoring for regulation of the trusts, for the suppression of unlawful combinations that were controlling the necessaries of life and that at a time when Democratic policies had reduced the wage of the American workman and brought trust question home to every citizen. The popular demand was entirely ignored during the eight years the Democrats were in power, while the party gave its entire time to accomplishing the overthrow of the industrial system of the country and the consequent impoverishment of the people. It took years of wise statesmanship on the part of the Republican party to rehabilitate the the nation and repair the damage wrought by Democratic maladministration. The Republican party points to its trust record as one of achievement, and of actual deeds in contrast with the Democratic collection of unfilled promises, made to catch votes.

JOINTS PAIN YOU THIS MORNING?

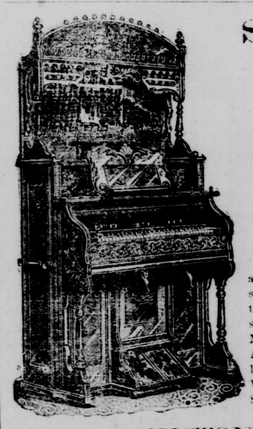

First sign of RHEUMATISM. Dangerous to let it run. Easy to cure now. A single bottle of
Rheumacide
Will probably do the work. Bad cases require more. RHEUMACIDE cures by getting rid of the cause, so that no trace of the disease lingers in the system. It purifies the blood, relieves the inflammation of the kidneys, the chronic constipation and the catarrh that follows such a condition of the system.

Though Mrs. Mary E. Welborn, of High Point, N. C., is 80 years old and had suffered from rheumatism for 20 years, she was completely cured by RHEUMACIDE, and declares she feels "years younger" and is anxious for "all who are suffering from any of the forms of this dread disease" to try RHEUMACIDE and be cured.

REV. J. R. WHEELER, a noted Methodist minister, of Reisterstown, Md., writes enthusiastically of RHEUMACIDE, which cured him. He is 75 years old and has been in the ministry 50 years.

To Mr. Harvey:
Sir—Have given the Quick Meal Range bought of you a thorough trial, and am well satisfied with it. Being quick to heat it saves much in fuel, and yet bakes evenly at bottom and top. I could not ask a better cooking stove.
(Mrs.) H. L. SAULSBURY.

Mr. T. Harvey:
Dear Sir—In reply to yours of 5th will say that the Quick Meal Range purchased of you is all you said it was. In regard to heating and saving of fuel we have no fault to find with it.
W. D. TAYLOR.
HARRINGTON, DEL., Jan. 7, 1903.

MR. HARVEY:
Dear Sir—I want to say a few words in behalf of the Quick Meal Steel Range which I purchased of you a few weeks ago. It is a No. 1. baker, a quick heater, and draws nicely. It is even a nice stove to sit by. It will when done cooking in the oven, heat the room as well as a set stove. It burns wet, green wood better than any stove I ever saw. In fact, it gives perfect satisfaction in every respect. I find it all you told us it was. I can hardly tell you how well pleased we are with it. If I knew I could not get another, no price anywhere in reason, could buy this one.
Yours respectfully,
(MRS.) JAS. H. OUTTEN.

Mr. T. Harvey:
The Quick Meal Steel Range I bought of you last year gives entire satisfaction. I don't see how a range could be made to work any better.

Mr. T. Harvey:
The Quick Meal Range I bought of you some time ago gives entire satisfaction. It is a good burner and a splendid baker. It is a "quick meal range" indeed. I don't see how a range could work better" Your stove is all you claim it to be and it is indeed a wood saver. I don't see how any stove could give better satisfaction.
